Less than two-thirds of the members elected having voted in the affirmative,

It was not agreed to,

And the bill fell.

Mr. Jenkinson presented the following:

My objection to the ordinance just offered (Appendix No. 42) is that it embraces too many and varied items of appropriation. That its comprehensive character prevents that specific investigation and discussion that some

of its items demand, and which is absolutely precluded by the limited time of our session.

That it discourages proper scrutiny of its respective items on account of the large number of them included in the ordinance.

That a more judicious and appropriate grouping of these items set forth in separate ordinances would likely give greater special opportunity to different members for the discussion of matters with which they are most familiar.

That such wholesale appropriation ordinances are open to the suspicion of crowded legislation.

J. FRED'K JENKINSON.

Mr. Connelly moved to proceed to second reading of Common Council bill (Appendix No. 39) entitled "An Ordinance to authorize the Mayor to enter into a lease with the Board of Managers of the Pennsylvania Museum and School of Industrial Art for plot of ground at the northeast corner of Broad street and Allegheny avenue, and to make an appropriation to pay the rental of said lot for the year 1912."

Mr. Dripps presented the following:

We vote "AYE" on Section 1 of this ordinance (Appendix No. 42) despite the facts (1) that it is in form an "omnibus bill;" (2) that it contains one item unin-

telligible as printed; (3) that it contains at least three items which should have been introduced as entirely separate ordinances; (4) that it indiscriminately mingles items of current expense with those of capital outlay; (5) that certain items are so lacking in detail as to make intelligent consideration impossible; our reasons for so voting being (1) that personal investigation leads us to believe that the various items are all individually deserving of passage; and (2) that by further insisting at this time on a presentation to Councils of these items in proper form repairs and improvements greatly needed now will be held back several weeks.

ROBERT D. DRIPPS.
J. FRED'K JENKINSON.

Select Council informed Common Council that they had concurred in the following, to wit:

"An Ordinance to authorize the construction of a new foot bridge on the line of Montgomery street, west of Second street, over American street and the tracks of the North Pennsylvania Railroad and the work appurtenant thereto, setting aside money to pay the cost thereof and providing for carrying into effect such authority." (Appendix No. 46.)

"Resolution of request to the Director of the Department of Public Works to consider the advisability and cost of installing a high pressure fire main system in the mill district of the Twenty-first Ward." (Appendix No. 64.)

"Resolution of request to the Director of the Department of Public Works to consider the advisability and cost of installing a high pressure fire main system in the mill district of the Thirty-eighth Ward." (Appendix No. 65.)

Mr. Whitaker moved that Common Council do now adjourn.

Which was agreed to.

Mr. Whitaker moved that the Journal of the last meeting be approved.

Which was agreed to.

The Secretary to the Mayor was introduced, when he presented a message from the Mayor, transmitting letter from the Director of the Department of Public Health and Charities, asking for an appropriation of \$5,000 towards defraying the expenses of the "Baby Saving Show." (*Appendix No. 92.*)

Which was read, and referred to the Committee on Finance.

Also, presented a further message from the Mayor, asking that an appropriation be made for creating a Bureau of Engineering to consider the question of build-

ing subways and elevated railways. (*Appendix No. 93.*)

Which was read, and referred to the Committee on Finance.

The President presented the following:

Philadelphia, March 19, 1912.

GEORGE MCCURDY, ESQ.,

President of Common Council.

DEAR SIR:—At a quarterly meeting of the Philadelphia Board of Trade held yesterday, the Committee on Municipal Affairs made report indorsing the action of the meeting held at the Mayor's Office, on February 27th last, in relation to the active continuance of work upon the Parkway.

I take pleasure in quoting as follows from the report:

"The Committee believes that it is advisable to follow the suggestions made, and request the Mayor to commence work on the block between Sixteenth and Seventeenth streets, which action should definitely determine the lines to be adopted, and should there be any surplus remaining from the funds in hand, that such amounts should be expended at the west end, in the acquisition and removing of property, this work commencing at the extreme west end, in connection with the improvement of the plot at Twenty-fifth and Spring Garden streets, now being undertaken by the Park Commission."

Trusting these suggestions may meet with your favor and secure your support and co-operation, I remain,

Very truly,

WM. R. TUCKER,

Secretary.

Philadelphia, March 18, 1912.

GEORGE McCURDY, Esq.,

President of Common Council.

DEAR SIR:—On behalf of the Art Club of Philadelphia, we desire to urge Common Council to pass the ordinance to open the Parkway, between Sixteenth and Seventeenth streets, which has been reported favorably by the Highway Committee.

We believe the Parkway to be one of the most desirable and important works necessary for the advancement of our City, and that the completion of the section stated will be an object lesson of so great an effect as to create a unanimous demand for proper appropriations, from year to year, to keep the work thereon steadily progressing.

Very truly yours,

SAMUEL W. COOPER,

Secretary.

—

Philadelphia, March 7, 1912.

GEORGE McCURDY, Esq.,

President of Common Council.

DEAR SIR:—On behalf of the Board of Trustees of the Drexel Institute, I take the liberty of urging upon your Honorable Body the completion of the Parkway, between Sixteenth and Seventeenth streets. I understand that the project was approved at a meeting in the Mayor's Office, February 27, and that the money required is now in the City Treasury and cannot be used for any other purpose.

Very truly yours,

JAMES MACALISTER,

President.

Philadelphia, March 16, 1912.

GEORGE McCURDY, Esq.,

President of Common Council.

DEAR SIR:—At the recent meeting of the Business Men's Association of Germantown, a resolution was passed urging the passage by Councils of the ordinance reported favorably by the Highway Committee, to open the Parkway, between Sixteenth and Seventeenth streets, believing the block should be fully completed, finished and ready for use within a period of six months.

Yours very truly,

JOHN J. COURTNEY,

Secretary.

Philadelphia, March 18, 1912.

GEORGE McCURDY, Esq.,

President of Common Council.

DEAR SIR:—The West Philadelphia Business and Improvement League requests that you do all you can in urging the passage of the ordinance reported favorably by the Highway Committee, to open the Parkway, between Sixteenth and Seventeenth streets.

Yours truly

J. F. NEILL,

Secretary.

Philadelphia, March 20, 1912.

GEORGE McCURDY, Esq.,

President of Common Council.

DEAR SIR:—At the suggestion of the Philadelphia Allied Organizations, I write from the New Century Club to urge the passage of the ordinance to provide for the

opening of the Parkway, between Sixteenth and Seventeenth streets, believing this to be most desirable.

Yours very truly,

HILDA JUSTICE,
Corresponding Secretary.

—

Philadelphia, March 21, 1912.

GEORGE McCURDY, Esq.,
President of Common Council.

DEAR SIR:—It is announced that the Highway Committee has favorably reported the ordinance to open the Parkway, between Sixteenth and Seventeenth streets, and that sufficient money is actually in the City Treasury which can be used for no other purpose.

As we are an improvement association, we heartily endorse any public improvement in the entire City, and we do in this case, desiring you to aid the passage of this ordinance, subject to the restriction that we do not desire it at the expense of some more urgently or widely needed improvement.

Trusting you will use your best judgment, *i. e.*, favoring the project if compatible with the best interests of the City, I am,

Yours respectfully,

EMIL LEUTE,
Corresponding Secretary.

—

Philadelphia, March 18, 1912.

GEORGE McCURDY, Esq.,
President of Common Council.

DEAR SIR:—Pursuant to instructions from the Executive Committee of the Philadelphia Chapter of the American Institute of Architects, I beg to express to

you the earnest hope of the Chapter that the ordinance authorizing and directing the opening of the Parkway, between Sixteenth and Seventeenth streets, be promptly passed. We feel that this great improvement should at no time be permitted to lag, but, on the contrary that it should proceed as rapidly as is consistent with the resources and interests of the City.

Very sincerely yours,

JOHN HALL RANKIN,

President.

—

Philadelphia, March 16, 1912.

GEORGE McCURDY, Esq.,

President of Common Council.

DEAR SIR:—Will you allow me to express as forcibly as I can, the sincere hope which I have that Philadelphia City Councils may, at the earliest possible moment, pass the ordinance which was, I understand, unanimously approved in committee, providing for the opening of the Parkway, between Sixteenth and Seventeenth streets.

To me and to tremendous numbers of those citizens of Philadelphia to whom I have talked, this opening at the earliest possible time is a matter of tremendous importance to the City. Let me, therefore, urge upon you that your personal weight be thrown in favor of the passage of the ordinance referred to.

Yours very truly,

J. E. D. TRASK,

Manager.

—

Philadelphia, March 14, 1912.

GEORGE McCURDY, Esq.,

President of Common Council.

DEAR SIR:—At a meeting of the Board of Directors of the Master Builders' Exchange, held on the 12th inst.,

it was the sense of the Board that the Parkway, between Sixteenth and Seventeenth streets, should be opened and completed, and I am directed to communicate this opinion to you and urge upon Councils the passage of the ordinance which has been introduced for this purpose.

We are informed that sufficient money is now in the City Treasury to accomplish this, and we believe that as much of the Parkway as is possible should be completed at once.

Yours respectfully,

CHAS. ELMER SMITH,

Secretary.

—

Philadelphia, March 12, 1912.

GEORGE McCURDY, Esq.,

President of Common Council.

DEAR SIR:—I have the honor to enclose a copy of a resolution adopted at a regular meeting of the Board of Trustees of the Fairmount Park Art Association, held March 8, 1912. The resolution is sent to you in accordance with the instructions of the Board.

On motion, duly seconded, it was

Resolved, That the Fairmount Park Art Association, believing that it is for the best interests of the City, urges the passage of the ordinance now pending in Councils, to open the Parkway, between Sixteenth and Seventeenth streets.

Yours very respectfully,

LESLIE W. MILLER,

Secretary.

—

Philadelphia, March 18, 1912.

GEORGE McCURDY, Esq.,

President of Common Council.

MY DEAR MR. McCURDY:—I beg you, in the name of the large constituency which has already urged the meas-

ure which so much good judgment and ability to support in every legitimate way the ordinance to open the Parkway, between Sixteenth and Seventeenth streets, which has been unanimously reported by the Highway Committee, and is likely to come up for passage by Councils at next Thursday's meeting.

I am advising you in this matter with more confidence since your very able and earnest presentation of the case at the meeting in the Mayor's Office, on February 27th. I am deeply sensible of the debt which all friends of the Parkway are under to you in this matter, and I feel confident that your leadership of the movement will bring it to a triumphant conclusion.

Please pardon me for the liberty I am taking in thus addressing you, if you find in my letter anything to forgive.

Yours very respectfully,

LESLIE W. MILLER,

Secretary.

—

Philadelphia, March 19, 1912.

GEORGE McCURDY, Esq.,

President of Common Council.

DEAR SIR:—I have the honor to inform you that at the last meeting of the Board of Managers of the City Parks Association of Philadelphia, the following resolution was unanimously adopted:

"*Resolved*, That the City Parks Association urges the prompt passage of the ordinance to open the Parkway, between Sixteenth and Seventeenth streets."

Trusting that the provisions of the proposed ordinance will meet with the approval of the Chamber, I am,

Very truly yours,

ELI KIRK PRICE,

President.

Philadelphia, March 18, 1912.

GEORGE MCCURDY, Esq.,

President of Common Council.

MY DEAR SIR:—I have just learned with great satisfaction that your bill authorizing the opening of the Parkway, between Sixteenth and Seventeenth streets, will come up for final action at the next meeting of Councils.

I beg leave respectfully to urge very strongly that you will do everything in your power to have it pass both branches of Councils, and also to obtain the Mayor's favorable action upon it.

This block will involve less expenditure, as I understand it, than any other block on the Parkway. In addition to this, if this is exchanged for the present property of the American Philosophical Society, it will give to the City the full ownership of Independence Square, a result highly desirable from a sentimental, and also from a very practical point of view. The building of the American Philosophical Society was erected 125 years ago, is far from fireproof, and is a constant potential menace not only to the old Mayor's Office, at Sixth and Chestnut, but, what is of the greatest moment, to Independence Hall itself. Not only all Philadelphia, but the entire country would be up in arms if anything should happen to those structures, and especially to Independence Hall. Philadelphia would always be pointed at with the finger of scorn if you did not take advantage of such an opportunity as this offers of safeguarding this precious relic of Revolutionary times.

The American Philosophical Society does not come to the City asking for this land as a *gift*, but proposes to *purchase* it from the City by giving it that which is both from the sentimental and practical point of view of far greater value than the site which we seek on the Parkway.

As soon as this matter is definitely settled, we shall immediately take energetic steps to erect upon the site a handsome, ornamental, useful and fireproof building to

house all of our wonderful treasures. We are very desirous of erecting there a Franklin House, suitably to commemorate the memory of Benjamin Franklin, who was the founder of the Society, the earliest steps having been taken by him in 1727. We shall desire to have a museum in which we can display our relics of Washington, Franklin, Jefferson, Rittenhouse and other prominent figures of the Revolutionary period freely to the public. In addition to this, our splendid library, which contains a great many scientific books not found in any other library in this country will be placed at the service of the public freely for consultation.

I have the honor to be,

Very truly yours,

W. W. KEEN.

—

Bethayres, Pa., March 19, 1912.

GEORGE McCURDY, Esq.,

President of Common Council.

MY DEAR SIR:—May I urge upon you, as no doubt you have been urged by many others, who, like myself, are in favor of the early opening of the Parkway, between Sixteenth and Seventeenth streets, the desirability of the immediate passage of the ordinance now in the City Councils providing for that opening.

With the arguments in favor of this, which seem to me unanswerable, you are no doubt familiar.

Very truly yours,

HENRY McCARTER,

Instructor, Pennsylvania Academy of the Fine Arts.

—

Philadelphia, March 19, 1912.

GEORGE McCURDY, Esq.,

President of Common Council.

MY DEAR SIR:—I understand that the bill providing for the opening of the Parkway, between Sixteenth and

Seventeenth streets, has been favorably reported to Councils by the Committee, and that it will come before the meeting of Councils held on Thursday next.

This is an improvement of very great interest to all citizens of Philadelphia, and I trust very much that you will do your utmost to urge its passage in Common Council.

Yours truly,

W. L. CLARK.

—

Philadelphia, March 19, 1912.

GEORGE McCURDY, Esq.,

President of Common Council.

DEAR SIR:—I understand that the ordinance for the opening of the Parkway, between Sixteenth and Seventeenth streets, will come up before Councils for final passage Thursday next, March 21st.

I write personally to thank you for the part you have taken in introducing this ordinance, and it is hoped that you will use your influence to secure the final passage of the bill.

No more important matter has presented itself within recent years. Philadelphia is far behind other cities in the matter of such municipal improvements, and the Parkway, as planned, is such a public improvement.

Very truly yours,

JOHN W. HARSHBERGER.

—

GEORGE McCURDY, Esq.,

President of Common Council.

DEAR SIR:—I see the ordinance for opening the Parkway, between Sixteenth and Seventeenth streets, has been unanimously passed by Committee. I hope you will use your influence in the immediate passage of the bill.

It is to my mind most important that the City should push work on the Parkway, if only for the betterment artistically.

Yours truly,

FRED WAGNER.

—

Philadelphia, March 18, 1912.

GEORGE McCURDY, Esq.,

President of Common Council.

DEAR SIR:—I write simply in reference to the pending ordinance providing for the opening of the proposed Parkway, between Sixteenth and Seventeenth streets.

In my estimation, this is among the most important improvements suggested for Philadelphia in recent years, next to the cleaning up of the Administration. As the latter is now so well assured, I trust you will use your influence in favor of the early accomplishment of the former.

Very truly yours,

WM. L. AUSTIN.

—

Philadelphia, March 18, 1912.

GEORGE McCURDY, Esq.,

President of Common Council.

DEAR MR. McCURDY:—I write to thank you for introducing the ordinance to open the Parkway, between Sixteenth and Seventeenth streets, and beg that you will do whatever else lies in your power to secure the final passage of the ordinance, not only in Common Council, but also in Select.

All of the different signatories to the meeting which was called before the Mayor, and which you were good enough to so eloquently address, have united in requesting the passage of this bill.

The necessary expenditure is well within the unexpended moneys already available for the purpose. There is a total of about \$700,000 now available, and it would take between a half and two-thirds of this to open the Parkway for this block, leaving a large sum to be devoted to the purchase of small houses elsewhere on the line.

Between Sixteenth and Seventeenth streets the houses required for the Parkway are, as a rule, small properties, in bad order, and their acquisition by the City will not entail very much expense.

Finally, these very houses have been increased in assessment in 1912 above the figures of 1911, and this increase will go on year after year, so that every year's delay means that the City will be required to pay a larger price for the properties than if they act promptly.

Opening the Parkway on this block will definitely fix the lines of the entire avenue, and afford a reasonable assurance to the poor people, whose properties are affected by the route selected, that some time or other the work will be carried on; and if the City can include one million dollars in each loan for the next two years, it will be exceedingly easy to open the Parkway, from Sixteenth to Fifteenth streets, and then from Seventeenth to Eighteenth streets, and through Logan Square.

I remain,

Yours very respectfully,

JOHN F. LEWIS.

Philadelphia, March 20, 1912.

GEORGE McCURDY, Esq.,

President of Common Council.

DEAR SIR:—I wish to thank you for the part you have taken in having introduced in Councils the ordinance to open the Parkway, between Sixteenth and Seventeenth. I trust that your efforts to have this ordinance passed through Common Council will meet with success, and that

you will be able to urge upon Select Council members the importance of their agreeing with your Honorable Body as to the passage of this bill.

Yours very truly,

JOS. A. McMENAMIN.

Philadelphia, March 20, 1912.

GEORGE McCURDY, Esq.,

President of Common Council.

DEAR SIR:—I beg you to do all in your power to secure the passage of the pending Parkway ordinance. It is the best way to push the work, and it does not involve an increase in the tax rate.

Sincerely yours,

FRANK MILES DAY.

Philadelphia, March 20, 1912.

GEORGE McCURDY, Esq.,

President of Common Council.

DEAR SIR:—The City of Philadelphia owes a debt of gratitude to you for pushing the bill to open the Parkway, from Sixteenth to Seventeenth street, and I sincerely hope that nothing will obstruct its passage. The City needs the Parkway, poor and rich alike, but it will be of especial use as a breathing space for the poor.

Sincerely,

EMMA BLAKISTON.

Philadelphia, March 20, 1912.

GEORGE McCURDY, Esq.,

President of Common Council.

DEAR SIR:—I write to thank you for the part you have taken in introducing the ordinance to open the Parkway, from Sixteenth to Seventeenth street, and understand that this bill is to come up before Common Council for final action to-morrow, March 21st. It is perhaps not necessary for me to urge that you will do all in your power to secure the final passage of this measure, which, I believe, will be of great advantage to the City.

Yours very truly,

MARSHALL E. SMITH.

Philadelphia, March 20, 1912.

GEORGE McCURDY, Esq.,

President of Common Council.

DEAR SIR:—My father-in-law, Mr. Samuel Price Wetherill, who owns the property at 1420 Arch street, also 1806 Race street, has asked me to write to request that you use your influence and encourage in every way the opening of the Parkway, between Logan Square and the City Hall.

Mr. Wetherill, like other property owners along the line of the Parkway, has found during the last three years that it has been very hard to obtain tenants and that the rents in all cases have to be reduced, owing to the uncertainty as to when the City will physically open the Parkway. Mr. Wetherill is particularly anxious that the City carry out the resolution adopted at the public meeting held at the Mayor's Office to open up the Parkway, between Sixteenth and Seventeenth streets, as he feels that a step in this direction would not only help but hasten the final result, and give Philadelphia what it

wants—a fine Parkway—and also give the property owners a chance to get the value of their property and enable them to invest the funds in a more profitable manner.

Yours very truly,

SAMUEL J. HENDERSON.

Philadelphia, March 19, 1912.

GEORGE McCURDY, Esq.,

President of Common Council.

DEAR SIR:—I desire to express my thanks to you for the part which you have taken in introducing the ordinance to open the Parkway, between Sixteenth and Seventeenth streets, and would urge you to do whatever else is in your power to secure its final passage at the meeting of Councils.

Yours very truly,

J. M. STEELE.

Philadelphia, March 18, 1912.

GEORGE McCURDY, Esq.,

President of Common Council.

DEAR SIR:—In regard to the ordinance now pending, providing for the opening of the Parkway, between Sixteenth and Seventeenth streets, would like to add my voice to those favoring its immediate passage.

Very respectfully yours,

W. W. GILCHRIST, JR.

Philadelphia, March 19, 1912.

GEORGE McCURDY, Esq.,

President of Common Council.

DEAR SIR:—I am glad to know that your bill to open the Parkway, between Sixteenth and Seventeenth streets, is to come before Councils on Thursday, and that it has come from Highway Committee unanimously and favorably reported. I believe the object of the bill is highly desirable from both the utilitarian and aesthetic sides, and I consider your bill a reasonable and proper step to an early attainment of the Parkway. I thank you for what you have done, and I hope you will continue your work until the object is attained.

Yours sincerely,

MAUDE B. HANSCHÉ.

GEORGE McCURDY, Esq.,

President of Common Council.

DEAR SIR:—It is with much pleasure that I saw by to-day's paper that you propose to introduce into Councils a bill to secure, without delay, the site for the Parkway, between Sixteenth and Seventeenth streets.

I take the liberty of writing you endorsing your proposed action in this matter, believing it is much to the pecuniary interest of the City that all proposed investors in real estate shall have evidence of the value of abutting property for improvement purposes, and this may lead to the bringing to the City Treasury an increased amount of taxes.

Yours respectfully,

JOHN T. MORRIS.

Philadelphia, March 19, 1912.

GEORGE McCURDY, Esq.,

President of Common Council.

DEAR SIR:—As a citizen, deeply concerned in the improvement and beautification of the City, I desire to be counted as favorable to the immediate passage of the ordinance providing for the opening of the Parkway, between Sixteenth and Seventeenth streets.

Trusting that the measure may be promptly passed, I am,

Very respectfully yours,

CHAS. HERMON THOMAS, M. D.

GEORGE McCURDY, Esq.,

President of Common Council.

DEAR SIR:—I want to thank you for the part you have taken in the introduction of the ordinance to open up the Parkway, between Sixteenth and Seventeenth streets. Would ask you to use all your influence in your power to secure the final passage of the bill at the meeting of the Councils.

Thanking you kindly in advance, I remain,

Very truly yours,

FRED. G. KREITZER, JR.

GEORGE McCURDY, Esq.,

President of Common Council.

DEAR SIR:—Having been present at the meeting at the Mayor's Office some weeks since, I was particularly impressed with the address that you made in reference

to the Parkway, I want to take this opportunity, as a citizen and merchant, to thank you for the interest that you have taken in the question of the plan, and to express the hope that when the matter comes into Councils you will use your influence to accomplish the desired result.

Business men, generally, are greatly in sympathy with the proposed movement, which will undoubtedly redound to the advantage of the community as a whole.

Very respectfully yours,

CHARLES J. COHEN.

GEORGE McCURDY, Esq.,

President of Common Council.

DEAR SIR:—I write to thank you for the part you have taken in introducing the ordinance for the opening of the Parkway, from Sixteenth to Seventeenth street, into Councils, and beg you to do whatever else you can to secure the final passage of the ordinance at the meeting of Councils.

Yours very truly,

MARY IVES CHEW.

—

Philadelphia, March 19, 1912.

GEORGE McCURDY, Esq.,

President of Common Council.

MY DEAR SIR:—I had the pleasure of listening to your speech in favor of the Parkway project at the meeting called by Mayor Blankenburg in his office a few weeks ago for the discussion of this project. Since that time, you have introduced an ordinance to open the Parkway, between Sixteenth and Seventeenth streets. I wish to

personally thank you for the part you have taken in behalf of this wise and beneficial measure for the welfare of the City, and at the same time to ask you to do everything else in your power to secure the final passage of this ordinance at the meeting of Councils on Thursday next.

Having been a member of the Committee working on and directly interested in the plan for Chicago, and as familiar with the opening of such improvements in Berlin, Vienna and Paris, I am convinced that the completion of one block of this Parkway, so that the people may see what it means and see what it is going to give them, their children, and their children's children, would be of more benefit than any other thing that could possibly be done for the furthering of this project.

Very truly yours,

ALFRED H. GRANGER.

GEORGE McCURDY, Esq.,

President of Common Council.

DEAR SIR:—I trust you are in favor of the pending ordinance providing for the opening of the Parkway, and beg that you will do all in your power to favor the passage of the bill.

Very truly yours,

CHARLES D. BARNEY.

Philadelphia, March 20, 1912.

GEORGE McCURDY, Esq.,

President of Common Council.

DEAR SIR:—I understand that an ordinance will come before City Councils on March 21st, providing for the

opening of the Parkway, between Sixteenth and Seventeenth streets.

Philadelphia has too long labored under a policy of postponement in regard to its municipal improvements, with the unfortunate result that with great possibilities it has perhaps a smaller percentage of realization than any large city in the United States.

This is undoubtedly evident in the physical appearance of the City itself, and I think it cannot be questioned that these factors have their influence upon persons transacting business in the City, with the result that it does not have the outside trade nor standing with the traveling public which its importance justifies.

I think the City has too long pursued a policy of conservatism, and that it is time for it to push forward its plans energetically.

I therefore most respectfully urge the passage of the ordinance referred to, in the hope that the present generation will see the completed improvement.

Very respectfully yours,

JOS. M. DOHAN.

GEORGE McCURDY, Esq.,

President of Common Council.

DEAR SIR:—Thank you very much for having introduced the ordinance to open the Parkway, between Sixteenth and Seventeenth streets. I trust you will continue the good work and help to secure its final passage. I am sure the public at large is very grateful to you, and believe me,

Yours very truly,

WILSON EYRE.

Philadelphia, March 20, 1912.

GEORGE McCURDY, Esq.,

President of Common Council.

HONORABLE AND DEAR SIR:—I am writing to ask you to do everything in your power to secure the final passage at the meeting of Councils of the ordinance to open the Parkway, between Sixteenth and Seventeenth streets, which has been unanimously and favorably reported on by the Highway Committee. I know from the stand you took at the recent Citizen's Meeting in the Mayor's Office that you are in sympathy with this bill, and wish to thank you for the part you have taken in introducing the ordinance to open up the Parkway in this section.

Yours very truly,

GEO. BISPHAM PAGE.

GEORGE McCURDY, Esq.,

President of Common Council.

MY DEAR SIR:—As one who has labored for many years to bring about the construction of a great cosmopolitan thoroughfare to connect the City Hall and the Parkway, I wish to congratulate and thank you for introducing the ordinance to open another link in this avenue.

Trusting that the necessary formalities may be put through with dispatch, and that the work may be undertaken without further delay, I remain,

Very truly yours,

ALBERT KELSEY.

Philadelphia, March 20, 1912.

GEORGE McCURDY, Esq.,

President of Common Council.

MY DEAR SIR:—As the ordinance for the opening of the Boulevard will, it is understood, be presented to your Honorable Body to-morrow, I beg leave to thank you for your valuable service with regard to it, and to express the earnest desire that everything possible may be done to further the success of this measure, looking to the best interests of Philadelphia.

Faithfully yours,

EDWARD H. COATES.

GEORGE McCURDY, Esq.,

President of Common Council.

DEAR SIR:—Understanding that the proposed ordinance to open the Parkway, between Sixteenth and Seventeenth streets, will come up for action in Councils this week, I write to urge upon you the importance of going on with the development of this great municipal improvement, so that the money already invested in it may be made to yield a return to the City at the earliest possible date; and to ask you to do all in your power to promote the passage of this ordinance which has received the emphatic approval of a large number of thoughtful citizens.

Very respectfully yours,

MINNIE HAYS.

Philadelphia, March 19, 1912.

GEORGE McCURDY, Esq.,

President of Common Council.

DEAR MR. McCURDY:—You deserve the praise and thanks of all citizens of the great City of Philadelphia for introducing this ordinance, and we all wish you success.

All hands must work hard for this, and if I can help any please let me know.

Yours truly,

D. KNICKERBACKER BOYD.

Philadelphia, March 20, 1912.

GEORGE McCURDY, Esq.,

President of Common Council.

DEAR SIR:—In reference to the completion of the Parkway, would it not be more just to the property holders who are interested in this matter for the City to purchase from them all property in or adjacent to the line of the Parkway, as proposed, wherever it is offered at a reasonable figure, and not in one section only as at present proposed.

Is not the City under some obligation to all these property holders to do the best it can for them and not to favor any one section, unless some particular gain is to be secured by the opening of a small part of same, as at present proposed, between Sixteenth and Seventeenth streets. In place of this proposition, would it not be better to secure any property in the entire line that may be offered for sale at a reasonable figure, that is, for a price only slightly above its assessed valuation. This would not only be a matter of justice to these property holders, but the City would also gain by such action, by preventing these properties to fall into the hands of speculators, who would purchase the same with the direct intent of securing from the City a large amount from them at some future time.

Also, as there are only sufficient funds available to purchase a portion of these properties, the owners wishing to sell would practically bid against each other in their offers of sale, and in this way the property owners who are holding out for excessive prices might have to wait indefinitely, and would finally only receive what would be decided upon by action of the Court as a result of condemnation proceedings.

If, however, the opening of any one section is to be undertaken at this time, it might be well to consider the purchase and demolition of the remaining properties in the square between Broad and Fifteenth and Filbert and Arch streets. It is in this square that a rapid increase in valuation may be expected on account of it being part

of the central business sections of the City; and as some of the buildings in this square have already been cleared away, much more would be accomplished in demonstrating the practical advantage of the Parkway by the completion of this plaza, from where the Parkway is to start, than in the opening of any other section.

Very truly yours,

H. L. DUHRING, JR.

Philadelphia, March 18, 1912.

GEORGE McCURDY, Esq.,

President of Common Council.

DEAR SIR:—Concerning the Parkway ordinance now pending in City Councils, I am very much in favor of a boulevard from City Hall to Fairmount Park. I always have been, and my father, the late Mr. Justus C. Strawbridge, before me. Presuming that there *is some money* to spend immediately, I am *not* in favor of using it for the purpose of opening *any single square* of the proposed avenue. Such a proposition may be very interesting and desirable from an *architectural* standpoint, but it does not appeal to the average citizen at all. It is well known that a street open for only *one block*—no matter how elegant, is absolutely *useless*—it leads from nowhere to nowhere, and I would consider any money spent in *perfecting* or even *opening* a single block, as the first step in this great work, most unfortunate.

I would advocate cutting a preliminary path, say, 50, 60 or 100 feet wide, through the *entire distance*, from City Hall to Logan Square, paved with asphalt or wooden blocks, so that we can all *use it* as soon as possible—this summer, next winter, next summer, and so on for 50 or 100 years, while the architects and builders are erecting stately and appropriate structures, or planning artistic surroundings. Let us have this temporary roadway placed

on the *line of one side* of the final boulevard, so that property on *that* side, at least, can be permanently improved, and the inconvenience and uncertainty to the owners on the other, or temporary side, would be entirely outweighed by the great and immediate service of such a convenient street to the public, who want to use it *at once* for automobiles, carriages, taxicabs, hacks, bicycles, baby coaches, and even on foot. I view this splendid improvement from the *utility* standpoint, and I think this view appeals to the *people*, much more than the architectural, or any other standpoint.

It also has these advantages: That a path, open and in use, to-day and every day, would educate everybody up to the *general idea*, and there would not be the clamor or necessity for hasty and ill-advised action on the *final* arrangements of the perfected scheme.

One of our prominent City officials said recently that few people went to the park nowadays—true—few drive to the park, but hundreds motor and ride *through* the park every day in the week to points on the main line, all the way from Overbrook to Devon, and to Germantown and Chestnut Hill—a fact which may be easily verified any morning or afternoon by actual observation at the Green street entrance.

Yours very truly,
FREDERIC H. STRAWBRIDGE.

OFFICE OF THE MAYOR.

Philadelphia, May 3, 1912.

WILLIAM H. FELTON, ESQ.,

Chief Clerk of Common Council.

DEAR SIR:—Please call a Special Meeting of Common Council for the transaction of general business, to be held on Tuesday, May 7, at 3 P. M.

Very truly yours,

RUDOLPH BLANKENBURG,

Mayor.

—

Members present:

Messrs. Baizley, Bonnick, R. D. Burke, W. Burke, Cahill, Camac, Conn, Connelly, Cook, Cooper, Costello, C. C. Cox, G. D. Cox, Cross, Darrow, Derr, Deutsch, Dorman, Dorwart, Dripps, Eldredge, Flynn, Gallagher, Gillingham, Gilson, Gleason, Gourie, Gubbins, Hahn, Hardart, Horn, Humphrys, Jenkinson, Keene, Kelley, Kreider, Linchburner, Lombardi, McCarthy, McCloskey, McElroy, McGuigan, McGurk, J. Smith, Smithies, Stanfler, Stuebing, Umstead, Van Houten, Voigt, Walter, Walton, Ward, Whitaker, White, Williams, and Woodill.

The following was read:

Philadelphia, May 7, 1912.

WILLIAM H. FELTON, Esq.,

Chief Clerk of Common Council.

DEAR SIR:—I regret that important Court engagements which I have been unable to postpone will prevent me from being present at the meeting of Common Council this afternoon. I have appointed John S. McQuade, of the Thirty-fourth Ward, to act as President during the session.

GEORGE McCURDY,

President of Common Council.

The Secretary to the Mayor was introduced, when he presented the following message from the Mayor:

OFFICE OF THE MAYOR.

Philadelphia, May 7, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—In exercising for the first time the authority conferred upon me by the City's Charter to call Councils together in Special Session, it is fitting that I should state the reasons that made this action desirable.

With the approach of summer and the probable adjournment of Councils during the vacation season, all of the Departments have been getting in shape measures that seem to require attention before your adjournment. A number of ordinances are of really great importance and should have very prompt consideration. In the case of some of them, even a week's delay would be unfortunate.

If Common Council should see fit to concur in the resolution passed by the Select Council on April 18th, providing for Stated Meetings each week rather than twice a month, it would expedite public business very much.

Respectfully yours,

RUDOLPH BLANKENBURG.

Mayor.

Also, presented a further message from the Mayor, accompanied by communication from the Director of the Department of Public Safety and the Bureau of City Property, relative to the condition of Fire Headquarters, 1328 Race street. (*Appendix No. 157.*)

Which was read, and referred to the Committee on Finance.

The President, *pro tem.*, presented the following:

Philadelphia, May 6, 1912.

Mr. Renshaw presented the following:

Philadelphia, May 23, 1912.

My objection to the ordinance appropriating \$4,338.60 for work done under Contract No. 110, P., G. & N. Elevated, in excess of the cash limit of the contract, was because the bill was presented to these Councils without any sufficient reason or explanation for its passage.

After a personal investigation, I believe the amount should be paid, although under the contract itself the City is not legally bound.

The work was done, and estimates were based on figures furnished by the City. The figures for certain portions of the contract, principally the cost of underpinning on some portions of the work, were much below the actual amount required.

The work could not be safely stopped—which was the only alternative—open to the Director of Public Works, and he, therefore, authorized the additional work to be done.

The price for the additional work is the same as that of the original contract, and the Philadelphia and Reading Railroad has passed upon and approved its share of the charge.

For these reasons, I now vote in favor of the bill; but I think it should be known by contractors making agreements with the City that any work authorized by any Department head, beyond that specifically set out in the contract, is paid only as a matter of grace and equity and not of legal right.

BENJ. H. RENSILAW.

Mr. Connelly moved to proceed to second reading of Common Council bill (Appendix No. 158) entitled "An Ordinance to authorize certain transfers in the annual appropriations to the Department of Supplies, Art Jury and Clerks of Councils, for the year 1912."

(Appendix No. 248.)

"An Ordinance to authorize the purchase of properties Nos. 1615 to 1623 Ruffner street for bath house purposes." (Appendix No. 249.)

"An Ordinance to authorize the paving of Bonsall, Camac, Cambridge, Delancey, Dickinson, Eleventh, Fifteenth, Fifty-fourth, Franklin, Judson, Locust, Ludlow, Markoe, Marvine, Media, Mercer, Ninth, Pike, Sixty-fifth, Twelfth, Twenty-third, Wolf, Ardleigh, Coral, Dexter,

Seville, Ditman, Division, Howarth, Norwood, Pratt, Seventy-first, Sprague, Allengrove, Oakland and West Hatter streets, Buist, Windrim and Mt. Pleasant avenues." (Appendix No. 251.)

"Ordinance to take, use and appropriate certain properties bounded by Sixteenth street, the line of Appletree street and the Parkway, and also properties bounded by Seventeenth street, the line of Appletree street, Arch street and the Parkway, and to authorize the opening of so much of the Parkway as is bounded by the line of Appletree street and Sixteenth street and Arch street, and authorizing the entering of security for the payment of damages." (Appendix No. 252.)

"An Ordinance to authorize the opening of Markoe street from Chestnut to Walnut street." (Appendix No. 253.)

"Resolution of request to the Director of the Department of Public Works to permit Thomas Killough to construct a temporary terra cotta drain in Irving street, from Sixty-first street westward about one hundred and seventy-five feet." (Appendix No. 254.)

"Resolution of request to the Director of the Department of Public Works to permit Charles F. Jenkins to improve and beautify a portion of the sidewalk on the west side of West Washington Square and the south side of South Washington Square, in the Eighth Ward." (Appendix No. 255.)

"Resolution relative to the approval of schedules, bills and contracts during the summer recess of Councils." (Appendix No. 259.)

"Resolution of request to the Director of the Department of Public Works to permit James Kissick to lay a temporary terra cotta drain in Chancellor street, from Fifty-ninth to Sixtieth street." (Appendix No. 260.)

"Resolution authorizing the Joint Committee on Soldiers' Monument to visit Antietam Battlefield in September next on the Fiftieth Anniversary of said battle, and directing the presentation of this resolution to the Mayor for his approval or disapproval." (Appendix No. 261.)

"An Ordinance changing the titles of certain officials in the Bureau of Fire." (Appendix No. 262.)

"An Ordinance to transfer all balances remaining to the credit of Item 19 in the annual appropriation to the Department of Public Works (Bureau of Highways) for the maintenance of automobiles during 1912, and Item 6, Bureau of Surveys, for horse keep and keep of automobiles, to Item 4, Director's Office, Department of Public Works, for maintenance and equipment of automobiles and uniforms for chauffeurs." (Appendix No. 263.)

"An Ordinance authorizing the Director of the Department of Supplies to draw, and the City Controller to countersign, warrants in payment for coal purchased in the open market in contemplation of a strike at the mines, and for coal heretofore furnished for the City Ice Boats during the year 1912." (Appendix No. 264.)

"An Ordinance to authorize certain transfers in the annual appropriations to the various Bureaus in the Departments of Public Safety, Public Works, Public Health and Charities, Supplies, City Commissioners, City Controller, Clerks of Councils, Law, Board of Revision of Taxes, Register of Wills and City Treasurer, for the year 1912." (Appendix No. 265.)

"An Ordinance authorizing the Director of the Department of Supplies to draw, and the City Controller to countersign, warrants in payment of supplies delivered between the awarding and executing of certain contracts." (Appendix No. 266.)

Also, informed Common Council that they had concurred in the amendments of Common Council to Select Council bill (Appendix No. 135) entitled "An Ordinance authorizing the Director of the Department of Wharves, Docks and Ferries to offer at public sale and enter into a lease for the space under Walnut street bridge, from Thirtieth street to the Schuylkill river."

Mr. Van Houten moved that Common Council do now adjourn.

Which was agreed to.

So Common Council adjourned.

Monday, July 1, 1912.

Common Council met this day, pursuant to the following call:

Philadelphia, June 28, 1912.

MR. WILLIAM H. FELTON,

Chief Clerk of Common Council.

DEAR SIR:—I am just in receipt of a communication from his Honor, the Mayor, requesting me to call a Special Session of Common Council for Monday, July 1, at 3 o'clock P. M. In compliance with his Honor's request, you are hereby directed to call a Special Meeting of Common Council for Monday, July 1, at 3 o'clock P. M., for the transaction of general business.

Yours truly,

GEORGE McCURDY,

President of Common Council.

Members present:

Messrs. Baizley, Bonnick, R. D. Burke, W. Burke, Cahill, Camac, Conn, Connelly, Cooper, Costello, C. C. Cox, G. D. Cox, Cross, Derr, Deutsch, Dorman, Dorwart, Dripps, Eldredge, Finnesey, Flynn, Frankenfield, Gallagher, Gillingham, Gilson, Gleason, Gourie, Gubbins, Hahn, Hardart, Horn, Howard, Jenkinson, Keene, Kelley, Kline, Kreider, Limeburner, Lombardi, McCarthy, McCloskey, McElroy, McGuigan, McGurk, J. S. McQuade, McTear, Miller, Minchart, Mohr, Morrison, Morton, Parry, Pennock, Ragan, Renshaw, Ruedinger, Ross, Schwarz, Simmington, F. A. Smith, R. Smith, Smithies, Stauffer, Stuebing, Trinkle, Umstead, Van Houten, Voigt, Walter, Walton, Ward, Weglein, Whitaker, White, Williams, and Woodill.

Mr. J. S. McQuade (President, *pro tem.*) in the Chair.

The President (*pro tem.*) presented the following:

Philadelphia, July 1, 1912.

MR. WILLIAM H. FELTON,

Chief Clerk of Common Council.

DEAR SIR:—I regret that owing to my duties in connection with to-day's Sheriff's sale, it will be impossible for me to preside at to-day's Council meeting. I have appointed Mr. John S. McQuade to act in my place. Had I been able to be present, I should have made clear my position in regard to to-day's Council meeting. Under the circumstances I will ask you to read this short statement to the members.

I had no objection to the meeting being held at the desire of the Mayor, but I had a most decided objection to the manner of its being called, as being both illegal and discourteous. Any request of the Mayor for a Special Meeting will always be cheerfully acceded to by me, but this was the second time he had ordered you as Chief Clerk to call a meeting, which he had no right to do, so I thought it time to correct the error. When the Mayor's Secretary called upon me and acknowledged their error and gave me a proper request for to-day's meeting, I immediately complied with the request and issued the call.

The question of the merit of the bill was not the issue in this controversy, although the officials seem to think so. That is a matter to be decided by the votes of the members without any dictation from me. Having established the legality of my position, I leave the subject for discussion to the Honorable members of Councils.

Yours truly,

GEORGE McCURDY,

President of Common Council.

Also, presented a communication from the North Kensington Business Men's Association, protesting against the passage of bill installing water meters.

Which was read, and referred to the Committee on Finance.

Also, presented a communication from John S. Hother-sall, U. S. N., retired, relative to the effect on the City's revenue by the installation of water meters.

Which was read, and referred to the Committee on Finance.

The Secretary to the Mayor was introduced, when he presented a message from the Mayor, returning without his approval Common Council bill (Appendix No. 219) entitled "An Ordinance to authorize the repaving with wood blocks of certain streets, and the work incident thereto." (*Appendix No. 271.*)

The message was read.

The question being, Shall the bill pass notwithstanding the objections of the Mayor?

Mr. R. Smith moved that the message and bill be referred to the Committee on Highways.

Which was agreed to.

Also, presented a further message from the Mayor, requesting the passage of the ordinance appropriating five thousand (5,000) dollars to the Department of Public Works for a study of the mosquito problem in Philadelphia. (*Appendix No. 272.*)

Which was read, and referred to the Committee on Finance.

Also, presented a further message from the Mayor, transmitting a resolution entitled "Resolution to authorize the Director of the Department of Supplies to draw, and the City Controller to countersign, certain warrants for coal purchased in the open market in contemplation of a strike at the mines, and for the storage of and demurrage incurred in connection therewith; also, for supplies heretofore furnished during the year 1912." (*Appendix No. 273.*)

Which was read.

Mr. Connelly offered the following, to wit: "Resolution to authorize the Director of the Department of Supplies to draw, and the City Controller to countersign, cer-

tain warrants for coal purchased in the open market in contemplation of a strike at the mines, and for the storage of and demurrage incurred in connection therewith; also, for supplies heretofore furnished during the year 1912, and directing the presentation of this resolution to the Mayor for his approval or disapproval." (*Appendix No. 274.*)

Common Council proceeded to second reading of the resolution.

The resolution was twice read, and agreed to.

The title was agreed to.

The resolution was read a third time,

And on its final passage,

The yeas and nays were required according to law, and were as follows:

S. McQuade, McTear, Miller, Minehart, Mohr, Morrison, Morton, Parry, Pennoek, Ragan, Renshaw, Ruedinger, Ross, Schwarz, Simmington, F. A. Smith, R. Smith, Smithies, Stauffer, Stuebing, Trinkle, Umstead, Van Houten, Voigt, Walter, Walton, Ward, Weglein, Whitaker, White, Williams, and Woodill—76.

NAYS—None.

Two-thirds of the members elected having voted in the affirmative,

It was agreed to,

And the resolution passed.

Mr. Dorwart read in place bills to construct sewers in the following streets in the Twenty-first Ward: Cliveden, Upsal and Hortter streets, from Park Line drive to Wis-

sahiekon avenue; and Park Line drive, from Johnson to Upsal street.

Which were referred to the Committee on Surveys.

Mr. Howard read in place bills to locate electric lights in the Twenty-second Ward.

Which were referred to the Electrical Committee.

Mr. Simmington offered the following, to wit: "Resolutions to locate gasoline lamps in the Twenty-eighth Ward."

Which were referred to the Committee on Gas.

Mr. J. S. McQuade read in place a bill entitled "An Ordinance to authorize the revision of a portion of Plan No. 170, in the Thirty-fourth Ward, by striking from the City plan Arlington street, from Fifty-second to Fifty-fourth street; the revision of the lines and grades of Fifty-third street, from Berks street to Lebanon avenue; the revision of the lines and grades of Georges lane, from Columbia avenue to Berks street; and to place on the City plan Georges lane, from Berks street to Lebanon avenue."

Which was referred to the Committee on Surveys.

Mr. Costello read in place a bill entitled "An Ordinance to construct a sewer in Comly street, from State road to the Delaware river."

Which was referred to the Committee on Surveys.

Select Council informed Common Council that they had passed resolution (Appendix No. 170) entitled "Resolution of request to the Joint Standing Committee on Finance and Water, in conjunction with the Director of the Department of Public Works, to consider the question of the installation of water meters, with the probable effect on the revenues and expenses of the City."

Common Council proceeded to second reading of the resolution.

The resolution was again read, and agreed to.

The title was agreed to.

So Common Council concurred.

Mr. Baizley, seconded by Mr. Kelley, moved to reconsider the vote by which Common Council bill (Appendix No. 245) entitled "An Ordinance to authorize a certain transfer in the annual appropriations to the City Treasurer and the Department of Public Works, for the year 1912, for the preparation of maps and plans, and engineering study of streams, ponds, pools, etc., and the habits of mosquitos and the best methods of eliminating same," was indefinitely postponed at the last meeting.

On which the yeas and nays were required, and were as follows:

YEAS—Messrs. Baizley, Bonnick, R. D. Burke, W. Burke, Cahill, Camac, Connelly, Cooper, Costello, C. C. Cox, G. D. Cox, Cross, Derr, Dorman, Dorwart, Dripps, Eldredge, Finnesey, Flynn, Frankenfield, Gallagher, Gillingham, Gilson, Gleason, Gubbins, Hahn, Horn, Howard, Jenkinson, Keene, Kelley, Kline, Kreider, Limeburner, Lombardi, McCarthy, McCloskey, McElroy, McGurk, J. S. McQuade, Miller, Minchert, Mohr, Morrison, Morton, Parry, Pemock, Renshaw, Ross, Schwarz, Simmington, F. A. Smith, R. Smith, Smithies, Stauffer, Stuebing, Umstead, Van Houten, Voigt, Walter, Walton, Ward, and Woodill—63.

NAYS—Messrs. Deutsch, Gourie, Hardart, McGuigan, McTear, Ragan, Ruedinger, Whitaker, and White—9.

A majority of the members elected having voted in the affirmative.

It was agreed to.

The question recurring on the final passage of the bill,

The yeas and nays were required according to law, and were as follows:

YEAS—Messrs. Baizley, Bonnick, R. D. Burke, W. Burke, Cahill, Camac, Connelly, Cooper, Costello, C. C. Cox, G. D. Cox, Cross, Derr, Dorman, Dorwart, Dripps, Eldredge, Finnesey, Flynn, Frankenfield, Gallagher, Gillingham, Gilson, Gleason, Gubbins, Hahn, Horn, Howard, Jenkinson, Keene, Kelley, Kline, Kreider, Limeburner, Lombardi, McCarthy, McCloskey, McElroy, Mc-

Guigan, McGurk, J. S. McQuade, Miller, Minchart, Mohr, Morrison, Morton, Parry, Pennoek, Renshaw, Ross, Schwarz, Simmington, F. A. Smith, R. Smith, Smithies, Stauffer, Stuebing, Trinkle, Umstead, Van Houten, Voigt, Ward, White, Williams, and Woodill—65.

NAYS—Messrs. Deutsch, Gourie, McTear, Ragan, Ruedinger, Weglein, and Whitaker—7.

Two-thirds of the members elected having voted in the affirmative,

It was agreed to,

And the bill passed.

Mr. Connelly offered the following, to wit: "Resolution discharging the Committee on Finance from the further consideration of Select Council bill (Appendix No. 152) entitled "An Ordinance to repeal ordinance approved June 27, 1904, prohibiting the installation of water meters." (*Appendix No. 275.*)

Common Council proceeded to second reading of the resolution.

The resolution was twice read, and agreed to.

The title was agreed to.

Mr. R. Smith moved that Common Council take a recess for fifteen minutes.

Which was agreed to.

Upon reassembling,

Select Council informed Common Council that they had received a report from the Committee on Water, with bill (Appendix No. 152) annexed entitled "An Ordinance to repeal an ordinance approved June 27, 1904, prohibiting the installation of water meters," which they had passed.

Common Council proceeded to second reading of the bill.

The first and only section was again read, and agreed to.

The title was agreed to.

The bill was read a third time,

And on its final passage.

APPENDIX.

APPENDIX No. 1.

A RESUME OF PHILADELPHIA'S MUNICIPAL DEVELOPMENT AND PROGRESS, 1907-1911.

OFFICE OF THE MAYOR, CITY HALL.

Philadelphia, December 4, 1911.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—It is with a profound sense of grateful appreciation that I address your Honorable Bodies to-day, and through you the splendid citizenship of the City of Philadelphia, which has supported and encouraged the officers of the various Departments of the City government during the past four and one-half years in our efforts to make our Home City a better, healthier, more prosperous and happier municipality in which to reside. True, there have been times when the efforts which we made seemed in vain, when the earnest attempt to give the City a business administration has seemed well nigh impossible, due to the obstacles that were placed in our way by self-centered men, by those who did not or would not understand. As an offset to these annoyances, however, we to-day have the satisfaction of looking backward, of seeing the growth of our City during that period, of recounting and summarizing the work that has been performed, of appreciating that the bulk of the people of our City are anxious and willing to aid in all movements towards her progressive betterment.

On April 3, 1911, I rendered my Fourth Annual Report as Mayor, and that the sequence of the reports of coming administrations shall not be broken, I submit this,

not as an Annual Report, but rather as a record of achievement, not with pride, but with satisfaction, not for glory, but for information, in order that the public's appreciation of the service which you performed, which all officials have performed, may be obtained. Since the adoption of the Bullitt Bill, it has been the fashion to regard the Mayor as the fountain-head, as the throne, as the dispenser of all good, of all evil, as the one man who holds in the palm of his hand the destinies of the City, the power to make or mar its future. To my mind this is a popular misconception of the powers, duties and responsibilities of the office, which has arisen by reason of the public press featuring the Mayor. It is your Honorable Bodies, representative of the forty-seven wards of the City, the great Departments of the City government, many of whose officers are elected and independent of the control of the Mayor, through which the great business of the City is handled. To you, therefore, and to the heads of the Departments, I renew my expression of gratitude for your services in behalf of the City and join with her citizens in thanks.

Let us consider briefly the character, quantity, and manner in which the work has been performed. The Department of Public Works I select first, departing from the usual order of seniority adopted in previous reports, as the Department of Public Works, while not brought into the close contact with the citizens that exists between them and the Department of Public Safety, is, nevertheless, the one that does the greatest amount of constructive work for the City's betterment, and to my mind it is a constructive administration that is deserving of the highest praise rather than one that performs its duties in a prefatory manner. What, then, has this administration done for the betterment of the City? What has it done to leave behind it monuments of the development of the City? What has it done for future generations, in order to make the City a more livable and more workable place in which to reside?

Each of us may well be proud to have contributed, even in a small degree, to bring about the collective and

organized co-operation that has resulted in the building up of the City's structures, that has facilitated its progress, the delivery of goods and merchandise, the interchange of transportation from place to place, the shortening of distance, the grading of streets, the paving of them, the broadening and planning of them, all of which has resulted in great good to the City. During the administration there have been completed, or are now under course of construction, 58 bridge contracts, the most important of which were the Walnut lane bridge, over the Wissahickon creek, the Wyoming avenue bridge, over Frankford creek, and the Passyunk avenue bridge, over the Schuylkill river, together with the widening of Chestnut street bridge.

It is a great tribute to the City and her officials that the Walnut lane bridge, at the time of its completion, was the largest single-span concrete bridge in the world; that it was planned entirely by City officials, erected under City supervision, and that many engineers doubted its strength and feasibility. To-day, it has only been exceeded a few feet by a bridge in Europe and one in Cleveland, Ohio, both of which are copies of the Walnut lane bridge, and were only constructed after proof had been given of the wisdom and efficiency of Philadelphia's engineers.

The building of this bridge meant a great deal to the residents of Germantown and Roxborough, enabling them to have quick and easy transportation from the one section to the other, and saving them a detour of three miles. It will mean not only assistance and aid to the residents of those localities, but will result in the building up of a new section of the City, bringing to the City increased revenue sufficient to pay for the cost of construction.

In like manner will the Passyunk avenue bridge, upon its completion, bring to the City increased revenue in the development of lands that are now unoccupied on both its eastern and western ends, as it will afford quick transportation to and from the center of the City and the southwestern portion and suburban district beyond, and will result, undoubtedly, in the establishment of new transit facilities. Here again the genius of the City engineers

has been demonstrated. The Passyunk avenue bridge represents a new departure, as far as the City is concerned, in bridge building, and is an indication of the willingness and adaptability of our Departments to adopt those ideas that are best suited for the purposes required. The widening and improvement of the Chestnut street bridge means a great corresponding benefit to West Philadelphia. It is, indeed, surprising to consider the marvelous growth of West Philadelphia within the past ten years, and particularly during the last four years, to consider that the fourteenth City of the United States has grown upon the west bank of the Schuylkill river. The great bulk of the traffic to and from that section is confined to three bridges, namely, Market, Chestnut and Walnut streets. The Chestnut street bridge is one of the City's oldest bridges across the Schuylkill, and by reason of its construction, was not adapted to the great traffic that is compelled to traverse it. For that reason, it can be readily appreciated what it will mean to the City to have a better connecting link between West Philadelphia and the City proper.

The City's activities, however, have not been confined solely to bridge building, and I mention it merely as an indication of some of the constructive work that many Philadelphians are apt to overlook. It has been a pleasure to watch the gradual elimination of grade crossings throughout the City. At the present time the grade crossings between Green street and Hunting Park avenue on the line of the Philadelphia and Reading Railroad, have been abolished, wiping out twenty-six dangerous grade crossings in the very heart of the City, over which thousands of people cross daily.

In 1907 work was begun on the change of grade of the City plans along the line of the Philadelphia and Trenton Railroad from Norris to Butler streets, in order that all grade crossings of that railroad might be abolished.

At the present time work is being pushed on the Richmond Branch of the Philadelphia and Reading Railroad from Somerset to Richmond street, and it is anticipated that this work will be finished in a comparatively short time.

The work finished or begun under this administration will result in the elimination of over 80 grade crossings and the saving of time, not to mention the enormous value of the saving of human lives, is an achievement of which any City might well be proud, even if no other work had been accomplished.

Turning to the consideration of sewers, we find that the administration has been active in that line. From 1907 to 1911, the City has constructed 17,492 miles of main and over 85 miles of branch sewers, thus providing for the growth of the City and giving extended and better sewer facilities to the old portions of the City, which, by reason of their congestion of population, rendered the old sewers inadequate and necessitated their enlargement or restoration with new and improved sewers. The City has been encouraged, assisted and aided to a great extent by the builders and others engaged in making our City better; in developing and creating new values of property; in raising the benefits to be derived from the utilization of property, thus increasing the assessed value thereof, all of which has meant increased returns in revenue and all of which means better facilities and more comfort.

Hand in hand with the work which has been done by the Bureau of Surveys, the Bureau of Highways, despite the repeated injunction suits that were brought to restrain the execution of City contracts and subjected the City officials to annoyance, abuse and allegations of corruption, has made a commendable showing. One hundred and fifty-one miles of new and improved pavement have been laid in this City during the last four years, while in the previous four years but 74 miles of new and improved pavement were laid—an increase of over 100 per cent., which, indeed, in view of the litigation above referred to, is a remarkable showing. This work consisted of 101.01 miles of new paving and 51.42 miles of repaving old cobble and rubble streets with new and improved pavement, and 29.53 miles of new macadam roads. This work has been done quietly, unostentatiously, and with a view merely of rendering efficient and capable service to the citizenship.

Certain large operations of the Bureau of Highways,

however, are deserving of special mention. It has been my aim and policy and of those associated with me to bring to Philadelphia and Philadelphians the realization of the City's assets and possibilities, to teach and to demonstrate the opportunities that are afforded in Philadelphia and in no other large city in the United States, to make a "City Wonderful." By that I mean, not that which people call a "City Beautiful," but to keep pace with the progressive municipalities of this country and Europe that are endeavoring to teach their citizens the thought that the added attractiveness of a city, from an aesthetic standpoint, means a great deal in its development, means more happiness and comfort to the people and the raising of the standard of citizenship. Accordingly, parkways and boulevards have been developed, and I believe that in time to come, if these boulevards are completed and constructed along the same broad lines that have been planned, the citizens of Philadelphia will, indeed, be proud of them and glory in their possession.

In 1907 work was resumed on the construction of the Northeast Boulevard, and in 1908 it was completed from Broad to Second street. The work was continued in 1909, when it was stopped by injunction proceedings and was not resumed until 1910. It is indeed unfortunate that the City has been hampered in the development of this beautiful driveway and avenue, that will mean not a mere driveway for pleasure, but a ready and quick means of access to the largest section of Philadelphia to-day lying undeveloped; a section that is a beautiful country, that is one of the best in Philadelphia for residential purposes, and the construction of that avenue bringing its people and its residents in quick and easy communication with the center of the City, will result in great good for the City. In like manner it has been the aim of this administration to finish and complete the southern boulevard, making a proper and fitting avenue of approach to the great Government Navy Yard at League Island, making a fitting terminus to one of the world's greatest thoroughfares, and developing and bringing into use that great section of Philadelphia south of Shunk street that is so sus-

ceptible of splendid development that the wonder is that it has not been hitherto developed. If I may be permitted to comment on a peculiar indifference and lack of progressiveness on the part of Philadelphia, I may call your attention to the attitude of citizens towards that section. Between the Schuylkill and Delaware rivers, south of Shunk street, fifteen minutes' ride by trolley from the heart of the City, lies a territory undeveloped, and the reason is that it is lowland and no attempt has been made to develop the river banks. Here, then, is the opportunity for the planning of a new City, an opportunity for the citizens to take advantage of, if they but adopt the same spirit that has characterized them in their business operations, namely (that which can be done will be done), this improvement will be speedily brought about. With the planning of streets, with the proper embankment of rivers, with the filling in of certain places here and there, with the construction of commercial facilities on both the Delaware and Schuylkill, with the abolition of grade crossings, there will spring up in that section a great commercial and residential district with a water front on three sides, easily accessible, with splendid railroad facilities, in close proximity to the center of the City, that will make it, indeed, a favored section. The best proof of the advantages and utility of the development of that section is the work which the Girard Estate has done and is doing there. Those of you who have visited it will realize that the Girard Estate properties in the neighborhood of Eighteenth and Shunk streets represent a new feature of civic development, and the waiting list of people who have made application to the Girard Estate for the rental of these properties and the moving into them of people from all sections of West, Northwest and Northeast Philadelphia, is proof positive of what can be done. The construction of the Southern Boulevard is the first of the great improvements of that section. This is almost entirely constructed to the width of 300 feet and is entirely complete between the northern boundary of League Island and the Parkway to the width of 150 feet. It would have been completed over a year ago had not the work also been

stopped by injunction suits in 1909, which prevented the resuming of work until late in 1911.

Hunting Park avenue represents another step in the development of the City as it has been opened to its full width and paved with asphalt, making a magnificent drive-way. The crowning glory, however, of the parkways and boulevards is the Parkway from the City Hall to Fairmount Park, and I sincerely trust the good work that has been done by your Honorable Bodies and the City officials in furthering the development of the same will be continued by our successors, and that the City will soon derive the benefit that will come from the completion of this great avenue: an avenue of learning, art, science, and literature; an avenue of beauty and of great usefulness to the City. Much property has been acquired, and the Commission authorized by your Honorable Bodies to negotiate for the acquirement of property along the line of the Parkway, consisting of the City Solicitor, City Controller and myself, have made many settlements at a fair price, many of them at ten per cent. over the assessed value of the property, and in a few instances a higher price was paid where the necessities of the case demanded it. This property has been acquired, a great deal of it has been demolished, and the City has already witnessed the appreciation of the Parkway by reason of the requests that have been received from the Philadelphia College of Pharmacy, the American Philosophical Society, the Franklin Institute, the Temple University and the Central Manual Training School, for sites along the line thereof. The passage of the Act of the Legislature of June 8, 1907, authorizing the City to acquire property within two hundred feet of the lines thereof, and granting to the City authorities the control thereof, in order to maintain the high standard of beauty, the construction of buildings and the correspondingly high standard of regulation as to the conduct of the occupations and business carried on there, assures the uniform character of the Parkway. In line with the construction of the Parkway, a temporary drive-way from Logan Square to Spring Garden street has been constructed and is now in use daily by thousands of citi-

zens, who, by their practice of using it, show their appreciation. Two hundred thousand dollars is available and in the hands of the Park Commission, which is now engaged in the preparation of plans for the construction of an Art Museum to be located at Fairmount Reservoir. The plans that have been drawn for the construction of the approach to the Art Museum and the plaza and surrounding buildings will create a center of beauty unsurpassed by any other City in the World. The Art Gallery has long been delayed, and I congratulate you and the citizens that the active work in connection therewith has now been started and that the City will now have a proper and fitting place to house the paintings, statuary and the many other objects of art that are within its borders. The \$1,000,000 created by the loan bill of 1898, that had been so long lying idle for the construction of a fitting building for a Free Library, is now being put into use, the properties from Nineteenth to Twentieth and from Vine to Wood streets have been purchased, and its construction is about to begin. When completed it will give to Philadelphia the possession of a library building equal to that of New York or Boston, a building which should have been constructed many years ago. This building, located along the line of the Parkway, will also add to its attractiveness and usefulness.

Another noteworthy matter is the completion of the Filtration Plant, which has resulted in the purification of the water supply of the City. The citizens to-day are enjoying better water than ever, and the enormous decrease in mortality from typhoid fever is ample justification for the expenditures that have been made. In the Bureau of Water, the business methods of administration adopted have not only brought about the completion of the filtration system, but decreased the cost of operation and increased the receipts of the Department, making a highly commendable record.

The citizens who reside in the older portions of the City, and who traverse day by day the same routes that they have been accustomed to traversing to and from their business, little realize the work which we have done for the

broadening of the City, for its extension, and it is indeed well to recall that of the 150 miles of new streets that have been opened, two-thirds of them have been paved during this administration and houses erected thereon. There is no surer index of the prosperity and credit of the City during the last four and half years than the construction of new streets and the new paving made necessary thereby.

Upon the completion of the subway under Market street from the Delaware to the Schuylkill river, a demand was made by the Market street merchants for the immediate paving of that thoroughfare, and it was their opinion and belief that their purpose would be best served with creosoted wood blocks. This was a new type of paving for Philadelphia, and because its durability had not been proven by prior use in this City, I deferred consideration of it until such time as the matter had been given a thorough discussion, and many arguments had been advanced by those in favor of granite blocks, asphalt and wood blocks. It was finally decided by your Honorable Bodies, upon the insistent demand of the Market street merchants, that the wood block paving be laid, and the City laid a splendid pavement from Second street to the Schuylkill with wood block and from Second street to Delaware avenue with granite block. In addition thereto, through the co-operation of the Electric Lighting Company, a new system of improved street lighting has been erected from the Delaware to the Schuylkill on Market street, which lighting was finished on January 1, 1909, giving to the merchants of Market street the best paved, and the best lighted retail business street in the world. The success of this system of lighting was so great and the expressions of commendation were so universal that the City officials extended it until to-day not only Market street, but Chestnut street from the Delaware to the Schuylkill, Walnut street from the Delaware to the Schuylkill, Arch street from the Delaware to Twenty-first street, and Girard avenue from Broad street to Front, and Broad street from Spruce street to Girard avenue, are enjoying the benefits of the improved system of lighting. A comparison of the present lighting of

the central section of the City with that which prevailed at the beginning of the administration is hardly necessary, as the citizens know and can readily see the work that has been performed. During the period 2,184 lamps of 2,000 candle power each have been added, making a total of 14,011 public arc lights maintained by the City, producing a light equal to that of over 35,000,000 candles. It is well to note the increase of public arc lights during this administration more than equals the total number of public arc lights in the City of Paris, and is twice as great as the total number of public arc lights maintained by the City of Vienna, and the total number of public arc lights in the City of Philadelphia is greater than the total number in the cities of New York, London, Brussels, Vienna, Paris and Berlin, with a few other cities thrown in, combined. This improvement has resulted in a transformation of the retail business and central sections of the City of Philadelphia, making it to-day the best lighted, best paved and best policed section in any city in the world. The City, through the efforts of Chief McLaughlin, has secured the erection of poles without cost to the City. I have stated that the central section of the City is to-day the best policed, and in connection with that it is well to bear in mind that the entire City of Philadelphia to-day is one of the best policed cities in the United States.

The Department of Public Safety, under the efficient directorship of Henry Clay, has always been active, always been willing to co-operate in any movement for the good of the City, and its management and operation has been of marked ability. The police force has been completely reorganized; new standards of efficiency adopted; new uniforms designed for the men; new regulations as to discipline established, until to-day they are on a military footing exceeded only by that of the regular army of the United States. The Traffic Squad established by Director Clay has brought to the attention of the people more than any other agency the high grade of efficiency existing throughout the force. This squad at present consists of 360 men under the control of a graduate of the United States Army, and has proven its usefulness in many ways, protecting the

people and directing them in their daily walks in the pursuit of their business, aiding, assisting them and rendering invaluable service in handling the great congestion incident to the rapid growth of the central section of the City. Not only has the Traffic Squad demonstrated its efficiency, but the entire police force has a record of which any city might well be proud. During the four and three-quarter years there have been 383,776 arrests, and out of 19,027 robberies reported, where the estimated value of the goods stolen amounted to \$1,182,961.86, \$618,267.31 has been recovered, while the total value of the property recovered by the force amounted to \$2,329,456.19. It is indeed high proof of their efficiency when it is borne in mind that out of 681,212 homes reported vacant but 210 were entered. In addition to the duty of patrolling the City, apprehending criminals and protecting the lives and property of the citizens, the police force has been called upon to take part in a great many extraordinary events calculated to severely test the efficiency of any similar body in the world. For instance, I refer to the celebration of the B. P. O. E., July 15 to 20, 1907; the annual automobile races in Fairmount Park in 1908, 1909, 1910 and 1911; the Founders' Week Celebration, from October 3 to 10, 1908, and the great railway strike, lasting from February to April 17, 1910.

The reorganization of the police force increased the number of employees from 3,097 to 3,845, of which increase 745 were patrolmen, and four new police districts have been created, in addition to the increase in the force, to provide for the rapidly growing outlying sections of the City. Corresponding credit and appreciation should be given to the men of the Fire Department, who have rendered noble service in behalf of the City, who have always been ready and eager to respond to the call of duty, and the value of whose service is best shown by the fact that they were called upon to extinguish 15,129 fires, the total loss of which amounted to \$8,161,613, while the insurance on the buildings affected and their contents amounted to \$208,674,426, or \$200,000,000 more than the loss. This enormous amount could have been saved if the citizens had favored the recommendation which I have repeatedly made

during the last four years to your Honorable Bodies. I have urged and pleaded that a fire patrol be established composed of men who have seen service in the Fire or Police Departments and who are incapacitated for the performance of their duties by reason of their age—men who could visit manufacturing establishments, business houses, office buildings, theaters, amusement halls and places where the greater fire risks exist and inspect them at frequent intervals, looking towards the disposition of waste material and the arrangement of merchandise and goods, wiring and such matters as tend to increase the fire risk. In other words, that this patrol be established to eliminate the cause of fire, aiding the City in relieving it of the necessity of maintaining at great expense an efficient agency for the suppression of fire when at a smaller expense a fire could be prevented, the elimination of the causes of fire, the removal of the necessity for the enormous amount of insurance which citizens are carrying and which it has been proved is far greater than necessary.

The greatest catastrophe which the Fire Department ever suffered was in December, 1910, when, while subduing a fire on North Bodine street, thirteen firemen and one police officer were killed. This was a great disaster, the greatest in the history of the Department, and the public showed their appreciation of the services rendered by the Fire Department when it generously contributed nearly \$115,000 to provide a fund for the payment of interest for the support and maintenance of the families and dependents of the deceased firemen and policemen. There would be no necessity for contributions of that sort, there would be no tax on the people and the pockets of the City, and, greater, there would not have been a single one of those lives lost if a fire patrol had been established prior to the outbreak of that fire, as it was proved by investigation afterwards that the cause of the fire was a simple one that could easily have been obviated if the proper investigation had been made as suggested many times. Philadelphia, however, has been active in providing every measure for the suppression of fire, even though little attention has been given to the means for the prevention of

fire, and, in line with the efforts for suppression, the high pressure service has been extended and completed until it now covers a territory extending from Walnut street on the south to Allegheny avenue on the north, and from the Delaware river to Broad street. Two pumping stations have been erected, one at Delaware avenue and Race street and the other at Fairhill Reservoir, making it the most complete high pressure fire system in the world. This service has been installed at a cost of approximately \$2,000,000, and has caused a reduction in insurance rates, but a far greater saving to the City could be made by means of the simple establishment of a fire patrol. Ten fire stations were also erected during the administration and many new pieces of apparatus purchased and the number of the force increased, until to-day the service is beyond criticism, as it has been for many years past.

Ample provision has been made for the health, comfort and happiness of the people in the acquisition of parks and park sites. Thirty small parks and squares have been established at a cost of \$315,000. Work has been done on the City Hall at a cost of \$554,000; much property has been acquired for the police and fire stations and small parks at a total cost of \$578,200; eight new police stations have been erected and ten new fire stations and four combination police and fire stations. Seven new bath houses have been erected, and that they are appreciated is shown by the fact that during the last four years the bath-houses were patronized by 28,748,463 people.

The Bureau of Building Inspection has been unusually active, having issued permits during the administration for 74,616 operations at an estimated cost of \$173,186,895, while in the course of their work the inspectors have made 306,159 visits.

The Bureau of Boiler Inspection, in addition to conducting examinations and inspecting smoke nuisances and prosecuting violators thereof has been actively engaged.

The Bureau of Elevator Inspection, created in 1908, was subjected to severe criticism on the part of manufacturers and business men, who thought they would have an additional tax imposed on them, to which they should

not have been liable, but it has exceeded its value by the efficient manner in which the inspection of elevators has been carried on. The Bureau is now on a self-sustaining basis, the receipts of the first nine months in 1911 exceeding the expenditures by \$2,455. Since its inception, the Bureau has made 48,605 inspections and during the entire period of its existence there have been only 83 accidents, and of these 30 were fatal.

The Director, Assistant Director and Chiefs of the Department of Public Safety have all labored with one thought and one idea, and that was to give faithful and efficient work for the City. The Department has been severely criticised in the closing days, its officers have been accused of wrong doing, and attempts have been made to belittle and disparage the work they have done, but I believe that time will show the public's appreciation of the conscientious and sincere manner in which they performed their duties. I thank them all, indeed, not for myself, but for the City, and I herewith record my appreciation, both as Mayor and as a citizen, of what they accomplished, and the spirit and willingness with which the service was at all times performed.

The record speaks for itself, and, despite the assertions which evil self-seeking people may make, the administration of the Department has been honest and capable. The public can read the figures which I have given merely for the purpose to recall, with a little more exactitude than is generally observed, what they did. I do not believe that there is a single citizen who will not say that the police force of the City of Philadelphia was ever better managed or conducted on a higher plane than it is to-day; that the Fire Department was ever composed of a braver and more faithful set of men than it is to-day; that the improvement in street lighting has been of the greatest benefit to the City and her citizens, especially in the central section of the City; that the inspection agencies of the Department have been conducted in a highly successful and painstaking manner; that great improvements have been made on the public parks for the health of the people, the improvement and erection of new bath houses and their in-

spection, for the comfort of the people; the erection of new police and fire stations and the creation of new police districts for the safety of the people, has been a record of progress and a record for the greater good of the City.

The chief operations of the Department of Public Safety, of course, are through the Police Department, bringing it in touch daily with the citizens through their contact with the officers of that Bureau, and it is safe to say that there is not a city in the world covering the area of Philadelphia with the same ratio between the area and population that is as free from crime. In the beginning of the administration, Director Clay issued strict and positive orders to the police that all forms of gambling and vice, which was then rampant throughout the City, should be stamped out and obliterated. It is a safe assertion to make that there is not another city in the world so free from the street vice, from the scenes that are witnessed nightly in large centers of population, as Philadelphia.

The Department of Health and Charities, under the direction of Dr. Joseph S. Neff, succeeded in lowering the death rate of Philadelphia, in raising the standard of sanitation throughout the City, in eliminating contagious disease as far as possible, and inculcated a love of health and life and insured better housing conditions. In the spring of 1908 a campaign of publicity was organized to educate the masses in general hygiene and sanitation, which proved profitable and has been continued.

The medical profession at large in many cities, and Philadelphia was not an exception, has frequently been in constant friction with the municipal health officers. Their co-operation, however, has been secured and many successes of the past two years have been made possible through that co-operation.

Philadelphia's Health Department, indeed, has made decided progress in its position throughout the country at large, made possible in part by its being represented at various national associations. The head of the Department is a member of the Executive Committee of the

Board of Directors of the National Association for the Study and Prevention of Infant Mortality, and he will be the official representative of Philadelphia and Chairman of an important committee at the annual Congress of the American Public Health Association, including United States, Canada, Mexico and Cuba, to be held in Havana December next.

The rate of mortality has been decreased each year during the present administration, that of 1909 being the lowest in the history of the City and 1910 was the lowest with the exception of 1909. I quote verbatim from Bulletin No. 108, Department of Commerce and Labor, Bureau of Census, United States Government, in their Mortality Statistics for the year 1909: "Among the cities with the largest amounts of decrease in the actual number of deaths returned for 1909, as compared with the previous year, are Philadelphia, Pa., 897; Boston, Mass., 696; Pittsburgh, Pa., 687; New Orleans, La., 575; Cincinnati, O., 512. *The continued decrease in the number of deaths in Philadelphia is noteworthy, the decrease for the year 1908, compared with 1907, having been 1,560.* The decrease in preventable diseases, particularly typhoid fever, pneumonia, tuberculosis, is marked.

The erection and equipment of a Hospital for Contagious Diseases, which has been said by some of the most noted men in the world on the occasion of their visit to Philadelphia in the fall of 1909, including Drs. Koch, Panvitz, of Berlin, Galmette, of Paris, and others, to be the best adapted for the purpose in the world.

The most successful and widespread in their results of the various exhibitions were the National Tuberculosis Congress, brought to this City through the generosity of many citizens and the co-operation of hospitals, dispensaries and associations interested in the anti-tuberculosis campaign, and the Milk Exhibit, held in the spring of this year.

The organization of a systematic campaign for the prevention of unnecessary infant mortality and the inauguration of a corps of municipal nurses was the first step toward the creation of a Division of Child Hygiene.

Other important improvements have been the reorganization of medical school inspection; the creation of an Ophthalmological and Dental Clinic in the City Hall for the care of the eyes and teeth of indigent school children, the first, I am informed, maintained by a municipality in this country; the creation and organization of a Division of Tenement House Inspection; the equipment of the Byberry Farms; providing for the care of 250 insane and sanitarily caring for 125 tuberculosis patients.

One of the most effective pieces of work was a three years' educational campaign to impress upon the members of the State Legislature the necessity of playing their part in the care of the feeble minded. This resulted in an appropriation from the Legislature of \$200,000 and an appropriation from Councils of \$250,000 for the erection of a Home for Feeble Minded, which will be the first institution of its kind erected and maintained by a municipality in the United States.

As a creation of the past four and one-half years the Department of Wharves, Docks and Ferries has necessarily been compelled to devote a considerable portion of its time to the preliminary arrangements for the forming of an organization competent to carry out the work of the Department, for the preparation of rules and methods to guide them in their course of conduct, and for the building up of a cohesive and efficient organization. Necessarily hampered in the beginning of their work by lack of funds, they have rendered splendid and capable service for the City in so far as it was possible. The dredging work carried on by the Department has been considerable, and has resulted in the increased depth of the harbor sufficient to accommodate the largest steamship of modern development.

Since 1907, 1,380,445 cubic yards have been dredged; 815,564 cubic yards were done by private contractors at a cost of \$125,456, and 564,881 cubic yards done by the City, at a cost of \$44,956.70, showing the value of the dredging plant, which was purchased by the City at a cost of \$259,197.42, and is now complete and rendering extensive and important work in the dredging of the harbor.

The most important achievement of the Department of Wharves, Docks and Ferries has been the completion of Municipal Pier No. 19, North Wharves, completed November 1, 1911, at a cost of \$652,799.40. This pier represents the most advanced type of any pier on the Atlantic seacoast, and is one of the notable piers of the world. It is a double-decked pier of concrete and steel construction, the lower floor being utilized for the handling of freight and has direct connection by sunken railroad tracks, being laid on the pier in order that cars may be loaded direct from steamships and shipped via the Belt Line to all parts of the United States. The upper floor of the pier is adapted to both freight and passenger traffic and has ample facilities for the handling of immigrants, the inspection of baggage by customs officers and the inspection of passengers by quarantine officials. The pier is also equipped with freight elevators of large capacity, and is all in all the most advanced step that has ever been taken for the development of our maritime interests. It will afford accommodation for the largest steamship afloat and, as a beginning of the port development, is a signal illustration of the possibilities of the port. I believe it marks the beginning of an epoch of great development in Philadelphia's commercial prosperity.

In addition to the dredging of the harbor and the construction of Vine street pier, the Department has also drawn many plans for the construction of piers of the most advanced type at other points, has made many repairs to existing piers, has fought consistently for the highest development of Philadelphia's commercial interests, has deepened the Schuylkill channel and has acquired 407.7 acres of land that can be utilized for piers and basins. Its officers have traveled abroad on behalf of the City on inspection trips for the purpose of studying every possible means for the advancement of our port, and its Director, Hasskarl, has been most energetic in the performance of his duties.

Preliminary drawings have been made for another large pier at Dock street, and land has also been acquired on Del-

aware avenue, at Vine and Callowhill streets and at Dock street, at a cost of \$306,280 to the City.

The total amount of work completed from 1907 to date has cost \$1,804,983.74, and there is at present under contract work amounting, it is estimated, to \$327,003.25, and money is also available for dredging in the Delaware and Schuylkill rivers, for the construction of bulkheads on the Delaware and Schuylkill river fronts, and for repairs to piers, amounting to \$473,017.75. The entire record of the Department has, therefore, been one of considerable progress insofar as appropriations were available. The chief feature, however, of the activities of the Department has been the consequent stimulation of all the port's activities.

The Department of Supplies, like all other Departments of the City government, has necessarily been impeded and restricted in its operation by the decisions of the Courts, which have been narrow and tending rather toward impeding the City's progress than facilitating her improvement. For instance, I refer to the decision made and by some people thought to be of great value, known as the "Pay-as-you-go" Act decision, which required that for all supplies and materials purchased by the City, a prior appropriation and contract was necessary. In other words, the City, at the beginning of every year, must know with the greatest degree of exactness, the precise amount of material that will be required, the precise amount of supplies that will be necessary, the kind and character of work which is to be performed, the conditions that will be confronted in the performance of the work, and the different kinds and classifications of materials required, and an appropriation is to be made to the Department of Supplies to provide for all these contingencies and to meet all these requirements. The City, however, has to do the work, has to meet these obligations and requirements, has to live up to and perform that which is expected and the citizenship demands and the City's growth requires. Coal has to be bought for the Water Works, paint has to be furnished, food has to be purchased, materials of all classes and descriptions have to be bought;

the poor, the insane, the helpless and the afflicted cared for, and there are demands upon the Supplies Department to furnish these supplies to the Fire Department, to the Police Department, to the Water Bureau, to the Bureau of Charities, to the Bureau of Health, that cannot be avoided, that cannot be disregarded and that have to be done, and so the Director of the Department of Supplies is forced to buy materials, is forced to obtain the consent of contractors to supply material at their own risk, to make what they call "donations," looking toward future action and future legislation by Councils to pay for them. This is unbusinesslike, unfair and unjust to the contractors and unfair to the City; it means additional time, labor and cost; it means a new system of bookkeeping; it means that the requests must go to Councils, that 135 members must sit and pass upon bills which are matters for the Director to consider alone, and for which purpose the Department was created by the Act of Assembly. The little incidental costs to pay a bill of that character often represent practically the amount of the entire bill. For instance, it may be necessary to have an ordinance of Councils to pay a bill anywhere from \$5 to \$100,000, and the proportionate cost involved in the payment of a \$5 bill is often overlooked; that it must be authorized by Councils; that it must be printed in the Appendix of Councils; that copies of it must be given to the members of Councils, and after signature by the Mayor, it must be printed in five daily and two Sunday papers; that it must be printed in the Ordinances for that year; in other words, that there is a cost of very nearly \$5 additional entailed by reason of the extra legislation required to pay a petty bill of the Department; that, in addition to the clerical work of the Department and its officers, there must be the entire work of the membership of both branches of Councils, the work of the Committee to which the matter may have been referred, of the officers of Councils, of the Mayor and of the Mayor's Office, consuming in value far more time than the cost of the said petty bill. I shall quote from the report which has been submitted to me by Director Klemmer, which gives this matter in the clearest light.

"This Department requested from Councils an appropriation of \$2,804,920 for the purpose of supplies for the year 1911. This request was responded to by Councils with an appropriation in the sum of \$1,114,530; to this amount Councils have from time to time during the year made additional appropriations in the sum of \$771,542.54. This amount of money fell far short of supplying the actual necessities of the City. As the various items of appropriation became exhausted and upon receipt of urgent requisitions from the various Bureaus, this Department acquainted the various contractors with the conditions, and in almost every instance the contractors volunteered to supply the said goods at the schedule price until such times as Councils could provide for payment. So that, notwithstanding the fact that Councils failed to appropriate a sufficient amount of money to purchase supplies for the entire year, the City, through the kindness of these contractors, has been enabled to procure supplies at the same figure as though the appropriations had been ample for the entire year. The amount of money expended, together with the amount that will be required to pay for these "donations," so to speak, will approximate \$3,000,000; in other words, Councils will be asked to appropriate in the aggregate the sum of \$1,000,000 to compensate the contractors for supplies actually needed and for which no appropriation was made, hence for which no contracts could have been entered into.

"The year just closing has been a very exacting one, as an entirely new system incident to keeping check on "donations" had to be installed, besides the fact that efficient and expeditious service could not be given to the Bureaus making requisitions, as in every instance where an item of appropriation was exhausted considerable time was required in ascertaining whether the contractor was willing to accommodate the City.

"It is well enough for those not familiar with existing conditions to criticise the Department for its apparent unbusinesslike methods, but it was a condition and not a theory that confronted the Department. Whether money was available or not, the business of the City had to go on.

The pumping stations could not be stopped for lack of coal or oil, neither could we refuse to honor requisitions for feed for the horses, or requisitions for food and clothing for the City's wards in the Philadelphia Hospital. The charges of this Department are mainly fixed charges; for instance, it is known at the beginning of the year that the sum of \$700,000 is required for the purchase of coal for the pumping stations, and Councils in their annual appropriations appropriated only \$200,000 of this sum. This Department is obliged to procure the coal in some manner or other rather than permit the pumping stations to be shut down, thus causing a water famine in the City, with all the dire ills that would follow such a course. The Department prefers to be criticised for erring on the side of mercy, rather than to stand upon the legal ground of 'No appropriation, no supplies.'

"The inmates of the Philadelphia Hospital have to be fed, clothed and kept warm, whether Councils make appropriations for these purposes or not. The fault has not been with this Department, but with the system of financiering that permits dire necessities of the City to go a-begging.

"Notwithstanding the financial conditions that have embarrassed this Department, it is a fact that the City is paying less for its supplies, with a longer time to pay for them, than any individual, business house or corporation in the City of Philadelphia."

I mention this matter, as it seems to me the best answer that can be given to those critics of the City Government who have insisted that we should follow in strict conformity acts that have been unwisely passed by the Legislature; that have outlived their period of usefulness, and that we should attempt to administer to the needs of the present with the methods of the past. The decision which I have mentioned was not the only decision that has embarrassed this administration, and, although it has been said that I have been a critic of the courts, that I have ridiculed the judges, that I have flouted the authority of the law and that the administration was a lawless one with disrespect for the courts and the judges, at this time I want to record

my belief in the authority of the courts, my belief in the judges and my respect for the law. I do not believe, however, that the courts which had cognizance of the various acts affecting the City took into consideration those broad, business-like principles of administration and justice, with a view towards safeguarding the public in their rights and for the greater good of the greater number. If I have criticised them, I believe it has been just criticism; I believe that it has been criticism based upon a sincere and firm belief that our City was a great municipal corporation; that we as executors and legislators were compelled to look to the necessities and wants of the 1,600,000 inhabitants rather than to the strict technical observance of the laws. If all the laws of this Commonwealth were enforced to-day, no one can deny that the people would rebel. Every lawyer and every judge knows that all the laws cannot be enforced; that there must be some degree of latitude; that there must be a reading into the statutes; that there must be a due regard for the rights of the people, for the rights of the State and for the rights of property. The "Pay-as-you-go" Act was but one instance.

In another instance, perhaps more notably to the City's detriment and harm, was the decision of the \$8,000,000 loan case, in which it was held that because the borrowing capacity of the City, as stated in the advertisement published in an inconspicuous manner in the newspapers, was not as great as the actual borrowing capacity of the City, which had been published and made known through the newspaper columns of the public press, that the City possessed the authority to negotiate the loan if the people voted in the affirmative, which they did in a great majority, despite the fact that the citizenship knew the City possessed the authority and that a great majority of the citizens wished the loan to be negotiated, because of this mere technicality which had been complied with in spirit, and, as far as the means available to the Department heads permitted, the people's wish must be set aside, the City's progress impeded and the City be placed to the additional cost of possibly \$100,000 to meet the expense of conducting another election. Greater than that, however, was the

harm done to the citizenship by being compelled to wait over a year for the enjoyment of public improvements that were needed. In other words, that which this administration has accomplished in reality has been accomplished in a period of three years, one and one-half years of the administration, or 33 1-3 per cent. of its time being wasted and nullified by reason of the attacks made by a group of citizens, actuated by the meanest motives.

I will not mention all the suits that have been instituted, as they are known to you, but in closing want to refer to the suit which has just been decided—the granting of the injunction restraining the City from the erection of the Convention Hall in Fairmount Park. The citizenship of the City, after long debate and consideration, voted upon a loan in the sum of one and a half million dollars to begin the construction of a Convention Hall in Fairmount Park. Here again the people knew where the building was to be located, had argued the matter, pro and con, for many weeks, with great and general interest, and had decided that it was the proper place in which to erect a Convention Hall. It was understood by all of the people who voted upon the bill that the sum required would be in excess of the appropriation, and when the matter was submitted to the Commissioners of Fairmount Park, they having authority, by virtue of the Act of Assembly, to decide on the location of buildings within the Park limits, voted unanimously that a permit be granted to the municipality to erect the Convention Hall in the Park. Indeed, the Commissioners were glad of the opportunity to secure a splendid building of that character within the limits of the territory controlled by them. There was no thought in placing it there other than securing the most favorable location and saving the City several millions of dollars which it would have to expend in the purchase of any other site, of making it the crowning glory of the Parkway, of creating a great civic center and pleasure ground for the accommodation of the hundreds of thousands of Philadelphia citizens. Although the beginning of the work of construction was necessarily delayed greatly by the eight million dollars loan decision, the bids were advertised for

and received in ample time to begin the work of construction and to have an incomplete, though adequate structure for the German Saengerfest to be held in this City in 1912, which had been induced to come to Philadelphia by promises to provide adequate and fitting accommodation for their convention. The materials that were put into the structure of this hall were to be a part of the permanent structure, and although the structure was to be used before it was completed, there was no intention of diverting the City's funds for the purpose of the construction of a purely temporary structure, but rather the sum of one and one half million dollars was to defray the expenses of beginning the construction of a building which was to cost, according to the estimates submitted, about \$4,200,000. We find that the Court has decided that the \$1,500,000 was to be used for a temporary structure; we find that they decided that the City had no right to erect any structure in Fairmount Park; that the Park Commissioners had no right to grant authority to the City to do so. It is very evident, however, that the Court has erred; that it was not a temporary structure, that it was a permanent structure; that the Court has overlooked the boat houses erected by various athletic clubs, the railroad stations, power houses and other buildings connected with electric railways; has overlooked the carrouseals and other places of amusement erected by private enterprises; has overlooked the fact that every one of the improvements in Fairmount Park has been by ordinance of Councils and by the expenditure of City moneys; has overlooked the fact that the franchises were granted to private railway corporations to run an electric railway through Fairmount Park, to construct stations, car barns, power houses and other necessary structures incident to the operation of the road; has practically intimated that Fairmount Park was a portion of the City of Philadelphia set aside to develop into a garden of weeds and an unused pasture lot.

This in brief has been the record of the administration; a record of progress, a record of activity, and before closing I will summarize briefly that which I consider the greatest achievements of the administration; namely, the

creation of two new police districts; the erection of eight new police stations; ten new fire stations and four combination police and fire stations; the creation of seven new bath houses; the establishment of thirty new parks and squares; the improvement of League Island Park; the rehabilitation of the Electrical Bureau; the completion of the high pressure fire system; the creation of the Division of Fire Escapes of the Bureau of Fire; the creation of the Bureau of Elevator Inspection; the Bureau of Contracts and Statistics; the improved lighting of the central section of the City; the suppression of vice; the completion of the Torresdale Pumping Station and the Lardner's Point Pumping Station; the completion of the Queen Lane Filtration Plant; the deepening and improving of the channel of the Delaware river; the completion of over 16 miles of main sewers and 85 miles of branch sewers; the revision and extension of the City plan; the placing of 385 streets upon the City plan; the confirmation of the Parkway plan; the purchase of Parkway property; the securing of enabling legislation for its control and the beginning of the actual development of the Parkway; the acquirement of Pennypack Creek Park; Cobb's Creek Park; Wister's Woods, and many small parks—a total of 2,075 acres of parks having been placed upon the City plan since April 1, 1907, exclusive of the extensions to Fairmount Park purchased by the Commissioners; the improvement of the Northeast Boulevard; the preparation of plans for and the beginning of the work on the improvement of South Philadelphia; the preparation of and development of the comprehensive plans for the improvement of the City; the formation of a Permanent Committee on Comprehensive Plans to insure the public's interest and the consideration of the scientific development of the municipality; the building of 58 new bridges and the reconstruction of many old ones; the experimental station established for the study of sewage disposal; the purchase of land for a sewage disposal plant; the abolition of grade crossings on the Philadelphia and Reading Railroad from Spring Garden street to Wayne Junction, and on the Richmond Branch from Somerset to Richmond street; and the abolition of

grade crossings along the line of the Philadelphia and Trenton Railroad from Norris to Butler street; the erection of a new municipal hospital for contagious diseases; the purchase of land and the award of the contract for a Hospital for the Feeble Minded; the purchase of land for the site of a Home for the Indigent; the establishment of a tubercular camp; the extensive alterations to the Philadelphia Hospital; the establishment of a municipal corps of visiting nurses; public sanitariums on the recreation piers; the establishment of a municipal dental and eye clinic; the creation of the Bureau of Tenement House Inspection; the raising of the standard of milk, and the general public interest aroused by the Department of Public Health and Charities through exhibitions and other methods of publicity calculated to interest the public in scientific means for the prevention of disease; the decrease of the mortality of the City to the lowest recorded in its history; the passage by your Honorable Bodies of 1,664 ordinances for the improvement and betterment of the City; the organization and creation of the Department of Wharves, Docks and Ferries; the improvement of the Delaware and Schuylkill river fronts; the establishment of the municipal dredging plant; the filling in of City property along the river front; the completion of the largest and most modern pier on the Atlantic seaboard; the contracting for another large pier; the bulk-heading of the river front so as to complete the bulk-heading in front of old City property; the purchase of land for harbor improvements and municipal dry-dock and portal of tunnel under the Schuylkill river; the formulation and preparation of plans for the extensive improvement of the harbor and port of Philadelphia; the widening of Delaware avenue and the purchase of land thereon for the accommodation of the structures erected by the Department.

I have summarized these that in closing it may be brought to your attention that the administration has been one of activity; has been one devoted to the best interests of the City, and the the expenditures have been made with a reasonable regard for the growth of the City, for the

necessities of the present and for the adequate provision for the future development. In other words, it has been our good fortune to have participated in the enactment of legislation and of directing the executive work not only for the present development of our City, but for its future; the administration has successfully met all the requirements that the citizenship has imposed upon it; its duties and obligations to the citizens have been met at all times in an adequate manner; there has been no cause of complaint, and all the work that has been performed has been done without increasing the tax rate of the City; the same low tax rate that was in force at the beginning of the administration is in force to-day; the borrowing capacity of the City to-day is greater than it was four years ago, and the public has been immeasurably benefited and has enjoyed many advantages without assuming any new burdens or new obligations.

It is a record that I believe all may be proud to have participated in or contributed in a small degree. In one respect, I believe, the administration has differed materially from preceding administrations. In the beginning I realized the necessity of providing for the City's growth and extension, that the municipality was growing and increasing at a rapid rate; that over 300,000 inhabitants were being added each decade; that the old plans that had been laid down by the founders of our City, although adequate at the time, were inadequate to meet the needs of a rapidly growing municipality; that the increase in transportation facilities, while to a certain extent diffusing the population, necessarily resulted in a further crowding of the congested area. The study of the plans for the future development of our City impelled me to the belief of the necessity of securing the co-operative, unbiased and intelligent advice of the City's best business and professional men. Accordingly, I called a meeting of the leading business and professional men of this City, which authorized the creation of an advisory committee to formulate plans for the City's development. This committee gave great study and consideration to the problems presented to it and evolved the plans that are to-day known as the "comprehensive plans for the future development of the City of

Philadelphia." The interest manifested in this matter soon resulted in the establishment by your Honorable Bodies of the Permanent Committee on Comprehensive Plans, the members of which were chosen from the Committee of Seventy, as the Committee of Seventy had been chosen from the citizenship, and to this Committee has been entrusted the further duty of continuing the study and formulating the plans for the future and of offering such suggestions and advice as to them seems to be for the best interest of the City. In accordance with the ordinance of your Honorable Bodies, I created a committee representative, I believe, of the City's best interests and calculated to best serve the City, and although I do not at this time wish to make any suggestions for the future guidance of the new Councils, your organization ending to-day, I ask all of you to continue your active interest in the City's development; to continue your studies for the future development of the City and not revert to the old, hap-hazard method of providing only for the present and ignoring the future, which resulted in the necessary expenditure of large sums of money to undo that which had been wrongly done.

I am thankful, indeed, that at all times during this administration I have had the earnest, hearty and cordial support of your Honorable Bodies. The City officials are indeed deserving of high praise and I believe them to be the most highly efficient public servants any municipality has ever had. It has been a source of great pleasure and delight to me to have been surrounded by the men of the various Departments, all working for the common good, and by the evident desire of your Honorable Bodies at all times and on all occasions to serve your City well and faithfully, at all times to render the best possible service for our City, and that our stewardship of the City's interests has been actuated by the purest, highest and best motives—the preservation of Philadelphia's honor and the extension of Philadelphia's growth, development, prosperity and happiness.

Respectfully submitted,

JOHN E. REYBURN,

Mayor.

APPENDIX No. 5.

OFFICE OF THE MAYOR.

Philadelphia, December 14, 1911.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—I beg to call your attention to the important gathering of members of the Northeast Saengerbund, which will hold its Twenty-third National Saengerfest in Philadelphia in 1912, from June 29th to July 4th, under the auspices of the United Singers of Philadelphia. A large concert hall will be needed to accommodate the six to seven thousand singers expected and the probable audiences of twenty thousand people and upwards at each concert.

A hall of such dimensions will have to be erected specially for the occasion. For the last two years the City administration, through its then Mayor, the Honorable John E. Reyburn, has repeatedly promised the Philadelphia Singers that such a hall would be erected by the City without any cost to the Singers, but, unfortunately, the late decision of the court in the recent injunction case prevented such consummation.

This decision was a great blow to the Singers, as they had entire confidence in the promise made to them, and they naturally made no other arrangements for a site or hall. The last National Saengerfest was held in the City of Philadelphia in 1897. It attracted vast numbers of strangers and proved of much educational value to the citizens of Philadelphia through the magnificent concerts given by the singing societies coming from all parts of the Eastern States of our country.

Philadelphia's hospitality is noted, and it would be a calamity to disappoint not only the United Singers of Philadelphia, but all kindred societies, as well as our citizens. I would therefore ask your Honorable Bodies to appropriate the sum of fifty thousand (50,000) dollars to-

wards the erection of a concert hall, the total expenses of which would amount to probably not less than one hundred thousand (100,000) dollars.

Will you kindly give this request your earliest possible attention, as no time must be lost in order to complete the hall in time for the festival, from June 29th to July 4th.

Very respectfully yours,

RUDOLPH BLANKENBURG,

Mayor.

APPENDIX No. 6.

RESOLUTION

Of request to the Director of the Department of Public Works to permit the General Construction Company to lay a temporary vitrified pipe drain in Quincy and Emlen streets.

Resolved, By the Select and Common Councils of the City of Philadelphia, That the Director of the Department of Public Works be requested to permit the General Construction Company to lay a temporary vitrified pipe drain in Quincy street, from Pelham road westward about one hundred and sixty-nine feet, and in Emlen street, from Pelham road northwestward about three hundred and thirty feet. The said drain to be laid under the supervision and to the satisfaction of the Department of Public Works (Bureau of Surveys), without expense to the City of Philadelphia, and shall not release the owners of property from paying the regular frontage charges whenever a sewer shall be laid in said street.

APPENDIX No. 7.

RESOLUTION

Of request to the Director of the Department of Public Works to permit Armstrong & Wiley to lay a temporary terra cotta drain in the south side of Sansom street, from Fifty-sixth street east about 125 feet.

APPENDIX No. 12.

Philadelphia, December 21, 1911.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance, to which was referred an ordinance entitled "An Ordinance to provide for the transfer of unexpended balances appropriated or borrowed for school purposes to the use of the school authorities of the School District of Philadelphia, and authorizing the countersigning of a warrant or warrants for said purposes," respectfully report that they have carefully considered the same, and return the an-

nexed bill with a favorable recommendation and ask its passage.

John P. Connelly (*Ch'n*), E. Buchholz, Chas. Seger, H. J. Trainer, G. P. Darrow, Thomas J. Morton, Thomas J. Ryan, Edward W. Patton, Chas. A. Gillingham, Peter E. Costello, John F. Flaherty, Robert S. McElroy, George D'Antrechy, John H. Baizley, John H. Hahn, Wm. E. Finley.

AN ORDINANCE

To provide for the transfer of unexpended balances appropriated or borrowed for school purposes to the use of the school authorities of the School District of Philadelphia, and authorizing the drawing and countersigning of a warrant or warrants for said purpose.

WHEREAS, By Act of Assembly approved the eighteenth day of May, 1911, entitled "An Act to establish a public school system in the Commonwealth of Pennsylvania, together with the provisions by which it shall be administered, and prescribing penalties for the violation thereof; providing revenue to establish and maintain the same, the method of collecting such revenue, and repealing all laws, general, special or local, or any parts thereof, that are or may be inconsistent therewith," it was provided that from and after the beginning of the first school year following the approval of said Act, all the public school property in this Commonwealth now held, owned or possessed by any municipality for the use of any school district, or for school purposes, was thereby transferred and assigned to the proper school district established by said Act, and that at the beginning of the first school year succeeding the approval of the said Act, all the funds and personal property of any kind, including any funds or appropriations made by any municipality for such school district, should become the property of such district succeeding thereto;

AND WHEREAS, At the beginning of the school year succeeding the approval of said Act, to wit: January 1, 1912, there will be in the City Treasury certain unex-

pended balances of money collected and appropriated for educational purposes, and also, certain unexpended balances of City loans created for school purposes; now, therefore,

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That in order to facilitate the transfer of said funds as directed by said Act of Assembly, the President of the Board of Directors of the School District of Philadelphia be, and he is hereby authorized to draw, on or after the first day of January, 1912, and the City Controller is authorized to countersign, a warrant or warrants upon the City Treasurer in favor of the Treasurer of the School District of Philadelphia for the said unexpended balances, and upon the drawing, counter-signature and presentation of said warrant or warrants, the City Treasurer shall credit the amount thereof to the School District of Philadelphia, and shall hold the same as the Treasurer of the said School District of Philadelphia for school purposes and subject to the order of the proper school authorities.

RESOLUTION

To appoint a Joint Special Committee of five members from each Chamber to act in conjunction with the Business Men's Association of the City of Philadelphia, with a view to keep before the people and advocate improvements at League Island and a deeper channel for the Delaware river.

Resolved, By the Select and Common Councils of the City of Philadelphia, That a Joint Special Committee of five members from each Chamber shall be appointed to act in conjunction with the Business Men's Association of the City of Philadelphia, with a view to keep before the people and advocate improvements at League Island and a deeper channel for the Delaware river.

APPENDIX No. 25.

OFFICE OF THE MAYOR.

Philadelphia, December 28, 1911.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—In most of the ordinances making annual appropriations in recent years, to a number of the Executive Departments, a clause has appeared in the following or a similar form:

“That all Chiefs of Bureaus and other employees in this Department, now and hereafter employed, shall be citizens of the United States and *bona fide* residents of this City at least one year prior to their employment and shall remain *bona fide* residents during such employment.”

My attention has been called to this by a letter dated December 12th, addressed to me as Mayor, by the Director of the Department of Public Works, and also by a letter dated December 27th, addressed to me by the Director of the Department of Public Health and Charities. I am handing you copies of these letters for your information, as well as a copy of an opinion received from the City Solicitor under date of December 19th. A similar clause with reference to citizenship and residence appears in the appropriation bills for most of the executive Departments, as reported to your Honorable Bodies by the Finance Committee of Councils on December 21, 1911.

Each of the Directors referred to urges that Councils be requested to omit from the annual appropriation ordinances the restrictive clause above referred to. To quote briefly from Director Cook's letter:

“At the most, this restriction will apply to a very small number of persons on the City's pay roll, and, therefore, cannot be, for the employment standard, of very large moment to the taxpayers. But

in its bearing on the formulation and execution of engineering plans, it will have a marked influence on the expense, and therefore it is of the greatest interest to the taxpayers.

“We have now in our Bureaus probably more men who in their specialties know more than men to be found anywhere else. It would be natural, therefore, that we might find the best experts in some lines living in other cities.”

In addition to positions of a similar technical character to which the Director of the Department of Public Health and Charities calls attention, he is confronted with a great difficulty in securing attendants on the insane and persons to fill other menial positions, especially in the Hospital for Contagious Diseases, owing to the small compensation paid and the undesirableness of the work involved. He writes:

“We, to-day, are short of female attendants in the West Philadelphia institution, notwithstanding we have placed advertisements in the papers of Philadelphia, and there is a standing order in the intelligence offices for employees for the Philadelphia Hospital for Contagious Diseases.”

I am informed that in past years, in spite of these restrictive clauses in the ordinance, appointments have been made of persons not residents of the City, and that no objection was ever raised, because the necessities of the case were so perfectly apparent.

The present administration would be most unwilling to be put in the position of disregarding any part of an ordinance of Councils. Nor do I wish to take this up as a legal proposition, although the City Solicitor, in the opinion that I am transmitting to you, has stated that in his judgment “ordinances restricting the employment of those in the public service of the City under the heads of the Executive Departments to residents of the City for a period of one year prior to their employment, would constitute an interference with the exercise of the executive functions of such heads of Departments, and is,

therefore, in contravention of that article of the Bullitt Bill."

I desire your co-operation, and I want to co-operate with you in measures that will best serve the general interests of the City, and I therefore urge you to omit from the appropriations to all Departments this year the clauses similar to the one above referred to. It is more reasonable to ask you to do this, as the Civil Service Commission has had incorporated in its rule for some years the following clause:

"The Civil Service Commission will neither receive the application of, register, nor subsequently certify as eligible for appointment, any one who is not both a citizen of the United States and a resident of the City of Philadelphia. In cases where, either because of the technical character of the position or the undesirableness of the work involved, the good of the service requires it, the Commission may make an exception to this rule."

This is certainly an ample protection to our citizens, and yet leaves sufficient leeway to the Executive Departments in the exceptional classes of cases to which I have asked your attention.

Respectfully yours,

RUDOLPH BLANKENBURG,

Mayor.

—

DEPARTMENT OF PUBLIC WORKS.

Philadelphia, December 12, 1911.

HON. RUDOLPH BLANKENBURG,

Mayor of Philadelphia.

DEAR SIR:—This is to call your attention to a clause in the annual appropriation bill to the Department of Public Works, for the year 1911, by which I am prohibited from employing anyone in this Department unless

they have been residents in the City of Philadelphia for at least one year. The clause I refer to is as follows:

“That all Chiefs of Bureaus and other employees in this Department, now or hereafter employed, shall be citizens of the United States and *bona fide* residents of this City at least one year prior to their employment, and shall remain *bona fide* residents during such employment.”

This clause should be entirely eliminated, as the first part is already covered by Act of Assembly.

You understand, of course, that it will always be a pleasure to employ Philadelphians rather than go outside of our City. Every consideration of policy and good management suggests our making the fullest effort to find help we need right here in our own City. At the same time, if I am going to run this Department as an engineering proposition there will often be times when it will be absolutely impossible to find, in this City, people who have the knowledge and experience in re special engineering problems, that we are anxious to command.

Chief Engineer Webster states that he has found it a handicap, for instance, in such a matter as the sewage disposal investigations.

If we are going into the building of subways, it is practically certain that it will cost Philadelphia hundreds of thousands of dollars if we are prohibited from securing the services, as regular employees, of men who have become specially trained and experienced in this class of work in other cities.

At the most, this restriction will apply to a very small number of persons on the City's pay roll, and, therefore, cannot be, for the employment standard, of very large moment to the taxpayers. But in its bearing on the formulation and execution of engineering plans, it will have a marked influence on the expense, and therefore is of the greatest interest to the taxpayers.

We have now in our Bureaus probably many men who in their specialties know more than men to be found anywhere else. It would be natural, therefore, that we

might find the best experts in some lines living in other cities.

The Department will appreciate very cordially your giving us help in our effort to have this clause kept out of the appropriation bill for 1912.

Yours very sincerely,

MORRIS L. COOKE.

Director.

DEPARTMENT OF PUBLIC HEALTH AND CHARITIES.

Philadelphia, December 27, 1911.

HON. RUDOLPH BLANKENBURG,

Mayor of Philadelphia.

DEAR SIR:—The proviso to the appropriation item of Councils, restricting appointments of employees to residents of the City of Philadelphia, impairs the service in so far as it relates to certain positions requiring technical qualifications, and particularly to the appointment of attendants to the insane and miscellaneous helpers and those occupying menial position in the Philadelphia Hospital for Contagious Diseases and the hospitals in West Philadelphia, owing to the small sums paid and to the undesirableness of the work involved.

We to-day are short of female attendants in the West Philadelphia institution, notwithstanding we have placed advertisements in the papers of Philadelphia, and there is a standing order in the intelligence offices for employees for the Philadelphia Hospital for Contagious Diseases.

This rule also interferes to a lesser extent in the conduct of the Byberry Farms, in the employment of farm help, as a number of those able to fill these positions live in the farming districts immediately outside of the City line.

Very respectfully,

JOS. S. NEFF,

Director.

DEPARTMENT OF LAW.

Philadelphia, December 19, 1911.

HON. RUDOLPH BLANKENBURG,
Mayor of Philadelphia.

DEAR SIR:—There has been handed to me a letter to you from the Director of the Department of Public Works, concerning the insertion in the appropriating ordinances for 1912 of a clause appearing in former annual appropriations, which provides that there shall be employed upon City work only citizens of the United States, and residents of the City for one year prior to their employment, and who shall continue such residence during the term thereof. The Director of said Department recommends that this clause be omitted from the ordinances, explaining that it will often be impossible to find in this City people who have necessary technical knowledge, and that the same difficulty has been found by the Chief Engineer of the Bureau of Surveys. Accompanying said letter is a communication from the President of the Civil Service Commission in which the same point is made, and which further suggests that any clause in the appropriating ordinance would be illegal which conflicts with Rule 1 of that Commission. Said rule provides in part as follows: "The Civil Service Commission will neither receive the application of, register or subsequently certify as eligible for appointment, any one who is not both a citizen of the United States and a resident of the City of Philadelphia. In cases where, either because of the technical character of the position or the undesirableness of the work involved, the good of the service requires it, the Commission may make exceptions to this rule."

For present purposes it is unnecessary to inquire how far that Act of March 5, 1906, creating the Civil Service Commission, is intended to vest in that Commission the settlement of questions of public policy, such as those which concern citizenship, residence within the City, etc., and I therefore pass no opinion.

The Act of June 1, 1885 (Bullitt Bill), Article XVI, is in effect that Councils shall by general ordinances provide for the proper and efficient conduct of the affairs of the City by the Mayor and several Departments, and the boards thereof, but they shall not pass any ordinances directing or interfering with the exercise of the executive functions of the Mayor, Departments, Boards or heads or officers thereof.

In my judgment ordinances restricting the employment of those in the public service of the City under the heads of the Executive Departments to residents of the City for a period of one year prior to their employment, would constitute an interference with the exercise of the executive functions of such heads of Departments, and is, therefore, in contravention of that article of the Bullitt Bill.

I think, however, that the better plan to pursue would be to bring the matter to the attention of the Finance Committee of Councils, so that the provision in question may be omitted from the appropriation for next year. A conflict between Councils and the executive officers of the City ought to be avoided if possible, and I have no doubt that there would be acquiescence in your wishes, especially when the inclusion of such a clause in the appropriating ordinances would subject to practical difficulties and embarrassment the conduct of your Departments.

Very truly yours,

MICHAEL J. RYAN,
City Solicitor.

CIVIL SERVICE COMMISSION.

Philadelphia, December 16, 1911.

CYRUS D. FOSS, JR., ESQ.,
Secretary to the Mayor.

DEAR SIR:—Your favor of the 12th inst., enclosing copy of letter from Director Cooke, under same date on the above subject, was duly received and contents noted.

The Civil Service Act of March 5, 1906, created a complete and exclusive system for the appointment, promotion, reduction, transfer, removal and reinstatement of all officers, clerks, laborers and other employees in the civil service of this City, and in the exercise of the power conferred in the Civil Service Commission by Section 6 of that Act, the Commission, with the approval of the Mayor of Philadelphia, adopted rules, one of which (Rule 1) provides, *inter alia*, that ".....In cases where, either because of the technical character of the position or the undesirableness of the work involved, the good of the service requires it, the Commission may make an exception to....." the rule that only eligibles who are both citizens of the United States and residents of the City of Philadelphia will be examined and certified for appointment.

In view of the above, we are of the opinion that any ordinance of Councils placing a residence qualification upon employees generally would be *ultra vires* and void in so far as its provisions conflict with any lawful action that this Commission may have taken or may hereafter take in cases where, either because of the technical character of the position or the undesirableness of the work involved, the good of the service requires an elimination of residence qualification.

In the judgment of this Commission, should the clause as quoted from last year's ordinance making appropriations to the Department of Public Works be re-enacted, it ought not to necessarily control the Commission in the certification of eligibles in the above-mentioned cases.

However, we would suggest that it would be advisable to incorporate in the various ordinances of appropriations provisos which would except from residence qualifications employees in the Department in cases where the technical character of the position (to which high professional or special attainments are necessary) or the undesirableness of the work involved may require such exception for the good of the service.

Of course, whether the clause in the annual appropriation ordinance to the Department of Public Works, plac-

ing a residence qualification upon employees in that Department, is binding upon the appointing officer regardless of what action the Civil Service Commission may take in the above-mentioned cases, should be decided, in the first instance, by the City Solicitor. It is our opinion that it is not binding in the above-mentioned cases.

Very truly yours,

FRANK M. RITER.

President.

APPENDIX No. 26.

OFFICE OF THE MAYOR.

Philadelphia, December 30, 1911.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—I return herewith an ordinance entitled “An Ordinance to make an appropriation to the Mayor, for the year 1912,” without my approval of Item 16, which is as follows:

“Item 16. For the Committee of Comprehensive Plans created by ordinance approved July 11, 1911. Salaries: Executive head, ten thousand (10,000) dollars per annum; chief clerk, three thousand five hundred (3,500) dollars per annum; stenographer, one thousand two hundred (1,200) dollars per annum; messenger, six hundred (600) dollars per annum; total, fifteen thousand three hundred (15,300) dollars. Miscellaneous expenses, incidentals, postage, supplies, car fare, ice, transportation, compensation of such experts and employees as the City may engage, and for such expenses as may be incurred incident to the work of the Committee and the preparation of comprehensive plans, etc., fifteen thousand (15,000) dollars; total, thirty thousand three hundred (30,300) dollars.”

In vetoing an item of so much importance as this, it is proper that I should state my reasons to you.

The Committee of Comprehensive Plans was created by ordinance of Councils approved July 11, 1911. The field of work assigned to it is of great importance to the future development of the City along right lines. I believe it can be done, however, as effectively with much less expense to the City than is contemplated in this item. My first reason for this veto is, therefore, to save a needless expense.

The powers that have been given to this Committee are

subject to conflicting interpretations. They are not clearly defined. They seem to me to encroach upon those conferred upon City officials by the Bullitt Bill. The value of the co-operation of groups of citizens such as the one provided for in the ordinance creating this Committee is not to be underestimated. But their functions should be made strictly advisory; they should not be given powers that supersede those of regularly constituted officials. This objection is largely urged and sustained by the opinion of the City Solicitor, rendered on December 27th.

The duties of the Committee and of the salaried employees attached thereto closely parallel certain of the functions of the Department of Public Works. I can see no reason why this Committee should have been attached to the office of the Mayor, and I can see many reasons why its work would be better done were it brought into closer relations with certain Bureaus in the Department of Public Works.

This Committee has done useful work for the City, and it is most important that foresighted planning for the future should still be carried on. But for the reasons herein stated, I think that the present plan is not a wise one and that the appropriation is improvident, and I have, therefore, vetoed the item.

Respectfully yours,

RUDOLPH BLANKENBURG,

Mayor.

APPENDIX No. 27.

OFFICE OF THE MAYOR.

Philadelphia, January 4, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—I have the honor to transmit to you herewith, for your consideration, a proposed ordinance making an appropriation for the year 1912, for the Public

Aquarium; and a proposed ordinance making an appropriation for the year 1912, for the Art Jury.

Respectfully yours,

RUDOLPH BLANKENBURG,

Mayor.

APPENDIX No. 28.

OFFICE OF THE MAYOR.

Philadelphia, January 4, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—Mr. Walter W. Pollock, General Manager of the Manufacturers' Appraisal Company, called at my office yesterday and left the enclosed paper referring to the work done by his Company in appraising real estate for the City of Philadelphia. The paper explains itself, and I transfer it to your Honorable Bodies for such action as you deem proper to take.

Very respectfully yours,

RUDOLPH BLANKENBURG,

Mayor.

MANUFACTURERS' APPRAISAL COMPANY.

Philadelphia, January 3, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We are submitting to your Honorable Bodies our bill in the sum of \$28,507.77, being the expenses actually incurred in services rendered the City of Philadelphia, in furnishing the Joint Special Committee of Select and Common Councils, appointed under authority of a resolution approved May 12, 1910, an appraisal showing the value in money of the lots and buildings comprised in certain wards of the City.

This sum is the total amount we have expended or are under contract to pay from the beginning of the work up to the date the work was restrained by injunction in Common Pleas Court No. 4. We beg to submit to your Honorable Bodies the following statement of the work which we have performed under our contract with the City. We present these facts, appealing to the sense of justice of your Honorable Bodies, and asking that our bill for expenses contracted in good faith be recognized and approved by you:

By a Joint Resolution of your Honorable Bodies, approved May 12, 1910, a Joint Special Committee of Councils was appointed to investigate the valuation of taxable real estate in the City of Philadelphia, and the ordinances approved the fifth day of August, 1910, made an appropriation of \$85,000, and directed that a contract should be executed with us for our services in furnishing to the Joint Special Committee an appraisal showing our judgment of the value in money of the land and buildings comprised in certain wards of the City of Philadelphia. The contract was executed by us, and by the Clerks of Councils and the Mayor on behalf of the City of Philadelphia, whereby the City agreed to pay us the sum of \$1.70 for each parcel of land valued and reported, and the sum of \$1.70 for each building valued and reported.

Upon the performance of this work we entered in good faith and with the utmost diligence. For a number of years we have been engaged in appraising land, buildings and personal property. In such work we have represented some of the largest moneyed interests in the country. We have in our employ a large corps of experts trained in such work. Our appraisements are uniformly accepted by underwriters in the adjustment of fire losses, and have been the basis of the capitalization of large corporations. The corps of experts in our employ were put upon the work in the City of Philadelphia, and rendered valuable and efficient service.

The magnitude of the services which we rendered to the City may be seen from the fact that our appraisals covered 8,787 lots of land, and 19,667 buildings up to the time the work was stopped.

In valuing the land, measurements were first made of each particular lot. Experts familiar with each particular locality then fixed a tentative unit value in each block, and public hearings were held at which all property owners in the neighborhood were invited to contribute their information as to values. From the knowledge of local experts, from these hearings, and from an investigation of sales made in past years in the neighborhood, the value per unit foot in the block was determined. Expert calculators, working under the direction of Mr. W. A. Somers, the leading real estate actuary in the country, then calculated the value of the land in each of the 8,787 individual lots which we completed.

In the valuation of buildings our experts examined each building; that is to say, upon a separate card for each building a full description of the building was written, including its dimensions, number of floors, character of the structure, character of the interior work, fittings, etc. According to the data thus recorded the building experts placed a separate valuation upon each particular building. In all 19,667 buildings were thus carefully examined and appraised.

In all of this work we co-operated and held daily conferences with Mr. James Johnson, Mr. William F. Dea-

kyne and Mr. John Adams, the other real estate experts employed by the Joint Committee.

The extent of our labors is shown by the fact that the number of employees engaged upon the work for the City of Philadelphia at any one time was some seventy-nine, including officers of the Company, actuaries, local real estate experts, draughtsmen, building measurers and calculators, lot calculators, accountants and stenographers.

You, as well as all readers of the newspapers, are familiar with the tens of thousands of booklets, diagrams, maps, letters, postal cards, etc., which we issued and distributed so that we might have every source of information as the basis for our report.

In this work we actually expended, or are obliged to pay, \$28,507.77 in salaries, office rent, printing, etc., as follows:

Royalty to W. A. Somers	\$4,837 00
Salary of W. W. Pollock	1,016 66

This schedule has been compiled from an examination of our books of account by our own bookkeeping department. If requested by your Honorable Bodies, we shall be pleased to submit our books and records to an auditor, and will send them to Philadelphia for this examination.

We submitted to the Committee of Councils a preliminary report, which report was duly submitted to your Honorable Bodies. The data, calculations and final valuations of the land and buildings embraced in our bill are now awaiting your commands, and will be turned over to you or to any one whom you may designate at any time. This data and these valuations we believe to be of the utmost value to the City.

The following is a list of the land and buildings which we have valued according to wards:

Ward	Lots	Buildings
5	2,453	2,521
6	2,489	2,649
7	10	5,298
8	1,459	3,449
9	872	1,958
10	1,504	3,792
Total	8,787	19,667

At the contract price of \$1.70 each, there is due and owing us \$48,371.30. Although we believe the whole sum should be paid to us, we feel that there is an undoubted moral obligation on the part of the City of Philadelphia to pay us at least the amount of our expenditures. Therefore, although we believe that we are fairly entitled to the larger amount provided for in our contract with the City of Philadelphia, we prefer to obtain a quick settlement of this account rather than to continue a dispute which might last a number of years, and because of the fact that certain large expenditures which would have been necessary in compiling and printing our report, when completed, have never been made, we present to you a bill providing for the payment of only the actual expense to the date of the discontinuance of the work.

Our efforts have already borne fruit. Immediately following our valuations, as embraced in the report to the Joint Special Committee of Councils, and following our general inquiry into assessments within this City, the Board of Revision of Taxes and the assessors raised the aggregate assessments in an amount exceeding \$100,000,000. This alone meant an increased annual revenue to the City, which is generally known to be the result of our work, of more than a million and a half dollars. An examination of the gross assessments of real estate in the City of Philadelphia for the years 1905 to 1912, inclusive, shows that during the years 1905, 1906, 1907, 1908, 1909 and 1910 the greatest annual increase was \$41,600,000, and that the average annual increase for these years was \$34,539,664. On the gross assessed value of the City for 1911 (the year following the investigation made by this Company, by means of the Somers Unit System of Realty Valuation), the increase in assessments amounted to \$100,238,877.

Year.	Gross Assessment.	Increase per Annum.	
1905.....	\$1,184,201,335.....		
1906.....	1,214,056,140.....	1906 over 1905.....	\$29,885,105
1907.....	1,248,894,400.....	1907 over 1906.....	34,837,960
1908.....	1,285,380,150.....	1908 over 1907.....	36,485,750
1909.....	1,315,269,657.....	1909 over 1908.....	29,889,507
1910.....	1,356,869,657.....	1910 over 1909.....	41,600,000
1911.....	1,457,108,534.....	1911 over 1910.....	100,238,877*
1912.....	1,531,757,232.....	1912 over 1911.....	74,648,698

* Annual increase for the year following the investigation made by Manufacturers' Appraisal Company.

We do not deem it necessary to explain to your Honorable Bodies that this increase of over \$100,000,000 was not owing to any extraordinary boom in the building trades, nor to sudden and vast increases in land values during the year 1910.

We feel that every well-informed citizen of Philadelphia knows that there were many and great inequalities in the assessment of real estate of Philadelphia, and that the under assessment of real estate in the central section of the City became a notorious fact as the result of our investigation and public demonstration during the

summer and fall of 1910. That the assessors took advantage of facts thus called to their attention, and in some cases more than doubled the assessed values of properties within a thousand feet of the Chambers of Councils is creditable to the assessors. In this connection we would like to add that nearly all of these increases, exceeding \$100,000,000, were in the central section of the City, where our investigation disclosed actual conditions and values, and that very little of the increase was distributed among the residential sections.

In the midst of our work we were restrained by injunction.

In view of the fact that we sincerely and honestly performed our services, with no reason to doubt the validity of our contract, and in view of the fact that these services were, we believe, of great value to the City, we feel that in equity and fair dealing we are entitled to be reimbursed for the actual expense to which we were put; and it is for that reason that we submit ourselves to your Honorable Bodies, asking only for fair play and fair payment.

Respectfully submitted,

MANUFACTURERS' APPRAISAL COMPANY,

By WALTER W. POLLOCK,
President and General Manager.

APPENDIX No. 29.

RESOLUTION

To amend Rule 9 of the Joint Rules of the Select and Common Councils, relative to Regular Meetings of Councils.

Resolved, By the Select and Common Councils of the City of Philadelphia, That Rule 9 of the Joint Rules of the Select and Common Councils, relative to Regular Meetings of Councils, be altered and amended by strik-

ing out the words, "Both Branches of Councils shall meet on Thursday of each week," and inserting in lieu thereof the words, "Both Branches of Councils shall meet on the first and third Thursdays of each month."

APPENDIX No. 30.

RESOLUTION

To appoint a Special Committee of five members of Common Council to revise the rules of Common Council.

WHEREAS, By reason of Acts of Assembly changing the time of the organization of Councils, etc., the rules of Common Council do not conform to present laws; therefore,

Resolved, By the Common Council of the City of Philadelphia, That a Special Committee of five members shall be appointed by the President, for the purpose of revising the rules of Common Council, and report such revision at the earliest practical moment.

APPENDIX No. 31.

DEPARTMENT OF CITY CONTROLLER.

Philadelphia, January 18, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—Pending the Annual Report of this Department, for the year 1911, I beg to advise your Honorable Bodies that the result for the year, as shown in the closing of the books on December 31st, exhibits an excess of actual receipts over the estimated receipts of August, 1910, for 1911, of \$2,040,427.81. This result is principally due to the prompt payment of taxes, the reduction in mandamus execution, together with the increased amounts received from the County officers and various miscellaneous sources.

I would add that the work in detail will be forwarded at the usual time, after the closing of the present month.

Very truly yours,

JNO. M. WALTON,

City Controller.

APPENDIX No. 32.

OFFICE OF THE MAYOR.

Philadelphia, January 18, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—Although I found it necessary to veto the appropriation item providing for the expenses of the Committee on Comprehensive Plans, created by the ordinance of July 11, 1911, for reasons set forth in the message sent you under date of December 30, 1911, I

feel that it is important that some such work, under an ordinance that would be certainly legal, should be carried on.

As set forth in the message referred to, I believe that this work should be done in conjunction with the Department of Public Works rather than directly under the Office of the Mayor. I, therefore, have the honor to transmit to you herewith two suggested ordinances: one providing for the repeal of the ordinance of July 11, 1911, and the other providing for the creation of a Committee on Comprehensive Plans and for an appropriation for the expenses of the work to be carried on under its advice by the Director of Public Works. It seems to me important that these ordinances should be passed, and I trust that they may have your careful consideration.

Respectfully yours,

RUDOLPH BLANKENBURG,

Mayor.

—

AN ORDINANCE

To repeal an ordinance entitled "An Ordinance making it the duty of the Mayor to supervise and carry into effect Comprehensive Plans for the future development of the City of Philadelphia; providing for the appointment and regulating the powers, duties and procedure of a Permanent Committee to advise, assist and co-operate with him therein, and making an appropriation therefor," approved July 11, 1911.

WHEREAS, The said ordinance created a Permanent Committee to advise, assist and co-operate with the Mayor in carrying into effect the Comprehensive Plans for the future development of the City of Philadelphia, specified the organization of the Committee, and set forth its powers and duties;

AND WHEREAS, The Law Department of the City has advised that the Committee as at present created by or-

dinance of July 11, 1911, is an illegal body, possessing power conflicting with existing Departments of the City Government:

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That said ordinance, entitled "An Ordinance making it the duty of the Mayor to supervise and carry into effect Comprehensive Plans for the future development of the City of Philadelphia; providing for the appointment of and regulating the powers, duties and procedure of a Permanent Committee to advise, assist and co-operate with him therein, and making an appropriation therefor," approved the eleventh day of July, 1911, be, and the same is hereby repealed.

AN ORDINANCE

Making it the duty of the Director of the Department of Public Works to study and develop Comprehensive Plans for the future development of the City of Philadelphia; providing for the appointment and regulating the powers, duties and procedure of a Permanent Committee on Comprehensive Plans to advise, assist and co-operate with the Director of the said Department, and making an appropriation for the payment of the salaries of the employees and the maintenance of the said Committee.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That it shall be the duty of the Director of the Department of Public Works to study, plan, suggest and develop Comprehensive Plans for the future development of the City of Philadelphia.

SECT. 2. A permanent Committee on Comprehensive Plans to advise, assist and co-operate therein with the Director of the Department of Public Works shall be created. The Mayor shall be *ex-officio* a member of the said Committee, which shall in addition consist of the Director of the Department of Public Works, *ex-officio*; the Chief of

of Bureau of Surveys, *ex-officio*; the Presidents of the Select and Common Councils, *ex-officio*; the President of the Fairmount Park Commission, *ex-officio*; the Chairman of the Finance Committee of Councils, *ex-officio*; and of ten citizens who shall be appointed by the Mayor. The terms of the ten citizens first appointed shall end on the first Monday in December, 1913, and thereafter the term of the appointive members of the said Committee shall be for two years. The Committee shall organize immediately upon the appointment of its members; it shall make such rules and regulations as may be deemed necessary for the purposes for which it is appointed, and shall hold stated or special meetings at such times or on such notice as it may by resolution provide. The Mayor shall be the Chairman of the said Committee and preside at all meetings. Minutes of the meetings of the Committee shall be kept and permanently recorded.

SECT. 3. The duties of the said Committee are to act as an Advisory Board to the Director of the Department of Public Works, and to advise and suggest to the Mayor and the Director such plans or suggestions for the physical and material improvement of the City as may seem to the said Committee proper and best adapted for the future development of the City along comprehensive lines. The said Committee for this purpose shall have power to suggest changes in existing plans, and from time to time suggest the adoption or develop further plans for suggestion. No rule, regulation, power or act of the Committee shall in any wise conflict with or usurp the powers or duties vested by law in any Department or Bureau of the City government as at present established, but the said Committee is solely empowered to act as an Advisory Committee, offering suggestions for consideration by the proper executive officials, whose duty it would be to carry out such suggestions if deemed advisable and legally authorized.

SECT. 4. The Director of the Department of Public Works is empowered to appoint a Secretary of the Committee on Comprehensive Plans at a salary of \$2,500 per annum, said appointment to date from January 1, 1912;

and to appoint civil, mechanical, hydraulic, sanitary, landscape, architectural and consulting engineers, gardeners, architects, experts, advisers, assistants and such other employees as may be necessary to further the object for which the said Committee is created.

SECT. 5. There is hereby appropriated to the Department of Public Works, Item , for the Committee on Comprehensive Plans, for the year 1912, for the salary of the Secretary, two thousand five hundred (2,500) dollars; for salaries of engineers, experts, and other employees, as above enumerated, six thousand five hundred (6,500) dollars; and to the Department of Public Works, Item , Committee on Comprehensive Plans, for postage, transportation, hire of vehicles, cleaning offices, telephone, telegraph and messenger service, books, periodicals, stationery and other incidental expenses, one thousand (1,000) dollars; total, ten thousand (10,000) dollars.

SECT. 6. All ordinances or parts of ordinances inconsistent herewith be, and the same are hereby repealed.

APPENDIX No. 33.

OFFICE OF THE MAYOR.

Philadelphia, January 18, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—I have the honor of transmitting to you herewith correspondence re the grading, etc., of Twelfth street, north of Sixty-sixth avenue.

This correspondence explains itself. Photographs show the conditions complained of.

I have referred the matter to the Department of Public Works, and from the report of this Department it appears to me that the complainants are entitled to im-

mediate relief, and I would therefore urge upon your Honorable Bodies the passage of an ordinance which is herewith enclosed.

By giving this your prompt attention you will oblige,

Respectfully yours,

RUDOLPH BLANKENBURG,

Mayor.

Philadelphia, December 27, 1911.

HON. RUDOLPH BLANKENBURG,

Mayor of the City of Philadelphia.

ESTEEMED SIR:—In pursuance of our conversation of the morning of the twenty-seventh, we beg to submit the following statement concerning the condition of North Twelfth street, between Sixty-sixth and Sixty-fifth avenues, Forty-second Ward, Oak Lane, Philadelphia, Pa.

The condition of the street, as shown by the enclosed photographs, is now and has been in a like condition for the past six months, and will continue to be such until graded to the grade as established by Mr. Brinton, Surveyor and Regulator of the Fifth District, in 1899.

The reason for the above condition is not due in any way to any negligence, direct or indirect, of the property owners on the said section of Twelfth street, but is caused by the recent grading of Thirteenth street, the slope of Twelfth street, north of Sixty-sixth avenue, and the building of houses on the part of Twelfth street in question. By the building of houses we mean doing the necessary grading, etc., necessary to bring the house and lot on grade with the grade established by Mr. Brinton. When the property owners improved and built upon the ground abutting on the said section of Twelfth street, they did so in a legal way, and built the surface of the ground upon a level with the legal and established grade, and as a consequence of doing what we had a legal right to do, that is, the filling in of the said lots to a legal grade, the water has lodged in the bed of Twelfth

street and now forms a pool about 36 inches to 40 inches deep in the center, extending north and south about 200 feet, and east and west about 100 feet.

It is true that if the improvements had not been made in the said location that the pool would not have formed, but the surface water would have flowed off naturally. But in a city of the first class, where the Legislature gives to such cities certain rights and privileges, such as establishing grades, drain courses, etc., the burden of taking care of such rights is cast upon the cities of this class. The land in question is being developed along lines of progress that are in accordance with the natural development of the City, are assessed by the City and are beyond the point of law that applies in regard to the carrying away of the natural surface water, as the land receives, on account of the City grading the surrounding streets, an unnatural amount of surface water.

The question now resolves itself into the fact that we, the property owners of Twelfth street, between Sixty-fifth and Sixty-sixth avenues, are being burdened with a nuisance detrimental to our health and to the interest of our property, saying nothing of the almost unsupportable burden of living in a mud puddle.

The difficulty can be overcome by grading the street to the established grade, a release of all the abutting owners having been filed with the Department of Surveys. Hoping that you may see fit to grant us relief, we remain,

Yours respectfully,

RAYMOND A. WHITE, JR.,

W. H. BATES, JR.

AN ORDINANCE

To authorize the laying of a temporary terra cotta storm-water drain in Twelfth street and in Sixty-fifth avenue, north, to Eleventh and Warnock streets.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain, That the Director of the*

Department of Public Works be, and he is hereby authorized to enter into a contract for the laying of a terra cotta temporary stormwater drain on Twelfth street, from about two hundred (200) feet south of Sixty-sixth avenue north, to Sixty-fifth avenue north; thence east on Sixty-fifth avenue north, to Eleventh and Warnock streets.

SECT. 2. The Director of the Department of Public Works shall advertise for proposals and award contract in accordance with existing laws and ordinances and plans and specifications prepared by the Department of Public Works. And the sum of eight hundred and fifty (850) dollars shall be appropriated to the Department of Public Works (Bureau of Surveys) for this purpose.

SECT. 3. That the Mayor is hereby authorized to enter security, on behalf of the City of Philadelphia, for the payment of any damages by reason of the construction of the herein authorized temporary drain through private property.

APPENDIX No. 34.

RESOLUTION

To grant the use of Common Council Chamber to the Commission to Revise and Codify the Election Laws of Pennsylvania.

Resolved, By the Common Council of the City of Philadelphia, That the use of Common Council Chamber be granted to the Commission to Revise and Codify the Election Laws of Pennsylvania, in which to hold a meeting on Friday, March 22, 1912.

APPENDIX No. 35.

RESOLUTION

Of request to the Director of the Department of Public Works to confer with the officials of the Philadelphia and Reading Railway Company, relative to the removal of grade crossings between the bridge over Wissahickon creek and Umbria street, in the Twenty-first Ward.

Resolved, By the Select and Common Councils of the City of Philadelphia, That the Director of the Department of Public Works be requested to confer with the officials of the Philadelphia and Reading Railway Company, for the purpose of ascertaining what can be done to remove the grade crossings on the line of said railway, between the bridge over Wissahickon creek and Umbria street, in the Twenty-first Ward, with the estimated cost of such work and the proportion to be paid by the City and the Railway Company, and report to these Councils the result of such negotiation as speedily as possible.

The highly gratifying exhibit here shown of increased receipts over the estimate of August 1, 1910, for the year 1911, resulting principally from large collections during

the year just closed from current, delinquent and personal property taxes, premium on loans and accrued interest, increased interest on bank deposits, poll taxes, and various other departmental and miscellaneous receipts, has made available for further appropriation the sum of \$2,040,427.81.

This amount added to the balance unappropriated of the estimated amount reported for appropriation August 1, 1911, renders available for further use the sum of \$2,132,485.99.

Balance unappropriated on December 30, 1911...	\$92,058 18
Surplus for the year	2,040,427 81
Total	<u>\$2,132,485 99</u>

The average annual excess of receipts for the preceding five years over those estimated after deducting the average proportion remaining uncollected, in compliance with the Act of June, 1879, has been \$1,837,429.21. Much of this has been due to the large increase in assessed valuation by the Board of Revision of Taxes. In a recent conference with the Board this increase, in their judgment, cannot be maintained the succeeding five years.

Receipts

The total revenues from all sources, from January 1, 1911, to December 31, 1911, were \$50,978,847.64, received from the following sources:

Current taxes	\$20,678,856 57
Delinquent taxes	1,469,917 39
State personal property tax	1,636,261 31
Water rents and searches	4,808,282 21
United Gas Improvement Company	1,304,028 78
School Fund	877,789 60
Permanent loans	13,450,000 00
Temporary loans	1,200,000 00
County officers and miscellaneous receipts	5,553,711 78
Total revenues	\$50,978,847 64

This includes the amount due in 1911 by the State of the Personal Property Tax of \$1,636,261.31, and the appropriation for the support of the public schools of the Commonwealth by the Act of Assembly of May 15, 1909, which provides "That the City of Philadelphia shall be entitled to a proper portion of the State appropriation as provided by existing laws regulating the distribution to the several counties, amounting to \$877,789.60, which amount was embraced in the statement of this Department of August 1, 1910, of revenue available for appropriation by your Honorable Bodies, for the year 1911, in compliance with the provision of the Act of Assembly of June 11, 1879.

In addition to the current receipts there was negotiated \$1,400,000 of the loan of June 17, 1898, authorized and awaiting negotiation, apportioned as follows:

For the erection of a Public Library	\$1,000,000 00
For the erection of an Art Gallery	200,000 00
For the erection of Grade crossings	200,000 00

also, \$2,300,000 of the loan of April 1, 1911, and \$9,750,000 of the loan of June 19, 1911, all issued for various permanent improvements. These loans, with the exception of the \$1,400,000, which was awarded by His Honor, the Mayor, to the Sinking Fund Commissioners,

at par, were sold by popular subscriptions, at a premium varying from 102 to 101 and interest, the subscriptions exceeding by about forty per cent. the total amount of bonds offered, forcibly demonstrating the high esteem in which investors, both large and small, hold the credit of the City of Philadelphia.

The tax levy for 1911 on an assessed valuation of \$1,458,851,880.00, which was computed at \$21,267,749.39 at the rate of \$1.50, yielded \$20,678,856.51. Of this, after allowing added penalties of \$76,801.56, and reduction in discounts of \$199,251.32, there remained less than three per cent. of the tax levy uncollected.

Owing to the additional assessments made by the Board of Revision of Taxes subsequent to August 1, 1910, when the above-mentioned levy for 1911 was determined, the actual amount of taxes unpaid at the close of this year was \$1,292,761.89, which is less than six per cent. of the entire tax levy. To this amount, five per cent. is added at the close of the year for delinquency, making the total unpaid taxes for 1911, \$1,357,399.98.

In connection with the collection and auditing of City taxes, one circumstance seems worthy of special emphasis, namely, the percentage remaining uncollected at the end of each year. During the period of five years, from 1906 to 1911, inclusive, the average delinquent taxes ranges from two and one-half down to one and one-quarter per cent. When it is remembered that the average number of tax payers is estimated at over 200,000 individuals, that the property covered includes more than 345,000 dwellings, supplemented by 25,000 other structures, the possibility of complication and the necessity for careful work becomes at once apparent. When the further circumstance is taken into account, that 370,000 buildings making up Philadelphia's present day structural manifestation are supplemented by large areas of unoccupied land, much of which is divided into building lots and separately owned, while the whole great list of properties subject to taxation is scattered over an area of 129½ square miles, divided by more than 1,800 miles of streets, the tremendous task facing the tax collecting and the City Controller's auditing departments becomes apparent.

*Asset and Liability, Revenue and Expense and Fund
Accounting*

After giving the subject of accounting and financial reporting careful study for a number of years, I have reached the conclusion that the old system of accounting, which stated only receipts and expenditures, is of itself inadequate to portray fully the financial condition of the City and the results of its operations. It met the requirements of earlier days when the City's business was of comparatively small amount. We have, however, entirely different conditions to face to-day. The City's activities have grown to large proportions and are constantly increasing in complexity. Such factors as the high cost of labor and materials, and the greatly increased needs and desires of the people have brought the City face to face with the problem of rendering the greatest amount of service to the community at the least possible cost. The public is justified in expecting the best lighting, paving, municipal industries and subways that modern ingenuity can devise; but in order to supply these wants without increasing the tax rate, it becomes imperative to know exactly what our financial condition is—our sources of receipt and objects of expenditure, and the unit costs of operation—a "sailing chart," in other words, to serve as a guide for the City's future operations. We must, therefore, avail ourselves of an accounting system designed to answer all of these questions, and one which lays the basis for the accurate determination of cost of operations, revenue, assets and liabilities.

Municipalities are feeling the pressing need of accurate and detailed systems of cost accounts that will show the unit cost of municipal operations as accurately as "ton mile" and "passenger mile" statistics do for railroads.

to commerce, transportation and other branches of human activity has made it possible to render greater service at less relative cost than ever before in history. The guide posts to managers and trustees of our modern enterprises are the comprehensive systems of accounting and reporting, by which answers to every business question are promptly and currently made available to them. Municipalities, in order to meet modern conditions, must apply the same methods to their problems, and consequently the same general system of accounts is required by municipal officers to guide them in the direction of the City's affairs.

In developing the City's system of accounting and reporting, I have had the cooperation and assistance of the Bureau of Municipal Research of Philadelphia, and of F. A. Cleveland, Esq., Chairman of the President's Commission on Economy and Efficiency. I recently submitted to a group of men, representative of Philadelphia's financial institutions, the new system of accounting and reporting, and have received from them the following letter with reference to its soundness and practical value:

"Philadelphia, January 27, 1912.

HON. JOHN M. WALTON,
City Controller, Philadelphia.

DEAR SIR:—In the interest of efficient management of the business of the City, we desire to express our approval of the plan of accounting and reporting which is being installed by you as shown in your annual report and your August statement of estimates, and of the "suggested financial program" recently submitted by the Bureau of Municipal Research for the consideration of the Mayor and Councils.

Intelligent direction of public as well as of private business requires that all pertinent facts be accurately, systematically, and promptly placed before the responsible officers, and before the public whose support is essential to the success of a progressive administration. The new forms of statement contained in your recent reports and "suggested financial program," submitted by the Bureau of Municipal Research, appears to provide admirably for the proper description, classification, and reporting of the financial and operative facts pertaining to the City government. These furnish what in private business would be regarded as the first essential of economical and efficient management.

Carried into a uniform budget for all City Departments, an expense classification such as that presented in the revised estimates would enable citizens and taxpayers as well as public officials to comprehend readily the purpose of each appropriation item, and to determine the relative public importance of the several activities of the City. It would make possible, furthermore, the exercise of greater discretion on the part of Councils in defining and limiting the amounts which the various Departments may spend; on the part of the Mayor in approving or disapproving items in the budget; and on the part of the Controller in approving or disapproving bills that come before him for audit.

Very respectfully,

E. W. CLARK, E. W. Clark & Co.,
W. W. FRAZIER, Philadelphia Trust Co.,
RICHARD M. HARTLEY, Land Title Co.,
ARTHUR E. NEWBOLD, Drexel & Co.,
C. S. W. PACKARD, The Pennsylvania Co.,

CHAS. J. RHOADS, Girard Trust Company."

Audit of Inventory of City Property

The audit of the inventory of City property that was taken in November and December, 1910, was completed during the year, and property accounts with each class of property were opened in the new property ledger.

A property record has been opened that controls the custodianship of property by Departments and Bureaus, and agrees in total with the property ledger. Both the ledger and the record are controlled by the permanent property account in the general ledger. In auditing the inventories it was ascertained: (1) that they had been made by responsible officials and that titles, dates and signatures were correct; (2) that all City property of a permanent nature had been included and that property not of permanent nature had been excluded; (3) that duplication of properties or entries in error did not exist; (4) that all property was correctly described and classified and that clerical inaccuracies did not exist; (5) that original cost values, as shown, were accurate; and (6) that present values had been established with due regard to depreciation and obsolescence.

In determining whether all real estate and improvements had been reported, and in the elimination of duplication and other errors of entry, the co-operation of the Board of Revision of Taxes and the Bureau of Surveys of the Department of Public Works was obtained.

The audit of the property inventory resulted in a net increase of \$11,056,796.91 in the value of the unaudited inventory, while the acquisition of property during the year 1911 amounted to \$9,506,408.55. All properties were *taken up at cost*. In some few cases where properties were originally returned at an estimated present value instead of at cost, this method resulted in a considerable reduction in the audited figures. A de-

tailed inventory of the cost of the City Gas Works has not been returned. Pending such return these properties were taken upon the books at \$29,000,000, the cost figure at which they are reported by the Census Bureau.

The cost value of land, buildings, equipment and other permanent improvements, by Departments and Bureaus, and by classes of property is shown in detail on Schedule 1 of Exhibit "C," opposite page 194.

In arriving at an adequate reserve for depreciation on the permanent properties, the assessed value of the properties as determined by the Board of Revision of Taxes was taken as being their present value. On all other structures and equipment a reserve, based on their estimated life, was calculated. The resulting reserve for depreciation is \$49,568,758.93. (See Exhibit "C.")

Balance Sheets

The assets, liabilities, appropriations and reserves of the City are shown in summary form in Exhibit "A," opposite page 172. The General Account, Capital Account, Sinking Fund Account, and Special and Trust Account balance sheets appear in Exhibits "B," "C" and "D," opposite pages 174, 176 and 178, and show in greater detail the City's financial condition. The comparative fund balance sheet, Exhibit "E," opposite page 180, shows the provisions made for financing the City's needs, together with the condition of funds and appropriations as of December 31 and January 1, 1911. All of the detail balance sheets have been made comparative as between December 31 and January 1, 1911, and increases and decreases have been shown.

The new general ledger which was installed January 1, 1911, has now been a year in operation and thus makes possible for the first time the presentation in this re-

port of an operation account (see Exhibit "B," opposite page 174, showing revenue and expenses for 1911, as distinct from receipts and expenditures. A detailed classification of all expenditures by objects of expenditure is shown in Exhibit "F," opposite page 194. As the work of the asset and liability, revenue and expense accounts developed during the year, various accounts were taken upon the books, so that the balance sheets as of December 31, 1911, show several items that were absent at January 1, 1911.

The unpaid taxes of 1911, at December 31, including the five per cent. added for delinquency, \$1,357,399.98, is a considerable amount and should be collected as rapidly as possible; it is interesting to note that it amounts to only about six per cent. of the total tax levy. But a small amount of water rents are outstanding. Of the unpaid departmental accounts for 1911 it is noteworthy that over \$10,000 is due in the Bureau of Elevator Inspection. Revenue accruing to the City from the services performed by this Bureau should be more promptly collected.

The advances of general account moneys to capital account during 1911, which at December 31 amounted to \$1,184,954.14, have been charged to Surplus Account, as of the close of the year.

The payment to the School District of Philadelphia at the close of the year of the balances of the Board of Education's 1911 appropriations, as provided by the School Code, approved by the Legislature May 18, 1911, which amounted to \$866,803.02 (exclusive of loan moneys transferred—see page 187, has also been charged to the Surplus Account.

The comparative fund balance sheet is designed to show separately for the General, Loan and Park Funds the available resources, the encumbrances thereon and the funds available for appropriation. The unencum-

bered balances of appropriations, the amounts specifically reserved for contracts and the reserve set aside for mandamus executions are separately stated.

A detailed exhibit of expenditures of the General, Loan and Park Funds, by objects, upon the classification of the President's Commission on Economy and Efficiency is set forth on Exhibit "F," opposite page 187.

I desire to again note the steadily growing increase in payments to the City by the United Gas Improvement Company for the consumption of gas during the year ending September 30th last. A comparison of the annual receipts since the lease of the works and the gradual increase shown each year has exceeded to the present time the estimate made when the lease was entered into.

Disbursements

The total disbursements for the year 1911 were \$46,254,389.76. This amount included the interest on the Funded Debt, Sinking Fund, the allotment to the Board of Public Education, the amount due the Commonwealth for Personal Property Taxes for 1911, the expenditures required by the various Departments and Bureaus for administration, operation, maintenance, mandamus, debt and other services. A large portion of the expenditures were from loan moneys for buildings, equipment, permanent improvements and various other purposes, adding largely to the permanent assets of the City.

To this expenditure of 1911 must also be added the amount from the bank and trust companies' balance of suspension in the Tradesmen's Trust Company, amounting to \$126,000, which, by ordinance, was directed to be charged off to suspense account, thus eliminating this amount from the bank and trust companies' balance of assets. There is still due from the suspended American Trust Company the sum of \$27,483.68, and from the City Trust Company the sum of \$21,950, making a total of \$175,433.72 carried to suspense account. In this connection I desire to call the attention of your Honorable Bodies to the ordinance of April 9, 1892, regulating the deposits of City moneys by the City Treasurer and the payment of interest thereon, in contrast to the Act of Assembly of May 18, 1911, regulating and safeguarding the deposits of school funds under the new School Code of Pennsylvania, by requiring the depositories to furnish a proper bond in such amount, and with such surety, or sureties as may be required and approved by the School Board for the faithful keeping, paying out, and accounting for school funds; also, the difference that exists between the national banks and trust companies as to the security of the City's deposits, the shareholders of the former being liable to the extent of the amount of their

stock therein, at the par value thereof, in addition to the amount invested in such shares; whereas the liability of the trust company is limited to the liquidated assets of the company, except as to such trust companies as are members of the Philadelphia Clearing House Association, whose rules require a deposit with it of marketable securities to protect the average daily clearances, besides the added security of being subject to examination at any time without previous notice.

There is also a marked difference in the rate of interest received by the School Board from their school depositories on school funds, as compared with those of the City, the depositories of the former being four banks in excellent financial standing and credit, paying interest at the rate of two and one-half per cent., while the ordinance above referred to fixes the rate of interest on the City's deposits at two per cent. on the average daily balances. The difference this year would have been an increase to the City of \$88,324.26. The ordinance having been enacted twenty years ago, practical experience has demonstrated that it needs revising as to security, rate of interest on deposits, and especially Section 6, which should be amended to read as follows:

“SECTION 6. The Mayor of the City, the City Treasurer, and the City Controller, shall be a standing Committee, a majority of which shall have authority and discretion to discontinue and withdraw or reduce in such amount or amounts as they shall deem advisable, deposits in any City depositories in which for any reason it may by them be deemed advisable to so discontinue, withdraw or reduce said deposits; and thereupon to deposit the money taken therefrom in other depositories, in accordance with the provisions of this ordinance: *Provided*, That the check or checks withdrawing or reducing said deposit or deposits shall be signed by the City Treasurer and countersigned by the Mayor or City Controller.”

Mandamus Executions

The payment of writs of mandamus executions, amounting to \$898,478.41, shows a reduction over 1910 of \$122,855.61, and leaves a balance available for payments of mandamuses during 1912 of \$1,101,521.59, principally funds derived from the loan of June 19, 1911. This large balance was the Controller's justification for releasing the \$2,000,000 set aside for the payments of mandamuses for 1912 for appropriation by your Honorable Bodies to the different Departments.

In order to reduce payments from the City Treasury upon writs of mandamus to the lowest amount possible, it is urged that Councils, in the enactment of ordinances for the opening and widening of streets, changes of grade and condemnation of property, in order to retain legislative and administrative control, make an appropriation based upon an estimate of the cost of the work by the different Departments under whose jurisdiction the work is to be performed.

The present method of paying mandamuses from the City Treasury takes entirely out of the hands of Councils and the regularly constituted executive officials of the City the control that they ordinarily should, and do have over the purchase of materials, supplies and all other work done by the City, by the drawing of a warrant upon an appropriation made therefor, the signing of the same by the proper executive official and the audit and countersignment thereof by the City Controller and payment by the Treasurer. This is the regular method that statute and ordinances have provided for safeguarding the City's interest.

By the course above outlined, provision would be made for almost three-fourths of the often unexpected annual mandamus demands upon the City Treasury, leaving the balance, consisting of damages from personal injuries, stenographers' fees, etc., to be paid by order of the Court.

In compliance with the law, the audit of the accounts of the City Departments has been completed for the year 1911.

Education

In accordance with the Act of May 18, 1911, the Board of Public Education of the First District of Pennsylvania passed out of existence on the first day of January, 1912, and was succeeded by the Board of Public Education of the School District of Philadelphia, Pennsylvania. The new Board succeeded to all the powers and responsibilities of the old body, and in addition was authorized and empowered by the Act which called the new Board into existence, to levy and collect taxes, pledge the credit of the School District, to receive the State School appropriation and to appropriate and expend the money so received. By the change thus brought about, the body intrusted with the management of educational affairs within the County and City of Philadelphia became entirely separate in all its actions from the municipality.

The amount of the non-merging balances of appropriations from the year 1911 is \$1,250,291.29, composed of \$866,803.02 from appropriations from general revenues, and \$383,488.27 from appropriations from loan funds. The amount of these balances under contract is \$1,051,875.22, of which sum \$773,629.09 is against general revenue appropriations, and \$278,246.13 is against loan funds. Taking into consideration these contract obligations which are to be assumed by the new Board, the unencumbered balance available is \$199,039.07, of which \$93,796.93 is from general revenue appropriations and \$105,242.14 is from loan funds.

In accordance with the Act of Assembly of May 18, 1911, and the ordinance of January 8, 1912, the unexpended balances of money collected and appropriated for educational purposes, and the unexpended balance of City loans created for school purposes, were transferred to the credit of the School District of Philadelphia by warrant

drawn in favor of M. Dobbins, Treasurer of the Board of Public Education, School District of Philadelphia.

Appreciating as I do the kindly relations and cordial co-operation that has existed in the past between the Board of Public Education and the City Controller's office, it is my hope that, under the new conditions, even greater benefits will accrue to the community in the treatment of the educational problem.

The following is an alphabetical list of the tables embodied in this report:

TABLE A is a statement of the receipts and expenditures during the year 1911.

Table B—Continued—Serial Loans.

Serial loans or loans that are apportioned alphabetically into twenty series, the first being due ten years after the date of authorization of loan, and paid annually thereafter at maturity by direct appropriation from taxation.

Section 3 of ordinance approved April 1, 1899, relating to the first serial loan of \$4,600,000, is as follows:

"Whenever any loan shall be created by virtue of this ordinance there shall thereafter be annually appropriated out of the income of the City of Philadelphia, and from money raised by taxation, a sum sufficient to pay the interest on said certificates, and after the said loan shall become payable there shall annually be appropriated for the payment of the principal the sum of two hundred and thirty thousand dollars."

COMMONWEALTH OF PENNSYLVANIA, }
CITY OF PHILADELPHIA, } ss.

On the first day of February, 1912, personally appeared before me, the subscriber, Mayor of the City of Philadelphia, John M. Walton, who, being duly sworn, doth depose and say that, to the best of his knowledge and belief, the foregoing statement of the finances of the City of Philadelphia is just, correct and true, having been carefully compared with the vouchers in the Controller's Department of said City.

(Signed) JOHN M. WALTON,
City Controller.

Sworn and subscribed to before me on the date above written.

Witness my hand and seal of the City of Philadelphia.

APPENDIX No. 37.

DEPARTMENT OF PUBLIC SAFETY.

Philadelphia, February 1, 1912.

To the President and Members of Common Council.

GENTLEMEN:—In compliance with the request of your Honorable Body in a resolution passed January 18, 1912, entitled "Resolution requesting the Director of the Department of Public Safety to investigate ticket scalping," I beg to advise that at my request the principal theatre managers of Philadelphia visited my office on Monday, Tuesday and Wednesday of this week, and a full discussion of the conditions relative to the disposal of theatre tickets was had.

I am pleased to advise you that every one of the managers were perfectly willing to comply with the request contained in your resolution, and they have given instructions that hereafter the sale of tickets in blocks to the various agencies will cease, and that the public can secure adequate accommodations at the box office of the various theatres.

It was pointed out, however, that while the theatre managers were willing to co-operate, that this would not entirely eliminate the sale of tickets through the agencies, as it is quite possible for them to have their messengers in line at the time the sale opens, when they can procure such tickets as they may desire; the only difference being, under the new system to be promulgated by them, is that the ticket agencies will not have opportunity to return any unsold tickets.

I am convinced of the good faith on the part of the theatre managers, and have every reason to believe that they will live up strictly to their pledges.

I trust my action in this connection complies with the spirit of your resolution.

Respectfully yours,

GEO. D. PORTER,

Director.

APPENDIX No. 38.

OFFICE OF THE MAYOR.

Philadelphia, January 31, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—The attached letter, addressed to me by Dr. Joseph S. Neff, Director of the Department of Public Health and Charities, explains itself.

I would strongly urge your Honorable Bodies to grant Dr. Neff's request, as, after investigation, I find that it is more than reasonable and will further the efficiency of the Department very materially.

Respectfully yours,

RUDOLPH BLANKENBURG,

Mayor.

DEPARTMENT OF PUBLIC HEALTH AND CHARITIES.

Philadelphia, January 20, 1912.

HON. RUDOLPH BLANKENBURG,

Mayor of Philadelphia,

DEAR SIR:—I enclose herewith letter from Dr. S. W. Newmayer, under date of the 19th instant, to myself, together with many enclosures covering publications along the line of his work in child hygiene.

Dr. Newmayer has been an Assistant Medical Inspector in the Bureau of Health, assigned to schools, at a salary of \$1,400 per annum. Two years ago I took him from school work and put him in charge of child hygiene work. Although this crippled to some extent the school inspection, my policy was justified, I believe, as his work in the new division was much more important and has produced admirable results. He has worked very

faithfully, and I have for two years endeavored to procure, through Councils, the title for him of "Chief of the Division of Child Hygiene," carrying a salary of \$2,500 per annum, which I afterwards reduced to \$2,000. The doctor is very much disgruntled, and has become downhearted, as Councils have not realized the importance of his work and decline to make the necessary appropriation. As a result of the work of Dr. Newmayer and the eight visiting nurses in the congested districts, as shown by my annual reports, there has been a marked reduction in infant mortality, sickness, and, especially, preventable diseases. I enclose pamphlet copy of my annual report for 1910, and have marked pages 17 and 18, which cover this ground, and show a saving of 255 lives in the year, in a population of over 105,605, made possible largely through the municipal nurses. No further argument should be necessary to the legislative body for granting the Department's urgent request for additional nurses. The eight nurses originally appointed the preceding year were so appointed only after an urgent message by the Mayor to Councils.

Asking your influence and aid in securing this appropriation from Councils, I remain,

Very respectfully yours,

J. S. NEFF,
Director.

DEPARTMENT OF PUBLIC HEALTH AND CHARITIES.

Philadelphia, January 19, 1912.

DR. JOSEPH S. NEFF,

Director, Department of Public Health and Charities,

DEAR DIRECTOR:—The following is some of the work which I performed for the Bureau of Health since the date of my appointment to the position of Assistant Medical Inspector, in May, 1903.

Organized the first system of medical inspection in the public schools of Philadelphia. On the results ob-

tained by this experiment, Councils appropriated a sum of money to establish, in 1904, a corps of school inspectors.

Organized a system of school nursing, the same system still in use in our schools.

Performed special work on defects and diseases of the eyes of school children, including a study of cases of trachoma.

A special study of the backward and mentally defective child, aiding in establishing one of the first classes for these pupils.

Assigned, May, 1910, to take charge of the visiting nurses and Division of Child Hygiene. This included the examination and licensing of all midwives of Philadelphia; the licensing and supervision of maternities and boarding houses for infants, in accordance with Acts of Legislature; the establishing and supervision of baby tents on the recreation piers; teaching the pupils of the schools the hygiene and care of infants—a large number of exhibits on the care of the baby and child welfare were prepared and utilized to great advantage in this and other cities; established milk stations for the distribution of pasteurized milk and teaching mothers the care of their babies.

Very sincerely yours,

S. W. NEWMAYER, M. D.,

In charge of Division of Child Hygiene.

APPENDIX No. 39.

Philadelphia, February 1, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance, to which was referred the bill entitled "An Ordinance to authorize the Mayor to enter into a lease with the Board of Man-

agers of the Pennsylvania Museum and School of Industrial Art for plot of ground at the northeast corner of Broad street and Allegheny avenue, and to make an appropriation to pay the rental of said lot for the year 1912," respectfully report that they have carefully considered the same, and return the annexed bill with a favorable recommendation and ask its passage.

AN ORDINANCE

To repeal an ordinance entitled “An Ordinance making it the duty of the Mayor to supervise and carry into effect Comprehensive Plans for the future development of the City of Philadelphia; providing for the appointment and regulating the powers, duties and procedure of a Permanent Committee to advise, assist and co-operate with him therein, and making an appropriation therefor,” approved July 11, 1911.

WHEREAS, The said ordinance created a Permanent Committee to advise, assist and co-operate with the Mayor in carrying into effect the Comprehensive Plans for the future development of the City of Philadelphia, specified

the organization of the Committee, and set forth its powers and duties ;

AND WHEREAS, The Law Department of the City has advised that the Committee as at present created, by ordinance of July 11, 1911, is an illegal body, possessing powers conflicting with existing Departments of the City government :

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That said ordinance entitled "An Ordinance making it the duty of the Mayor to supervise and carry into effect Comprehensive Plans for the future development of the City of Philadelphia; providing for the appointment and regulating the powers, duties and procedure of a Permanent Committee to advise, assist and co-operate with him therein, and making an appropriation therefor." approved the eleventh day of July, 1911, be, and the same is hereby repealed.

APPENDIX No. 41.

Philadelphia, February 1, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance, to which was referred an ordinance entitled "An Ordinance making it the duty of the Director of the Department of Public Works to study and develop Comprehensive Plans for the future development of the City of Philadelphia; providing for the appointment and regulating the powers, duties and procedure of a Permanent Committee on Comprehensive Plans to advise, assist and co-operate with the Director of the said Department, and making an appropriation for the payment of the salaries of the employees and the maintenance of the said Committee." respectfully report that they have carefully considered the

same, and return the annexed ordinance and ask its passage.

John P. Connelley (*Ch'n*), H. J. Trainer, Robert S. McElroy, John H. Ilalm, W. E. Bonnick, George D'Auntrechy, Geo. P. Darrow, Chas. A. Gillingham, John H. Baizley, Chas. Seger, Edw. W. Patton, E. Buchholz, Richard Weglein, Thomas J. Morton, E. B. Gleason, Watson D. Upperman, Thomas J. Ryan.

AN ORDINANCE

Making it the duty of the Director of the Department of Public Works to study and develop Comprehensive Plans for the future development of the City of Philadelphia; providing for the appointment and regulating the powers, duties and procedure of a Permanent Committee on Comprehensive Plans to advise, assist and co-operate with the Director of the said Department, and making an appropriation for the payment of the salaries of the employes and the maintenance of the said Committee.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That it shall be the duty of the Director of the Department of Public Works to study, plan, suggest and develop Comprehensive Plans for the future development of the City of Philadelphia.

SECT. 2. A Permanent Committee on Comprehensive Plans to advise, assist and co-operate therein with the Director of the Department of Public Works shall be created. The Mayor shall be *ex-officio* a member of the said Committee, which shall in addition consist of the Director of the Department of Public Works, *ex-officio*, the Chief of the Bureau of Surveys, *ex-officio*, the Presidents of the Select and Common Councils, *ex-officio*, the President of the Fairmount Park Commission, *ex-officio*, the Chairman of the Finance Committee of Councils, *ex-officio*, and of ten citizens who shall be appointed by the Mayor. The terms of the ten citizens first appointed shall end on the first Monday in December, 1913, and thereafter the term

of the appointive members of the said Committee shall be for two years. The Committee shall organize immediately upon the appointment of its members; it shall make such rules and regulations as may be deemed necessary for the purposes for which it is appointed and shall hold stated or special meetings at such times or on such notice as it may by resolution provide. The Mayor shall be the Chairman of the said Committee and preside at all meetings. Minutes of the meetings of the Committee shall be kept and permanently recorded.

SECT. 3. The duties of the said Committee are to act as an Advisory Board to the Director of the Department of Public Works, and to advise and suggest to the Mayor and the Director such plans or suggestions for the physical and material improvement of the City as may seem to the said Committee proper and best adapted for the future development of the City along comprehensive lines. The said Committee for this purpose shall have power to suggest changes in existing plans, and from time to time suggest the adoption or develop further plans for suggestion. No rule, regulation, power or act of the Committee shall in any wise conflict with or usurp the powers or duties vested by law in any Department or Bureau of the City Government as at present established, but the said Committee is solely empowered to act as an Advisory Committee, offering suggestions for consideration by the proper executive officials whose duty it would be to carry out such suggestions if deemed advisable and legally authorized.

SECT. 4. The Director of the Department of Public Works is empowered to appoint a secretary of the Committee on Comprehensive Plans at a salary of two thousand five hundred (2,500) dollars per annum, said appointment to date from January 1, 1912, and to appoint civil, mechanical, hydraulic, sanitary, landscape, architectural and consulting engineers, gardeners, architects, experts, advisers, assistants and such other employees as may be necessary to further the object for which the said Committee is created.

SECT. 5. There is hereby appropriated to the Department of Public Works (Director's Office): To Item 6,

for the Committee on Comprehensive Plans, for the year 1912, for the salary of the secretary, two thousand five hundred (2,500) dollars; for salaries of engineers, experts, and other employees, as above enumerated, six thousand five hundred (6,500) dollars; and for postage, transportation, hire of vehicles, cleaning offices, telephone, telegraph and messenger service, books, periodicals, stationery and other incidental expenses, one thousand (1,000) dollars; total, ten thousand (10,000) dollars.

SECT. 6. All ordinances or parts of ordinances inconsistent herewith be, and the same are hereby repealed.

APPENDIX No. 49.

OFFICE OF THE MAYOR.

Philadelphia, February 15, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—The Act of June 1, 1885, in Article 1, Section 1, contains the following provision:

“The Mayor shall, as often as he may think proper, appoint three competent persons to examine, without notice, the accounts of any Department, trust, officer or employee, and the money, securities and property belonging to the City in the possession or charge of such Department, trustees, officer, or employee, and report the result of such investigation.”

While this provision of the law authorizes the Mayor to make investigations through suitable persons, it is doubtful whether he can exercise this authority effectively in the absence of an appropriation of Councils to meet the expense of their employment. It can never be foreseen, of course, just when it may be necessary to institute such an inquiry as the law contemplates, and it would be, manifestly, impracticable to seek a special appropriation from Councils on each occasion that might arise.

I therefore beg to call your attention to the ordinance hereto attached, providing an appropriation of ten thousand dollars to the Office of the Mayor, for the purpose of employing such persons whenever the necessity for such action may arise, and to ask for it your favorable consideration.

Respectfully yours,

RUDOLPH BLANKENBURG,

Mayor.

AN ORDINANCE

To make an appropriation to the Mayor, for the employment of expert accountants and other competent persons to examine the books, accounts, etc., belonging to the City of Philadelphia, and to make investigations relating thereto.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the sum of ten thousand (10,000) dollars be, and the same is hereby appropriated to the Mayor, Item 26 (new), to enable the Mayor to employ expert accountants and other competent persons to examine the books, accounts, money, securities and property belonging to the City, and to make such investigations relating thereto as may be necessary, at such times as he may deem best for the interests of the City.

APPENDIX No. 56.

Philadelphia, February 15, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bills to place upon the City plan Benczet, Blair, Carpenter, Webster, Lambert, Hanson and Upshur streets and Windrim avenue, respectfully report that we have examined and approve the same, and submit for your consideration the annexed ordinance and ask its passage.

Chas. A. Gillingham (*Ch'n*), Edward B. Howard, J. E. Lemon, W. E. Bonnick, Stacy H. White, Fred. Schwarz, Jr., James H. McGurk, George H. Kelley, Geo. W. Spielberger, Albert De Prefontaine, Henry R. Shoch, H. J. Trainer, George D'Autrechy, John P. Connelly.

AN ORDINANCE

To place on the City plan Benczet, Blair, Carpenter, Webster, Lambert, Hanson and Upshur streets and Windrim avenue.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works (Board of Surveyors) be authorized and directed to place on the City plan Benczet street, of the width of forty feet, from Ardleigh street to Cresheim Valley Drive; Blair street, of the width of thirty-four feet, from Montgomery street southwest to the line of property of the Philadelphia and Trenton Railroad Company; Carpenter and Webster streets, each of the width of sixty feet, from Sixty-second street to Cobbs Creek Parkway; Lambert street, of the width of fifty feet, from Porter to Shunk street; Hanson street, of the width of fifty feet, from Walnut to Locust street; Upshur street, as now opened and built upon, from New Market street eastward to the dead end; Windrim avenue, of the width of sixty feet, from Twentieth street to Wayne avenue: *Provided*, That before the said Blair and Upshur streets shall be placed on the plan, satisfactory evidence shall be furnished, within one year from the approval of this ordinance, that said streets have been opened and used for a period of at least twenty-one years prior to May 3, 1909; and before said Carpenter, Lambert and Hanson streets shall be placed on the plan, the owners of property within the lines thereof shall, within one year from the approval of this ordinance, dedicate the beds of the same to the City on the lines and grades as confirmed by the Board of Surveyors; and before said Webster street shall be placed on the plan, the owners of at least nine-tenths of the bed of the street shall, within one year from the approval of this ordinance, dedicate the same to the City on the lines and grades as confirmed by the Board of Surveyors.

APPENDIX No. 51.

AN ORDINANCE

To extend the time within which the beds of Prentice, Daggett, Sixty-fifth, Simpson, Haddington and Jefferson streets may be dedicated to the City.

WHEREAS, By ordinance approved the tenth day of August, A. D. 1910, the Department of Public Works (Board of Surveyors) was authorized and directed to place on the City plan the following streets, to wit: Prentice, Daggett, Sixty-fifth, Simpson, Haddington and Jefferson: *Provided*, That before said streets should be placed on said plan, the owners of property within the lines thereof should within one year from the approval of the ordinance dedicate the beds of the same to the City on the lines and grades as confirmed by the Board of Surveyors, or should indemnify the City against all damages or claims for damages which might arise from placing said streets on the plan and their subsequent opening to confirmed lines and grades;

AND WHEREAS, By ordinance approved the tenth day of November, A. D. 1910, the former ordinance with respect to the width of Daggett street was amended;

AND WHEREAS, It was found impossible, on account of the absence of Frederic Courtland Penfield and of Anne W. Penfield from the country, to dedicate said streets to the City within the time limits set by the aforesaid ordinance; therefore,

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the time within which dedication to the City of Philadelphia of the beds of Prentice street, between Lansdowne and Lebanon avenues; of Daggett street, between Lansdowne and Lebanon avenues; of Daggett street, between Lebanon and Malvern avenues; of Sixty-fifth street, between Lansdowne and Lebanon avenues; of Sixty-fifth street, between Lebanon and Malvern avenues; of Simpson street, between Lansdowne and Lebanon avenues; of Simpson street, between Lebanon and Malvern avenues; of Haddington street, between Sixty-fourth and Prentice streets; and of Jefferson street, between Sixty-fourth and Daggett streets, was to have been made in accordance with the ordinances approved August 10, 1910, and November 10, 1910, respectively, be, and the same is hereby extended for a further period not to exceed sixty days from the official approval of this ordinance, so as to enable the Board of Surveyors to approve said deed of dedication within said sixty days.

APPENDIX No. 56.

APPENDIX No. 59.

OFFICE OF THE MAYOR.

Philadelphia, February 29, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—I have the honor to send you herewith an ordinance to make an appropriation incident to the meeting of the Twelfth International Congress of Navigation, to be held in Philadelphia, commencing May 23, 1912.

This ordinance was originally introduced by Hon. John E. Reyburn on November 2, 1911.

I would strongly urge the earliest possible passage of this ordinance. It will mean much for Philadelphia to have the representatives of nearly forty different nations come to our City and acquaint themselves with the natural advantages we have as a seaport and manufacturing and distributing center. The proposed expenditure for the improvement and deepening of our harbor, authorized by Congress, should be an additional incentive for us to show that we are wide awake to the possibilities of Philadelphia as an important seaport.

Bespeaking for this ordinance your immediate and favorable action, I am,

Respectfully yours,

RUDOLPH BLANKENBURG,

Mayor.

AN ORDINANCE

Making an appropriation to the Finance Committee of the Organizing Commission of the Twelfth International Congress of Navigation, to help defray the expenses incident to the meeting of said Congress, to be held in Philadelphia during the year 1912.

WHEREAS, The Permanent International Association of Navigation Congresses, acting upon the invitation of the Secretary of State of the United States and the Mayor of the City of Philadelphia, will hold its next session in the City of Philadelphia during the year 1912;

AND WHEREAS, The object of the Permanent International Association of Navigation Congresses is to promote the progress of inland and maritime navigation, continuing the work of the Eleven International Congresses, the last of which was held in St. Petersburg, Russia, in the year 1908;

AND WHEREAS, There will be delegates from approximately forty different nations attending this Congress, as well, it is hoped, as a considerable part of the two thousand members of the Association;

AND WHEREAS, It has always been customary in connection with these Congresses to organize visits of inspection to leading points of river and harbor, engineering and industrial interests in the country in which each Congress is held, the expenses of these being paid by the country or locality visited, and as it is regarded as very desirable that many such points in the City of Philadelphia and vicinity be visited by the distinguished members and delegates attending;

AND WHEREAS, The City of Philadelphia will be materially benefited and widely advertised by the inspection of her leading industries and her waterway and other public improvements, in progress and proposed;

AND WHEREAS, The United States Government appropriated fifty thousand (\$50,000) dollars and the State of Pennsylvania, by an Act of Assembly approved the fourteenth day of June, 1911, twenty-five thousand (\$25,000) dollars with which to defray part of the expenses of this Congress; therefore,

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the sum of fifty thousand (\$50,000) dollars, or so much thereof as may be necessary, be, and the same is hereby appropriated to

the Finance Committee of the Organizing Commission of the Twelfth International Congress of Navigation (which Commission was appointed by his Honor, the Mayor), to supplement the Federal appropriation of fifty thousand (50,000) dollars and the State appropriation of twenty-five thousand (25,000) dollars, in defraying the proper and necessary expenses of the forthcoming Twelfth International Congress of Navigation, to be held in the City of Philadelphia during the year 1912.

APPENDIX No. 60.

OFFICE OF THE MAYOR.

Philadelphia, February 29, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—I have the honor of transmitting to you herewith an ordinance, prepared by the Department of Supplies, for additional appropriations for the year 1912; these appropriations to be taken out of the two million dollars and upwards brought forward from 1911, as reported by City Controller Walton.

I also enclose a letter received from Director Lock, of the Department of Supplies.

Will you kindly give this request due consideration, as there is an urgent necessity for many of the items.

Very respectfully yours,

RUDOLPH BLANKENBURG,

Mayor.

Philadelphia, February 29, 1912.

HON. RUDOLPH BLANKENBURG,

Mayor of the City of Philadelphia.

MY DEAR MAYOR:—I send you herewith an ordinance for an additional appropriation to this Department for the

balance of the year 1912. This is to be taken out of the two million and odd dollars brought forward from 1911, as reported by City Controller Walton.

I would also call your attention to the new form of the ordinance, as it provides for Department Items of appropriation instead of, as heretofore, by Bureau Items of appropriation. This is in accordance with the suggestion which I have made to you in my previous reports.

Very truly yours,

HERMAN LOEB.

Director.

Provided, All employees in this Department now or hereafter employed shall be citizens of the United States and bona fide residents of this City at least one year prior to their employment, and shall remain said bona fide residents during such employment.

APPENDIX No. 61.

OFFICE OF THE MAYOR.

Philadelphia, February 29, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—I have the honor of enclosing herewith a letter from Morris L. Cooke, Esq., Director of the Department of Public Works, asking for an appropriation of two hundred and two thousand four hundred (202,400) dollars for the maintenance of macadam and country roads.

The letter explains itself. I would request your prompt consideration of this request.

Respectfully yours,

RUDOLPH BLANKENBURG,

Mayor.

—

DEPARTMENT OF PUBLIC WORKS.

Philadelphia, February 29, 1912.

HON. RUDOLPH BLANKENBURG,
Mayor of the City of Philadelphia.

MY DEAR SIR:—There is an urgent necessity that the ordinance introduced at the last session of Councils, appropriating \$202,400 for the maintenance of macadam and country roads, should be passed at the first possible opportunity. There is no other object of expenditure under the direction of this Department that is more pressing.

I need not remind you of the present condition of our unpaved streets and roads. Repairs to them can best be made in the spring of the year. Many of these roads are in such condition that accidents may at any time occur,

and owing to the lack of care they have received in the immediate past, they are at a point where it is absolutely necessary to spend money on them at once, in order to keep them from falling much below their present level.

Mr. Connell, who is one of the country's experts on the building and maintenance of thoroughfares of this class, takes up his work to-morrow as Chief of the Bureau of Highways, and it is important that funds be immediately placed at the disposal of the Department for making a beginning on this work. I feel warranted in assuring you that if City Councils will pass this ordinance at once, in expending the funds appropriated the Department will obtain as fair value as is obtained for this kind of work in any city in this country.

At a time when the improvement of roads of this class has been a matter of international interest, and while our mileage has grown very rapidly, our appropriations have as steadily dwindled.

A tabulation of all the moneys expended on country roads for maintenance, resurfacing, new surfacing and sprinkling, shows that the average prior to 1905 was \$475,000 per annum; between 1905-1909 it was \$265,000, and since then \$170,000 annually. Even this poor showing is misleading, because, on the item of maintenance alone, the appropriations prior to 1905 were \$245,000 per annum; from 1905-1909 it was \$130,000, and in the last two years \$45,000. I think it safe to say that no other municipality in this country has spent proportionately less for this object in the last few years than has Philadelphia.

From the correspondence in this Department, I am led to believe that there is no other single object of expenditure that appeals more strongly to our citizens than this ordinance appropriating approximately \$200,000, which can be immediately spent under favorable auspices for starting the campaign for better macadam and country roads, and keep Philadelphia abreast with the best thought in all up-to-date modern communities.

Moneys for this purpose should obviously not come

out of a loan, and as funds are now available for the purpose, there seems to be every reason for urging Councils to act favorably on this much needed improvement.

Yours very sincerely,

M. L. COOKE,

Director.

APPENDIX No. 62.

OFFICE OF THE MAYOR.

Philadelphia, February 29, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—I have the honor of transmitting herewith a letter received from Alba B. Johnson, Esq., in *re* the Lemon Hill Association, regarding a pavilion which they have occupied for a number of years. Will you kindly give his recommendation due consideration? The work done by this non-sectarian organization is excellent and should have all the support possible.

Respectfully yours,

RUDOLPH BLANKENBURG,

Mayor.

Philadelphia, January 23, 1912,

HON. RUDOLPH BLANKENBURG,
Mayor of the City of Philadelphia.

DEAR SIR:—I write to confirm the interview which the Rev. James B. Ely and I had with you yesterday.

The non-sectarian Christian work of the Lemon Hill Association began ten years ago, and since then religious services have been conducted at Lemon Hill during the summer months of each year. The Sunday meetings

have grown to an average attendance of 5,000 per week. For the past seven years the poor children of the City have been conducted to Lemon Hill in special trolley cars on Saturday afternoons during the summer months, provided with ice cream and cake, and led in a patriotic Christian service. About 300 volunteer workers participate in this work.

The Fairmount Park Commission has generously permitted us to utilize the music pavilion for these meetings. The pavilion is without covering to protect audiences from the heat of the sun and from storms. At our own expense we have, as often as necessary, erected a canvas covering over the pavilion, the benefit of which not only accrues to us, but to those who attend the concerts given in the pavilion during the week. The pavilion, however, is unfortunately situated for musical concerts, or for any other purpose, because it is close to the tracks of the Philadelphia and Reading and Baltimore and Ohio Railroads, whose locomotives are constantly passing, when it is impossible to hear either music or the sound of a speaker's voice.

I realize that it is no part of the duty of the City to provide places of worship for the people, and I do not suggest any expenditure for this object alone. The construction of a music pavilion at Lemon Hill was proper, to enable the people to secure the maximum benefit from Fairmount Park, and if this expenditure was a proper one, it is also proper that the pavilion should be provided with a roof to shelter those using it from sun and storm.

I therefore take the liberty of requesting that due consideration should be given to providing, at the cost of the City, a suitable roof for the Lemon Hill pavilion. If this should lead to the conclusion that the present position of the pavilion is unsuitable, and that a new pavilion could be constructed at very little increased cost over that for providing a roof for the present pavilion, then I suggest that consideration should be given to a site further to the west, on that part of Lemon Hill overlooking the river, and away from the noises of the railroads.

The continued use of this pavilion for the services of the Lemon Hill Association is of untold benefit to great numbers of people, as it is estimated that one hundred thousand persons gather each season at Lemon Hill, both for the non-sectarian services and for the musical concerts given during the week. Should it appear to be desirable to erect a new structure, I recommend that such building should be of sufficient size to accommodate at least four thousand people.

If I have not fully covered the matter, I shall be glad to supplement the above with any further information desired.

Thanking you in advance for your kind consideration of the subject, I remain,

Very truly yours,

ALBA B. JOHNSON,

Chairman, Lemon Hill Committee.

RESOLUTION

Of request to the Director of the Department of Public Works to consider the advisability and cost of installing a high pressure fire main system in the mill district of the Thirty-eighth Ward.

Resolved, By the Select and Common Councils of the City of Philadelphia, That the Director of the Department of Public Works be requested to consider the advisability and cost of installing a high pressure fire main system in the mill district of the Thirty-eighth Ward, and report to these Councils the result of such investigation.

APPENDIX No. 66.

OFFICE OF THE MAYOR.

Philadelphia, March 7, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—I herewith transmit to you a letter and ordinance, prepared by the Department of Supplies, for your consideration.

I trust that you will see your way clear to grant the request of the Director of the Department of Supplies.

Yours respectfully,

RUDOLPH BLANKENBURG,

Mayor.

DEPARTMENT OF SUPPLIES.

Philadelphia, February 19, 1912.

HON. RUDOLPH BLANKENBURG,

Mayor of the City of Philadelphia.

DEAR MAYOR:—I herewith forward an ordinance to make an additional appropriation of \$600 to the Department of Supplies, for the year 1912, and ask that you kindly urge Councils of the necessity for immediate action upon the same, as it is to be used in purchasing apparatus, chemicals and materials incident to the tests in the laboratory of the Bureau of Surveys, the use of which has been very kindly tendered to this Department.

Very truly yours,

HERMAN LOEB,

Director.

AN ORDINANCE

To make an additional appropriation to the Department of Supplies, for the year 1912.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the sum of six hundred (600) dollars be and the same is hereby appropriated to the Department of Supplies, for the year 1912, viz.: Department of Public Works (Bureau of Surveys): To Item 13½ (new), for chemicals, apparatus, and supplies for the Testing Laboratory, six hundred (600) dollars.

APPENDIX No. 67.

OFFICE OF THE MAYOR.

Philadelphia, March 7, 1912.

To the Presidents and Members of the Select and Common Councils of the City of Philadelphia.

GENTLEMEN:—I have the honor to present to you herewith “An Ordinance to make an additional appropriation to the Civil Service Commission, for the year 1912,” having carefully examined their request.

I recommend an early passage of this ordinance. The Board has already exhausted the item of \$500 for stamps and incidentals, and has no money to buy postage stamps at the present time.

I would ask your Honorable Bodies to give a hearing to Frank M. Riter, Esq., President of the Board, who will explain to you in detail the urgent necessity of passing this ordinance.

Respectfully yours,

RUDOLPH BLANKENBURG,

Mayor.

AN ORDINANCE

To make an additional appropriation to the Civil Service Commission, for the year 1912.

AN ORDINANCE

Making an appropriation to the Mayor towards defraying the expenses of the Twelfth International Congress of Navigation, incident to the meeting of said Congress, to be held in Philadelphia.

WHEREAS, The Permanent International Association of Navigation Congresses, acting upon the invitation of the Secretary of State of the United States and the Mayor of the City of Philadelphia, will hold its next session in the City of Philadelphia, during the year 1912;

AND WHEREAS, The object of the Permanent International Association of Navigation Congresses is to promote the progress of inland and maritime navigation, continuing the work of the eleven International Congresses, the last of which was held in St. Petersburg, Russia, in the year 1908;

AND WHEREAS, There will be delegates from approximately forty different nations attending this Congress, as well, it is hoped, as a considerable part of the two thousand members of the Association;

AND WHEREAS, It has always been customary, in connection with these Congresses, to organize visits of inspection to leading points of river and harbor, engineering and industrial interests in the country in which each Congress is held, the expenses of these being paid by the country or locality visited, and as it is regarded as very desirable that many such points in the City of Philadelphia and vicinity be visited by the distinguished members and delegates attending;

AND WHEREAS, The City of Philadelphia will be materially benefited and widely advertised by the inspection of her leading industries, and her waterway and other public improvements, in progress and proposed;

AND WHEREAS, The United States Government appropriated fifty thousand (50,000) dollars, and the State of Pennsylvania, by an Act of Assembly, approved the fourteenth day of June, 1911, twenty-five thousand (25,000) dollars, with which to defray part of the expenses of this Congress; therefore,

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the sum of fifty thousand (50,000) dollars, or so much thereof as may be necessary, be, and the same is hereby appropriated to the Mayor, to Item 47, towards defraying the expenses of the Twelfth International Congress of Navigation, to supplement the Federal appropriation of fifty thousand (50,000) dollars and the State appropriation of twenty-five thousand (25,000) dollars.

APPENDIX No. 75.

Philadelphia, March 7, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Highways, to whom was referred the bill entitled "An Ordinance to permit John B. Stetson Company to construct an iron bridge over and across Montgomery street, east of Fourth street," respectfully report that we have examined and approve the same, and submit for your consideration the annexed ordinance and ask its passage.

Robert Smith (*Ch'n*), John W. Whitaker, Wm. Boal, H. J. Trainer, Wm. H. Cross, N. L. Jones, Fred. Schwarz, Jr., Wm. J. Harrington, Clarence S. Eldredge, Charles Seger, W. A. Miller, Chas. A. Gillingham, Wm. E. Finley, Edw. W. Patton, J. E. Lennon.

AN ORDINANCE

To permit John B. Stetson Company to construct an iron bridge over and across Montgomery street, east of Fourth street.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That permission be, and

is hereby granted to John B. Stetson Company to construct an iron bridge over and across Montgomery street, at a point about thirty feet east of Fourth street, for the purpose of connecting their factory with their warehouse, to be used exclusively in the conduct of their own business. The said bridge not to exceed thirteen feet in width and have a clearance of at least forty-one feet four inches above the curb height; and shall be constructed under the supervision of the Department of Public Works, in accordance with plans to be approved by said Department. Before exercising any privilege under this ordinance, the said John B. Stetson Company shall first enter into an agreement, satisfactory to the City Solicitor, protecting the City from all damages by reason of the construction and maintenance of said bridge, and shall pay into the City Treasury the sum of fifty (50) dollars for the publication of this ordinance. The privilege hereby granted shall be revocable at any time and the bridge removed upon the passage of an ordinance to that effect.

APPENDIX No. 84.

Philadelphia, March 7, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Highways, to whom was referred the bill entitled “An Ordinance to permit John B. Stetson Company to construct and maintain a pipe duct under and across Montgomery street, east of Fourth street,” respectfully report that we have examined and approve the same, and submit for your consideration the annexed ordinance and ask its passage.

Jr., Wm. J. Harrington, Clarence S. Eldredge, Charles Seger, W. A. Miller, Chas. A. Gillingham, Wm. E. Finley, Edw. W. Patton, J. E. Lennon.

AN ORDINANCE

To permit John B. Stetson Company to construct and maintain a pipe duct under and across Montgomery street, east of Fourth street.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That permission be, and is hereby granted to John B. Stetson Company to construct and maintain a pipe duct under and across Montgomery street, at a point about thirty feet east of Fourth street, connecting their factory with a building now in course of construction. The said pipe duct to have an inside width not exceeding six feet, and shall be used exclusively in the conduct of the business of said John B. Stetson Company, and shall be constructed under the supervision of the Departments of Public Works and Public Safety, and in accordance with plans to be approved by the Board of Highway Supervisors, and without interfering with any municipal or other structures in said street. Before exercising any privilege under this ordinance, the said John B. Stetson Company shall first file an agreement and bond in the sum of one thousand (1,000) dollars, satisfactory to the City Solicitor, protecting the City from all damages by reason of the construction and maintenance of said duct, and agreeing to replace and maintain the pavement torn up by reason of said work in a manner satisfactory to the Director of the Department of Public Works, and shall pay into the City Treasury the sum of fifty (50) dollars for the publication of this ordinance. The privilege hereby granted shall be revocable at any time and the duct removed upon the passage of an ordinance to that effect.

APPENDIX No. 85.

Philadelphia, March 7, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Highways, to whom was referred the bill entitled “An Ordinance to permit the Manufacturers’ Club of Philadelphia to construct vaults under the sidewalks in front of their property on Broad, Walnut and Moravian streets,” respectfully report that we have examined and approve the same, and submit for your consideration the annexed ordinance and ask its passage.

Robert Smith (*Ch’n*), John W. Whitaker, Wm. Boal, H. J. Trainer, Wm. H. Cross, N. L. Jones, Fred. Schwarz, Jr., Wm. J. Harrington, Clarence S. Eldredge, Charles Seger, W. A. Miller, Chas. A. Gillingham, Wm. E. Finley, Edw. W. Patton, J. E. Lennon.

AN ORDINANCE

To permit the Manufacturers’ Club of Philadelphia to construct vaults under the sidewalks in front of their property on Broad, Walnut and Moravian streets.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That permission be, and is hereby granted to the Manufacturers’ Club of Philadelphia to construct vaults in front of their property under the sidewalks on Broad street, between Walnut and Moravian streets, and on Walnut and Moravian streets, from Broad street westward about one hundred feet west of the west house line on Broad street. The said vaults to be constructed under the supervision and to the satisfaction of the Department of Public Works, in accordance with plans to be approved by the Board of Highway Supervisors, and shall be so constructed as to leave a duct not less than four feet in width next to the curb line on

said Broad and Walnut streets, for the installation of such underground structures as the City may see fit to place therein. Before exercising any privilege under this ordinance, the said Manufacturers' Club of Philadelphia shall first enter into an agreement, satisfactory to the City Solicitor, indemnifying the City against all damages by reason of the construction and maintenance of said vaults, and remove the same and restore the sidewalk to its present condition at any time within one year from the passage of an ordinance to that effect, and shall pay into the City Treasury the sum of one hundred (100) dollars for the permit for the construction of said vaults, in lieu of all other payments, and fifty (50) dollars for the publication of this ordinance: *Provided*, That the provisions of the ordinance approved March 31, 1902, requiring four feet of covering shall not apply to this ordinance.

All ordinances or parts of ordinances inconsistent herewith be, and the same are hereby repealed.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works be authorized and directed to notify the owners of property over and through which Delaware avenue, to its full width, from Christian street to Washington avenue, will pass, that at the expiration of three months from the date of said notice said street will be required for public use.

SECT. 2. The Mayor of the City is hereby authorized and directed to enter security, on behalf of the City of Philadelphia, for the payment of any damages which may be assessed by reason of the opening of said street; upon the filing of said bond and at the expiration of the said three months the Director of the Department of Public Works shall forthwith proceed to open said street.

APPENDIX No. 88.

RESOLUTION

Of request to the Director of the Department of Public Works to permit Kenneth Wilson to lay a temporary terra cotta drain in Front street, north of Tioga street.

Resolved, By the Select and Common Councils of the City of Philadelphia, That the Director of the Department of Public Works be requested to permit Kenneth Wilson to lay a temporary terra cotta drain in Front street, from a point about one hundred and fifty feet north of Tioga street to sewer at Front and Tioga streets. The

said drain to be laid under the supervision and to the satisfaction of the Department of Public Works (Bureau of Surveys) without expense to the City of Philadelphia, and shall not release the owners of property from paying the regular frontage charges whenever a sewer shall be laid in said street.

APPENDIX No. 89.

RESOLUTION

Of request to the Director of the Department of Public Works to confer with the officials of the Philadelphia and Reading Railway Company, relative to the removal of grade crossings, between Allegheny avenue and School lane, in the Thirty-eighth Ward.

Resolved, By the Select and Common Councils of the City of Philadelphia, That the Director of the Department of Public Works be requested to confer with the officials of the Philadelphia and Reading Railway Company, for the purpose of ascertaining what can be done to remove the grade crossings on the line of said railway, between Allegheny avenue and School lane, in the Thirty-eighth Ward, with the estimated cost of such work and the proportion to be paid by the City and the railway company, and report to these Councils the result of such investigation as speedily as possible.

APPENDIX No. 90.

RESOLUTION

Of request to the Mayor to have prepared and furnish to Councils an estimate of the cost of constructing subways in Broad and other streets.

WHEREAS, The ordinance now pending for the building of a subway with elevated spurs, if passed, will place

in the possession of private capitalists a valuable franchise, which from the experience of many cities should be retained by the City for the use of the whole people, permitting, if possible, more than one company to use said subway;

AND WHEREAS, At the election held in November last, a constitutional amendment was adopted under the supposition that it would permit the City of Philadelphia to borrow money in order to construct a subway to be owned and leased by the City;

AND WHEREAS, Before any steps can be taken to take advantage of the provisions of the said constitutional amendment an estimate of the cost of building such subways must first be made; therefore,

Resolved, By the Select and Common Councils of the City of Philadelphia, That the Mayor be requested to have prepared and send to Councils, at the earliest practical moment, an estimate: first, of the cost of a two or four track subway under Broad street, from City Hall to Olney avenue; second, a one or two track subway under Arch street, from Broad to Sixteenth street; Sixteenth street, from Arch to Walnut street; Walnut street, from Sixteenth to Twelfth street; Twelfth street, from Walnut to Arch street; and Arch street, from Twelfth to Broad street; third, a two track subway under Broad street, from City Hall to League Island Park; fourth, a two track subway under Lehigh avenue, from Broad street to Kensington avenue.

APPENDIX No. 91.

RESOLUTION

Authorizing the Sub-Committee of the Joint Committees on Finance and Street Railways considering ordinance to authorize the construction of a subway and elevated railroad to employ a stenographer.

Resolved, By the Select and Common Councils of the City of Philadelphia, That the Sub-Committee of the

Joint Committees on Finance and Streets Railways considering ordinance to authorize the construction of a subway and elevated railroad, be permitted to employ a stenographer to record the proceedings of said Sub-Committee, and pay for the same out of Item 7 in the annual appropriation to the Clerks of Councils, for the year 1912.

APPENDIX No. 92.

OFFICE OF THE MAYOR.

Philadelphia, March 21, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—I am sending herewith letter from Dr. Joseph S. Neff, Director of the Department of Public Health and Charities, asking for an appropriation of five thousand (5,000) dollars towards defraying the expenses of the Baby Saving Show.

I recommend the adoption of an ordinance appropriating this amount as requested.

Yours respectfully,

RUDOLPH BLANKENBURG,

Mayor.

—

DEPARTMENT OF PUBLIC HEALTH AND CHARITIES.

Philadelphia, March 6, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—Committees from the County Medical Society of Philadelphia, the Pediatric Society, associated with numerous private philanthropic associations engaged in child saving work, have co-operated with the Department of Public Health and Charities in its endeavor to reduce unnecessary infant mortality in Philadelphia, and have organized an executive committee to hold a "Baby Saving Show," to be held in some central location, from May 18th to May 26th, and, secondly, shows in congested centers of population in outlying districts. It is estimated that the expense of this undertaking will be in the neighborhood of \$11,000. The Executive Committee has to-day unanimously passed a resolution asking the

City to play its full part in this undertaking by the appropriation of \$5,000 toward defraying the expenses. The balance of the money will be collected through private sources. As twenty per cent. of the total deaths in the United States is of infants under one year of age, the people have been aroused to the importance of the subject: associations, private, municipal, State and national, have been organized for the purpose of the study and prevention of infant mortality.

The alleviation of suffering, the prevention of disease, and the cost of sickness in drug bills, doctors' bills and undertakers' bills, in addition to the loss of the wage earner caused by sickness in the family, and the money value of life must be considered as an economic problem of great value to the taxpayers of the City.

This exhibition will be along the lines of the Tuberculosis Exhibition of a few years ago and the Milk Show of last spring, both of which were productive of magnificent results, as shown by the reports of these exhibitions and the large number of citizens who attended them. I therefore request your Honorable Bodies to make an appropriation to this Department of five thousand dollars for this purpose.

Very respectfully yours

JOS. S. NEFF,

Director.

APPENDIX No. 93.

OFFICE OF THE MAYOR.

Philadelphia, March 21, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—As the Presidents of your Honorable Bodies have been advised, the matter of developing a plan for better rapid transit facilities has been receiving

the attention of the Administration for some time past. We have consulted with several leading subway engineers and contractors, and with men who have made a special study of the subject. From them we have obtained such information in regard to the cost of construction and the probable earning power of the several proposed lines as was possible. Of course, in the absence of a detailed study and report, no engineer could be induced to give an opinion as to the cost of construction of any one line or to estimate its earnings.

Averaging the rough estimates or "guesses" of competent judges, it may, perhaps, be assumed, for the purposes of a preliminary consideration of the the subject, that a two-track subway in Philadelphia, where no unusual conditions existed, and where damage to abutting property would not be a factor, would cost somewhere in the neighborhood of \$2,000,000 a mile, and for a four-track subway, from \$3,250,000 to \$4,000,000 a mile. You will understand that this is only speaking in the broadest and most general way, and that cost would not be identical on any two streets, or on any two different sections of the same street, and that any approximate estimate of cost could only be made after full and careful study of the topography and geology, and of the drainage and other conditions to be encountered. The rough estimates of the experts as to the increased cost of doubling the number of tracks in a subway vary from about fifty per cent. to almost one hundred per cent.

I would, however, call your attention to the fact that the question of cost is only one of the many equally important questions which should be exhaustively studied before any conclusion is reached upon this subject, which is of such vital importance not only to the present generation, but to future generations and to the whole growth and development of our City. The built-up area of Philadelphia is unusually large in proportion to population; from its southwestern to its northeastern boundary is an air-line distance of 18 miles; it includes many civic centers and localized communities, and over 20 per cent. of its population resides outside of the present boundaries

of the City. These facts make the question of intra-urban transit particularly important, and particularly difficult of any hasty or easy solution.

In my judgment, action on the ordinance now before you, or action of any kind on any phase of the subway proposition should be taken only after careful and complete study of the whole subject. It is manifest that there should be consideration of the needs of the various sections of the City; of how these needs can best be met; of the probable cost of meeting them; and of the return that may be expected upon this cost. Each of these four general heads includes sub-divisions, too numerous for mention here, and each must be considered with regard to the future as well as to the immediate present.

Careful consideration should be given to questions of general policy, to rates of fare and possible exchange facilities; to the terms of any ordinance or contract; the duration of the franchise; the future extension of the initial construction; and the method by which the City may be assured that any plan now adopted would facilitate and not hamper future subway construction.

This condensed outline of the questions to be studied and determined makes it evident that neither your Honorable Bodies nor the Executive Officers of the Municipal Government can fairly be asked to struggle with a task so onerous, so important, and so technical. At the same time, I feel that the task should not be entirely delegated to others, and that it should be expedited in every way possible. I therefore take the liberty of making to your Honorable Bodies a suggestion which is the result of much earnest thought upon the subject. This suggestion is that there should be organized in the Bureau of Surveys a temporary Division of Subways; that the Permanent Committee on Comprehensive Plans be asked to appoint from its membership a Temporary Committee on Transit Facilities; and that an immediate appropriation of \$50,000 be made to the Department of Public Works, in order that the Director of that Department may be enabled to furnish to the Committee on Transit Facilities not only local data, collected by employees of his Depart-

ment, but also place at their disposal the first engineering talent and experience of the country.

We feel that by getting together in the Bureau of Surveys a corps of Philadelphians familiar with local conditions, and directing and supplementing their efforts with those of experts who have had experience in other cities, both in this country and abroad, we will obtain the most thorough-going study possible.

While to complete this inquiry will probably require twelve to eighteen months, there is no reason, so far as I can see now, why the necessary data on any particular part of the plan should not be available at a much earlier date. By giving immediate study of such portions of the work as are urgent, we can furnish your Honorable Bodies, from time to time, preliminary recommendations with a reasonable assurance that these recommendations will be in accordance with the final report. A report prepared and formulated in this way would command the respect and assent of our citizens, and its conclusions would command the confidence of the investing public.

I herewith enclose ordinance appropriating fifty thousand dollars to the Department of Public Works for the purposes stated in this communication, and ask your careful consideration of the same.

Yours respectfully,

RUDOLPH BLANKENBURG,

Mayor.

AN ORDINANCE

To authorize the Department of Public Works to investigate the problem of improved transit facilities throughout the City and suburbs, by means of subways or other improved methods; to make a report and submit recommendations covering the same; to employ the assistance necessary to make the said investigations, report and recommendations, and to make an appropriation for all expenses in connection therewith.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works be, and is hereby authorized and directed to investigate the problems of improved transit facilities with a view of determining advisable means for obtaining rapid, efficient and cheap transit throughout the City and its suburbs, by use of subways or other approved modern methods; to consider fully the question of public and private ownership and the financial and economic aspects of the problem; to prepare a report covering its investigations, and to recommend ways and means whereby convenient and rapid transit, commensurate with the present and future needs of the entire City and its suburbs within a reasonable number of years may be secured.

SECT. 2. The Director of the Department of Public Works is hereby authorized to employ such engineers, experts and specialists as may be requisite, and also to appoint such engineers and assistants as may be required for making surveys, investigations, examination of traffic conditions here and elsewhere, and in the preparation of estimates and recommendations; all expenses for salaries, expert fees, tests, transportation and incidental expenses not otherwise provided for shall be paid out of the appropriation for the work herein authorized.

SECT. 3. The sum of fifty thousand (50,000) dollars is hereby appropriated to the Department of Public Works, Bureau of Surveys, for the work herein authorized.

APPENDIX No. 94.

Philadelphia, March 21, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance, to which was referred the bill entitled "An Ordinance to authorize the creation of a loan or loans by the City of Philadelphia

in the sum of four million two hundred and twenty-five thousand (4,225,000) dollars for general municipal purposes, to be expended for the purchase of materials and supplies and the maintenance of the various Bureaus in the Departments of Public Works, Public Safety, Public Health and Charities, Supplies, Wharves, Docks and Ferries, Mayor, City Commissioners and Commissioners of Fairmount Park, for the year 1912, and for the construction of main and branch sewers, the grading and paving of streets, and the improvement of the water supply in West Philadelphia," accompanied with a resolution to publish a loan bill, respectfully report that they have carefully considered the same, and return the annexed bill with a favorable recommendation and ask its passage.

John P. Connelly (*Ch'n*), John H. Hahn, William J. McCloskey, G. P. Darrow, Chas. A. Gillingham, E. Buchholz, Watson D. Upperman, W. Edwin Bonnick, Thomas J. Morton, John H. Baizley, John F. Flaherty, Robert S. McElroy, George D'Autrechy, Edw. W. Patton, G. W. Kucker

AN ORDINANCE

To authorize the creation of a loan or loans by the City of Philadelphia in the sum of four million two hundred and twenty-five thousand (4,225,000) dollars for general municipal purposes, to be expended for the purchase of materials and supplies and the maintenance of the various Bureaus in the Departments of Public Works, Public Safety, Public Health and Charities, Supplies, Wharves, Docks and Ferries, Mayor, City Commissioners and Commissioners of Fairmount Park, for the year 1912, for the construction of main and branch sewers, the grading and paving of streets and the improvement of the water supply in West Philadelphia.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Mayor of the City be, and he is hereby authorized to borrow, at such times and in such proportions as in his judgment the best interests of the City demand, from the highest bidder

or bidders, either by popular subscription or by advertisement, at not less than par, on the faith and credit of the City of Philadelphia, a sum or sums which in the aggregate shall not exceed four million two hundred and twenty-five thousand (4,225,000) dollars, to be expended as provided for in the second section of this ordinance.

SECT. 2. The money raised by the loan or loans authorized by the first section of this ordinance shall be expended for the purchase of materials and supplies and the maintenance of the various Bureaus in the Departments of Public Works, Public Safety, Public Health and Charities, Supplies, Wharves, Docks and Ferries, Mayor, City Commissioners and Commissioners of Fairmount Park, for the year 1912, and for the construction of main and branch sewers, the grading and paving of streets and the improvement of the water supply in West Philadelphia.

SECT. 3. Interest on said loan at a rate not exceeding four per centum per annum shall be paid by the City of Philadelphia, half yearly, on the first days of the months of January and July, at the office of the fiscal agency of the City of Philadelphia. Certificates of the said loan shall be in usual form, in such amounts as the lender may require, in the sums of one hundred (100) dollars and its multiples, in registered or coupon form, and it shall be expressed in the said certificates that the loan therein mentioned is payable in thirty years after date thereof, and that the principal and interest on said loan are payable in lawful money of the United States free from all taxes.

SECT. 4. Whenever any loan shall be created by virtue of this ordinance, there is, by force of this ordinance, an annual tax levied of six and one-half ($6\frac{1}{2}$) per centum on the par value of such certificates so issued to pay the interest, also the principal, of such loan within thirty years, and there is hereby annually appropriated to the Commissioners of the Sinking Fund, out of the tax so collected, a sum sufficient to pay the interest on said loan, also the principal thereof, within thirty years and as the same become payable. The appropriation for interest to be paid semi-annually, and for the Sinking Fund quarterly to the said Commissioners.

RESOLUTION

To publish a loan bill.

Resolved, By the Common Council of the City of Philadelphia, That the Chief Clerk of Common Council be authorized to publish in two of the newspapers of the City of Philadelphia, daily, for four weeks, the draft of the ordinance introduced in Common Council by the Committee on Finance this day, entitled "An Ordinance to authorize the creation of a loan or loans by the City of Philadelphia in the sum of four million two hundred and twenty-five thousand (4,225,000) dollars for general municipal purposes, to be expended for the purchase of materials and supplies and the maintenance of the various Bureaus in the Departments of Public Works, Public Safety, Public Health and Charities, Supplies, Wharves, Docks and Ferries, Mayor, City Commissioners and Commissioners of Fairmount Park, for the year 1912, and for the construction of main and branch sewers, the grading and paving of streets, and the improvement of the water supply in West Philadelphia," and that the said Clerk at a meeting of Common Council after the expiration of four weeks from the first day of said publication, shall present to Common Council one of each of said newspapers for every day in which the said publication shall have been made.

APPENDIX No. 95.

Philadelphia, March 21, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Director of the Department of Public Safety (Bureau of City Property) be, and he is hereby authorized and directed to offer at public sale and sell to the highest bidder: All that certain lot or piece of ground, beginning at the intersection of the southwest corner of Fifty-fifth street and Osage avenue, in the Forty-sixth Ward of the City of Philadelphia; thence extending westerly along the southerly side of Osage avenue seven feet seven and seven-eighths inches to a point; thence south forty-three degrees forty-two minutes forty-eight seconds east nine feet four and five-eighths inches to a point in the westerly side of Fifty-fifth street; thence extending northwardly along the westerly side of Fifty-fifth street five feet five inches to the southerly side of Osage avenue and place of beginning.

APPENDIX No. 98.

Philadelphia, March 21, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance, to which was referred a bill, together with sundry communications in relation thereto, entitled "An Ordinance to purchase lot of ground in the Forty-sixth Ward for fire house purposes," respectfully report that they have carefully considered the same, and return the annexed bill with a favorable recommendation and ask its passage.

John P. Connelly (*Ch'n*), John H. Hahn, William J. McCloskey, G. P. Darrow, Chas. A. Gillingham, E. Buchholz, Watson D. Upperman, W. Edwin Bonnick, Thomas J. Morton, John H. Baizley, John F. Flaherty, Robert S. McElroy, George D'Autrechy, Edw. W. Patton, G. W. Kueker

AN ORDINANCE

To purchase a lot of ground in the Forty-sixth Ward for fire house purposes.

WHEREAS, By authority of an ordinance of the Select and Common Councils of the City of Philadelphia approved the twenty-first day of July, 1908, the City purchased an irregular tract of ground at the southwest corner of Fifty-fifth and Pine streets for fire house purposes, and it is desired to purchase an additional tract for the purpose of squaring the above-mentioned lot; now therefore,

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the City Solicitor be, and he is hereby authorized and directed to examine the title of All that certain lot or piece of ground situate on the north side of Osage avenue at the distance of sixty-four feet two and five-eighths inches westwardly from the west side of Fifty-fifth street, in the Forty-sixth

Ward of the City of Philadelphia; thence extending westward along the west side of Osage avenue ninety-one feet ten and three-fourths inches to a point; thence extending northwardly on a line at right angles to Osage avenue sixty-five feet, more or less, to a point; thence extending south forty-three degrees forty-two minutes forty-eight seconds east one hundred and twelve feet six and three-fourths inches, more or less, to the place of beginning, and if he approves of the same to cause a conveyance of the said property to the City of Philadelphia in fee for fire house purposes. The price to be paid for the same not to exceed the sum of one thousand one hundred (1,100) dollars, to be charged against Item 38 in the annual appropriation to the Department of Public Safety (Bureau of City Property), for the year 1912. The said property to be taken subject to the payment by the City of Philadelphia of all charges for sewer, water pipe, cartway paving, curbing and sidewalk paving now built or laid in front of the above described premises.

APPENDIX No. 99.

Philadelphia, March 21, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance, to which was referred a bill, together with sundry communications in relation thereto, entitled "An Ordinance to approve a lot situate at the southwesterly corner of Sixty-fifth and Girard avenue, in the Thirty-fourth Ward of the City of Philadelphia as a site for one of the branch library buildings to be erected by the Trustees of the Free library of Philadelphia," respectfully report that they have carefully considered the same, and return the annexed bill with a favorable recommendation and ask its passage.

John P. Connelly (*Ch'u*), John H. Hahn, William J. McCloskey, G. P. Darrow, Chas. A. Gillingham, E. Buch-

holz, Watson D. Upperman, W. Edwin Bonnick, Thomas J. Morton, John H. Baizley, John F. Flaherty, Robert S. McElroy, George D'Autrechy, Edw. W. Patton, G. W. Knicker.

AN ORDINANCE

To approve a lot situate at the southwesterly corner of Sixty-fifth street and Girard avenue, in the Thirty-fourth Ward of the City of Philadelphia, as a site for one of the branch library buildings to be erected by the Trustees of the Free Library of Philadelphia.

WHEREAS, Alex. Simpson, Jr., has signified his intention of donating to the City of Philadelphia: All that certain lot or piece of ground situate at the southwesterly corner of Sixty-fifth street and Girard avenue (of the width of sixty feet), in the Thirty-fourth Ward of the City of Philadelphia; containing in front or breadth on said Sixty-fifth street one hundred and fifty feet, and extending of that width in length or depth westerly along the southerly side of Girard avenue (sixty feet wide) one hundred and fifty feet, under and subject to the existing restriction and agreement that no glue, soap or candle factory, skin-dressing establishment, dye house, slaughter house, lamp black factory, bone-boiling establishment or poundrette manufactory shall ever be erected on the real estate and premises whereof the above described lot of ground is part, as a site for one of the thirty branch library buildings to be erected by the Trustees of the Free Library of Philadelphia, under the terms of the gift from Andrew Carnegie, Esq., under the ordinance approved the eleventh day of January, 1904;

AND WHEREAS, The said Trustees of the Free Library of Philadelphia recommend said lot as a suitable site; therefore,

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the above described lot of ground is hereby approved as a site for one of the said branch library buildings, and the said Alex. Simpson, Jr. (his wife, Ella Trau Simpson, joining in the deed

therefor, so as to bar her dower interest therein), is hereby authorized to convey the same to the City of Philadelphia, subject to the existing restriction and agreement above mentioned, and upon the condition that the premises shall be used only as a site for one of the thirty branch library buildings herein referred to, and should such premises at any time hereafter cease to be used for such purpose, then the same shall revert to and become the property of the said Alex. Simpson, Jr., his heirs and assigns, without any conveyance thereof being required. The form of the deed conveying the said property to the City of Philadelphia to be approved by the City Solicitor.

APPENDIX No. 100.

Philadelphia, March 21, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Highways, to whom was referred the bills directing the Department of Public Works to require owners of property abutting on the northwest and southeast sides of Romifort avenue, Germantown avenue to Boyer street; and on Norwood street, for a distance of about 225 feet northward from Mermaid lane, to set curbs and lay footway pavements on both sides of the said streets, respectfully report that we have examined and approve the same, and submit for your consideration the annexed ordinance and ask its passage.

Robert Smith (*Ch'n*), Henry R. Shoch, J. E. Lennon, W. A. Miller, Wm. E. Finley, Thomas J. Morton, David G. Frankenfield, Chas. A. Gillingham, Chas. Seger, Edw. W. Patton, H. J. Trainer, Joseph Gulbins, John W. Whitaker, Wm. J. Harrington, Wm. Boal.

AN ORDINANCE

Directing the Department of Public Works to require owners of property abutting on the northwest and southeast sides of Rounfort avenue, Germantown avenue to Boyer street; and on Norwood street, from Mermaid lane to about 225 feet north, to set curbs and lay footway pavements on both sides of the said streets.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works be, and is hereby directed and empowered to require the owners of property abutting on the northwest and southeast sides of Rounfort avenue, from Germantown avenue to Boyer street; and on Norwood street, from Mermaid lane to about 225 feet north, to set curbs and pave footways on said streets between the points aforesaid; and if the said owners of property shall fail to lay such footways and set such curbs, as required, after twenty days' previous notice, in writing, from the Department of Public Works to do the said work, the said Department is hereby directed to cause said work to be done; the cost thereof to be assessed upon the property of such owners so in default, in front of or along which footways may be laid and curbing set, as provided by law.

All ordinances or parts of ordinances conflicting with the provisions of this ordinance be, and the same are hereby repealed so far as the same affect this ordinance.

APPENDIX No. 101.

Philadelphia, March 21, 1912.

To the Presidents and Members of the Select and Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bills to place on the City plan Beechwood, Croskey, Hemberger, Durfor, Fitzgerald, Pot-

ter and Seventh streets and Duncannon avenue, respectfully report that we have examined and approve the same, and return the annexed ordinance with a favorable recommendation and ask its passage.

Chas. A. Gillingham (*Ch'n*), Edward B. Howard, W. Edwin Bonnick, Stacy H. White, Geo. W. Spielberger, James M. Neely, George D'Autrechy, F. J. Cumiskey, George H. Kelley, W. W. Trinkle, Wm. J. Harrington, Daniel Cahill, James A. Humphrys, John P. Connelly.

AN ORDINANCE

To place on the City plan Beechwood, Croskey, Hemberger, Durfor, Fitzgerald, Potter and Seventh streets and Duncannon avenue.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works (Board of Surveyors) be authorized and directed to place on the City plan Beechwood street, of the width of forty feet, from Jackson to Wolf street; Croskey and Hemberger streets, each of the width of forty feet, from Jackson street to Passynuk avenue; Durfor and Fitzgerald streets, each of the width of forty feet, from Front to Second street; Potter street, of the width of forty feet, from I to Ontario street; Seventh street, of the width of fifty feet, from Sheel street to Duncannon avenue; Duncannon avenue, of the width of forty feet, from Seventh to Eighth street: *Provided*, That before said streets shall be placed on the plan the owners of property within the lines thereof shall, within one year from the approval of this ordinance, dedicate the beds of the same to the City on the lines and grades as confirmed by the Board of Surveyors, or shall indemnify the City against all damages or claims for damages which may arise from placing said streets on the plan and their subsequent opening to the confirmed lines and grades.

APPENDIX No. 102.

Philadelphia, March 21, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill entitled "An Ordinance to strike from the City plan Daniel street, from Kingsley street to Washington lane," respectfully report that under all circumstances it would be unwise to extend Daniel street as far as Johnson street, the nearest street west of Washington lane, on account of the improvements abutting on Johnson street. As far as the public is concerned, it matters not whether Daniel street stops at Kingsley street or continues to Washington lane, but the City's interest is better served if Daniel street stops at Kingsley street, as there will be two building lots made available for building purposes, and will be built upon at an early date, if Daniel street is stricken from the plan; this will result in increased revenue to the City. We therefore return the annexed ordinance with a favorable recommendation and ask its passage.

Chas. A. Gillingham (*Ch'n*), Edward B. Howard, W. Edwin Bomick, Stacy H. White, Geo. W. Spielberger, James M. Neely, George D'Antrechy, F. J. Cumiskey, George H. Kelley, W. W. Trinkl, Wm. J. Harrington, Daniel Cahill, James A. Humphrys, John P. Connelly.

AN ORDINANCE

To strike from the City plan Daniel street, from Kingsley street to Washington lane.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain.* That the Department of Public Works (Board of Surveyors) be authorized to strike from the City plan Daniel street, from Kingsley street to Washington lane: *Provided*, That the owners of property on said street shall, within one year from the

approval of this ordinance, file an agreement, satisfactory to the City Solicitor, indemnifying the City from all damages by reason of the striking of said street from the plan.

APPENDIX No. 103.

Philadelphia, March 21, 1914.

To the Presidents and Members of the Select and Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill entitled "An Ordinance to authorize the revision of the lines and grades of Penn street, Rubicam street and Brighthurst street, in the Twenty-second Ward," respectfully report that the object of the proposed revision is to bring the grades of the streets more conformable to the present physical condition. It would be both undesirable and unnecessarily costly to bring these streets to the old plan grade, improvements having existed for many years at the present physical grades. Ordinances have been pending for the paving of both Rubicam and Brighthurst streets. There will be no damages to property by reason of the proposed revision. We therefore return the annexed ordinance with a favorable recommendation and ask its passage.

(Chas. A. Gillingham (*Ch'n*), Edward B. Howard, W. Edwin Bomick, Stacy H. White, Geo. W. Spielberger, James M. Neely, George D'Antrechy, F. J. Cumiskey, George H. Kelley, W. W. Trinkle, Wm. J. Harrington, Daniel Cahill, James A. Humphrys, John P. Connelly.

AN ORDINANCE

To authorize the revision of the lines and grades of Penn, Rubicam and Brighthurst streets, in the Twenty-second Ward.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department

of Public Works (Board of Surveyors) be authorized to revise the lines and grades of Penn street, from Bel-field avenue to Rubicam street; Rubicam street, from Penn street to Bringham street; and Bringham street, from Rubicam street to the offset in Rubicam street.

APPENDIX No. 104.

Philadelphia, March 21, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill entitled “An Ordinance to authorize the revision of the lines and grades of Sherman and Cliveden streets, in the Twenty-second Ward,” respectfully report that the object of this ordinance is to relocate Sherman street farther eastwardly from its present location upon the City plan, in order to permit the erection of one large single dwelling on the portion of the lot between Sherman street and the Pennsylvania Railroad. The present location of Sherman street divides this property disadvantageously for such purposes. In 1899 a revision of grade was made on Johnson street which affects the grades of Sherman and Cliveden streets, and it is advisable at the present time along with the revision of Sherman street, to revise the lines and grades of Cliveden street also. The present plan grades of Cliveden street are such as would seriously damage the properties upon that street, and in the interest of the City and as advantage to the properties on Cliveden street, the grades of that street should be revised at this time. There will be no damage to the City by reason of the revision of Sherman street, and the revision of Cliveden street will cause less damage to property than the present plan. We therefore return the annexed ordinance with a favorable recommendation and ask its passage.

Chas. A. Gillingham (*Ch'n*), Edward B. Howard,
W. Edwin Bonnick, Stacy H. White, Geo. W. Spiel-

berger, James M. Neely, George D'Antrechy, F. J. Cumiskey, George H. Kelley, W. W. Trinkle, Wm. J. Harrington, Daniel Cahill, James A. Humphrys, John P. Connelly.

AN ORDINANCE

To authorize the revision of the lines and grades of Sherman and Cliveden streets, in the Twenty-second Ward.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works (Board of Surveyors) be authorized to revise the lines and grades of Sherman street, from Johnson to Cliveden street; and of Cliveden street, from Sherman to Greene street: *Provided*, That Alice M. Paul shall, within one year from the approval of this ordinance, file an agreement, satisfactory to the City Solicitor, not to claim damages by reason of the revision of the lines and grades of Sherman street, between Johnson and Cliveden streets.

APPENDIX No. 105.

Philadelphia, March 21, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the resolution of request to the Director of the Department of Public Works to permit the Eagle Ice and Coal Company to lay a temporary terra cotta drain in Hoffman avenue, from Fifty-seventh street eastward 150 feet, respectfully report that we have examined and approve the same, and submit for your consideration the annexed resolution and ask its passage.

The said drain to be laid under the supervision and to the satisfaction of the Department of Public Works (Bureau of Surveys) without expense to the City of Philadelphia, and shall not release the owners of property from paying the regular frontage charges whenever a sewer shall be laid in said street.

APPENDIX No. 106.

RESOLUTION

Of request to the Director of the Department of Public Works to permit George Woodward to lay a temporary drain in Hartwell lane, southwest of St. Martins lane, and in St. Martins lane, northeast and southwest of Hartwell lane.

Resolved, By the Select and Common Councils of the City of Philadelphia, That the Director of the Department of Public Works be requested to permit George Woodward to lay a temporary terra cotta drain as follows: In Hartwell lane, from the terminus of the main

sewer about 1,600 feet to St. Martins lane; and in St. Martins lane northeastwardly about 550 feet and southwestwardly about 200 feet from said Hartwell lane. The said drain to be laid under the supervision and to the satisfaction of the Department of Public Works (Bureau of Surveys) without expense to the City of Philadelphia, and shall not release the owners of property from paying the regular frontage charges whenever a sewer shall be laid in said streets.

APPENDIX No. 107.

RESOLUTION

Of request to the Director of the Department of Public Works to permit E. Walter Clark to lay a temporary terra cotta drain in Mermaid lane, northeastwardly from Emlen street.

Resolved, By the Select and Common Councils of the City of Philadelphia, That the Director of the Department of Public Works be requested to permit E. Walter Clark to lay a temporary terra cotta drain in Mermaid lane, from a point about fifty feet southwest of Emlen street about six hundred feet to the sewer in Huron street, at or near the corner of said Mermaid lane. The said drain to be laid under the supervision and to the satisfaction of the Department of Public Works (Bureau of Surveys) without expense to the City of Philadelphia, and shall not release the owners of property from paying the regular frontage charges whenever a sewer shall be laid in said street.

APPENDIX No. 108

RESOLUTION

Of request to the Director of the Department of Public Works to permit the Public Baths Association of Philadelphia to use water free of charge for their bath houses and laundry, Nos. 1203-1205 Germantown avenue.

Resolved, By the Select and Common Councils of the City of Philadelphia, That the Director of the Department of Public Works be requested to permit the Public Baths Association of Philadelphia to use water free of charge for their public bath houses and laundry, located at Nos. 1203-1205 Germantown avenue.

APPENDIX No. 109.

RESOLUTION

Of request to the Director of the Department of Public Works to permit Frank Boettcher to lay a temporary terra cotta drain in Mervine street, from the south building line of Loudon street south about 160 feet.

Resolved, By the Select and Common Councils of the City of Philadelphia, That the Director of the Department of Public Works be requested to permit Frank Boettcher to lay a temporary terra cotta drain in Mervine street, from the south building line of Loudon street south about 160 feet. The said drain to be laid under the supervision and to the satisfaction of the Department of Public Works (Bureau of Surveys) without expense to the City of Philadelphia, and shall not release the owners of property from paying the regular frontage charges whenever a sewer shall be laid in said street.

APPENDIX No. 111.

OFFICE OF THE MAYOR.

Philadelphia, April 4, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—I enclose herewith a letter from Joseph S. Neff, M. D., Director of the Department of Public Health and Charities, and would request your Honorable Bodies to make an additional appropriation of \$6,000, under Item 33, for that Department.

It is apparent that unless the money is appropriated at this time it will be impossible to operate the Byberry Farms for the coming season. A large tract of land of approximately 800 acres would thus be made useless for the purpose for which it is intended, which is to raise vegetables, etc., not only for the occupants of that tract of land, but also for the other institutions under the charge of that Department.

By giving this your attention and approval you will oblige,

Very respectfully yours,

RUDOLPH BLANKENBURG,

Mayor.

Philadelphia, April 3, 1912.

HON. RUDOLPH BLANKENBURG,
Mayor of Philadelphia.

DEAR SIR:—In our estimates for 1912, Bureau of Charities, Item 33, covering farming implements, cattle, seed, feed and miscellaneous farming supplies for the Byberry Farms, we asked for \$50,000. The amount appropriated under this item was \$6,000.

On January 18th, in a letter to Mr. John P. Connelly, Chairman of the Finance Committee, we asked for an additional \$6,000 under this item for fertilizer, seed and manure which were necessary to plant the spring crops. This amount has not been appropriated. On March 19th, in a letter to your Honor, we asked, under this item, for \$20,000.

There is imperative need of money in this item, if the farm at Byberry is to be operated successfully this year. We are now face to face with the urgent need of fertilizer so that the spring crops may be planted, and I respectfully urge upon you the necessity of securing for us the foregoing appropriation.

Very respectfully yours,

J. S. NEFF,

Director.

GENTLEMEN:—I herewith enclose a list of bills contracted by the Mayor's Office prior to January 1, 1912, with a recommendation that an appropriation be made to pay these claims, as I am satisfied that they are just and proper.

Respectfully yours,

RUDOLPH BLANKENBURG,

Mayor.

APPENDIX No. 113.

OFFICE OF THE MAYOR.

Philadelphia, April 4, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—I beg to call your attention to the letter received by me under date of March 28th, from the Director of the Department of Public Safety, copy of which is attached hereto, and the accompanying letter of which copy is also attached, received by the Director, under date of March 27th, from the City Solicitor.

The Director desires that Edwin Clark, Chief of the Bureau of Building Inspection, should be permitted to serve as secretary of the Commission recently appointed by the Governor to codify the building laws of the State of Pennsylvania. It appears that this is now rendered impossible by the ordinance appropriating funds for the maintenance of the Bureau of Building Inspection, providing that "the Chief Inspector shall give his entire time and undivided attention to the duties of his office."

I agree with the Director that it is extremely desirable that the Chief of the Bureau of Building Inspection should be closely associated with the work of this Commission, as Philadelphia is more concerned than any other community in the State in the changes that may be made in the building laws.

I therefore recommend to your Honorable Bodies the passage of an ordinance permitting Chief Clark to accept the appointment and to serve in the capacity of secretary of the Commission referred to.

Respectfully yours,

RUDOLPH BLANKENBURG,

Mayor.

DEPARTMENT OF PUBLIC SAFETY.

Philadelphia, March 28, 1912.

HON. RUDOLPH BLANKENBURG,

Mayor of Philadelphia.

MY DEAR SIR:—Governor Tener recently appointed a Commission to codify the building laws of the State of Pennsylvania.

Members of this Commission called on me a few days ago, requesting that I secure for them the services of Edwin Clark, Chief of the Bureau of Building Inspection, to act as secretary of this Commission.

An ordinance of Councils, appropriating Chief Clark's salary, provides that he must devote all his time to the duties of his office, and in an opinion just received from the City Solicitor, I am advised that this proviso is mandatory.

It seems to me that it is extremely desirable that Chief Clark should have something to do with this Commission, as Philadelphia stands in the forefront in the matter of

building operations, and this particular community would probably be affected more than any other. I am therefore writing you to request Councils to rescind that portion of the ordinance which precludes Chief Clark from attending to any outside matters, in order that he may take up the work in connection with this Commission.

Respectfully yours,

(Signed) GEORGE D. PORTER.

Director.

Philadelphia, March 27, 1912.

GEORGE D. PORTER, Esq.,

Director, Department of Public Safety.

DEAR SIR:—I am in receipt of your letter of this date, inquiring as to the right of the Chief of the Bureau of Building Inspection to serve as secretary of a committee to codify the building laws of the State, appointed by the Governor, at a salary to be fixed by the Committee.

The ordinance appropriating funds for the maintenance of the Bureau of Building Inspection for the current year provides that "the Chief Inspector shall give his entire time and undivided attention to the duties of his office." As this ordinance stands, it would seem to prevent the appointment of the Chief Inspector as secretary of the Committee.

You ask further whether it would be wise to ask Councils to rescind its action and state that "it is highly important that someone connected with this City's government should have something to do with the codification of the laws relative to building operations, as this City stands in the forefront regarding these affairs." I concur in your views that the City should be represented by some competent person on this Committee as secretary or otherwise. Whether the Chief Inspector should be chosen for that position involves a question of administrative detail per-

taining to your Department concerning which I should feel some diffidence in venturing an opinion. If it is intended to request Councils to so provide that the Chief Inspector may serve, I would suggest that an ordinance giving the necessary permission of Councils rather than one rescinding the general direction that the Chief Inspector give his entire time and attention to the duties of his office, be prepared for presentation to those bodies.

Very truly yours,

(Signed) MICHAEL J. RYAN,

City Solicitor.

APPENDIX No. 114.

OFFICE OF THE MAYOR.

Philadelphia, April 4, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—I desire to call your attention to the accompanying draft of an ordinance to regulate the use and storage of gasoline, and to the accompanying copies of letters from the Director of the Department of Public Safety and the Fire Marshal, with reference thereto.

I believe that this proposed ordinance is a useful and necessary measure, and I trust that it may have your favorable attention.

Respectfully yours,

RUDOLPH BLANKENBURG,

Mayor.

Philadelphia, April 4, 1912.

GEORGE D. PORTER, ESQ.,

Director, Department of Public Safety.

DEAR SIR:—I have the honor to return herewith ordinance to "Regulate the having, using, storing and keeping

of gasoline by public and private garages in quantities over five gallons."

I have carefully examined this ordinance and give it my unqualified approval. It is an exact copy of an ordinance agreed upon by counsel for the Automobile Club of Philadelphia, the Board of Fire Underwriters, representatives of all gasoline tank builders, who were satisfied there was no discrimination against any such builders, and by myself. Under the present law a license to carry gasoline in the fire belt, lying between Mifflin street and Allegheny avenue, from river to river, is limited to one barrel of about 50 gallons, which is not sufficient to carry on the business of garages, and I therefore recommend the adoption of the enclosed ordinance.

Respectfully submitted,

(Signed) JOHN LATTIMER,

Fire Marshal.

Philadelphia, April 4, 1912.

HON. RUDOLPH BLANKENBURG,

Mayor of Philadelphia.

SIR:—I have the honor to forward herewith draft of an ordinance to regulate the having, using, storing and keeping of gasoline by public and private garages in quantities over five gallons, which I respectfully suggest that you send to Councils with a request that the committee to which it may be referred will hold a meeting to consider the same, at which all interested parties may be heard.

This ordinance is an exact copy of an ordinance introduced in Councils last year, the original draft of which was made by counsel of the Automobile Club of Philadelphia. The original draft was carefully gone over by the Fire Marshal, the representatives of the Board of Fire Underwriters and counsel for various gasoline tank

builders, the latter of whom were consulted to overcome any charges which might be made regarding discrimination of the character of tank which was to be used, with the result that when the ordinance was finally put into its present shape it did not insist upon any particular kind of tank, but permitted the use of any good tank which would secure the approval of the Fire Marshal.

I would further respectfully suggest that in view of the contemplated creation of a central garage for municipal automobiles, it will be necessary to carry a much larger quantity of gasoline than is permitted under the present law, which limits the license for any place within the fire belt, between Delaware and Schuylkill rivers and Mifflin street and Allegheny avenue, to one barrel of about fifty gallons.

Respectfully submitted,

(Signed) GEORGE D. PORTER,

Director.

AN ORDINANCE

To regulate the having, using, storing and keeping of gasoline by public and private garages in quantities over five gallons.

The Select and Common Councils of the City of Philadelphia do ordain:

SECTION 1. Definitions:

(a) An automobile is any self-propelling vehicle.

(b) A public garage is a building where automobiles are kept and stored by the public; where automobiles are rented out to and hired by the public; where a charge is made for the use of or for the storage and keeping of automobiles.

(c) A private garage is a building where one or more automobiles are kept and stored for private use only, and not rented or hired out to the public, or any charge made for storage.

(d) Gasoline shall mean and include any product of petroleum which gives off inflammable vapors at any temperature below one hundred and ten (110) degrees Fahrenheit.

(e) Approved, means by the Fire Marshal.

SECT. 2. That on or after the first day of May, 1912, it shall be unlawful for any person or persons, corporations, firm or co-partnership to keep, store or handle gasoline in any public or private garage in quantities in excess of five gallons, except in tanks of automobiles, to be carried in approved safety containers, except under the compliance of said person or persons, corporation, firm or co-partnership with the conditions hereinafter mentioned.

SECT. 3. Quantity: The capacity of any tank shall not exceed five hundred and sixty (560) gallons nor shall more than four tanks be permitted in connection with any one public or private garage.

SECT. 4. Gasoline tanks:

(a) All tanks shall be installed outside of building, underground, not less than two (2) feet below surface, entirely surrounded by earth well tamped in place and furnished with a footing or foundation of concrete, brick or stone, to be at least six (6) inches thick.

(b) If impracticable to locate storage tanks outside of building, they may be buried three (3) feet below level of the basement or cellar floor, imbedded in the earth, and covered by at least three (3) feet of earth, and to be furnished with footing or foundation of concrete, brick or stone at least six (6) inches thick.

(c) All tanks of five hundred and sixty (560) gallons or under shall be made of at least twelve (12) gauge galvanized steel or at least one quarter ($\frac{1}{4}$) inch black open hearth tank steel. All of these tanks shall be welded or riveted and in every respect substantially constructed, and galvanized or painted with not less than two (2) coats of rust resisting material on the outside thereof. Where tanks are more than four (4) feet in diameter,

the thickness of the metal shall be increased proportionally; provided, however, that the thickness of the metal for a tank four (4) feet in diameter need not be greater than six (6) gauge galvanized steel or 5/16 inch black open hearth tank steel. Where steel is specified, iron or other approved metal of approved quality and thickness may be substituted.

(d) Filler pipes must be made of galvanized iron pipe, one and one-half ($1\frac{1}{2}$) inches or more in diameter, entering at the top and extending to bottom of tank; upper end of said filler tank must terminate in an approved cap or plug, securely locked. Where tanks are located under the building, filler pipe must run to the outside of the building and terminate in an approved cap or plug, same to be securely locked. Where filler pipe runs to sidewalk, it must terminate in an approved cap or plug securely locked, and be protected by a metal filler box, the same to be flush with the sidewalk, the cover to the said filler box to be securely locked. Filler pipes in alleyways shall terminate in an approved cap or plug, securely locked, and extending above the ground level close to the building.

(e) Tanks located within ten (10) feet of any building, or within the building, shall be provided with one (1) inch diameter or larger vent pipe, same to be connected to the top of such tank. This pipe must be carried up to at least four (4) feet above the roof of said building, and terminate in a goose-neck and spark arrester.

(f) Pipe connecting the tank with discharge point in building must be of galvanized iron and must enter top of tank. Said pipe must be buried at least ten (10) inches below the surface, and any exposed portion thereof must be thoroughly and properly protected. This connection pipe must not be lower at any point than where same leaves the tank.

SECT. 5. All tanks in garages used for storage of gasoline, now located on sidewalks or above ground, shall be removed and installed in accordance with this ordinance on or before the first day of May, 1912.

SECT. 6. All gasoline must be drawn from the tanks by means of an approved apparatus.

SECT. 7. Where gasoline is drawn inside the building, lighting shall be by incandescence electric lights, with all electric switches and cut-offs permanently located at least four (4) feet above the floor. No fire or open light shall be permitted in the room where filling of reservoir of automobile is done.

SECT. 8. Handling and storing of gasoline inside of garages:

(a) No gasoline or other volatile inflammable liquids shall be kept in any garage, except in reservoirs of automobiles or when stored or handled in self-closing safety-containers, or in portable filling tanks.

(b) When self-closing safety-containers are used for the storing or handling of gasoline or other volatile inflammable liquids, not more than five (5) gallons of gasoline, or other volatile inflammable liquids, shall be kept in any building, and the self-closing containers must be made of metal and must be of approved construction and must be of a capacity not to exceed five (5) gallons.

(c) When portable wheel tanks are used for the handling of gasoline or other volatile inflammable liquids, the tanks must be of a capacity not to exceed fifty (50) gallons and must be of at least three-sixteenths ($3/16$) inch tank steel or other approved metal, and must be of approved construction. The said portable tanks shall be supported on wheels not less than thirty (30) inches in diameter, the same being equipped with rubber or other approved tires, and the tank must be provided with an approved all-metal pump or other approved device. This pump to be provided with hose attachment, and hose must not exceed ten (10) feet in length. This pump must be equipped with approved ground key shut-off cock where hose is attached to pump, also with approved ground key shut-off cock at end of hose. Pump must be equipped with a convenient lock and the same must be locked when not in use.

SECT. 9. There shall be constantly kept and maintained convenient receptacles filled with sand, to be used in absorbing waste oils on the floor. In addition to this, sand shall be kept in box or boxes of approved construction, provided with hand scoop, to be used for fire extinguishing purposes only.

SECT. 10. No smoking shall be allowed in any rooms in which volatile or inflammable liquids are kept or used.

SECT. 11. No public or private garage shall keep or store any gasoline in excess of five (5) gallons until application shall have been made to the Mayor and a license granted. No license shall be granted to any person or persons, corporation, firm or co-partnership until the Fire Marshal has examined the premises and certified to the Mayor that the requirements of this ordinance have been complied with, and that he approves such application for license. Upon such certificate being made to the Mayor, and upon payment of a fee of five (5) dollars for each tank, and likewise for the annual renewal thereof, the Mayor shall issue said license, which license shall continue in force until the first day of January succeeding.

Provided, That if the Fire Marshal shall decide that an applicant for a license is not entitled to his license by reason of endangering the public safety, said applicant may appeal in writing to the Director of the Department of Public Safety within three (3) days after having received notice of the decision of the Fire Marshal, specifying in such appeal the reason and ground therefor. The Director of the Department of Public Safety shall immediately refer such appeal to a commission, which shall consist of the Chief of the Fire Department, the Chief of the Bureau of Building Inspection, and the Secretary of the Philadelphia Fire Underwriters' Association. Said commission shall carefully consider said appeal and make decision thereon, and the decision shall be final. The decision of any two shall be the decision of the commission.

SECT. 12. No gasoline, benzine or naphtha or other volatile liquid shall be used for washing automobiles or parts thereof, or for any other purposes, except as fuel in gasoline motors.

SECT. 13. Any person, firm or corporation violating any of the provisions of this ordinance shall be subject to a fine of one hundred (100) dollars for each offence, said fine to be collected as like penalties are now collected, and his, their or its license shall be forthwith revoked by the Mayor, and no license shall be issued to any person, firm or corporation so offending, directly, or on his, their or its behalf, until all fines and penalties have been paid.

APPENDIX No. 115.

OFFICE OF THE MAYOR.

Philadelphia, April 4, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—The decision of Court of Common Pleas No. 2, regarding police officers appointed since September, 1907, under the illegal action of the then Civil Service Commissioners, must inevitably work great hardship upon a large number of policemen and firemen who were thus appointed.

These men are entitled to early relief. It is not, in most cases, their fault that they were appointed contrary to law; they have performed their duties and should receive their pay.

I would therefore request your Honorable Bodies to take such action as may commend itself to your judgment to give immediate relief to those affected. Their families should not be made to suffer by the withholding of their pay and I hope some means may be found to give them prompt compensation for the work performed.

By giving this recommendation your immediate attention you will oblige,

Yours respectfully,
RUDOLPH BLANKENBURG,
Mayor.

APPENDIX No. 116.

OFFICE OF THE MAYOR.

Philadelphia, April 4, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—Permit me to call your attention to the accompanying letter received under date of March 29th from the Director of the Department of Public Safety and to the attached ordinance relating to an emergency appropriation necessary for the repair of one of the engines at the high pressure pumping station.

It seems important that this matter should be attended to at once and I hope it may receive prompt and favorable action by your Honorable Bodies.

Respectfully yours,
RUDOLPH BLANKENBURG,
Mayor.

DEPARTMENT OF PUBLIC SAFETY.

Philadelphia, March 29, 1912.

HON. RUDOLPH BLANKENBURG,
Mayor of the City of Philadelphia.

SIR:—I am in receipt of a report from the Superintendent of the High Pressure Fire Service System, wherein

he says that Engine No. 5 on the south side of the Delaware avenue and Race street pumping station has developed a bad break in the bed plates and crank case under the cylinders, which break shows on the bottom and sides of the bed plate, and is of such a serious nature that it will require an entirely new bed plate and crank case, as the same consist of one casting; and further, that the engine in question is entirely out of use and cannot be placed in service again until repaired.

It is my desire to purchase this new crank case at the very earliest possible moment; the same cannot be purchased from other than the Westinghouse Machine Company, who furnished this engine originally; the said Company has submitted a price for the above of \$1,352, and I would respectfully ask that Councils be requested to make an appropriation to Item 15 (new), Bureau of Fire, accordingly.

We have no funds available for this purpose. In the ordinance to be introduced covering the above I would suggest the following preamble:

“WHEREAS, The crank case or base plate of one of the Westinghouse engines installed in the High Pressure Fire Station, Delaware avenue and Race street, has broken, and it is essential to have the same replaced at once, in order that the necessary fire protection service may not be interfered with; and further, inasmuch as the engine in question was furnished by the Westinghouse Machine Company, of East Pittsburgh, Pa., and they being the only firm capable of promptly furnishing a new case or base, therefore,”

which ordinance should also provide and authorize the Director of the Department of Public Safety to draw, and the City Controller to countersign, the necessary warrant for payment of bill to be submitted, inasmuch as it will be impossible to obtain more than one proposal, as above set forth; hence, an advertisement would be of no avail.

I would respectfully recommend that Councils be requested to give this matter immediate attention.

Respectfully,

GEORGE D. PORTER,

Director.

AN ORDINANCE

To make an additional appropriation to the Department of Public Safety (Bureau of Fire), for the year 1912.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the sum of one thousand three hundred and fifty-two (1,352) dollars be and the same is hereby appropriated to the Department of Public Safety (Bureau of Fire), to

Item 15. (New). For the purchase of a new crank case for engine No. 5, High Pressure Fire Service System, located at Delaware avenue and Race street.

WHEREAS, The crank case or base plate of one of the Westinghouse engines installed in the High Pressure Fire Station, Delaware avenue and Race street, has broken, and it is essential to have the same replaced at once, in order that the necessary fire protection service may not be interfered with, and further, inasmuch as the engine in question was furnished by the Westinghouse Machine Company, of East Pittsburgh, Pa., and they being the only firm capable of promptly furnishing a new case or base; therefore,

The Director of the Department of Public Safety is hereby authorized to draw, and the City Controller to countersign, warrant for one thousand three hundred and fifty-two (1,352) dollars in favor of the Westinghouse Machine Company upon the completion of the installation of the new crank case as above stated.

APPENDIX No. 117.

OFFICE OF THE MAYOR.

Philadelphia, April 4, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—I desire to ask your attention to the accompanying ordinance providing for an additional appropriation of six thousand dollars to the Civil Service Commission for the balance of the current year, as well as a copy of a letter received by the Mayor from the Civil Service Commission under date of March 19, 1912, both of which are hereto attached.

I believe that this appropriation is reasonable and is necessary to the work of the Commission, and I trust that it may receive your early and favorable attention.

Respectfully yours,

RUDOLPH BLANKENBURG,

Mayor.

AN ORDINANCE

To make an additional appropriation to the Civil Service Commission, for the year 1912

SECTION. 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the sum of six thousand (6,000) dollars be, and the same is hereby appropriated to the Civil Service Commission for the balance of the year 1912.

Item 4. For equipment, including purchase of furniture, fittings, and library, two thousand (2,000) dollars.

Item 5. For special or extra examiners, monitors, and other extra temporary employees, four thousand (4,000) dollars.

And warrants to be drawn to the President of the Civil Service Commission in conformity with existing ordinances.

All ordinances or parts of ordinances inconsistent herewith be, and the same are hereby, repealed.

CIVIL SERVICE COMMISSION
OF THE CITY OF PHILADELPHIA.

Philadelphia, March 19, 1912.

HON. RUDOLPH BLANKENBURG,
Mayor of Philadelphia.

DEAR SIR:—Replying to your letter of the 18th inst., and in pursuance of our interview of this morning, we would say that the most conservative estimate of the amount the Commission will need for this department, outside of the regular office force already covered by the ordinance recently introduced in Councils, is shown by the following items:

Item 4. Equipment, including purchase of furniture, fittings and library, \$2,000.

Note.—In connection with the above item we would say that the accommodations which the Commission now has are not sufficient to meet its purely administrative needs, and we feel that we should have large additional rooms with a combined seating capacity of 400 and upwards for the purpose of examinations. If this cannot possibly be, and we are compelled to use our present examination rooms, which are quite inadequate, we should even then have to have additional rooms for administrative purposes, so that in either event and no matter to what use the new rooms are put, they must be equipped, and their equipment will, of course, cost money. Moreover, our examining staff are sorely in need of a library of technology, covering engineering and other professional lines, chemistry, the trades, etc. This alone, we

are informed, will cost several hundred dollars, and ought to be charged to capital account.

Item 5. Special or extra examiners, monitors and other temporary employees, \$4,000.

Note.—Large schedules of examinations will probably be published at least twice a year, in addition to other announcements of examinations. At such times there is a vast amount of additional work relating to the preparation of examination questions, conduct of examinations, the marking of many thousands of papers, the notifications to attend and the averages obtained at examinations. Moreover, the good of the City demands the employment, from time to time, of experts in the various lines of business to act as extra or special examiners, in conjunction with the regular examiners and the Commission itself in the preparation of examinations for certain classes of positions.

The 1912 appropriation to the Municipal Civil Service Commission of the City of New York corresponding to this item is \$20,500, as follows:

Examiners	\$15,000
Experts	2,000
Monitors	3,500
	————\$20,500

This is in addition to its 19 regular examiners. The 1912 appropriation to the Civil Service Commission of the City of Chicago has two items for special examiners which total \$9,160.

This is in addition to its 14 regular examiners—main division—and its 8 efficiency examiners—efficiency division.

It is interesting to note that while the total appropriation to this Commission for 1912, including the amounts covered by the ordinance now pending, is \$41,735, the 1912 appropriation to the Municipal Civil Service Commission of New York City is \$173,760 and the like appropriation in Chicago is \$100,705.

We submit herein a form of ordinance to cover the appropriations for the current year for the above mentioned items.

Very respectfully,

(Signed) FRANK M. RITER.

APPENDIX No. 118.

OFFICE OF THE MAYOR.

Philadelphia, April 4, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—By an ordinance of Councils, approved July 21, 1911, an appropriation was made to the Department of Public Health and Charities (Bureau of Charities) to Item 52-D, for the erection of buildings for the care of feeble-minded persons. Under authority of this ordinance, a contract was entered into by the City and signed by the Mayor on December 22, 1911, with Percival M. Sax and Frederick W. Abbott, trading as Sax & Abbott, for the erection of said buildings on property belonging to the City, commonly known as the "Brown Tract," in the Forty-first Ward of the City of Philadelphia, for the contract price of \$188,904. Work has not yet been begun under this contract.

The ordinance was passed and the contract entered into as a part of a larger plan for the relief of the congested conditions that have existed for many years at Blockley, by the use of the buildings there solely for hospital purposes and by the removal from that location of the insane, feeble-minded and indigent. It was planned to provide for the male indigent by buildings already contracted for on grounds near the House of Correction at Holmesburg, for feeble-minded persons, on property belonging to the City at Torresdale, known as the "Brown Tract," and

for insane persons on property owned by the City at Byberry.

Within the last two months the Mayor and the Director of the Department of Public Health and Charities have received criticisms of portions of this plan. These have come in large numbers from citizens actively and intelligently interested in private enterprises looking to the relief of the indigent and feeble-minded, and recently a Committee of One Hundred Citizens was formed, representing a large number of charitable organizations of the City. These citizens believe that the plan to locate the buildings for the feeble-minded on the Brown Tract is ill-advised because of the character of the property and its location. It is already crossed by railroad tracks and in the future will be bisected by the Torresdale Boulevard, which has been placed on the City plan. A considerable portion of the property is covered by fine, large trees which, while adding notably to its beauty, reduce the area which can be used for cultivation, and outdoor labor is very essential in the treatment of the feeble-minded. The Director of the Department of Public Health and Charities fully agrees with them in this opinion. A copy of the resolution adopted by the Citizens' Committee of One Hundred on Municipal Charities is hereto attached.

The Brown Tract can doubtless be sold for a price per acre of three or four times that which the City would be required to pay for any additional property acquired for similar purposes. An available tract can be bought to-day near the Byberry Tract for three hundred dollars an acre. The City will not be the loser by giving up the idea of building on the Brown Tract, but will be the gainer by many thousands of dollars.

The Director of the Department of Public Health and Charities and the Mayor believe it will be to the advantage of the City if the latter can be relieved of its contract with Messrs. Sax & Abbott, and be free to plan for the location of the buildings for the care of feeble-minded persons upon another site better suited for this purpose.

With this in view, they have had a number of inter-

views with the contractors, and on April 2d, the Mayor received a letter from the latter, bearing the same date, agreeing to the abrogation of their contract upon the payment to them of the sum of ten thousand (10,000) dollars. A copy of this letter is hereto attached. I believe that this is a very reasonable offer on the part of the contractors, and that it will be to the advantage of the City to cancel this contract upon these terms.

I therefore respectfully request your Honorable Bodies to pass an ordinance approving of this action and making an appropriation of ten thousand (10,000) dollars to the Mayor, to be paid to the said contractors upon the abrogation of their contract and in full settlement of their claims thereunder.

Respectfully yours,

RUDOLPH BLANKENBURG,

Mayor.

SAX & ABBOTT

1326 Chestnut Street, Philadelphia.

Philadelphia, April 2, 1912.

HON. RUDOLPH BLANKENBURG,

Mayor of Philadelphia.

DEAR SIR:—Referring to the proposition made by you under date of the 1st inst., having in view the abrogation of the contract dated December 22, 1911, between the City of Philadelphia and ourselves, for the erection of buildings E, G and J for the Philadelphia Home for Feeble Minded, in the Forty-first Ward, we, without prejudice to any claims we have or may have against the City of Philadelphia on account of said contract, have decided to agree to your offer to abrogate this contract, predicated upon an immediate payment to us in the sum of ten thousand (10,000) dollars.

We are actuated entirely by a desire to serve you and your administration in this matter, rather than to serve ourselves in a business capacity, as the profits which would accrue to us in the performance of the construction of these buildings would be largely in excess of the sum you offer at this time.

Respectfully yours,

(Signed) SAX & ABBOTT.

RESOLUTION

Relative to the abrogation of the Contract of the Sax & Abbott Construction Company for a Home for the Feeble-Minded.

WHEREAS, The City has entered into a contract for the construction of an institution for the feeble-minded, on the tract known as the Brown Farm, adjoining the Torresdale Filters, and

WHEREAS, This property is unsuited to its purpose because of its character and location, and the fact that it is bisected by the Torresdale Boulevard, and

WHEREAS, The Sax & Abbott Construction Company, contractors, have agreed to accept the sum of \$10,000 as compensation for the abrogation of this contract; therefore be it

Resolved, The Executive Committee of the Committee of One Hundred, after attending a hearing before the Mayor, at which were present the Mayor, the Director of Health and Charities, Mr. Seger of the Finance Committee of Councils, and Mr. Felton, Chief Clerk of Councils, and at which were presented resolutions adopted by the Committee of One Hundred at a recent meeting, would strongly urge the City of Philadelphia not to carry out the contract made with the Sax & Abbott Construction Company for the erection of an institution for the Feeble-Minded on the Brown Farm, and to allow and pay

to the Sax & Abbott Construction Company the sum of \$10,000, this amount being deemed by the Committee entirely reasonable; and be it further

Resolved, That the Mayor be requested to transmit these resolutions to Councils with the recommendation that this contract be abrogated on the grounds of public policy and for the best interests of the City, both financial and otherwise.

APPENDIX No. 119.

OFFICE OF THE MAYOR.

Philadelphia, April 4, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—I herewith transmit to your Honorable Bodies certain bills contracted during the year 1911.

As the present administration has no knowledge as to the correctness of these bills, I forward them to you without recommendation, for your consideration. Some of these items, no doubt, are correct and should be paid, while others I would prefer to leave to your judgment to take such action as you deem best.

Respectfully yours,

RUDOLPH BLANKENBURG,

Mayor.

OFFICE OF THE MAYOR.

Philadelphia, April 4, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—I desire to call your attention to the accompanying ordinance providing for an appropriation of five thousand (5,000) dollars to the Department of Public Safety, Bureau of City Property, Item 32 (new), for the expenses of certain alterations, repairs, fixtures, carpet, etc., needed in the rooms occupied by the Department of Law.

This appropriation is recommended by the City Solicitor and the Director of Public Safety, and I trust that it will meet with the approval of your Honorable Bodies.

Yours respectfully,

RUDOLPH BLANKENBURG,

Mayor.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain.* That by virtue and in pursuance of the authority vested in them by the fourth section of an Act of Assembly approved May 13, 1857, they do hereby select and appropriate, for park purposes and for the health and enjoyment of the people forever, a certain tract of ground lying in the Twenty-third Ward, placed upon the City plan July 1, 1907, and bounded and described as follows: Beginning at the intersection of the northwest boundary line of the Philadelphia and Trenton Railroad and the southwest side of Wakeling street, at the distance of 175 feet $3\frac{1}{2}$ inches southeastwardly from the southeast side of Worth street; thence extending northwest along the southwest side of Wakeling street 1,895 feet $3\frac{1}{8}$ inches to

the southeast side of Jackson street; thence southwestwardly along the southeast side of Jackson street 346 feet 3 inches to a point near the southwest side of Fillmore street; thence extending northwestwardly along the southwestwardly side of Fillmore street 234 feet $1\frac{1}{8}$ inches to the southeast side of Valley street; thence extending southwardly along the southeast side of Valley street 762 feet $5\frac{1}{4}$ inches to the northeastwardly side of Margaret street; thence extending along the northeastwardly side of Margaret street south $8^{\circ} 38' 52''$ east 337 feet $8\frac{5}{8}$ inches to a point at the distance of 127 feet $8\frac{1}{4}$ inches southeastwardly from the southeast side of Ditman street; thence extending northeastwardly at right angles to said Margaret street north $81^{\circ} 21' 8''$ east 75 feet $10\frac{1}{2}$ inches to a point in the original line of the estate of Edwin H. Fidler, deceased; thence extending along said Fidler's line south $28^{\circ} 29' 15''$ east 1,011 feet $4\frac{3}{8}$ inches to a point on the southeast side of Worth street; thence extending along the southeast side of Worth street north $74^{\circ} 10' 54''$ east 164 feet $10\frac{5}{8}$ inches to an angle in Worth street, and thence extending still along the southeastwardly side of said Worth street north $77^{\circ} 26' 53''$ east 4 feet $2\frac{1}{4}$ inches to a point; thence extending by line of the Philadelphia Steel and Iron Company's property south $14^{\circ} 24' 28''$ east 207 feet $\frac{1}{2}$ inch to the northwestwardly boundary line of the Philadelphia and Trenton Railroad; thence extending northeastwardly along the same 548 feet $1\frac{1}{2}$ inches to the southwestwardly side of Wakeling street, the first mentioned point and place of beginning, containing 3.5 acres more or less.

SECT. 2. The City Solicitor is hereby directed to file in the Court of Quarter Sessions a petition on behalf of the City setting forth the ground herein appropriated, to the end that said Court shall appoint a jury to assess the damages as provided by law.

APPENDIX No. 144.

RESOLUTION

Rescinding the action of Councils in requesting the Board of Public Education to vacate certain rooms in City Hall.

WHEREAS, The Board of Public Education has been requested to vacate its quarters in City Hall not later than July 15th of the present year;

AND WHEREAS, It is learned that the Board has not at its disposal any building or buildings adequate and suitable for its purposes, nor sufficient funds available to secure the proper accommodations for its several departments, within the allotted time; therefore,

Resolved, That the action of City Councils in requesting the Board of Public Education to vacate the rooms now occupied by it in City Hall on or before July 15, 1912, be, and the same is hereby rescinded.

APPENDIX No. 145.

RESOLUTION

In relation to a proposed new lease with the United Gas Improvement Co.

WHEREAS, The present lease with the United Gas Improvement Company will expire December 31, 1927, and at the expiration of said lease the gas works will then revert to the City;

AND WHEREAS, It will be to the advantage of said United Gas Improvement Company, as well as to the citizens of Philadelphia if, under proper conditions, the gas works would remain under their control; therefore, be it

Resolved, *By the Select and Common Councils of the City of Philadelphia*, That if, in the judgment of the

United Gas Improvement Company, it would be desirable to cancel the present lease and execute a new lease for a longer period, say fifty years, from January 1, 1913, that the said United Gas Improvement Company will forward to these Councils a proposition for such new lease, on a basis, however, that the maximum price to consumers will in no event exceed eighty cents per thousand cubic feet of gas.

APPENDIX No. 147.

OFFICE OF THE MAYOR.

Philadelphia, May 2, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—I herewith enclose an ordinance regarding the keeping of hogs or swine in the City of Philadelphia. This ordinance explains itself, and I would ask your early and favorable consideration.

This question is one that will materially affect the Philadelphia Navy Yard. I have had communications from Commandant Grant, complaining about conditions prevailing in that section of the City owing to the proximity of the pigs, and not only from him but also from the Secretary of the Navy. We should do everything possible to make the surroundings of the Philadelphia Navy Yard as attractive and healthy as possible.

Yours respectfully,

RUDOLPH BLANKENBURG,

Mayor.

AN ORDINANCE

Declaring it to be a nuisance and making it unlawful to keep hogs or swine in the City of Philadelphia, except within certain limits; or in any part of the City of Philadelphia, excepting in a sanitary manner; and providing penalties for the violation of this ordinance.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That it is hereby made unlawful and declared to be a nuisance to keep hogs or swine in any part of the City of Philadelphia except within the limits hereinafter described: *Provided*, That this section shall not apply to hogs or swine kept at any licensed slaughter house for a period not exceeding five (5) days, for the purpose of being killed for use as food.

The limits within which hogs or swine may lawfully be kept in accordance with the provisions of this section shall be as follows:

1. In that portion of the City between Penrose avenue and Gallows lane and the Schuylkill river.

2. In that portion of the City of Philadelphia between the Delaware river and a line running from the Back Channel along the east house line of Eighth street north to the south house line of Packer street; thence east along the south house line of Packer street to the east side of Stonehouse lane; thence northwest along the east side of Stonehouse lane to the southeast line of Stampers lane; thence along the southeast line of Stampers lane northeast to the south line of Oregon avenue; thence along the south line of Oregon avenue to the Delaware river.

3. Between the City line at the southern boundary of the City and a line beginning at the intersection of Darby creek and the south house line of Eighty-seventh street; thence along the south house line of Eighty-seventh street to Church creek; thence along Church creek to the south house line of Eighty-first street; thence along the south house line of Eighty-

first street to the east house line of Ashwood avenue; thence along the east house line of Ashwood avenue to the south side of Jones lane; thence along the south side of Jones lane to the east side of Laycock avenue; thence along the east line of Laycock avenue to the south line of Powers lane; thence along the south line of Powers lane to the right-of-way of the Chester Branch of the Philadelphia and Reading Railroad; thence along said right-of-way to the south side of Sixty-first street; thence east along the south side of Sixty-first street to the west side of the Schuylkill river.

4. Within the limits of the Twenty-first, Twenty-second, Thirty-fifth, Forty-first, Forty-second and Forty-fifth Wards of the City.

Provided, That in no part of any of the above-described territory shall hogs or swine be kept within half a mile of any church, school house or hospital.

SECT. 2. It is hereby made unlawful and declared to be a nuisance to keep hogs or swine in any part of the City of Philadelphia excepting in a sanitary manner, so as not to be prejudicial to the health of the community.

SECT. 3. Any person violating any of the provisions of this ordinance, or committing a nuisance as herein defined, shall be liable to a penalty of twenty-five (25) dollars for each offence, and to an additional penalty of five (5) dollars for each day during which such violation or the continuation of such nuisance may be persisted in after not less than ten days' written notice from the Board of Health to abate the same, to be recovered as fines and penalties of a like amount are now by law recoverable.

SECT. 4. All ordinances or parts of ordinances inconsistent herewith be, and the same are hereby repealed.

APPENDIX No. 148.

OFFICE OF THE MAYOR.

Philadelphia, May 2, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—The enclosed copy of communication from the Director of the Department of Supplies, with ordinance attached, explains itself.

Kindly give this ordinance your favorable consideration.

Yours respectfully,

RUDOLPH BLANKENBURG,

Mayor.

DEPARTMENT OF SUPPLIES.*Philadelphia, May 1, 1912.*

HON. RUDOLPH BLANKENBURG,

Mayor of the City of Philadelphia.

MY DEAR MAYOR:—I herewith forward an ordinance for an additional appropriation to the Department of Supplies to provide for the payment of storing some 6,000 tons of coal for use in the City Hall. The storing of this coal was brought about in anticipation of a strike taking place at the mines, the coal being furnished by McKee & Co. at the schedule price.

I would respectfully request that you urge the passage of this ordinance, as the City in the event of a strike will have sufficient coal to last until early in September, and at a figure that is more than reasonable under the conditions.

Very truly yours,

(Signed) HERMAN LOEB,

Director.

AN ORDINANCE

To make an additional appropriation to the Department of Supplies, for the year 1912, to provide for the payment of storing coal in anticipation of a strike at the mines.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the sum of two thousand seven hundred (2,700) dollars be, and the same is hereby appropriated to the Department of Supplies (City Property), to Item 60, for the year 1912, to pay bill of McKee & Co. for storage of 6,000 tons of coal for use in the City Hall.

APPENDIX No. 149.

OFFICE OF THE MAYOR.

Philadelphia, May 2, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—I herewith enclose copies of communications received from Dr. Joseph S. Neff, Director of the Department of Public Health and Charities, with reference to the transfer of an appropriation of ten thousand (10,000) dollars for "rental of a steamboat," etc. He recommends that five thousand (5,000) dollars of this amount be appropriated towards the expense of the "Baby Saving Show" and five thousand (5,000) dollars "for the relief of children in the congested districts during the heated term."

I cordially approve this request and hope it may have your favorable consideration.

Very respectfully,

RUDOLPH BLANKENBURG,

Mayor.

DEPARTMENT OF PUBLIC HEALTH AND CHARITIES.

Philadelphia, April 20, 1912.

HON. RUDOLPH BLANKENBURG,

Mayor of the City of Philadelphia.

DEAR SIR:—At the meeting of the Philadelphia County Medical Society, held on April 17th, the following resolution was adopted:

“The Philadelphia County Medical Society endorses the request of the Executive Committee of the ‘Baby Saving Show’ to the Finance Committee of Councils for an appropriation of five thousand (5,000) dollars.”

This request is now in the hands of the Finance Committee, having been sent with the favorable recommendation of Your Honor, and I would respectfully ask your aid in having the Finance Committee act promptly and favorably upon the same.

Since starting this movement we find the scope has been enlarged to such an extent that we estimate the expenses to be in the neighborhood of sixteen thousand (16,000) dollars. We have secured an underwriting syndicate to date guaranteeing five thousand (5,000) dollars, and are strenuously working to procure additional subscriptions.

. This show, I believe, will be one of the best of its kind ever held in Philadelphia. Four Departments of the United States government are co-operating, and the show must prove of great educational value to our citizens, which will tend to lessen preventable infant mortality.

The Committee has secured the services of many of the best known experts in the United States, who have agreed to deliver popular lectures during the week of the exhibit at Horticultural Hall.

If sufficient funds are in hand, a comprehensive report will be published quoting from these various authorities, which will be used for distribution among the homes. This

must benefit our people in dispelling ignorance, which is the greatest obstacle to-day in sanitary progress.

Very respectfully yours,

(Signed) JOSEPH S. NEFF,

Director.

DEPARTMENT OF PUBLIC HEALTH AND CHARITIES.

Philadelphia, May 1, 1912.

HON. RUDOLPH BLANKENBURG,

Mayor of the City of Philadelphia.

DEAR SIR:—I enclose herewith copies of resolutions and letters concerning the transfer of the ten thousand (10,000) dollars appropriated by Councils on April 13, 1912, to Item 12 (Director's Office), Department of Public Health and Charities, "for rental of a steamboat to be used for giving free daily (except Sundays) excursions, during July and August, for the children of the public and parochial schools," to Item 17, Bureau of Health, "for the relief of children in the congested districts during the heated term," and new item for a "Baby Saving Show," as follows:

Resolution from the Philadelphia County Medical Society, passed at its meeting held April 17, 1912, as follows:

"That the Philadelphia County Medical Society endorses the request of the Executive Committee of the Baby Saving Show to the Finance Committee of Councils, for an appropriation of five thousand (5,000) dollars."

Resolution from the Philadelphia County Medical Society, passed at its meeting held April 17, 1912;

Resolution from the Child Hygiene Committee of Philadelphia, passed at its meeting held April 25, 1912;

Resolution from the Executive Committee of the Child Hygiene Committee of Philadelphia, under date of April 11, 1912;

Letter from William B. Buck, Secretary, Committee on Municipal Charities, under date of April 11, 1912;

Letter from Roy Smith Wallace, Secretary, Pennsylvania Society to Protect Children from Cruelty, under date of April 11, 1912;

Letter from Edwin D. Solenberger, General Secretary, Children's Aid Society of Pennsylvania, under date of April 10, 1912;

Letter from J. Bruce Byall, Superintendent, the Children's Bureau, under date of April 11, 1912; and

Letter from Porter R. Lee, General Secretary, Society for Organizing Charity, under date of April 11, 1912.

Of the letters of the above mentioned societies, those dealing with child welfare, you will note, have practically the same tenor, to the effect that, notwithstanding daily excursions for healthy and well children would be a healthy enjoyment, yet the money is urgently needed for the much more important work of saving infant lives in the crowded districts during the heated term, as evidenced by work of this character during the past summer on the Recreation Piers on the Delaware river.

The Department desires to run the Chestnut Street Pier as an educational center for the training of mothers, nurses, and the care of children, and on the Race Street Pier run a hospital, where those who are desperately ill could be treated with better results than in the home congested sections, or even in other hospitals in the City.

I am not desirous of depriving the school children of their river outings, but feel that the recommendations incorporated in these communications are valuable, and that much better health-work and life-saving work can be ac-

complished by the maintenance of the Department's activities on these piers, than could be accomplished by the use of the steamboat for daily excursions.

The "Baby Saving Show," under the auspices of the Department of Public Health and Charities, and other co-operating associations, to be held for one week at Horticultural Hall, and for several days in Manayunk, Kensington, and Southeast Philadelphia, will be of great value in the education of those in charge of babies, and will become a prominent factor in the reduction of preventable infant mortality in Philadelphia. The expenses of this exhibition are estimated to be sixteen thousand (16,000) dollars. An appropriation of five thousand (5,000) dollars has been asked of Councils for this show.

Owing to the scarcity of money and the insufficient appropriation of Item 17, Bureau of Health, I would respectfully request you to ask Councils to transfer from the ten thousand (10,000) dollars appropriated under Item 12, Director's Office, Department of Public Health and Charities—above referred to—five thousand (5,000) dollars to the "Baby Saving Show," and five thousand (5,000) dollars to Item 17, Bureau of Health, "for the relief of children in the congested districts during the heated term."

I am,

Very respectfully yours,

(Signed) JOS. S. NEFF,

Director.

Philadelphia, April 11, 1912.

DR. JOSEPH S. NEFF,

Director, Department of Public Health and Charities.

DEAR DR. NEFF:—I understand that some time since Councils appropriated \$10,000 for transportation of

children up and down the river with a view to giving them the benefit of fresh air outings.

I understand also, from my own observations and from talking with others who are better informed, that while such outings are desirable, the need is not so imperative as for other uses. Would it not be possible to secure from Councils a transfer of this appropriation to another purpose, namely, the more important work of saving infant life in the crowded districts?

In view of the far greater importance of the last named work I desire to protest most strongly against the use of the \$10,000 for the purpose for which it is at present appropriated.

Very sincerely,

(Signed) W. B. BUCK.

DR. JOSEPH S. NEFF,

Director, Department of Public Health and Charities.

MY DEAR DR. NEFF:—I have noticed that Councils have recently appropriated \$10,000 to your Department, to be used to hire a boat to take children up and down the river during the summer months.

I am wondering if you cannot persuade Councils to transfer this money to some more useful object. Of course, taking children up and down the river in the summer time in a boat is a very pleasant thing to do and would be of some use, but the money could be so much more valuably spent in your regular campaign for the reduction of summer infant mortality, that I should hope very much that Councils, now that they have once appropriated the money, would feel that they could transfer it to some other

purpose. For instance, the engagement of some more maternity nurses to work in the congested districts with the mothers of new-born babies, or to add to the efficiency of the out-door work on recreation piers, etc. It does seem to me very much too bad that this \$10,000, which is apparently available for children's work, should go to a comparatively useless, as compared with an essentially important, children's work.

Very sincerely yours,
(Signed) ROY SMITH WALLACE,
Secretary.

CHILDREN'S AID SOCIETY OF PENNSYLVANIA.
Charities Building, 419 South Fifteenth street.

Philadelphia, April 10, 1912.

DR. JOSEPH S. NEFF,

Director, Department of Public Health and Charities.

MY DEAR DR. NEFF:—Our attention has been called to a recent appropriation by Councils of \$10,000 for the purpose of providing daily excursions on a steamboat on the Delaware river during certain months of the summer for school children of the public and parochial schools. On inquiry it appears that no provision has been made for the supervision of these excursions nor for supplying food. Particularly, I understand that no provision is made for doctors or nurses, so that it would not be possible to take care of sick or convalescent children. Again, it is to be noted that it will not be possible to care for infants and young children under school age, and it is the younger children in the congested sections of the City that are particularly in need of fresh air and outings during the summer months, when the death rate among them is unusually high.

Without going into further details, it is our belief that those who promoted this plan of providing hot weather

relief for children were not sufficiently advised as to the classes of children in the greatest and most urgent need of help along this line. Moreover, providing daily excursions for school children would seem to be more properly a function of the Recreation Board of the City or the private playground associations rather than the Department of Health and Charities, which is charged with the responsibility for keeping down the death rate and relieving the suffering of the sick and the invalid classes. For this reason, as well as because the proposed plan lacks the necessary safeguards and provisions to make it accomplish the purposes desired, we beg to ask your earnest consideration to the matter of having this money transferred to some object in the Department that will more directly reach the children who particularly suffer during the heated months because of the conditions under which they live in the congested quarters of our City.

Very respectfully yours,

DR. JOSEPH S. NEFF,

Director, Department of Public Health and Charities.

DEAR SIR:—I have recently learned that the Councils appropriated some ten thousand dollars for the purpose of renting a boat to give the children of the public and parochial schools picnic trips on the river next summer.

This is a very commendable purpose, but it has occurred to me that the ten thousand dollars might be used for even better purposes. Last year your Department, through its visiting nurses, was able to reduce the number of deaths among babies nearly one-half. This kind of work should be greatly extended. The river trips will give real pleasure, but the visiting nurses can save real lives. Why should it not be a good plan to ask to have these ten thousand dollars transferred to your Department for baby-saving purposes? As a representative of the Children's Bureau, I hope that you will ask for this transfer.

Very truly yours,

SOCIETY FOR ORGANIZING CHARITY,

Charities Building, 419 South Fifteenth street.

Philadelphia, April 11, 1912.

DR. JOSEPH S. NEFF.

Director, Department of Public Health and Charities.

MY DEAR DR. NEFF:—I understand that Councils have appropriated \$10,000 for the purpose of chartering a boat on the river which is to be used for outings for the children of parochial and public schools. I desire to raise the question whether this is not a most undesirable use to make of \$10,000 when there are so many bits of work in your Department that have been only partially done because of inadequate appropriations? We have suffered a good deal in Philadelphia through the "half a loaf" policy, and I should like to urge upon you with all the earnestness I can that you do what you can to have this appropriation transferred from the use designated, and applied to your Child Hygiene Department, where it can be devoted to the prevention of infant mortality this summer. Infant mortality is one of the most important, and has proved itself one of the most successful, experiments

the City has tried since I have been in Philadelphia. It ought to be rapidly extended, and it is nothing short of crime, in view of its demonstrated success, to leave it with inadequate equipment.

I have perfect sympathy with summer outing work for children. The City, however, is fairly well equipped with provisions for summer outings with the Children's Country Week Association at the head. The net result in health and happiness could not be anywhere near as great by using this money for the chartering of a boat for outings as it would if it were to go into the extension of the infant mortality work. I imagine that any such transfer would require further action by Councils. If so, and you think I can be of any help to you, I should be very glad to have you use this letter or use me in any way you choose.

Very sincerely yours,

(Signed) PORTER R. LEE.

OFFICE OF THE MAYOR.

Philadelphia, May 2, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—Allow me to call your attention to the two communications of which copies are attached, which I have received from the Director of the Department of Public Safety, with reference to additional appropriations urgently needed by the Bureau of City Property and the Electrical Bureau.

I hope that these may receive your early and favorable consideration.

Yours respectfully,
RUDOLPH BLANKENBURG,
Mayor.

DEPARTMENT OF PUBLIC SAFETY.

Office of the Director,
City Hall.

Philadelphia, April 18, 1912.

HON. RUDOLPH BLANKENBURG,

Mayor of the City of Philadelphia.

SIR:—I am in receipt of the following communication from Mr. Clayton W. Pike, Chief of the Electrical Bureau, relative to the condition of certain items in the appropriation for his Bureau for the year 1912, to wit:

“At the coming session of Councils I would request that authority be given to transfer the appropriation for Item 3, Section 5, Electrical Bureau, so as to make it available for the maintenance of an automobile instead of a horse and wagon. An automobile is very badly needed, and a horse and wagon are of practically no utility.

“I would also call your attention to the fact that Item 2 will be exhausted in about one month. Out of this item we pay the men who perform the repairs on the overhead construction lines, which operate the police, fire alarm and telephone systems. It will, of course, be necessary to keep these in operation, and I therefore request an additional appropriation of \$15,000.”

The above has my approval, and I would respectfully request that you transmit the same to Councils for action at as early a date as possible.

Respectfully,

(Signed) GEO. D. PORTER.

Director.

DEPARTMENT OF PUBLIC SAFETY.

Philadelphia, April 3, 1912.

HON. RUDOLPH BLANKENBURG,

Mayor of the City of Philadelphia.

SIR:—I am in receipt of the following communication from the Chief of the Bureau of City Property, which you will find self-explanatory:

“For six or seven years the Clean Towel Supply Co. has been furnishing this Bureau with towels for the use of the Courts and this office. The item for the maintenance of the City Hall is quite exhausted, and I will be obliged to discontinue the towel service unless funds are appropriated for the purpose. This course is necessary upon the recent ruling of the Law Department that we cannot negotiate a bill in anticipation of funds. I might add that the same condition prevails with regard to locks and locksmithing in the building, which is quite a daily occurrence.”

The item for the maintenance of City Hall is an important one and is practically exhausted at this time. I would respectfully ask that this matter be presented to Councils, and that they be urged to take action with regard to the same at the very earliest possible moment.

Respectfully,

(Signed) GEO. D. PORTER,

Director.

Philadelphia, May 2, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—The enclosed copy of letter received from George D. Porter, Director of the Department of Public

Safety, as well as draft of resolution for the consideration of your Honorable Bodies, explains itself. I heartily approve the proposed action; it seems to me to be the only way to adjust this difficult problem, and I think you will agree with me that no more just and equitable solution of the question could be adopted.

Bespeaking for this communication your earnest consideration and approval, I am,

Yours respectfully,

RUDOLPH BLANKENBURG.

Mayor.

—

DEPARTMENT OF PUBLIC SAFETY.

Philadelphia, April 24, 1912.

HON. RUDOLPH BLANKENBURG,

Mayor, of the City of Philadelphia.

SIR:—I have the honor to forward herewith copy of resolutions, the result of a conference between Michael J. Ryan, Esq., City Solicitor, Frank Riter, Esq., President of the Board of Civil Service Commissioners, and myself, relative to the restoration of members of the Police and Fire Bureaus affected by the position of the Court of Common Pleas No. 2, and respectfully urge that you forward the same to Councils with your recommendation that it be passed.

Respectfully submitted,

(Signed) GEORGE D. PORTER,

Director.

—

RESOLUTION

To authorize the Director of the Department of Public Safety to restore at the same rate of pay members of the police and fire forces affected by the decision of the Court of Common Pleas No. 2 of the County of Phila-

delphia in the case of Smith et al. *vs.* City of Philadelphia, C. P. No. 2, March Term, 1908, No. 2920, and who may hereafter be appointed to said forces after competitive examination, from eligible lists, in accordance with the provisions of the Civil Service Law, and suspending Joint Rule No. 30 of the Select and Common Councils.

WHEREAS, Since the early part of 1907, the Civil Service Commission furnished eligible lists for the positions of patrolman, mounted patrolman, and hoseman, divided into the number of districts covering the City;

AND WHEREAS, The legality of such action was duly questioned in the case of Smith et al. *vs.* City of Philadelphia, and it was subsequently decided by the Court of Common Pleas No. 2 of the County of Philadelphia that all appointments made under such lists were null and void;

AND WHEREAS, The Director of the Department of Public Safety has determined to give opportunity to all such appointees now in his Department to apply to the Civil Service Commission for provisional appointment; therefore, be it

Resolved, That the Director of the Department of Public Safety is hereby authorized and empowered to restore such members of the police and fire forces who may hereafter be appointed to said forces after competitive examinations, from eligible lists established according to the Civil Service Law, to that rate of pay that they received before their positions were declared null and void by the decision in the case of Smith et al. *vs.* City of Philadelphia, and that the Director of the Department of Public Safety is to draw his several warrants in a manner to carry out the purposes and object of this resolution.

APPENDIX No. 152.

OFFICE OF THE MAYOR.

Philadelphia, May 2, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—I enclose herewith copy of a communication from George D. Porter, Director of the Department of Public Safety, also an ordinance covering his request.

I have no doubt this matter will commend itself to the favorable consideration of your Honorable Bodies, and I would therefore ask for early action.

Yours respectfully,

RUDOLPH BLANKENBURG,

Mayor.

—

DEPARTMENT OF PUBLIC SAFETY.

Philadelphia, May 1, 1912.

HON. RUDOLPH BLANKENBURG,

Mayor of the City of Philadelphia.

DEAR SIR:—I have the honor to forward herewith copies of ordinance which I would respectfully suggest that you have introduced in Councils to-morrow, Thursday, with a request that said ordinance receive favorable consideration.

I have had this ordinance drafted to meet the hundreds of complaints which have been received at this office of noises caused by what is commonly known as the cut-out and the offensive odors which emanate from smoking automobiles.

The portion of this ordinance which refers to the emission of obnoxious odors is strongly urged by Dr. Neff, Director of the Department of Public Health and

Charities, who states that it is not only disagreeable but deleterious to public health, but was not such a nuisance as could be acted upon by the Board of Health without Councilmanic action.

Yours respectfully,

(Signed) GEO. D. PORTER,

Director.

—

AN ORDINANCE

To regulate the operation of motor vehicles within the City limits to prevent the emission of obnoxious odors and to prevent the use of any cut-out or other device to allow exhaust gases to escape without passing through a muffler.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That on and after the passage of this ordinance, all automobiles, wagons and other vehicles operated by power other than by animal power or hand power, within the City limits, shall, when combustion engines used therein are running, be equipped with a muffler or silencer, through which all the exhaust gases from the engine shall escape through the atmosphere.

SECT. 2. It shall be unlawful for the operator or driver of any motor vehicle as above described to use any cut-out, fitting or other apparatus or device which will allow the exhaust gases to escape into the atmosphere without passing through a suitable muffler or silencer.

SECT. 3. It shall be unlawful for any person to operate, within the City limits, a motor vehicle as above described which emits from the exhaust or muffler thereon offensive quantities of smoke or obnoxious odors.

SECT. 4. Any person violating any of the provisions of this ordinance shall be subject to a fine or penalty of ten (10) dollars, to be collected by conviction before a Magistrate as like fines and penalties are now by law collected; or in case of non-payment of said fine within

forty-eight (48) hours, bail in double the amount of fine and costs being first entered, to undergo an imprisonment in the County Prison for a period not exceeding ten (10) days.

All ordinances or parts of ordinances inconsistent herewith be, and the same are hereby repealed.

APPENDIX No. 153.

Philadelphia, May 2, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—The Committee on Police and Fire, to which was referred a message from the Mayor, relative to "An Ordinance to regulate the having, using, storing and keeping of gasoline by public and private garages in quantities over five gallons," together with accompanying copies of communications from the Director of the Department of Public Safety and the Fire Marshal, respectfully report that they have carefully considered the same, and return the annexed bill with a favorable recommendation and ask its passage.

Wm. A. Miller (*Ch'n*), W. E. Bonnick, Frank Hardart, John G. Voigt, Jr., Richard A. Cooper, James Ward, Richard Weglein, Simon Walter, Rudolph Ruedinger, Henry R. Shoch, G. W. Kucker, Wm. H. Quigley, George D'Autrechy, Albert De Prefontaine.

AN ORDINANCE

To regulate the having, using, storing and keeping of gasoline by public and private garages in quantities over five gallons.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain:*

Definitions.

(a) An automobile is any self-propelling vehicle.

(b) A public garage is a building where automobiles are kept and stored by the public; where automobiles are rented out to and hired by the public; where a charge is made for use of or for the storage and keeping of automobiles.

(c) A private garage is a building where one or more automobiles are kept and stored for private use only, and not rented or hired out to the public, or any charge made for storage.

(d) Gasoline shall mean the product now commercially known, used and accepted as such by that name.

(e) Approved, means by the Fire Marshal.

SECT. 2. That on and after the first day of July, 1912, it shall be unlawful for any person or persons, corporation, firm or co-partnership to keep, store or handle gasoline in any private or public garage in excess of five gallons, excepting in tanks of automobiles or approved safety containers, and in compliance with the conditions hereinafter mentioned.

SECT. 3. Quantity: The capacity of any tank shall not exceed five hundred and sixty (560) gallons, nor shall more than four tanks be permitted in connection with any one public or private garage.

SECT. 4. Gasoline tanks:

(a) All tanks shall be installed outside of buildings, underground, not less than two (2) feet below surface, entirely surrounded by earth well tamped in place and furnished with a footing or foundation of concrete, to be at least six (6) inches thick.

(b) If impracticable to locate storage tanks outside of buildings, they may be buried three (3) feet below level of the basement or cellar floor, imbedded in the earth, and covered by at least three (3) feet of earth, and to be furnished

with footing or foundation of concrete at least six (6) inches thick.

(c) All tanks of three hundred and twenty (320) gallons to five hundred and sixty (560) gallons capacity shall be made of at least twelve (12) gauge galvanized steel or at least one-quarter ($\frac{1}{4}$) inch black open hearth tank steel. All tanks of two hundred and twenty (220) gallons to three hundred and twenty (320) gallons capacity shall be of fourteen (14) gauge. All tanks of less than two hundred and twenty (220) gallons capacity shall be made of sixteen (16) gauge. All of these tanks shall be welded or riveted and in every respect substantially constructed, and galvanized or painted with not less than two (2) coats of rust-resisting material on the outside thereof. Where tanks are not more than four (4) feet in diameter, the thickness of the metal shall be increased proportionately: *Provided, however,* That the thickness of the metal for a tank four (4) feet in diameter need not be greater than six gauge galvanized steel or 5-16 inch black open hearth tank steel. Where steel is specified, iron or other approved metal of approved quality and thickness may be substituted.

(d) Filler pipes must be made of galvanized iron pipe one and one-half ($1\frac{1}{2}$) inches or more in diameter, entering at the top and extending to bottom of tank, upper end of said filler tank must terminate in an approved cap or plug, securely locked. Where tanks are located under the building, filler pipe must run to the outside of the building and terminate in an approved cap or plug, same to be securely locked. Where filler pipe runs to sidewalk, it must terminate in an approved cap or plug, securely locked, and be protected by a metal filler box, the same to be flush with the sidewalk, the cover to the said filler box to be securely locked. Filler pipes in alleyways shall terminate in an approved cap or plug, securely locked, and extending above the ground level close to the building.

(e) Tanks located within ten (10) feet of any building or within the building shall be provided with one inch diameter or larger vent pipe, same to be connected to the top of such tank. This pipe must be carried up to at least

four (4) feet above the roof of said building and terminate in a goose neck and spark arrester.

(f) Pipe connecting the tank with discharge point in building must be of galvanized iron and must enter top of tank. Said pipe must be buried at least ten (10) inches below the surface, and any exposed portion thereof must be thoroughly and properly protected. This connection pipe must not be lower at any point than where same leaves the tank.

SECT. 5. All tanks in garages used for storage of gasoline, now located on sidewalks or above ground, shall be removed and installed in accordance with this ordinance on or before the first day of July, 1912.

SECT. 6. All gasoline must be drawn from the tanks by means of an approved apparatus.

SECT. 7. Where gasoline is drawn inside the building, lighting shall be by incandescent electric lights, with all electric switches and cut-offs permanently located at least four (4) feet above the floor. No fire or open light shall be permitted in the room where filling of reservoir of automobile is done.

SECT. 8. Handling and storing of gasoline inside of garages:

(a) No gasoline or other volatile inflammable liquids shall be kept in any garage except in reservoirs of automobiles or when stored or handled in self-closing safety containers, or in portable filling tanks.

(b) When self-closing safety containers are used for the storing or handling of gasoline, not more than five (5) gallons of gasoline shall be kept in any building, and the self-closing containers must be made of metal and must be of approved construction, and must be of a capacity not to exceed five (5) gallons.

(c) When portable wheel tanks are used for the handling of gasoline, the tanks must be of a capacity not to exceed fifty (50) gallons, and must be of at least three-sixteenths (3-16) inch tank steel or other approved metal, and must be of approved construction. The said port-

able tanks shall be supported on wheels equipped with rubber or other approved tires, and the tank must be provided with an approved all-metal pump or other approved device. This pump to be provided with hose attachment, and hose must not exceed ten (10) feet in length. This pump must be equipped with approved ground key shut-off cock where hose is attached to pump, also with approved ground key shut-off cock at end of hose. Pump must be equipped with a convenient lock and the same must be locked when not in use.

SECT. 9. There shall be constantly kept and maintained convenient receptacles filled with sand, to be used in absorbing waste oils on the floor. In addition to this, sand shall be kept in box or boxes of approved construction, provided with hand scoop, to be used for fire extinguishing purposes only.

SECT. 10. No smoking shall be allowed in any rooms in which gasoline is kept or used.

SECT. 11. No public or private garage shall keep or store any gasoline in excess of five (5) gallons until application shall have been made to the Mayor and a license granted. No license shall be granted to any person or persons, corporation, firm or co-partnership until the Fire Marshal has examined the premises and certified to the Mayor that the requirements of this ordinance have been complied with, and that he approves such application for license. Upon such certificate being made to the Mayor and upon payment of a fee of three (3) dollars for each tank, the Mayor shall issue said license, which license shall continue in force for one year succeeding. This license to be renewed annually upon the payment of a fee of two (2) dollars for each tank: *Provided*, That if the Fire Marshal shall decide that an applicant for a license is not entitled to his license by reason of endangering the public safety, said applicant may appeal, in writing, to the Director of the Department of Public Safety, within five (5) days after having received notice of the decision of the Fire Marshal, specifying in such appeal the reason and ground therefor. The Director of the Department of Public Safety shall immediately refer such appeal to a

commission, which shall consist of the Chief of the Fire Department, the Chief of the Bureau of Building Inspection and the Fire Marshal. Said Commission shall carefully consider said appeal and make decision thereon, and the decision shall be final. The decision of any two shall be the decision of the Commission.

SECT. 12. No gasoline, benzine or naphtha shall be used in any garage for washing automobiles or parts thereof.

SECT. 13. Any person, firm or corporation violating any of the provisions of this ordinance shall be subject to a fine of twenty-five (25) dollars for each offence; said fine to be collected as like penalties are now collected, and his, their or its license shall be forthwith revoked by the Mayor, and no license shall be issued to any person, firm or corporation so offending, directly, or on his, their or its behalf, until all fines and penalties have been paid.

All ordinances or parts of ordinances inconsistent herewith be, and the same are hereby repealed.

APPENDIX No. 154.

RESOLUTION

Requesting the Board of Revision of Taxes to furnish Councils with list of real estate in Philadelphia owned by public service corporations now exempt from local taxation.

Resolved, By the Select and Common Councils of the City of Philadelphia. That the Board of Revision of Taxes be, and hereby is, requested to furnish these Councils with a list of the real estate owned by public service corporations within the boundaries of the City and County of Philadelphia now exempt from local taxation, giving location, dimension and value of each parcel, reporting to these Councils not later than the first meeting in June, 1912.

APPENDIX No. 155.

RESOLUTION

To request the Board of Public Education to permit the Board of Recreation to temporarily use the plot of ground on the east side of Germantown avenue, north of Washington lane, for a playground and recreation center.

WHEREAS, The use of the property on the east side of Germantown avenue, north of Washington lane, belonging to the Board of Public Education, has been granted to the Germantown and Chestnut Hill Improvement Association for several years; therefore, it is

Resolved, By the Select and Common Councils of the City of Philadelphia, That the Board of Public Education be requested to permit the Board of Recreation to use the said property on the east side of Germantown avenue, north of Washington lane, for playground and recreation purposes until such time as the said property may be disposed of by the Board of Public Education.

APPENDIX No. 156.

RESOLUTION

Of request to the Board of Public Education to permit the Board of Recreation to temporarily use the school property on the east side of American street, north of Columbia avenue, for playground and recreation center.

WHEREAS, The school property on the east side of American street, north of Columbia avenue, has been abandoned by the Board of Public Education for school purposes, and the said property being located in a section badly in need of playground and recreation facilities; therefore

Resolved. By the Select and Common Councils of the City of Philadelphia. That the Board of Public Education be requested to permit the Board of Recreation to use said property on the east side of American street, north of Columbia avenue, for playground and recreation purposes until such time as the said property may be disposed of by the Board of Public Education.

APPENDIX No. 157.

OFFICE OF THE MAYOR.

Philadelphia, May 7, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—I beg to call your attention to the accompanying letters from the Director of the Department of Public Safety, the Chief of the Bureau of City Property and the City Architect, with reference to the condition of the Fire Headquarters at 1328 Race street.

The Director states that it will require the sum of \$135,000 for the building that is needed to meet the requirements of the Bureau of Fire.

As the present building is in a dangerous condition and likely to be the cause of accidents, I trust that his recommendation may have your early and favorable consideration.

Respectfully yours,

RUDOLPH BLANKENBURG,

Mayor.

—

DEPARTMENT OF PUBLIC SAFETY.

Philadelphia, May 7, 1912.

HON. RUDOLPH BLANKENBURG,

Mayor of the City of Philadelphia.

MY DEAR SIR:—Since writing you on April 27th, relative to the condition of the Fire Headquarters at No. 1328 Race street, I have requested the City Architect to make a more careful examination of the property and to report to me definitely its needs.

In my previous communication, I advised you that if \$35,000 could be provided, the building could be sub-

stantially repaired, but I find, on a more thorough examination, that in order to have this building meet all the requirements of the Fire Department the sum of \$135,000 will be required.

The present headquarters are so cramped and unsafe that it is not possible to continue there any longer the heavy work heretofore done, and the recommendation of the City Architect, which I enclose, contemplates adding to the height of the building, thus making three floors; the top floor to be used for painting, etc., the second floor to be used for the wood-working department, and the first floor for the heavy machinery, etc.

I cannot urge upon you too strongly the necessity of prompt action in this matter, as it will be quite impossible to continue in these headquarters much longer, as a serious accident will most certainly result.

Respectfully yours,

(Signed) GEO. D. PORTER,

Director.

—

Philadelphia, April 20, 1912.

MR. GEORGE D. PORTER,

Director, Department of Public Safety.

SIR:—In reply to your inquiry: The City Architect reports that it would cost about \$135,000 for new building for Fire Headquarters in order to meet the requirements laid down by the Chief of the Bureau of Fire. This would include the installation of individual motors to run the different machines.

Respectfully,

(Signed) A. S. EISENHOWER,

Chief of Bureau.

Philadelphia, February 8, 1912.

MR. ALFRED S. EISENHOWER,

Chief, Bureau of City Property.

DEAR SIR:—At your request, I have again examined the whole construction of the building used as Fire Headquarters, Juniper and Race streets, and am still of the same opinion as to my former report. I have consulted with the Chief of the Fire Department and his Master Mechanic, and they have agreed with me that the present building is inadequately planned to facilitate the constructing and repairing of fire and police apparatus.

I have been informed that the present building was originally constructed and was used as a market house, and on examination find the cellar constructed of brick piers and groined brick arches, on top of which, to the first floor level, a distance of approximately three feet, is a layer of solid stone. The stone and brick arches have been perforated, from time to time, with manholes, which have been promiscuously cut through the stone and brick arches, thus weakening the floors.

The windows in the outside walls, surrounding the machine shop, are small and in very poor condition; practically worthless to a shop of this kind, the character of whose work demands profuse lighting. These windows would have to be made larger in width and height, which would mean the cutting of the brick walls, and if two additional stories were added, the cutting of the walls would again be necessary to provide for the insertion of joists or other floor construction. This, in my opinion, would weaken the walls considerably.

There are numerous other defects in the planning of the present building that can only be made clear by a personal visit to the building.

The present conditions, in the handling of apparatus which is to be repaired, require the workmen to dismantle parts; this would not be necessary if a hand traveling crane was installed in the building, as it should

be, but which cannot be done in the present erected building.

The lathe room, blacksmith shop, paint shop, power room, and storage room are so small and poorly located that it is a hindrance to the mechanics in the proper execution of their work.

The Chief of the Fire Department, and his clerks' quarters on the second floor, facing Race street are inadequate and not well arranged, and would have to be torn out if the present walls were retained, which would be considerable more expense than if built anew.

My idea to improve these conditions, as I have previously reported to you, is to demolish the present building and erect a building of three stories, properly arranged to house the entire equipment in an up-to-date layout, and I think that a garage could be installed for housing all the officials' automobiles, which I understand are scattered throughout the City.

Respectfully,

(Signed) CARL B. ZILENZIGER,

City Architect.

APPENDIX No. 158.

Philadelphia, May 9, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance, to which was referred a bill entitled "An Ordinance to authorize certain transfers in the annual appropriations to the Department of Supplies, Art Jury and Clerks of Councils, respectfully report that they have carefully considered the same, and return the annexed bill with a favorable recommendation and ask its passage.

Jno. F. Connelly (*Ch'n*), John H. Hahn, G. P. Darrow (for report), G. W. Knicker, Chas. Seger, Chas. A. Gillingham, John H. Baizley (for report), Robert S. McElroy, E. B. Gleason, E. Buchholz, William J. McCloskey, W. E. Bonnick, H. J. Trainer, Thomas J. Morton, Wm. E. Finley.

ART JURY.

Philadelphia, April 17, 1912.

TO THE HONORABLE GEORGE MCCURDY,
President of Common Council.

DEAR SIR:—I enclose herewith an ordinance to make an appropriation for the expenses of the Art Jury, for the year 1912, with the request that it may be given favorable consideration by the Select and Common Councils of the City.

The Act of Assembly of May 25, 1907 (P.L. 249), provides that "in every city of the first class there shall be an Art Jury, composed of the Mayor of the city ex-officio and eight other members," possessing certain qualifications designated in the Act, to be appointed by him, subject to confirmation by the Select Council of said city.

The members of the jury serve without compensation, but the Act directs that "the Councils of said city shall by ordinance provide for the necessary expenses of the jury, including the salaries of such clerks as may be required."

Upon the first appointment of the Art Jury for the City of Philadelphia by Mayor Reyburn, the City Councils by an ordinance, approved December 1, 1911, as required by the terms of the Act, "provided for the necessary expenses of the jury" for the remainder of the year 1911, including the salaries of a clerk, designated as "Assistant Secretary," at the rate of \$3,600 a year, and a stenographer, at the rate of \$900 a year.

The same salaries, provided in the proposed ordinance for 1912, appear to all the members of the jury to be entirely reasonable. In the first three months of its existence, as shown in its first report to the Mayor, a proof of which is herewith enclosed, the Art Jury has effected a saving in the estimated cost to the City of the six public structures, whose plans have been finally acted upon by the jury, of over \$41,000.

Yours very truly,

CHAS. C. HARRISON,

President.

AN ORDINANCE

To authorize certain transfers in the annual appropriations to the Department of Supplies, Art Jury and Clerks of Councils, for the year 1912.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain.* That the City Controller be, and he is hereby authorized to make the following transfers in the annual appropriations to the Department of Supplies, the Art Jury and Clerks of Councils, for the year 1912, viz.: Clerks of Councils from Item 7½ (1910), to pay Manufacturers' Appraisal Co., nine thousand

(9,000) dollars, to the following: Art Jury, to Item 1, for salaries; to provide for Assistant Secretary, at the rate of three thousand six hundred (3,600) dollars per annum; for stenographer and typewriter at the rate of nine hundred (900) dollars per annum; total, four thousand five hundred (4,500) dollars. To Item 2, for stationery, printing, postage, transportation, hire of vehicles, traveling and hotel expenses, messenger service, books and periodicals for library and incidentals, two thousand (2,000) dollars. Department of Supplies (Art Jury), to Item 8, for ice, towels and soap, furniture, carpets, rugs and other office furnishings, and other supplies, two thousand five hundred (2,500) dollars.

APPENDIX No. 159.

Philadelphia, May 9, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance, to which was referred Mayor's messages, sundry communications and bills in relation to additional appropriations, respectfully report that they have carefully considered the same, and return the annexed bill "To authorize certain transfers in the annual appropriations to the various Bureaus in the Department of Public Safety, Clerks of Councils, Coroner, Commissioners of Fairmount Park, City Controller and Register of Wills, for the year 1912," and ask its passage.

Jno. P. Connelly (*Ch'n*), Peter E. Costello, William J. McCloskey, Robert S. McElroy, John H. Baizley, E. Buchholz, G. P. Darrow, John H. Hahn, E. B. Gleason, Chas. A. Gillingham, W. E. Bonnick, H. J. Trainer, Thomas J. Morton, Wm. E. Finley.

AN ORDINANCE

To authorize certain transfers in the annual appropriations to the various Bureaus in the Department of Public Safety, Clerks of Councils, Coroner, Commissioners of Fairmount Park, City Controller, and the Register of Wills, for the year 1912.

AN ORDINANCE

To permit the Trustees of The Jefferson Medical College of Philadelphia to construct iron or steel and concrete bridges over and across Moravian street, west of Tenth street.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That permission be, and is hereby granted to the Trustees of The Jefferson Medical College of Philadelphia to construct two iron or steel and concrete bridges over and across Moravian street, at points west of Tenth street, for the purpose of connecting the hospital building of the said College with the second floor of the College building. The said bridges shall not exceed twenty-five feet in the clear width, respectively, and shall have a clearance of at least fourteen feet above the curb height, and shall be constructed under the supervision of the Department of Public Works, in accordance with plans to be approved by said Department. Before

exercising any privilege under this ordinance the said Trustees of The Jefferson Medical College of Philadelphia shall first enter into an agreement, satisfactory to the City Solicitor, protecting the City from all damages by reason of the construction and maintenance of said bridges, and shall pay into the City Treasury the sum of fifty (50) dollars for the publication of this ordinance. The privilege hereby granted shall be revocable at any time, and the bridges shall be removed upon the passage of an ordinance to that effect.

Resolved, By the Select and Common Councils of the City of Philadelphia, That the Director of the Department of Public Works be requested to permit Henry Stapf to lay a temporary terra cotta drain in Loudon street, beginning from the present sewer in Mascher street to a point about one hundred and forty feet west on London street. The said drain to be laid under the supervision and to the satisfaction of the Department of Public Works (Bureau of Surveys) without expense to the City of Philadelphia, and shall not release the owners of property from paying the regular frontage charges whenever a sewer shall be laid in said street.

APPENDIX No. 172.

RESOLUTION

Appointing a Joint Special Committee of Councils to investigate the changes of standard height in the requirements for applicants for patrolman in the Department of Public Safety.

Resolved, By the Select and Common Councils of the City of Philadelphia, That a Joint Special Committee of five Members of each Chamber be appointed to investigate the changes in the standard of height required in applicants for the position of patrolman in the Department of Public Safety, to ascertain if the change incurs any hardship in the case of the men recently declared illegally appointed, reporting to these Councils on the third Thursday of May, 1912.

APPENDIX No. 173.

RESOLUTION

Of request to the Director of the Department of Public Works to permit the Abrasive Material Co. to lay a temporary terra cotta drain in James street, from sewer in Kennedy street to northeast side of Fraley street.

Resolved, By the Select and Common Councils of the City of Philadelphia, That the Director of the Department of Public Works be requested to permit the Abrasive Material Company to lay a temporary terra cotta drain in James street, beginning from the present sewer in Kennedy street to a point about 700 feet east of James street to the northeast side of Fraley street. The said drain to be laid under the supervision and to the satisfaction of the Department of Public Works (Bureau of Surveys) without expense to the City of Philadelphia, and shall not release the owners of property from paying the regular frontage charges whenever a sewer shall be laid in said street.

APPENDIX No. 174.

OFFICE OF THE MAYOR.

Philadelphia, May 16, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—I herewith enclose copy of a letter from Dr. Joseph S. Neff, Director of the Department of Public Health and Charities, also one from Mr. John B. Townsend, of the Philadelphia Modified Milk Society.

I would urge your Honorable Bodies to make the appropriation of five thousand (5,000) dollars that they recommend. It is stated on good authority that one baby out of seven dies in Philadelphia for the want of proper food, especially with reference to milk. To save their innocent lives should appeal to all of us.

By giving the enclosed ordinance your approval you will oblige,

Yours respectfully,

RUDOLPH BLANKENBURG,

Mayor.

—

DEPARTMENT OF PUBLIC HEALTH AND CHARITIES.

Philadelphia, May 14, 1912.

HON. RUDOLPH BLANKENBURG,

Mayor of the City of Philadelphia.

DEAR SIR:—I enclose a copy of a letter from John B. Townsend, of the Philadelphia Modified Milk Society, to me, under date of May 13th, asking an appropriation of \$5,000 to place the City property at 1725 Wood street in condition for the proper modification of milk for the use of the above-mentioned Society.

I can corroborate the statements of Mr. Townsend in so far as they pertain to the immense advantage to the

babies, and particularly to the sick babies of Philadelphia. It is absolutely necessary, for the prevention of a great deal of unnecessary mortality in babies, that they should be supplied with a proper modified milk at very small cost. I believe New York City maintains seventy-one such stations.

The City, prior to this year, gave the Society the use of the building at 713 Filbert street, which was sold by the City to Lit Brothers last summer. An effort was made, about that time, to secure an appropriation to fit up the property at 1725 Wood street, but failed of passage. The estimate of cost at that time was in the neighborhood of \$9,000. That provided, however, for the purchase of considerable new machinery, which would make the entire plant up-to-date. I am informed by the representative of the Philadelphia Modified Milk Society that they believe, with a disbursement of \$5,000 by the City, that they could finance the balance, if necessary, to maintain this charity, otherwise it will, in all probability, go out of existence, much to the injury of the many people whom they have been reaching in the past years. I therefore would heartily recommend the appropriation asked for.

Very respectfully,

(Signed) J. S. NEFF,

Director.

THE PRESS.

Philadelphia, May 13, 1912.

DR. JOSEPH S. NEFF,

Director, Department of Public Health and Charities.

MY DEAR MR. NEFF:—On behalf of the Philadelphia Modified Milk Society, I would earnestly urge the recommendation from you to the Councils of Philadelphia, through President McCurdy of the Lower Chamber, for an appropriation of five thousand dollars to the Department of Health for the improvement of the City prop-

erty at 1725 Wood street in the campaign for the saving of the lives of babies under five years of age.

In urging this recommendation, I want to call your attention to the fact that the Philadelphia Modified Milk Society has been carrying on one of the most worthy and successful charities in the City of Philadelphia. For several years, since July, 1903, it has distributed among the poorer babies of the City from one million to a million and a quarter bottles of milk annually. For some years this Society made its headquarters in the building at 713 Filbert street. This property was owned by the City and was loaned to the Society in which to carry on the work. Improvements in this building were necessary to equip it for the uses of the Society, and upwards of seven thousand dollars was spent by the Society to make the repairs necessary to carry on its work. Some time ago the City sold this property to Lit Brothers, and since then the Society has been compelled to make temporary arrangements with a large milk dealer in West Philadelphia, where the work has been carried on under very adverse conditions.

In view of the fact that this charity is one of the best and most worthy of all the City's charities; that it is under the direct supervision of the Bureau of Health; that its patrons include the heads of the various clerical denominations in the City, aside from some well known physicians, I am sure you will agree with me that no worthier cause could receive support.

I am sure, with your co-operation, and with your endorsement of this appropriation of five thousand dollars, we will receive the hearty co-operation of President McCurdy and the Members of the Finance Committee, and with this money I think that I can safely say that the Wood street property can be put in condition to enable the City to carry on this work in the interest of the lives of the babies of the City most successfully.

Thanking you for your co-operation and interest in this matter, I am,

Very truly yours,

(Signed) JOHN B. TOWNSEND.

AN ORDINANCE

To make an additional appropriation to the Department of Public Health and Charities, for the year 1912.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the sum of five thousand (5,000) dollars be, and the same is hereby appropriated to the Department of Public Health and Charities (Bureau of Health), to Item (new), for the purpose of placing the City property at 1725 Wood street in condition for the proper modification of milk, for the use of the Philadelphia Modified Milk Society.

 APPENDIX No. 175.

Philadelphia, May 16, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—The Committee on Surveys, to which was referred, on May 16, 1912, the bill entitled "An Ordinance to authorize the revision of the lines and grades and the relocation of Delaware avenue, from Christian street to Pattison avenue, and the revision of the lines and grades of streets intersecting the same or adjacent thereto," respectfully report that they have carefully considered the same, and return it to Councils with a favorable recommendation and ask its passage.

Chas. A. Gillingham (*Ch'n*), H. J. Trainer, F. J. Cumiskey, Wm. D. Bacon, Geo. W. Spielberger, Henry J. Klos, George D'Autrechy, Albert De Prefontaine, Wm. J. Harrington, Fred. Schwarz, Jr., George H. Kelley, James H. McGurk, Edward B. Howard, Henry R. Shoeh, John P. Connelly, Stacy H. White.

AN ORDINANCE

To authorize the revision of the lines and grades and the relocation of Delaware avenue, from Christian street to Pattison avenue, and the revision of the lines and grades of streets intersecting the same or adjacent thereto.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works (Board of Surveyors) be authorized to revise the lines and grades of Delaware avenue and relocate the same, as follows: Beginning at Christian street, with a width of not less than one hundred and fifty (150) feet; thence extending southward and along the line of Vandalia (formerly Meadow) street, widening the same upon the west side to the width of one hundred and fifty (150) feet, and curving eastwardly into Commercial avenue; thence extending along the same, widening it to the width of two hundred (200) feet and curving southward into Delaware avenue, at or near Porter street; thence extending southward along Delaware avenue, widening the same to the width of two hundred and fifty (250) feet to Pattison avenue; also to make such revision of the lines and grades of streets intersected by or adjacent to the said avenue or lying between it and the pierhead line of the Delaware river as may be necessary to complete the plan in accordance with the intent of this ordinance, and to strike from the City plan and vacate such streets now upon the plan within the area revised as may not be deemed necessary for proper development. The said avenue as above described shall be named Delaware avenue.

All ordinances or parts of ordinances inconsistent herewith be, and the same are hereby repealed.

APPENDIX No. 176.

RESOLUTION,

Of request to the Mayor to return Common Council bill (Appendix No. 132) entitled "An Ordinance designating the West Philadelphia Bank as a depository of the City's money."

Resolved, By the Select and Common Councils of the City of Philadelphia, That the Mayor be, and is hereby requested to return to Common Council, Common Council bill (Appendix No. 132) entitled "An Ordinance designating the West Philadelphia Bank as a depository of the City's money."

APPENDIX No. 177.

RESOLUTION

Of request to the Director of the Department of Public Works to permit George Woodward to lay a temporary terra cotta drain in Willow Grove avenue, from sewer in Crefeld street northeastwardly two hundred and forty feet.

Resolved, By the Select and Common Councils of the City of Philadelphia, That the Director of the Department of Public Works be requested to permit George Woodward to lay a temporary terra cotta drain in Willow Grove avenue, beginning from the present sewer in Crefeld street to a point about two hundred and forty feet northeast of said Crefeld street. The said drain to be laid under the supervision and to the satisfaction of the Department of Public Works (Bureau of Surveys) without expense to the City of Philadelphia, and shall not release the owners of property from paying the regular frontage charges whenever a sewer shall be laid in said street.

APPENDIX No. 178.

OFFICE OF THE MAYOR.

Philadelphia, May 16, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—Complying with your resolution of even date, requesting the return of Common Council bill (Appendix No. 132) entitled “An Ordinance designating the West Philadelphia Bank as a depository of the City’s money,” I am returning the same to you herewith.

Respectfully yours,

RUDOLPH BLANKENBURG,

Mayor.

APPENDIX No. 179.

DEPARTMENT OF PUBLIC WORKS.

Philadelphia, May 22, 1912.

WM. H. FELTON, Esq.,

Chief Clerk of Common Council.

DEAR SIR:—I beg leave to submit the following report from the Chief of the Bureau of Surveys upon the resolution of Councils of March 7, 1912.

Reporting upon the resolution relative to the removal of grade crossings along the Norristown Branch of the Philadelphia and Reading Railway, and supplementary to my report upon the same matter under date of March 4, 1912, I beg leave to state that the Railway Company, on February 29, 1912, filed in this Bureau a set of plans showing a suggested scheme for the abolishment of all grade crossings upon that line between Broad street and Leverington avenue, Manayunk. The Company estimates that the cost of the work, covering changes to streets and railroad, under its plan, will be as follows:

Broad street to Hunting Park avenue.....	\$1,484,000
At Indian Queen lane.....	136,946
Ridge avenue at Wissahickon Station.....	147,850
Shurs lane to North Manayunk.....	1,091,000

Our own estimate for street work within the same limits, under the same plan, is as follows:

Broad street to Hunting Park avenue.....	\$165,401
Indian Queen lane.....	86,221
Ridge avenue at Wissahickon Station.....	109,818
Shurs lane to North Manayunk.....	63,250

We have made no estimate of the railroad work.

The plan submitted by the Railway Company is entirely feasible, and is probably the least expensive one that could be adopted, but there are several points upon which we are not fully agreed. One is the crossing at Nineteenth street, which, although the street is not now open, must be adjusted so that its future opening will be assured.

Five separate plans and estimates have been made for Ridge avenue and Wissahickon station, ranging in cost from \$100,000 to \$245,000, the one costing least being best for the City, but is objected to by the Railway Company.

From Shurs lane to North Manayunk the Company propose to elevate in its present location sufficiently to pass above all streets without any change of grade in the latter, but this plan involves the abandonment of Rector street, which is now a bridge crossing over the railroad. I understand that this plan is very much opposed by the people of Manayunk, and we are now making an estimate for elevating in a new location, which will, no doubt, cost considerable more, as it will involve land damages not occasioned by the plan of the Railroad Company.

The estimate given above does not include the abolishment of the grade crossing at School House lane. A revision of lines and grades for the removal of this crossing was confirmed January 7, 1907. Our estimate of the cost is \$160,000.

This work can be divided into five sections and each carried on independently of the others. Under the City's policy in the past, we would contribute one-half the cost, less such sums as might be agreed upon as betterments to the railroad and paid entirely by the Company.

Yours truly,

M. L. COOKE,

Director.

APPENDIX No. 180.

OFFICE OF THE MAYOR.

Philadelphia, May 23, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—The accompanying copy of a letter from Captain John M. Walton, City Controller, calls attention

to the necessity of providing greater security for the City's deposits in banks and trust companies.

I entirely approve of the position taken by the Controller and the City Treasurer. We ought to have security for the City's deposits, and the ordinance accompanying this letter, it appears to me, will cover the ground.

I bespeak for this ordinance your careful and favorable consideration.

Respectfully yours,

RUDOLPH BLANKENBURG,

Mayor.

DEPARTMENT OF CITY CONTROLLER.

Philadelphia, May 21, 1912.

HON. RUDOLPH BLANKENBURG,

Mayor of the City of Philadelphia.

DEAR SIR:—I enclose herewith an amendment to Section 1 of the ordinance of Councils approved the ninth day of April, A. D. 1892, entitled "An Ordinance to regulate the deposit of City moneys by the City Treasurer and the payment of interest thereon," which, in view of the security required in other States and cities from banks and trust companies receiving deposits of State and municipal funds, and the recent experience of the City with the American, Tradesmen's and other trust companies, renders it essential that the conditions contained in the amended section requiring depositories to be members of the Philadelphia Clearing House Association or furnish bonded security receives at an early date the approval of Councils.

Yours very truly,

(Signed) JOHN M. WALTON,

City Controller.

AN ORDINANCE

To amend an ordinance approved the ninth day of April, A. D. 1892, entitled "An Ordinance to regulate the deposit of City moneys by the City Treasurer and the payment of interest thereon," by striking out Section 1 and inserting the following:

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That it shall be the duty of the City Treasurer to deposit daily all moneys of the City entrusted to his care as City Treasurer, not required for the transaction of the daily business of his office, and not belonging to the Sinking Fund, in such banks or other institutions as are now or shall hereafter be designated as depositories of the City's money, so long as the same shall remain solvent and in good credit and standing, in such amounts as shall be in pro-rata proportion to the total sum of the capital stock and surplus of such depositories, respectively, who are members of the Philadelphia Clearing House Association, or who have furnished a good and sufficient bond containing a warrant of attorney to confess judgment in favor of the City in the amount of twenty-five (25) per cent. of the capital stock and surplus of said bank or trust company, said sureties to be approved by the Mayor of the City, the City Treasurer and the City Controller; *Provided*, There shall not be on deposit in any depository at any time an amount greater than twenty-five (25) per cent. of the capital and surplus thereof; *And provided further*, That such depositories shall agree to pay interest on the average balances deposited therein at the rate of two (2) per cent. per annum, which interest shall commence July 1, 1912, and shall be computed and paid into the City Treasury on December 31st and June 30th of each year, and the amount thereof recorded in the books provided for the entry of all moneys received at the City Treasury, and said entry shall be duly attested by the person making payment of said interest, and said depositories shall notify the City Controller of the amount of interest so paid. In case any of said depositories shall refuse to pay interest as aforesaid, the de-

posit therein shall be withdrawn and distributed among the several depositories which shall have complied with the terms of this ordinance, and it shall be the duty of the City Treasurer thereupon to notify the City Controller and Councils thereof.

APPENDIX No. 181.

OFFICE OF THE MAYOR.

Philadelphia, May 23, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—The enclosed copy of a letter from George D. Porter, Director of the Department of Public Safety, suggesting the creation of a number of positions in the Bureau of Fire, explains itself. Good business administration seems to require the creation of the positions he recommends, and I would therefore request your favorable consideration for the ordinance enclosed herewith.

Respectfully yours,

RUDOLPH BLANKENBURG,

Mayor.

DEPARTMENT OF PUBLIC SAFETY.

Office of the Director.

Philadelphia, May 17, 1912.

HON. RUDOLPH BLANKENBURG,

Mayor of the City of Philadelphia.

SIR:—In order that High Pressure Pumping Station No. 2 may be properly organized and placed in commission at the very earliest possible moment, I respectfully recom-

mend the creation of the following named positions in the Bureau of Fire:

Superintendent of Line Repair.....	\$1,500	per annum
Two Foremen Repair Gang, each.....	1,200	“ “
Two Chauffeurs, each.....	900	“ “
Three Line-walkers, each.....	1,000	“ “
Three Line-walkers, each.....	720	“ “

I would further recommend that the position of Chief Engineer for the two high pressure pumping stations be created, at an annual salary of \$1,600 per annum. At the present time one of the regular engineers in each station is acting as Chief Engineer.

The foregoing is in accordance with the recommendation made to me by the Department of Public Works.

Respectfully,

(Signed) GEORGE D. PORTER,

Director.

—

AN ORDINANCE

To authorize the Director of the Department of Public Safety to appoint certain additional employees in the Bureau of Fire, and to make an appropriation therefor.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Director of the Department of Public Safety be, and is hereby authorized to appoint the following additional employees in the Department of Public Safety (Bureau of Fire), the appointments to date from July 1, 1912, to wit: Chief Engineer, at a salary of \$1,600 per annum; Superintendent of Line Repair, \$1,500 per annum; two Foremen Repair Gang, each \$1,200 per annum; two chauffeurs, each \$900 per annum; three line walkers, each \$1,000 per annum; three line walkers, each \$720 per annum.

SECT. 2. That the sum of six thousand two hundred and thirty (6,230) dollars be, and the same is hereby appro-

priated to Item 1, for salary, in the annual appropriation to the Department of Public Safety (Bureau of Fire), for the year 1912, to carry into effect Section 1 of this ordinance.

APPENDIX No. 182.

Philadelphia, May 23, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance, to which was referred a bill entitled “An Ordinance amending an ordinance approved the twenty-ninth day of December, 1911, entitled ‘An Ordinance to make an appropriation to the Department of Public Safety, for the year 1912.’” together with sundry communications in relation thereto, respectfully report that they have carefully considered the same, and return the annexed bill with a favorable recommendation and ask its passage.

AN ORDINANCE

Amending an ordinance approved the twenty-ninth day of December, 1911, entitled “An Ordinance to make an appropriation to the Department of Public Safety, for the year 1912.”

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the ordinance approved the twenty-ninth day of December, 1911, entitled “An Ordinance to make an appropriation to the Department of Public Safety, for the year 1912,” be, and the same is hereby amended by adding to Item 3, of Section

6 of said ordinance, after the words "wagons and harness," in the second line thereof the words "and transportation of officers and employees of the Bureau in the performance of their duties," so that said item as amended shall read: "For horse keep, and maintenance and repairs to automobiles, wagons and harness and transportation of officers and employees of the Bureau in the performance of their duties."

APPENDIX No. 183.

Philadelphia, May 23, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance, to which was referred a bill entitled "An Ordinance authorizing the Director of the Department of Public Works to order and pay warrants for extra work to be performed by William A. Mundy in grading the Kensington and Oxford turnpike, from Levick street to Knorr street," together with a communication in relation thereto, respectfully report that they have carefully considered the same, and return the annexed bill with a favorable recommendation and ask its passage.

John P. Connelly (*Ch'n*), G. W. Kucker George D'Antrechy, Thomas J. Morton, John F. Flaherty, John H. Hahn, G. P. Darrow, John H. Baizley, Louis Hutt, H. J. Trainer, William J. McCloskey, W. E. Bonnick, Edw. W. Patton, Chas. Seger, Watson D. Upperman, Wm. E. Finley.

AN ORDINANCE

Authorizing the Director of the Department of Public Works to order and pay warrants for extra work to be performed by William A. Mundy in grading the Kensington and Oxford turnpike, from Levick to Knorr street.

WHEREAS, Contract was executed with William A. Mundy, on November 8, 1911, for grading the Kensington and Oxford turnpike, from Levick to Knorr street, and subsequent to the execution of the contract conditions made necessary a new estimate of quantities, materially reducing the amount of grading;

AND WHEREAS, The price paid for said grading included a large amount of contingent work, for which no extra price was paid, and which amount of contingent work was not reduced by the new estimate; therefore,

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain.* That the Director of the Department of Public Works is hereby authorized to order this work, and, on completion, is authorized and directed to issue, and the City Controller to countersign, and the City Treasurer to pay, a warrant in favor of the said William A. Mundy in the amount of one thousand one hundred and forty-nine (1,149) dollars and forty-four (44) cents in addition to the amount to be paid under his contract for grading in accordance with the revised estimate; said payment to be made from money now set aside under this contract.

Philadelphia, May 23, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance, to which was referred a bill entitled "An Ordinance recognizing and approving the claim of John T. Windrim for one hundred and forty-one thousand four hundred and eighty (141,480) dollars for work done by him as an architect in the matter of the proposed Convention Hall and Auditorium in East Fairmount Park, and directing the payment of said claim," together with a communication in relation thereto, respectfully report that they have care-

fully considered the same, and return the annexed bill with a favorable recommendation and ask its passage.

Jno. P. Connelly (*Ch'n*), G. W. Kucker, Thomas J. Morton, George D'Antrechy, John F. Flaherty, John H. Hahn, G. P. Darrow, John H. Baizley, Louis Hutt, H. J. Trainer, William J. McCloskey, W. E. Bonnick, Edw. W. Patton, Chas. Seger, Watson D. Upperman, Wm. E. Finley.

AN ORDINANCE

Recognizing and approving the claim of John T. Windrim for one hundred and forty-one thousand four hundred and eighty (141,480) dollars for work done by him as an architect in the matter of the proposed Convention Hall and Auditorium in East Fairmount Park, and directing the payment of said claim.

WHEREAS, By an ordinance of Councils dated March 31, 1911 (page 100), the sum of fifty thousand (50,000) dollars was appropriated "for the preparation of plans and specifications and the beginning of the work of construction of a Convention Hall in East Fairmount Park, north of Girard avenue;"

AND WHEREAS, By an ordinance of Councils dated June 19, 1911 (page 223), the Mayor was authorized "to enter into a contract for the construction of a Convention Hall in East Fairmount Park, north of Girard avenue, and authorizing the appointment of an architect to prepare plans and specifications, and superintending the construction thereof," who "shall be paid the usual rate of commission for work of a similar character;"

AND WHEREAS, The then Mayor duly appointed the said John T. Windrim as such architect and directed him to prepare at once the necessary plans and specifications for the construction of said Convention Hall, and on August 9, 1911, in the name of the City and by virtue of said last mentioned ordinance entered into a contract with said John T. Windrim to prepare said plans and specifications, at the cost of six per centum

of the total cost of the erection of said Convention Hall, when fully completed, ready for occupancy and accepted by the City, said amount to be paid at the times and in the manner and installments as set forth in Section 9 of the Schedule of Charges, etc., approved by the American Institute of Architects at the convention at Washington, December 15-17, 1908, a copy of said schedule being attached to said contract;

AND WHEREAS, Said Schedule of Charges provided that six per centum is the minimum charge based upon the total cost of the work complete, payable one-fifth thereof upon completion of the preliminary studies, two-fifths additional upon completion of the specifications and general working plans (exclusive of details), and the remainder from time to time in proportion to the amount of service rendered; and "in case of the abandonment or suspension of the work, the basis of settlement is to be" * * * "for preliminary studies, specifications and general working drawings (exclusive of details) three-fifths of the fee for complete services:"

AND WHEREAS, The said John T. Windrim did prepare the preliminary studies, specifications and general working drawings, and bids for the work were duly advertised for and received, and a contract therefor entered into by the City with the Charles McCaul Company, they being the lowest and best bidders, for the price or sum of four million four hundred and thirty thousand (4,430,000) dollars:

AND WHEREAS, The erection of said building was enjoined by the Court of Common Pleas No. 5, of this County, as of September term, 1911, No. 3377, at the suit of certain taxpayers, after said John T. Windrim had fully completed the preliminary studies, specifications and general working drawings, thereby compelling the abandonment of the work of construction, and whereby, had the contract been made with private parties, there would have been collectible by said John T. Windrim three-fifths of six per centum of said sum of four million four hundred and thirty thousand (4,430,000)

dollars, or one hundred and fifty-nine thousand four hundred and eighty (159,480) dollars, less any payments made on account thereof;

AND WHEREAS, The said John T. Windrim has received the sum of eighteen thousand (18,000) dollars, paid to him under the provisions of said ordinance of March 31, 1911, and nothing else from any source whatsoever, though he has expended large sums of money in addition thereto, as well as devoted his time and skill in the performance of said contract;

AND WHEREAS, No means has been provided for the payment to the said John T. Windrim of the balance of one hundred and forty-one thousand four hundred and eighty (141,480) dollars, and it is but just and equitable that he should be paid for his said expenditures and services; now therefore,

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Mayor is hereby authorized and directed to issue, the City Controller to countersign, and the City Treasurer to pay, a warrant or warrants in favor of said John T. Windrim for one hundred and forty-one thousand four hundred and eighty (141,480) dollars, in full payment and settlement of his claim for his expenditures and services as architect in the matter of the construction of said Convention Hall, said payment to be taken out of the appropriation made to the Mayor, July 21, 1911, for the erection of a Convention Hall, Item 41 D (loan).

RESOLUTION

Of request to the Commissioners of Fairmount Park to reconsider their action prohibiting the 1912 automobile races in Fairmount Park.

WHEREAS, The Fairmount Park automobile races, which originated during Founders' Week in 1907, were continued annually under the auspices of the Quaker City Motor Club and the Philadelphia Municipal authorities;

AND WHEREAS, These races have given healthful enjoyment to hundreds of thousands of our citizens, free of charge, and have been the means of extensively advertising the City of Philadelphia throughout the country;

AND WHEREAS, By reason of the efficient management of the Quaker City Motor Club and the efficient and intelligent police protection given same by the Police Department, these races were entirely free from any and all accidents;

AND WHEREAS, About eighteen thousand (18,000) dollars has been distributed to various charitable institu-

tions during the last four years by reason of these races, and the Quaker City Motor Club in giving these races have no other object in view than that of being the instrument by which thousands of their fellow citizens can be entertained, and thousands of dollars being divided to charity;

AND WHEREAS, The citizens of Philadelphia unanimously deplore any efforts to discontinue the races; therefore, be it

Resolved, By the Select and Common Councils of the City of Philadelphia, That the Commissioners of Fairmount Park be, and are hereby requested to reconsider their action prohibiting the 1912 automobile races in Fairmount Park.

APPENDIX No. 188.

OFFICE OF THE MAYOR.

Philadelphia, June 6, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—I beg to ask your favorable consideration of the enclosed communication from the Director of the Department of Public Safety, urging a prompt appropriation by Councils of the sum of \$7,500 to cover the cost of replacing the boilers at the House of Correction. The situation is critical, and I trust his recommendation may be acted upon by you at an early date.

Respectfully yours,

RUDOLPH BLANKENBURG,

Mayor.

DEPARTMENT OF PUBLIC SAFETY.

Philadelphia, June 5, 1912.

HON. RUDOLPH BLANKENBURG,

Mayor of the City of Philadelphia.

MY DEAR SIR:—I beg to advise you that the six boilers at the House of Correction, which were installed thirty-eight years ago, are now in such a condition that it has been necessary for the Chief of the Bureau of Boiler Inspection to condemn them, with the result that two are now absolutely out of commission, and two are running on very low pressure.

Tests have been made in the laboratory to determine the deterioration, and the results show that the boilers are absolutely useless, and that loss of life is likely to result by the continuance of them.

At a meeting, yesterday, of the Prisons and Correction Committee, at the House of Correction, the Chairman of the Committee was instructed to introduce an ordinance for \$7,500, which will cover the cost of replacing these boilers.

I cannot urge too strongly the importance of an immediate appropriation to cover cost of the above-mentioned installation, in order that the work may be done during the summer months.

Respectfully yours,

(Signed) GEO. D. PORTER,

Director.

APPENDIX No. 189.

OFFICE OF THE MAYOR.

Philadelphia, June 6, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—I beg to call your attention to the accompanying copies of letters from the Director of the Department of Public Safety and the Director of the Department of Public Works, recommending the passage of two ordinances—one to make an appropriation for the expense of furnishing electric light for the Temporary Convention Hall, and the other, to make an appropriation for the purchase of fire extinguishers and other supplies.

These matters both seem to be of urgent importance, and I trust that they may receive your early and favorable attention.

Respectfully yours,

RUDOLPH BLANKENBURG,

Mayor.

DEPARTMENT OF PUBLIC WORKS.

Philadelphia, June 5, 1912.

HON. RUDOLPH BLANKENBURG,

Mayor of the City of Philadelphia.

MY DEAR SIR:—I am enclosing herewith draft of an ordinance to make an appropriation to pay the Philadelphia Electric Company for installing and furnishing electric light for the new Convention Hall. Chief Engineer Webster, who prepared this ordinance, conferred with Chief Pike, of the Electrical Bureau, who stated that he considered the proposal of the Philadelphia Electric Company a reasonable one.

For your information I am enclosing copy of correspondence on this subject, and would suggest that you have this ordinance forwarded to Councils, to be presented at their next session.

Yours very sincerely,

(Signed) M. L. COOKE,

Director.

AN ORDINANCE

To make an appropriation to pay the Philadelphia Electric Company the cost of installing and furnishing electric light for the new Convention Hall, at Broad street and Allegheny avenue.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the sum of seven thousand (7,000) dollars be, and the same is hereby appropriated to Item in the Department of Public Safety (Electrical Bureau), to be expended as follows: To pay the Philadelphia Electric Company for installing electric light service into the new Convention Hall, at Broad street and Allegheny avenue, and for furnishing the necessary incandescent bulbs for lighting the Hall, five thousand four hundred (5,400) dollars: to pay for

electric current for lighting the Convention Hall, one thousand six hundred (1,600) dollars, this payment to be made in accordance with the regulations of the Electrical Bureau and for the actual amount of current used.

Philadelphia, June 6, 1912.

HON. RUDOLPH BLANKENBURG,

Mayor of the City of Philadelphia.

DEAR SIR:—I thoroughly approve of the proposed ordinance making an appropriation to the Department of Public Safety (Electrical Bureau) to provide for furnishing electric light for the temporary Convention Hall; and also the proposed ordinance making an appropriation to the Department of Supplies for the purchase of fire extinguishers and other supplies for the Convention Hall.

Respectfully yours,

HON. RUDOLPH BLANKENBURG,

Mayor of the City of Philadelphia.

MY DEAR SIR:—I am enclosing herewith draft of an ordinance to make an appropriation to the Department of Supplies for the purchase of fire extinguishers and other supplies, in the sum of two thousand dollars, for the new Convention Hall.

Will you kindly have this sent to Councils for presentation at the coming meeting.

Yours very sincerely,

(Signed) M. L. COOKE,

Director.

AN ORDINANCE

To make an appropriation to the Department of Supplies for the purchase of fire extinguishers and other supplies for the new Convention Hall, at Broad street and Allegheny avenue.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain.* That the sum of two thousand (2,000) dollars be, and is hereby appropriated to the Department of Supplies for the purchase of the necessary fire extinguishers and other supplies for the equipment and maintenance of the new Temporary Convention Hall, located at the northeast corner of Broad street and Allegheny avenue.

 APPENDIX No. 190.

OFFICE OF THE MAYOR.

Philadelphia, June 6, 1912.

To the Presidents and Members of the Select and Common Councils of the City of Philadelphia.

GENTLEMEN:—I have returned to you an ordinance (Appendix No. 159) entitled "An Ordinance to authorize certain transfers in the annual appropriations to the various Bureaus in the Departments of Public Safety, Public Health and Charities, Wharves, Docks and Ferries, Supplies, City Commissioners, City Treasurer, Clerks of Councils, Coroner, Commissioners of Fairmount Park, City Controller and Register of Wills, for the year 1912," with my approval, except for three items. I notified you on May 28, 1912, that I had withheld my approval of these.

One of these items is "To Clerks of Councils: To Item 14 (new), for prizes and other expenses incident to the public horse carnival and exhibition to be held in Fair-

mount Park, in June, 1912, under the auspices of the Road Drivers' Association of Pennsylvania, four thousand (4,000) dollars, said amount to be expended under the supervision of the Committee on Finance."

There are many purposes similar to this for which public funds might be appropriated if the condition of the City Treasury would permit it. With the Treasury in its present condition, however, and so many matters of strictly public interest suffering for want of sufficient appropriations, I did not feel free to give my approval to this item.

The next item is "To Clerks of Councils: To Item 16 (new), for rental and supervision of a steamboat to be used in giving free daily excursions (except Sundays) for children of the poor, during the months of July and August, ten thousand (10,000) dollars, said amount to be expended under the supervision of the Committee on Finance."

I do not feel that an expenditure of this kind should be made through Clerks of Councils. If such steamboat excursions were to be provided at all, it should be done through the Department of Public Health and Charities. There are, however, many other ways in which the Municipal Government can much more usefully serve the children of the poor than by means of such excursions as these. Appropriations for the Baby Saving Show, for the work of the Modified Milk Society, and for more thorough inspection of food supplies are much more important.

Another item of which I have withheld my approval is "To the Coroner: To Item 9 (new), for the purchase and maintenance of an automobile and the salary of the chauffeur, five thousand (5,000) dollars."

The needs of the Coroner's office for transportation of this kind are not clear enough to justify such an appropriation without taking into consideration the similar needs of many other City and County offices.

Respectfully yours,

RUDOLPH BLANKENBURG,

Mayor.

APPENDIX No. 191.

OFFICE OF THE MAYOR.

Philadelphia, June 6, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—I herewith return, without my approval, ordinance (Appendix No. 167) "To authorize the opening of a Parkway, from Twentieth to Twenty-third street."

The ordinance of December 9, 1909, authorized "the Mayor, City Solicitor and City Controller to continue the negotiations and purchase of property along the Parkway and pay for the same out of any funds appropriated for said purpose."

The Commission thus constituted has purchased during the past two months of April and May one hundred and nineteen (119) properties, costing three hundred and thirty-four thousand eight hundred and eighty (334,880) dollars—being upon the assessment of 1909 plus ten per cent. Some few weeks ago it was decided to confine additional purchases to the properties between Twentieth and Twenty-second streets. If these can be bought upon the same basis (and we see no reason to the contrary), it will about exhaust the fund that is now available for this improvement. The Commission thinks its progress is satisfactory and is as complete as could be expected under all the circumstances.

The proposed ordinance, requiring the opening of the Parkway and to proceed by condemnation proceedings would interfere with the purchases by consent, would subject property owners to needless trouble and expense, and would result in payments by mandamus from out the City Treasury, which the City at present cannot afford.

Believing that this proposed ordinance is ill-advised and untimely, I am returning it to your Honorable Bodies without my approval.

Very respectfully yours, •

RUDOLPH BLANKENBURG,

Mayor of Philadelphia.

APPENDIX No. 192.

DEPARTMENT OF PUBLIC WORKS.

Philadelphia, May 31, 1912.

WILLIAM H. FELTON, ESQ.,

Chief Clerk of Common Council.

MY DEAR SIR:—In reply to the resolution of request from the Select and Common Councils to consider the advisability and cost of installing a high pressure fire system in the mill district of the Thirty-eighth Ward, and to report to Councils the result of such an investigation, I beg to submit copy of a report from Mr. James Reed, Jr., Assistant Director.

Yours very sincerely,

M. L. COOKE.

Director.

M. L. COOKE, ESQ.,

Director, Department of Public Works.

DEAR SIR:—The following report, called for by resolution of Councils of February 29, 1912, a copy of which is appended hereto marked "C," is submitted for your consideration:

The proposed installation to protect this district is indicated in *red* upon the blueprint plan transmitted herewith, and the detailed information with regard to the piping to be installed is given in the report of the Superintendent of High Pressure Service, Mr. John E. Codman, which is also transmitted herewith marked "D."

A report from the Chief of the Electrical Bureau gives the cost of the necessary conduit and installation therein, and high pressure telephone boxes as \$80,000, making the total cost as follows:

Pipe line, bridge and engineering expenses....	\$265,317
Electrical installation	80,000
	<hr/>
	\$345,317

The following comments are offered in connection with this proposed installation:

1. The territory to be protected contains many dangerous fire risks, as will be noted by reference to the plan.

2. No additional pumps or stations are required for this extension, which would tap in on the present pipe lines at Twelfth street and Lehigh avenue and Sixth and Clearfield streets, together with a new 12-inch lead from the station directly up Seventh street to Allegheny avenue, and would be fed from the high pressure pumping station No. 2, at Seventh street and Lehigh avenue.

Very truly yours,

(Signed) JAMES REED, JR.,

Assistant Director.

DEPARTMENT OF PUBLIC SAFETY.

HIGH PRESSURE FIRE SERVICE SYSTEM.

Philadelphia, March 29, 1912.

MORRIS L. COOKE, Esq.,

Director, Department of Public Works.

DEAR SIR:—I present, at your request, the following description and computation for extending the High Pressure Fire Service System in the northeast mill district, into the Thirty-eighth Ward, together with a map showing the proposed pipe lines, fire hydrants and stop valves, and the connections to the lines already laid.

After making a personal inspection of the area to be protected by this extension, together with my Assistant, Mr. Murphy, the accompanying plan was proposed.

It is proposed to continue the 20-inch line on Lehigh avenue, from Twelfth street to the Reading Railway bridge, reducing to 16-inch, and crossing the bridge on the north side of the pavement, as near the railing as possible. This will cause the least interference on the footway in case the depth over the girders is not sufficient to cover the lugs on the pipes entirely, and it may re

quire a slight rise in the cement covering to fully cover them.

The 16-inch pipe is to be continued out Lehigh avenue to a 16-inch x 16-inch x 12-inch x 12-inch cross connecting with a 12-inch line on Allegheny avenue.

On Allegheny avenue, it is proposed to extend the 16-inch line from Fifth street to Twenty-third street (crossing under the Reading Railway, as it is not possible from the construction of the bridge to cross over it). Branch lines are proposed on Glenwood avenue, 8-inch diameter to Broad street, connecting with 16-inch on Broad street to Lehigh avenue south and 12-inch to Allegheny avenue north; branch on Glenwood avenue, from Seventeenth to Nineteenth street, south from Lehigh avenue and north on Nineteenth street to Lehigh avenue; branch line, Sedgley avenue to Ninth street, north to Ontario street, Sedgley avenue, south from Allegheny avenue to Twelfth street; branch line on Fifteenth street, south from railroad to Cumberland street; branch line on Twenty-first street, north from Lehigh avenue to Somerset street, and from Allegheny avenue south to Clearfield street; branch north from Lehigh avenue to Pennsylvania Railroad, and south from Allegheny avenue to Clearfield street on Seventeenth street, all of this branch pipe to be eight inches in diameter.

This plan will cover nearly all of the mill district. Crosses and tees will be placed in the main lines and branches, to be used in a further extension.

The following is a computation of the cost of extending the lines as shown on the plans and description:

Computed cost of pipe lines	\$213,470 00
Add 10 per cent. for contingencies.....	21,347 00
Crossing bridge and under R. R., add for engineering expenses	10,500 00
Total	<hr/> \$245,317 00

Yours very truly,

(Signed) JOHN E. CODMAN,

Superintendent,

High Pressure Fire System.

APPENDIX No. 193.

DEPARTMENT OF PUBLIC WORKS.

Philadelphia, May 31, 1912.

WILLIAM H. FELTON, Esq.,

Chief Clerk of Common Council.

MY DEAR SIR:—In reply to the resolution of request from the Select and Common Councils to consider the advisability and cost of installing a high pressure fire system in the mill district of the Twenty-first Ward, and to report to Councils the result of such an investigation, I beg to submit copy of a report from Mr. James Reed, Jr., Assistant Director.

You will note from the report submitted by Mr. Reed that the pressure of the present main throughout the district varies from 125 to 140 pounds, and are sufficient in size and pressure to meet the requirements of any fire that could possibly occur, and under these conditions does not recommend that a high pressure fire system be installed in this locality.

Yours very sincerely,

M. L. COOKE,

Director.

Philadelphia, May 25, 1912.

M. L. COOKE, Esq.,

Director, Department of Public Works.

DEAR SIR:—The following report, called for by resolution of Councils of February 29, 1912, a copy of which is appended hereto marked "A," is submitted for your consideration:

The proposed installation to protect this district is indicated in *red* upon the blueprint plan transmitted herewith, and the detailed information with regard to the station, pumps and piping to be installed is given

in the report of the Superintendent of High Pressure Service, Mr. John E. Codman, which is also transmitted herewith marked "B."

A report from the Chief of the Electrical Bureau gives the cost of the necessary conduit and installation therein, and high pressure telephone boxes at \$40,000, making the total cost as follows:

Cast iron pipe	\$360,689	
Electrical installation	40,000	
	<hr/>	\$400,689
Wrought iron pipe	\$400,000	
Electrical installation	40,000	
	<hr/>	\$440,000

The following comments are offered in connection with this proposed installation:

1. The buildings which it is proposed to protect are none of them of the height to demand a high pressure service, nor is the district to be protected a seriously congested one.

2. The pressure of the present fire mains throughout this district varies from 125 to 140 pounds, and the pipes are of sufficient diameter to supply water under these pressures in quantities to answer the requirements of any fire that could possibly occur in this district.

3. If a fire station with automobile combination hose and chemical apparatus were installed near Rector street intersection with the canal, for example, this territory would be amply protected. This installation could probably be made, including the necessary land, buildings and equipment, complete, for less than \$40,000.

4. In view of these facts, this installation is not recommended, especially in view of the grave necessity for further high pressure protection in the congested sections of the City, where high buildings, not only for factory but for all other business purposes, are located.

Very truly yours,

JAMES REED, JR.,

Assistant Director.

DEPARTMENT OF PUBLIC SAFETY.

HIGH PRESSURE FIRE SERVICE SYSTEM.

Philadelphia, March 19, 1912.

MORRIS L. COOKE, ESQ.,

Director, Department of Public Works.

DEAR SIR:—I present, at your request, the following description and computed cost of installing a High Pressure Fire Service System in the Twenty-first Ward mill district, together with a plan showing the proposed pipe line, with the fire hydrants and stop valves required.

The main features of the plan are as follows: A careful inspection of the ground to be protected by this system was gone over, with my Assistant, Murphy, and the location of the most probable places that the system could be used to advantage on was noted. Under the present conditions of the flow of the Schuylkill river, the summer flow is practically controlled by the head gates of the Schuylkill Navigation Co. at Flat Rock Dam. Very little, if any, water flows over the dam during the summer months for a number of days in succession, the greater portion flowing through the canal, which is now used to a large extent for power purposes. There is no suitable or practical location on the river bank for the pumping station, where a continuous and reliable supply of water can be obtained all the year through, between Flat Rock Dam and a point near the Queen Lane Pumping Station. This location would require a long and expensive pumping main to reach the proposed district to be protected.

These conditions suggest a location for the pumping station on the canal, and to take the water supply from the canal. A suggested location is shown on the plan of the main.

It is proposed to give the station a pumping capacity of 8,000,000 gallons per 24 hours, or, 5,600 gallons per minute, under a maximum pressure of 300 pounds per square inch.

This work can be done with four engines and pumps of 1,250 gallons per minute, and two smaller ones of 350 gallons per minute.

The station to be arranged to run one-half independently of the other or both together, and shall be equipped with alternate current motor and direct current generator, air compressor, air tanks and travelling crane and electrical lighting supplemented with gas fixtures.

The pumping main it is proposed to use need not be over 10-inch diameter if smooth wrought iron pipe is used. The advantages of wrought iron pipe are greater flexibility of the line and less liability to break or rupture. The principal objection to the use of this pipe is in the greater cost, and also liability to corrosion from the electric current used in the street.

Cast iron pipe with either bell and spigot or universal joints will require a nominally 12-inch diameter main, with cast steel or cast iron fittings, as used on the present line.

It is proposed to provide a stand pipe, connecting with the street mains, into which one of the small engines shall pump water and will be kept full to maintain a constant pressure on the mains when not in use for a fire.

The following table is given as the computed cost of such a system:

Engine House, 4 large engines, 2 small engines, air compressors, air tanks, stand pipe, fore-bay and suction main, traveling crane, exclusive of the plot of ground on which to build the pumping station	\$224,450
Pipe line, fire hydrants, stop valves, incidental damages	101,239
Engineering and incidental	15,000
Electric lighting and wiring	5,000
Purchase of lot	15,000
<hr/>	
Total, cast iron	\$360,689
Total, wrought iron (alternate)...	\$400,000

Yours truly,

(Signed) JOHN E. CODMAN,

Superintendent.

Chief, Bureau of Water.

AN ORDINANCE

To authorize a certain transfer in the annual appropriations to the Mayor and the City Treasurer, for the year 1912, for the purchase of standard scales for the purpose of protecting the public from the fraudulent manipulation of weights and measures.

WHEREAS, The prevalence of fraud and dishonest practices by certain dealers in food stuffs and other commodities, in giving short weight or measure, has materially added to the increased cost of living, and as the installation of a standard scale in every household would materially check these abuses;

AND WHEREAS, Families of moderate circumstances are naturally the greatest sufferers in this respect, while the purchase of these scales might prove a hardship for them, even at a nominal cost;

AND WHEREAS, The City could purchase accurate scales for household use in large numbers at very moderate prices with a view of selling them at cost or lending them to families desiring these scales under certain restrictions; therefore,

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the City Controller be, and he is hereby authorized to make the following transfers in the annual appropriations to the De-

partments of City Treasurer and Mayor, for the year 1912, viz.: City Treasurer: From Item 16, for Sinking Fund, etc., five thousand (5,000) dollars (being a portion of an excess appropriation made to this item before the new School Code went into effect, and now rendered unnecessary owing to the fact that the Board of Education has paid in its proportion of the Sinking Fund charges) to the Mayor: To Item 50 (new), for the purchase of scales, at a price not exceeding \$2.75 each, and the Mayor is directed to distribute these scales to the public by sale at cost, by loan, or in any manner deemed best by him.

APPENDIX No. 198.

Philadelphia, June 6, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance, to which was referred a bill entitled "An Ordinance to authorize certain transfers in the annual appropriations to the various Bureaus in the Departments of Public Safety, Public Works, Public Health and Charities, Supplies, Mayor, Clerks of Councils and City Treasurer, for the year 1912," together with sundry communications pertaining thereto, respectfully report that they have carefully considered the same, and return the annexed bill with a favorable recommendation and ask its passage.

AN ORDINANCE

To authorize certain transfers in the annual appropriations to the various Bureaus in the Departments of Public Safety, Public Works, Public Health and Charities, Supplies, Mayor, Clerks of Councils and City Treasurer, for the year 1912.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the City Controller be, and he is hereby authorized to make the following transfers in the annual appropriations to the various Bureaus in the Departments of Public Safety, Public Works, Public Health and Charities, Supplies, Mayor, Clerks of Councils and City Treasurer, for the year 1912, viz.: Department of Public Safety (Electrical Bureau): From Item 10, for laying underground conduits, etc., four thousand eight hundred (4,800) dollars; City Treasurer: From Item 16, for Sinking Fund, etc. (being a portion of an excess appropriation made to this item before the new School Code went into effect, and now rendered unnecessary owing to the fact that the Board of Education has paid in its proportion of the Sinking Fund charges), eighty thousand three hundred and seventy-six (80,376) dollars and nine (9) cents, to the following: Department of Public Safety (Bureau of Police): To Item 24, for purchase of motor cycles, etc., two thousand five hundred (2,500) dollars; (Electrical Bureau): To Item 2, for repairs, etc., four thousand eight hundred (4,800) dollars; to Item 23 (new), to pay Philadelphia Electric Company for installing electric light service in the new Convention Hall, Broad street and Allegheny avenue, and for furnishing the necessary incandescent bulbs for lighting Hall, five thousand four hundred (5,400) dollars; to pay for electric current for lighting Convention Hall, one thousand six hundred (1,600) dollars: total, seven thousand (7,000) dollars. Department of Public Works (Bureau of Highways): To Item 76 (new), for repairing wood block pavement, five thousand (5,000) dollars; (Bureau of Water): To Item 14, for wages, etc., thirty-three thousand (33,000) dollars; and

the Director of the Department of Public Works is hereby authorized to draw, and the City Controller to counter-sign, a warrant in favor of the City Treasurer for such amount as he may have advanced to pay wages chargeable to this item. Supplies (Mayor): To Item 1 $\frac{1}{2}$ (new), for the purchase of the necessary fire extinguishers and other supplies for the equipment and maintenance of the new temporary Convention Hall, located at the northeast corner of Broad street and Allegheny avenue, two thousand (2,000) dollars. Mayor: To Item 10, for Free Library, etc., for maintenance, etc., of Southwark Branch, two thousand five hundred (2,500) dollars; to Item 11, for Commercial Museums, etc., for overhead water system, labor, etc., five thousand (5,000) dollars; to Item 49 (new), for incidental expenses connected with the Sængerfest, ten thousand (10,000) dollars. Clerks of Councils: To Item 2, for printing of Journals, etc., to pay bill of the Dunlap Printing Company for printing the first volume of the Journal and Appendix of Common Council and 112 pages of approved ordinances, four thousand three hundred and seventy-six (4,376) dollars and nine (9) cents; to Item 14 (new), to entertain delegates to the Congress of German Physicians and Surgeons, to be held in September, five thousand (5,000) dollars; and for prizes and other expenses incident to the public horse carnival and exhibition to be held in Fairmount Park, in June, under the auspices of the Road Drivers' Association of Pennsylvania, four thousand (4,000) dollars; total, nine thousand (9,000) dollars; said amounts to be expended under the supervision of the Committee on Finance.

APPENDIX No. 199.

Philadelphia, June 6, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance, to which was referred a bill entitled "An Ordinance to authorize

certain transfers in the annual appropriations to the Departments of Public Health and Charities and City Treasurer, for the year 1912," together with sundry communications in relation thereto, respectfully report that they have carefully considered the same, and return the annexed bill with a favorable recommendation and ask its passage.

AN ORDINANCE

To authorize certain transfers in the annual appropriations to the Departments of City Treasurer and Public Health and Charities, for the year 1912.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain.* That the City Controller be, and he is hereby authorized to make the following transfers in the annual appropriations to the Departments of City Treasurer and Public Health and Charities, for the year 1912, viz.: City Treasurer: From Item 16, for Sinking Fund, etc., five thousand (5,000) dollars (being a portion of an excess appropriation made to this item before the new School Code went into effect, and now rendered unnecessary owing to the fact that the Board of Education has paid in its proportion of the Sinking Fund charges). To the Department of Public Health and Charities (Director's Office): To Item 13 (new), for the City's proportion of the cost of the Baby Saving Show; and the Director of the said Department is hereby authorized to draw, and the City Controller to counter-sign, a warrant to the order of E. T. Stotesbury, Treasurer, for that amount.

APPENDIX No. 200.

Philadelphia, June 6, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance, to which was referred a bill entitled "An Ordinance authorizing the Director of the Department of Public Works to draw, and the City Controller to countersign, warrant in favor of A. K. Smith in the sum of one thousand seven hundred and forty-three (1,743) dollars and fifteen (15) cents for cleaning filters at Torresdale Station," together with sundry communications in relation thereto, respectfully report that they have carefully considered the same, and return the annexed bill with a favorable recommendation and ask its passage.

John P. Connelly (*Ch'n*), Edw. W. Patton, W. E. Bonnick, John H. Hahn, E. B. Gleason, John H. Baizley, Wm. E. Finley, G. W. Kucker, George D'Antrechy, G. P. Darrow, William J. McCloskey, Robert S. McElroy, Thomas J. Morton, Watson D. Upperman, Louis Hutt.

AN ORDINANCE

Authorizing the Director of the Department of Public Works to draw, and the City Controller to countersign, warrant in favor of A. K. Smith in the sum of one thousand seven hundred and forty-three (1,743) dollars and fifteen (15) cents for cleaning filters at Torresdale Station.

WHEREAS, Due to the extreme turbidity of the Delaware river water previous to February 28th, the filters at Torresdale were required to remove hundreds of tons of mud from the water, and consequently they became clogged, and it was essential, in order to maintain the supply of two hundred million gallons or more per day, to clean and remove the dirty sand at once, and to do so

it was necessary to largely increase the number of workmen and to work twenty-four hours per day. The force was not sufficient to do this, and while new appointments were made each day from the Civil Service list the Bureau of Water was unable, due to the disinclination of the men appointed to do the work required of them, to maintain a sufficient number to man the night shift. The Bureau of Water, therefore, as an emergency measure, arranged with Mr. A. K. Smith to clean filters at night until such times as the Bureau could obtain the requisite force of reliable men to do the work. This has been done, the emergency work did not cost more than if the regular employees of the Bureau had done it, and payment is due Mr. Smith for services rendered; therefore,

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain.* That the Director of the Department of Public Works is hereby authorized and directed to draw, and the City Controller to countersign, warrant in favor of A. K. Smith in the sum of one thousand seven hundred and forty-three (1,743) dollars and fifteen (15) cents, the same to be paid from Item 14 (Bureau of Water).

APPENDIX No. 201.

Philadelphia, June 6, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance, to which was referred a bill entitled "An Ordinance authorizing and empowering the Director of the Department of Wharves, Docks and Ferries to adjust the claim of the Italia Società di Navigazione a Vapore, Hartfield, Solari & Company, General Agents, by temporary and partial abatement of rent." together with a communication in

relation thereto, respectfully report that they have carefully considered this matter, and return the annexed bill with a favorable recommendation and request its passage.

John P. Connelly (*Ch'n*), Edw. W. Patton, W. E. Bonnick, John H. Hahn, E. B. Gleason, John H. Baizley, Wm. E. Finley, G. W. Kueker, George D'Autreehy, G. P. Darrow, William J. McCloskey, Robert S. McElroy, Thomas J. Morton, Watson D. Upperman, Louis Hutt, Chas. A. Gillingham.

AN ORDINANCE

Authorizing and empowering the Director of the Department of Wharves, Docks and Ferries to adjust the claim of the Italia Societa di Navigazione a'Vapore, Hartfield, Solari & Company, General Agents, by temporary and partial abatement of rent.

WHEREAS, The Department of Wharves, Docks and Ferries, under date of the seventeenth day of July, A. D. 1911, leased to the Italia Societa di Navigazione a'Vapore, through their General Agents, Hartfield, Solari & Company, a corporation of the State of Delaware, the south side of Municipal Pier No. 19, North Wharves (Vine Street), Delaware river, for the term of one year, to date from the first day of November, A. D. 1911, together with appurtenances, with the distinct understanding that the pier would be in complete working order by the first day of December, A. D. 1911;

AND WHEREAS, Owing to the delay in the delivery and installation of the electrical supplies, the electric freight elevators were incapable of operation prior to April 1, 1912;

AND WHEREAS, Owing to the lack of elevator accommodations, the Italia Societa di Navigazione a'Vapore, through their General Agents, Hartfield, Solari & Company, were put to extra expense in handling the cargo of the Steamship "Ancona" on her arrival at this port,

March 15, 1912, and for which they have made a claim of one thousand and forty-five (1,045) dollars; therefore,

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Director of the Department of Wharves, Docks and Ferries be authorized and empowered to make such settlement of the claim of the Italia Societa di Navigazione a Vapore, Hartfield, Solari & Company, General Agents, as he may deem proper, in the shape of a temporary and partial abatement of rent, which shall not exceed one thousand (1,000) dollars.

APPENDIX No. 202.

Philadelphia, June 6, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance, to which was referred a bill entitled "An Ordinance authorizing and directing settlement of the claim of the Filbert Paving and Construction Company against the City for the annulment of the contract for a bulkhead on the Schuylkill river in front of Bartram Park, by payment to said company of the sum of ten thousand (10,000) dollars; and authorizing a certain transfer from the City Treasurer to the Department of Wharves, Docks and Ferries for payment of the same," together with sundry communications in relation thereto, respectfully report that they have carefully considered this matter, and return the annexed bill with a favorable recommendation and request its passage.

John P. Connelly (*Ch'n*). Edw. W. Patton, W. E. Bonnick, John H. Hahn, E. B. Gleason, John H. Baizley, Wm. E. Finley, G. W. Knicker, George D'Antrechy, G. P. Darrow, William J. McCloskey, Robert S. McElroy, Thomas J. Morton, Watson D. Upperman, Louis Hutt, Chas. A. Gillingham.

AN ORDINANCE

Authorizing and directing the settlement of the claim of the Filbert Paving and Construction Company against the City for the annulment of the contract for a bulkhead on the Schuylkill river in front of Bartram Park, by payment to said company of the sum of ten thousand (10,000) dollars; and authorizing a certain transfer in the annual appropriation to the City Treasurer and Department of Wharves, Docks and Ferries, for the year 1912.

WHEREAS, A contract between the City of Philadelphia (Department of Wharves, Docks and Ferries) and the Filbert Paving and Construction Company for the construction of a bulkhead on the Schuylkill river in front of Bartram Park was executed on December 1, 1911, the amount of said contract to be one hundred and forty-one thousand five hundred (141,500) dollars;

AND WHEREAS, It being deemed premature and unwise by the Mayor and Director of the Department of Wharves, Docks and Ferries to proceed with the performance of the said contract at this time, said contract was annulled by the Mayor, in consultation with the said Director, on December 14, 1911;

AND WHEREAS, The damages to the Filbert Paving and Construction Company arising out of the annulment of said contract as aforesaid have been fixed by agreement between the said company and the Mayor at the sum of ten thousand (10,000) dollars; therefore,

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the claim and controversy between said Filbert Paving and Construction Company and the City of Philadelphia so arising be, and the same is hereby authorized and directed to be settled and adjusted by the payment to the said Filbert Paving and Construction Company of the said sum of ten thousand (10,000) dollars.

SECT. 2. For the purpose of settling and adjusting the said claim, the City Controller is hereby authorized and

directed to transfer from Item 16, for Sinking Fund charges, etc., in the annual appropriation to the City Treasurer, for the year 1912, the sum of ten thousand (10,000) dollars (being a portion of an excess appropriation made to this item before the new School Code went into effect, and now rendered unnecessary owing to the fact that the Board of Education has paid in its proportion of the Sinking Fund charges), to the Department of Wharves, Docks and Ferries, to Item 31 (new), and the Director of the said Department is hereby directed to draw, and the City Controller to countersign, and the City Treasurer to pay, a warrant for said amount in favor of the Filbert Paving and Construction Company in satisfaction of said claim.

APPENDIX No. 203.

Philadelphia, June 6, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance, to which was referred a message from the Mayor with bill entitled "An Ordinance authorizing the Mayor to abrogate the contract between the City of Philadelphia and the Sax & Abbott Construction Company, dated December 22, 1911, for the erection of a Home for the Feeble Minded in the Forty-first Ward, and authorizing a certain transfer in the annual appropriations to the Mayor and the City Treasurer, for the year 1912, to carry same into effect," together with sundry communications in relation thereto, respectfully report that they have carefully considered this matter, and return the annexed bill with a favorable recommendation and request its passage. The Committee, however, desires to place itself on record as fearful of the risk of incurring an expense of many thousands of dollars in making the change recommended, and further, through the delay, of the possible loss of the State appropriation

of two hundred thousand (200,000) dollars, which was made upon the condition that the City first expend the same amount.

John P. Connelly (*Ch'n*), Edw W. Patton (for report), Thomas J. Morton, W. E. Bonnick, John H. Hahn, E. B. Gleason, John H. Baizley, Wm. E. Finley, G. W. Kueker (for report only), George D'Autrechy, G. P. Darrow, William J. McCloskey, Robert S. McElroy, Watson D. Upperman, Louis Hunt, Chas. A. Gillingham (for report only).

AN ORDINANCE

Authorizing the Mayor to abrogate the contract between the City of Philadelphia and the Sax & Abbott Construction Company, dated December 22, 1911, for the erection of a Home for the Feeble Minded in the Forty-first Ward, and authorizing a certain transfer in the annual appropriations to the Mayor and the City Treasurer, for the year 1912, to accomplish the same.

WHEREAS, The City of Philadelphia has entered into a contract for the construction of a Home for the Feeble Minded on the tract of ground known as the Brown Farm, adjoining the Torresdale Filters, with the Sax & Abbott Construction Company;

AND WHEREAS, The said contractor has agreed to accept the sum of ten thousand (10,000) dollars as compensation for the abrogation of said contract; therefore,

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain.* That the Mayor be, and he is hereby authorized to agree, on behalf of the City of Philadelphia, that the said contract for the construction of a Home for the Feeble Minded on the tract known as the Brown Farm, adjoining the Torresdale Filters, in the Forty-first Ward, shall be abrogated and annulled, the said City of Philadelphia paying to said contractor the sum of ten thousand (10,000) dollars as compensation for the abrogation of said contract.

SECT. 2. The City Controller be, and he is hereby authorized and directed to make the following transfer in the annual appropriations to the City Treasurer and the Mayor, for the year 1912, viz.: City Treasurer, From Item 16, for Sinking Fund, etc., ten thousand (10,000) dollars (being a portion of an excess appropriation made to this item before the new school code went into effect, and now rendered unnecessary, owing to the fact that the Board of Education has paid in its proportion of the Sinking Fund charges), to the Mayor: To Item 5 (new), to pay the Sax & Abbott Company the amount agreed upon for the abrogation of said contract; and the Mayor is hereby authorized to draw, and the City Controller to counter-sign, a warrant for said amount in favor of the said firm for the purposes aforesaid.

APPENDIX No. 204.

Philadelphia, June 6, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—The Committee on Police and Fire, to which was referred the bill entitled "An Ordinance relating to minors working in the streets and public places in Philadelphia," respectfully report that they have carefully considered the same, and return the annexed bill with a favorable recommendation and ask its passage.

AN ORDINANCE

Relating to minors working in the streets and public places in Philadelphia.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That no boy under ten (10) years of age, and no girl under sixteen (16) years of age, shall at any time distribute, sell, expose or offer for sale any newspapers, magazines, periodicals or any other articles or merchandise of any description, or exercise the trade of bootblack or work at any other trade or occupation in any street or public place in this City.

SECT. 2. No boy under sixteen (16) years of age shall work at any of the occupations mentioned in Section 1 in any street or public place in this City after the hour of eight o'clock in the evening nor before five o'clock in the morning, nor during the hours when the school which such boy attends is in session.

SECT. 3. Any minor who violates any of the provisions of this ordinance shall be warned by the officers whose duty it is to enforce the provisions of this ordinance and the parents or guardian notified. In case of a second violation such minor may be arrested and dealt with as a delinquent. Any parent or other person having any minor under his or her control who permits such minor to violate any of the provisions of this ordinance, or any person or corporation who employs such minor contrary to the provisions of this ordinance, or who knowingly procures or encourages any child to violate any of the provisions of this ordinance, shall, upon conviction, be punished by a fine of not less than five (5) dollars or more than fifty (50) dollars for each offence.

SECT. 4. The Director of Public Safety shall detail at least two (2) police officers whose duty it shall be to supervise the enforcement of the provisions of this ordinance. It shall also be the duty of all regular police officers to enforce the provisions of this ordinance.

SECT. 5. This ordinance shall take effect upon its passage.

APPENDIX No. 205.

Philadelphia, June 6, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—The Committee on Health and Charities, to which was referred a message from the Mayor enclosing a bill entitled "An Ordinance declaring it to be a nuisance and making it unlawful to keep hogs or swine in the City of Philadelphia, except within certain limits; or in any part thereof, excepting in a sanitary manner; and providing penalties for the violation of this ordinance," respectfully report that they have carefully considered and amended the same, and return the annexed bill with a favorable recommendation and ask its passage.

AN ORDINANCE

Declaring it to be a nuisance and making it unlawful to keep hogs or swine in the City of Philadelphia, except within certain limits; or in any part thereof, excepting in a sanitary manner; and providing penalties for the violation of this ordinance.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That it is hereby made unlawful and declared to be a nuisance to keep hogs or swine in any part of the City of Philadelphia except within the limits hereinafter described: *Provided*, That this section shall not apply to hogs or swine kept at any licensed slaughter-house for a period not exceeding five (5) days, for the purpose of being killed for use as food. The limits within which hogs or swine may lawfully be

kept in accordance with the provisions of this section shall be as follows:

1. In that portion of the City between Penrose avenue and Thirty-first street, north on Thirty-first street to Maiden lane and on Maiden lane west to the Schuylkill river.
2. In that portion of the City between the Delaware river and a line running from the Back Channel along the east house line of Eighth street north to the south house line of Packer street; thence east along the south house line of Packer street to Fifth street, north on Fifth street to Johnston street, along Johnston street east to Stampers lane, from Stampers lane to Oregon avenue, and from Oregon avenue to the Delaware river.
3. Between the City line at the southern boundary of the City and a line beginning at the intersection of Darby creek and the south house line of Eighty-seventh street; thence along the south house line of Eighty-seventh street to Church creek; thence along Church creek to the south house line of Eighty-first street; thence along the south house line of Eighty-first street to the east house line of Ashwood avenue; thence along the east house line of Ashwood avenue to the south side of Jones lane; thence along the south side of Jones lane to the east line of Laycock avenue; thence along the east line of Laycock avenue to the south line of Powers lane; thence along the south line of Powers lane to the right-of-way of the Chester Branch of the Philadelphia and Reading Railroad; thence along said right-of-way to the south side of Sixty-seventh street; thence east along the south side of Sixty-seventh street to the west side of the Schuylkill river.
4. Within the limits of the City east of Bath street, south of Bristol street and north of Pacific street, in the Forty-fifth Ward.
5. Within the limits of the Twenty-first, Twenty-second, Thirty-fifth, Forty-first and Forty-second Wards: *Provided*, That in no part of any of the above described territory shall hogs or swine be kept within half a mile of any church, school house or hospital.

SECT. 2. It is hereby made unlawful and declared to be a nuisance to keep hogs or swine in any part of the City of Philadelphia excepting in a sanitary manner and so as not to be prejudicial to the health of the community.

SECT. 3. Any person violating any of the provisions of this ordinance, or committing a nuisance as herein defined, shall be liable to a penalty of twenty-five (25) dollars for each offence, and to an additional penalty of five (5) dollars for each day during which such violation or the continuation of such nuisance may be persisted in after not less than ten (10) days' written notice from the Board of Health to abate the same, to be recovered as fines and penalties of like amount are now by law recoverable.

SECT. 4. All ordinances or parts of ordinances inconsistent herewith be, and the same are hereby repealed.

APPENDIX No. 206.

RESOLUTION

Of request to the Director of the Department of Public Works to permit Hamilton J. Farrell to lay a temporary terra cotta drain in Cemetery avenue, from Kingsessing avenue eastward about 105 feet.

Resolved, By the Select and Common Councils of the City of Philadelphia. That the Director of the Department of Public Works be requested to permit Hamilton J. Farrell to lay a temporary terra cotta drain in Cemetery avenue, from Kingsessing avenue eastward about 105 feet. The said drain to be laid under the supervision and to the satisfaction of the Department of Public Works (Bureau of Surveys) without expense to the City of Philadelphia, and shall not release the owners of property from paying the regular frontage charges whenever a sewer shall be laid in said street.

APPENDIX No. 207.

OFFICE OF THE MAYOR.

Philadelphia, June 13, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—As directed by the Bullitt Bill, the Bureau of City Property should be under the Department of Public Works. It has for years been attached to the Department of Public Safety.

After careful investigation and consultation with the Director of Public Safety and the Director of Public Works, we have arrived at the conclusion that it would be wise to transfer the Bureau of City Property, with most of its present functions, to the Department of Public Works. This step meets with the approval of both Directors.

I am forwarding to you herewith two ordinances for your consideration. One provides for the transfer of the Bureau and of the major portion of its functions to the Department of Public Works. The other transfers the care and maintenance of police stations and markets to the Bureau of Police.

I trust that they may have your favorable consideration.

Respectfully yours,

RUDOLPH BLANKENBURG,

Mayor.

—

AN ORDINANCE

To transfer the Bureau of City Property from the control and direction of the Department of Public Safety to the control and direction of the Department of Public Works.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain.* That the Bureau of City

Property, which has heretofore been under the control and direction of the Department of Public Safety, with its powers and duties, except those which pertain to the construction, protection, supervision and repair of police and fire stations and markets, shall, with the passage and approval of this ordinance, be transferred to the control and direction of the Department of Public Works.

SECT. 2 All officers and employees now on duty under the Bureau of City Property, except those employed in the care and supervision of police and fire stations and markets, shall continue in service with the same duties and salaries or wages, unless dismissed for cause or their emoluments and duties changed by future legislation.

• SECT. 3 All items of unexpended appropriations to the Bureau of City Property, except those providing for the care and maintenance of police and fire stations and markets, are hereby transferred to the control and direction of the Department of Public Works. Warrants shall be drawn by the Chief of the Bureau of City Property and approved by the Director of the Department of Public Works.

SECT. 4 All ordinances or parts of ordinances inconsistent herewith be, and the same are hereby repealed.

—

AN ORDINANCE

To transfer the employees and unexpended appropriations, for the care and maintenance of police stations and City markets from the Bureau of City Property to the Bureau of Police.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain.* That the employees charged with the care and maintenance of police stations and City markets, heretofore under the control and direction of the Bureau of City Property, be, and the same

are hereby transferred to the control and direction of the Bureau of Police, in the Department of Public Safety.

SECT. 2. All items of unexpended appropriations to the Bureau of City Property, for the care and maintenance of police stations and city markets, are hereby transferred to the Bureau of Police. Warrants for these items shall be drawn by the Superintendent of Police and approved by the Director of the Department of Public Safety.

SECT. 3. All ordinances or parts of ordinances inconsistent herewith be, and the same are hereby repealed.

APPENDIX No. 208.

OFFICE OF THE MAYOR.

Philadelphia, June 13, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—The enclosed copy of a letter from Mr. Otto T. Mallery, Secretary of the Board of Recreation, explains itself.

I heartily approve of the acquisition of the playground at Twenty-eighth and Passyunk avenue. The price seems reasonable, and I would urge your Honorable Bodies to appropriate money for its acquisition.

Respectfully yours,

RUDOLPH BLANKENBURG,

Mayor.

BOARD OF RECREATION.

Philadelphia, June 11, 1912.

HON. RUDOLPH BLANKENBURG,

Mayor of the City of Philadelphia.

DEAR SIR:—In reply to your letter of June 10th, the Board of Recreation is anxious that a playground be secured for the City at Twenty-eighth and Passyunk avenue. The matter is now before Common Council. This little piece of ground has been used as though it were public property for many years. It was the desire of the neighborhood, of the Councilmen from that ward and of this Board that it should be conducted as a supervised playground under the Board of Recreation.

Consequently, if you will give us your assistance in bringing this matter properly before Common Council at the next meeting, it would be very much appreciated.

The plot of ground is assessed at \$2,000, and is said by the owner to be worth \$4,000. The owner is particularly anxious to have it used as a playground, as she is interested in this work. Therefore, she is willing, if necessary, to sell to the City at the assessed value of \$2,000, provided that it shall be used as a playground.

Very respectfully yours,

OTTO T. MALLERY,

Secretary.

APPENDIX No. 209.

OFFICE OF THE MAYOR.

Philadelphia, June 13, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—I beg to ask your attention to the accompanying copy of a letter received by me from Wil-

liam Clarke Mason, Esq., Chairman of the recently appointed Vice Commission. I believe that the Commission are right in the feeling that they express that this Commission should be recognized as a part of the Municipal Administration, and that its necessary and moderate expenses should be provided for by an appropriation by your Honorable Bodies. I therefore submit for your consideration a draft of an ordinance formally constituting the Vice Commission and making an appropriation therefor, and I trust that it may have your favorable consideration.

Respectfully yours,

RUDOLPH BLANKENBURG.

Mayor.

—
Philadelphia, June 12, 1912.

HON. RUDOLPH BLANKENBURG,

Mayor of the City of Philadelphia.

MY DEAR MR. MAYOR:—The Vice Commission appointed by you has met and organized and outlined a plan for its work. The information available to the Commission through the Department of Public Safety will largely reduce the labor upon that phase of its investigation. In order, however, that the other phases of its work may be properly investigated, and the information furnished to it through the Department of Public Safety verified to the satisfaction of the Commission, it has been decided to secure the services of expert investigators.

The plans of the Commission include not only an investigation concerning the places where vice exists, but the economic and social causes thereof. The collection of satisfactory information will take some little time and will involve some expense.

The Commission therefore asks that its position as a part of your Administration be recognized officially by City Councils, and that an appropriation of five thousand dollars be made to meet the expenses of its work.

I believe that the total amount of this sum will not be needed, although the amount appropriated by City Councils of Chicago for similar work in that city was ten thousand dollars.

In my own opinion, the investigation which is planned will show that our City maintains a higher moral standard than any other municipality of its size in this country. I am also of opinion that our investigation will show that existing evils can be still greatly reduced, and that the moral sentiment in this community, together with the generous co-operation of your Administration, will cause the labors of this Commission to result in great permanent good to our City.

With respect, I am,

Yours sincerely,

(Signed) WM. CLARKE MASON,

Chairman of Vice Commission.

AN ORDINANCE

Authorizing the creation of a Commission to be known as the "Vice Commission;" providing for the appointment of members of the said Commission; regulating their powers and duties, and to make an appropriation to defray the necessary expenses.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That a Commission be created to be known as the "Vice Commission." This Commission shall be composed of twenty-two members, to be appointed by the Mayor, one member to be selected by the Mayor to act as Chairman.

SECT. 2. The duties of the Commission are to make a thorough and exhaustive investigation of the conditions of the City with reference to the social evil, and to furnish, from time to time, written reports of their findings to the Mayor and the Director of the Department of Pub-

lic Safety, and to make such suggestions for the correction and suppression of vice as they may deem wise and proper.

SECT. 3. The Director of the Department of Public Safety shall co-operate with and tender such assistance to the Commission as in his judgment may be required.

SECT. 4. There is hereby appropriated to the Department of Public Safety (Director's Office), to Item , five thousand (5,000) dollars to defray the necessary expenses of the Vice Commission, for the year 1912.

APPENDIX No. 210.

OFFICE OF THE MAYOR.

Philadelphia, June 13, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—I enclose copy of letter received from Morris L. Cooke, Director of the Department of Public Works; and also an ordinance with reference to the construction of a sewer in Romain street, from Frankford creek to Deal street, and in Deal street from Kensington avenue to 577 feet northwest of Romain street, in the Twenty-third Ward.

I bespeak for this ordinance your favorable consideration.

Respectfully yours,

RUDOLPH BLANKENBURG,

Mayor.

DEPARTMENT OF PUBLIC WORKS.

Philadelphia, June 6, 1912.

HON. RUDOLPH BLANKENBURG,

Mayor of the City of Philadelphia.

MY DEAR SIR:—On March 4th you forwarded me a communication in relation to a letter you had received,

written in German, from Mrs. Veronica Schneiderer, 1518 Deal street, which was signed by twenty-four owners of small properties in that street. This matter has been gone into from every phase at our command, and to afford the relief which is asked by these petitioners it will be necessary to first construct a sewer in Deal street, as well as one in Romaine street from Deal street through private property to the Frankford creek. Chief Engineer Webster recommends that Councils authorize the construction of this sewer with the proviso empowering the City to enter upon private property and the Mayor to enter a bond of indemnity for the payment of any damages which might be suffered by reason of its construction.

I think that under all the conditions it is advisable that this be done and I am enclosing herewith draft of ordinance which, if you approve, you can transmit to Councils with the request that it be passed.

I am returning herewith the list of signers to the petition.

Yours very sincerely,

(Signed) M. L. COOKE,

Director.

APPENDIX No. 211.

OFFICE OF THE MAYOR.

Philadelphia, June 13, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—I enclose a copy of a letter and also a statement from Charles C. Harrison, Esq., President of the Art Jury. The letter and statement explain themselves.

The Art Jury has been working for over six months without any appropriation whatever for their expenses, and its members feel that the amount asked is very moderate.

The unanimous opinion of the members of the Art Jury, who are giving their time and labors gratis, is that the salary asked for the Executive Secretary is reasonable and that such an Executive Secretary is essential to the success of the work.

Under all circumstances I would ask your favorable consideration of the appropriation asked for by them.

Respectfully yours,

RUDOLPH BLANKENBURG,

Mayor.

—

ART JURY.

Philadelphia, June 13, 1912.

HON. RUDOLPH BLANKENBURG,

Mayor of the City of Philadelphia.

DEAR SIR:—The Art Jury of Philadelphia begs to inform you that up to this time no appropriation has been made by the Select and Common Councils of the City of Philadelphia for the necessary expenses of the Art Jury for the year 1912. The total of this appropriation amounts to the sum of \$9,000.

The duties and purposes of the Art Jury have become well known, and from your constant presence at its meetings the Jury feels that it enjoys your growing approval. While the main object of the Art Jury's work is to be helpful in the matter of the design and location of all public and semi-public structures, such as buildings, bridges, parks and plans for public grounds, and in considering the merit of any work of art proposed to become the property of the City, the Jury feels that its suggestions will naturally lead to many economies in the expenditure of public funds. As a matter of fact, during the few months of the existence of the Art Jury it has already effected such economies to several times the amount of the necessary annual appropriation for the conduct of its affairs.

The Art Jury will not lengthen this letter by giving illustrations of the work already accomplished. It wishes to serve the City of Philadelphia in every way in its power, and with a high degree of efficiency in its organization. The intention of the Art Jury is to be helpful, and not critical, and this attitude has already brought before its consideration public and semi-public work far beyond the original expectation of the Act of Assembly which created it.

As an instance of the importance and extent of the public work transacted by the Art Jury, I beg to enclose the business submitted to it at a single meeting.

On behalf of the Art Jury,

Very respectfully yours,

(Signed) CHAS. C. HARRISON,

President.

DEPARTMENT OF PUBLIC WORKS.

Philadelphia, June 5, 1912.

JOHN P. CONNELLY, ESQ.,

Chairman, Committee on Finance.

MY DEAR MR. CONNELLY:—I am sending you herewith for introduction in Councils to-morrow an ordinance

authorizing the payment to the Millard Construction Company of \$4,316.95 for work done and material furnished under the contract for Queen Lane Filters No. 154, Bureau of Water. Also, ordinance to pay the Millard Construction Company \$26,242.77 for work done on the Fairhill High Pressure Fire Service contract.

I am sending these two ordinances to you at the suggestion of Senator McNichol, who requests that you introduce them. I have talked these matters over with His Honor, the Mayor, and Director Porter, under whose Department the High Pressure work is being done, and you are authorized to state that the ordinances have their approval as well as mine. In case the question should be raised, the Millard Construction Company and its successor, the Keystone State Construction Company, have agreed to the abrogation of the contract, so that we can readvertise and proceed with the completion of both projects at once.

I am also sending you herewith a transfer ordinance in which we ask to have \$150,000 taken from the item for repairs to asphalt streets, and transferred so it can be made available for repairs to country and macadam roads; with it I send a letter of explanation from the Chief of the Bureau of Highways.

I realize this is a fairly radical step which I have not had the pleasure of discussing with you, but I am convinced from an inspection of the suburban thoroughfares that something of this kind will have to be done if we are to avoid severe and reasonable criticism.

Thanking you for your interest in these several matters, I am

Yours very sincerely,

M. L. COOKE,

Director.

AN ORDINANCE

To authorize and direct the Director of the Department of Public Safety to draw, and the City Controller to countersign, a warrant to pay the Millard Construction Company twenty-six thousand two hundred and forty-two (26,242) dollars and seventy-seven (77) cents as final settlement for work done by said company on the Fairhill High Pressure Fire Service contract.

WHEREAS, In making up the estimate of work done by the Millard Construction Company at the time the former statement was presented to City Councils, upon which information payment was made to the above firm by ordinance of Councils approved November 28, 1911, certain material in transit which was later delivered on ground as well as other work already performed was omitted, and since the said statement was made the work as a whole has been carefully measured and calculated and the results show that the above firm is entitled to the sum stated for work actually performed and materials delivered and for which payment has not been made them. The above sum also includes three thousand and seventy (3,070) dollars and ninety-two (92) cents for watchmen, oil and lanterns furnished by the above company upon the authority of the Director of the Department of Public Safety in safe-guarding the public from accidents due to open trenches and pipe being distributed along the streets, from the time work was suspended (November 14, 1911, to January 19, 1912), after which time the work was performed by the Bureau of Water; also the sum of three thousand six hundred and sixty-two (3,662) dollars and forty-four (44) cents for emergency work in connecting the mill section service with the Race street Pumping Station, which it was essential to have done, and the said company realizing the extreme necessity for the work, performed such service under direct instructions from the Director of the Department of Public Safety;

AND WHEREAS, The said Millard Construction Company is ready to abrogate and annul all contracts in con-

nection with said work upon the payment of said amount; therefore.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain.* That the Director of the Department of Public Safety be authorized and directed to draw, and the City Controller to countersign, a warrant in favor of the Millard Construction Company in the sum of twenty-six thousand two hundred and forty-two (26,242) dollars and seventy-seven (77) cents as a final settlement for work done by said company on the Fairhill High Pressure Fire Service contract, payment to be made from 1912 Item 14-D (loan), Department of Public Safety (Bureau of Fire).

APPENDIX No. 214.

Philadelphia, June 13, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance, to which was referred a bill entitled "An Ordinance to authorize and direct the Director of the Department of Public Works to draw, and the City Controller to countersign, a warrant in favor of the Millard Construction Company for four thousand three hundred and sixteen (4,316) dollars and ninety-five (95) cents, for work done and material furnished under Contract No. 154, Queen Lane Filters," together with a communication in relation thereto, respectfully report that they have carefully considered this matter, and return the annexed bill with a favorable recommendation and ask its passage.

Jno. P. Connelly (*Ch'n*), John F. Flaherty, G. W. Kucker, George D'Autrechy, John H. Baizley, H. J. Trainer, Edw. W. Patton, Watson D. Upperman, G. P. Darrow, John H. Hahn, Louis Hutt, Wm. E. Finley, Chas. Seger, E. B. Gleason.

AN ORDINANCE

To authorize and direct the Director of the Department of Public Works to draw, and the City Controller to countersign, a warrant in favor of the Millard Construction Company for four thousand three hundred and sixteen (4,316) dollars and ninety-five (95) cents for work done and material furnished under Contract No. 154, Queen Lane Filters.

WHEREAS, In preparing the statement to City Councils upon which information payment was made the above firm by ordinance of Councils dated November 28, 1911, certain work done and materials furnished were omitted, and since the said statement was prepared the entire work has been carefully calculated and measured, and the final figures show that the Millard Construction Company is entitled to the sum noted for work actually performed and for materials furnished and for which payment has not been made them;

AND WHEREAS, The said Millard Construction Company is ready to abrogate and annul all contracts in connection with said work upon the payment of said amount; therefore,

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Director of the Department of Public Works be authorized and directed to draw, and the City Controller to countersign, a warrant in favor of the Millard Construction Company in the sum of four thousand three hundred and sixteen (4,316) dollars and ninety-five (95) cents as a final settlement for work done and materials furnished under Contract No. 154, Queen Lane Filters, unaccounted for in original estimate, payment to be made from 1912 Item 23-C (loan), Department of Public Works (Bureau of Water).

APPENDIX No. 219.

Philadelphia, June 13, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Highways, to whom was referred the bill entitled "An Ordinance to authorize the repaving with wood block of certain streets, and the work incident thereto," respectfully report that we have examined and approve the same, and submit for your consideration the annexed ordinance and ask its passage.

Robert Smith (*Ch'n*), Thomas J. Morton, H. J. Trainer, Chas. Seger, W. A. Miller, Wm. E. Finley, J. E. Lennon, Wm. Boal, Wm. J. Harrington, Clarence S. Eldredge, Chas. A. Gillingham, John W. Whitaker, Fred. Schwarz, Jr., Edw. W. Patton.

AN ORDINANCE

To authorize the repaving with wood blocks of certain streets, and the work incident thereto.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of

Public Works be authorized and directed to enter into contracts with competent pavers for repaving the following streets with long leaf Southern yellow pine wood blocks, and doing all the necessary contingent work, viz.: Arch street, from Twenty-first to Twenty-second street; Market street, west side of bridge over the Schuylkill river to Thirty-third street; Locust street, from Thirteenth to Fifteenth street; Thirty-third street, from Woodland avenue to Spruce street; Fourth street, from Market to Chestnut street; Fifth street, from Market to Chestnut street; Sixth street, west side, from Chestnut to Walnut street; Sansom street, from Seventh to Ninth street; Queen street, from Second to Sixth street; Christian street, from Front to Fifth street; Moyamensing avenue, from Mifflin street to Snyder avenue; Carpenter street, from Thirteenth to Broad street; Twenty-third street, from Ranstead to Chestnut street; Spring Garden street, from Fifth to Seventh street; Twenty-first street, from Market to Lombard street; Catharine street, from Front to Eighth street; Alter street, from Twentieth street to a point about one hundred and sixty feet westward, without a curb on the north side of said street; Cypress street, from Seventeenth to Chadwick street; Chadwick street, from Pine to Cypress street. The stones removed from said streets to become the property of the contractors. The conditions of the contracts for the foregoing work shall be that the contractor shall enter into an obligation with the City to keep said streets in good repair for five years after the work is finished. The Director of the Department of Public Works shall advertise for proposals for repaving said streets and award the contracts to the lowest and best bidders. Payment for the work hereby authorized shall be made from Item 56-D (loan) in the appropriation to the Department of Public Works (Bureau of Highways).

All ordinances or parts of ordinances inconsistent herewith be, and the same are hereby repealed.

APPENDIX No. 220.

Philadelphia, June 13, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Highways, to whom was referred the bills to authorize the opening of certain unopened portions of Almond, Fifty-sixth, Gorgas, Locust, Mifflin and Webster streets, Parkside and Susquehanna avenue, respectfully report that we have carefully considered the same, and return the annexed bill with a favorable recommendation and ask its passage.

Robert Smith (*Ch'n*), Thomas J. Morton, H. J. Trainer, Chas. Seger, W. A. Miller, Wm. E. Finley, J. E. Lemon, Wm. Boal, Wm. J. Harrington, Clarence S. Eldredge, Chas. A. Gillingham, John W. Whitaker, Fred. Schwarz, Jr., Edw. W. Patton.

AN ORDINANCE

To authorize the opening of certain portions of Almond, Fifty-sixth, Gorgas, Locust, Mifflin and Webster streets, Parkside and Susquehanna avenues.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works be authorized and directed to notify the owners of property over and through which the unopened portions of the following streets will pass that at the expiration of three months from the date of said notices said streets will be required for public use, viz.: Almond street, from Lefevre to Orthodox street; Fifty-sixth street, from Springfield avenue to Warrington avenue; northwest side of Gorgas street, from a point thirty-five feet east of Anderson street to a point sixty-five feet west of Anderson street; Locust street, from Forty-seventh to Forty-eighth street; Mifflin street, from Point Breeze avenue to Twenty-fourth street; Webster street, from Sixty-second to Sixty-third street; Parkside ave-

nue (full width), from Monument road to Belmont avenue; Susquehanna avenue, from Bryn Mawr avenue to Fifty-second street: *Provided*, That before the notices shall be issued for opening said Almond street, the owners of at least three-fourths of the property shall dedicate the same to the City or release the City from damages for opening said street: *And provided*, That before the notices shall be issued for opening said Fifty-sixth street, the estate of Thomas Earley shall dedicate so much of the bed of said Fifty-sixth street as they now own.

SECT. 2. The Mayor of the City is hereby authorized and directed to enter security, on behalf of the City of Philadelphia, for the payment of any damages which may be assessed by reason of the opening of said streets; upon the filing of said bonds and at the expiration of the said three months the Director of the Department of Public Works shall forthwith proceed to open said streets.

APPENDIX No. 221.

Philadelphia, June 13, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Highways, to whom was referred the bill entitled “An Ordinance to amend the ordinance approved June 15, 1911, authorizing the laying of two rows of granite blocks adjacent to railway tracks where streets are authorized to be paved or repaved with asphalt, and to provide for payment therefor,” respectfully report that we have carefully considered the same, and return the annexed bill with a favorable recommendation and ask its passage.

Robert Smith (*Ch'n*), Thomas J. Morton, II. J. Trainer, Chas. Seger, W. A. Miller, Wm. E. Finley, J. E. Lennon, Wm. Boal, Wm. J. Harrington, Clarence S. Eldredge, Chas. A. Gillingham, John W. Whitaker, Fred. Schwarz, Jr., Edw. W. Patton.

AN ORDINANCE

To amend the ordinance approved June 15, 1911, authorizing the laying of two rows of granite blocks adjacent to railway tracks where streets are authorized to be paved or repaved with asphalt, and to provide for payment therefor.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the ordinance approved June 15, 1911, to authorize the laying of two rows of granite blocks adjacent to railway tracks where streets are authorized to be paved or repaved with asphalt, is hereby altered and amended to read as follows:

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That wherever and whenever a street occupied by railway tracks is authorized to be newly paved with asphalt, there may be laid adjacent to the rails not more than two rows of blocks of other material, the cost of laying of which may be assessed against the abutting property owners, in addition to the cost of the paving with asphalt, except at intersections or in front of unassessable property, when the cost of laying said blocks adjacent to rails shall be paid for out of the item for paving intersections and in front of unassessable property in the appropriation to the Department of Public Works (Bureau of Highways).

SECT. 2. Whenever a street occupied by railway tracks has heretofore been authorized to be paved or repaved with asphalt, and bids have been received and contract awarded without a specific price being bid for paving with such blocks adjacent to the rails, the Department of Public Works is hereby authorized and directed to measure said blocks as a part of and as contingent work to the asphalt pavement, and to include same in the assessment bills or in the bills to be paid by the City, at the contract price for repaving with asphalt.

All ordinances or parts of ordinances inconsistent herewith be, and the same are hereby repealed.

APPENDIX No. 222.

Philadelphia, June 13, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Highways, to whom was referred the bill entitled “An Ordinance to permit Valentine H. Smith & Co. to construct a bridge over and a tunnel under Philip street, south of Green street,” respectfully report that we have carefully considered the same, and return the annexed bill with a favorable recommendation and ask its passage.

Robert Smith (*Ch'n*), Thomas J. Morton, H. J. Trainer, Chas. Seger, W. A. Miller, Wm. E. Finley, J. E. Lennon, Wm. Boal, Wm. J. Harrington, Clarence S. Eldredge, Chas. A. Gillingham, John W. Whitaker, Fred. Schwarz, Jr., Edw. W. Patton.

AN ORDINANCE

To permit Valentine H. Smith & Co. to construct a bridge over and a tunnel under Philip street, south of Green street.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That permission be, and the same is hereby granted to Valentine H. Smith & Co. to construct a bridge over and across Philip street, south of Green street, to connect their properties on either side of said Philip street. The said bridge shall have a clearance of not less than thirteen feet above the curb height, and be constructed of iron frame, cement floors and copper sheathing. Also, to lay a tunnel under and across said Philip street, south of Green street, the said tunnel not to exceed five feet in width and have a clearance of at least two feet six inches between the top thereof and the street level. The said work to be done under the supervision of the Departments of Public Works and Public Safety, in accordance with plans to

be approved by said Departments, and shall be used exclusively in the conduct of the said business of Valentine H. Smith & Co. Before exercising any privileges under this ordinance, the said Valentine H. Smith & Co. shall first enter into an agreement with a bond in the sum of one thousand (1,000) dollars, satisfactory to the City Solicitor, protecting the City from all damages by reason of the construction and maintenance of said bridge and tunnel, and shall pay into the City Treasury the sum of fifty (50) dollars for the publication of this ordinance. The privilege hereby granted shall be revocable at any time and the bridge removed upon the passage of an ordinance to that effect.

APPENDIX No. 223.

Philadelphia, June 13, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Highways, to whom was referred the bill entitled "An Ordinance to permit Berg Bros. to construct vaults under the sidewalks in front of their property on the east side of Eleventh street and on the south side of Commerce street," respectfully report that we have carefully considered the same, and return the annexed bill with a favorable recommendation and ask its passage.

Robert Smith (*Ch'n*), Thomas J. Morton, H. J. Trainer, Chas. Seger, W. A. Miller, Wm. E. Finley, J. E. Lennon, Wm. Boal, Wm. J. Harrington, Clarence S. Eldredge, Chas. A. Gillingham, John W. Whitaker, Fred. Schwarz, Jr., Edw. W. Patton.

AN ORDINANCE

To permit Berg Bros. to construct vaults under the sidewalks in front of their property on the east side of Eleventh street and on the south side of Commerce street.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That permission be, and is hereby granted to Berg Bros. to construct vaults in front of their property, under the sidewalks, on the east side of Eleventh street, south of Commerce street, and on the south side of Commerce street, east of Eleventh street. The said vaults to be constructed under the supervision and to the satisfaction of the Department of Public Works, in accordance with plans to be approved by the Board of Highway Supervisors, and shall be so constructed as to leave a duct not less than four feet in width next to the curb line on said Eleventh and Commerce streets, for the installation of such underground structures as the City may see fit to place therein. Before exercising any privilege under this ordinance, the said Berg Bros. shall first enter into an agreement, satisfactory to the City Solicitor, indemnifying the City against all damages by reason of the construction and maintenance of said vaults, and remove the same and restore the sidewalk to its present condition at any time within one year from the passage of an ordinance to that effect, and shall pay into the City Treasury the sum of one hundred (100) dollars for the permit for the construction of said vaults in lieu of all other payments, and fifty (50) dollars for the publication of this ordinance: *Provided*, That the provisions of the ordinance approved March 31, 1902, requiring four feet of covering shall not apply to this ordinance.

All ordinances or parts of ordinances inconsistent herewith be, and the same are hereby repealed.

APPENDIX No. 224.

Philadelphia, June 13, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Highways, to whom was referred the bill entitled "An Ordinance to permit Drueding Bros. Co. to lay a water main, for fire purposes, on the north side of Master street, from Orkney to Sixth street," respectfully report that we have carefully considered the same, and return the annexed bill with a favorable recommendation and ask its passage.

Robert Smith (*Ch'u*), Thomas J. Morton, H. J. Trainer, Chas. Seger, W. A. Miller, Wm. E. Finley, J. E. Lemmon, Wm. Beal, Wm. J. Harrington, Clarence S. Eldredge, Chas. A. Gillingham, John W. Whitaker, Fred. Schwarz, Jr., Edw. W. Patton.

AN ORDINANCE

To permit Drueding Bros. Co. to lay a water main, for fire purposes, on the north side of Master street, from Orkney to Sixth street.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That permission be, and the same is hereby given to Drueding Bros. Co. to lay an eight-inch water main, for fire purposes, on the north side of Master street, from Orkney to Sixth street, to connect their factory building with their new warehouse. The said pipe to be used exclusively for pumping water for fire purposes, and shall be laid under the supervision and to the satisfaction of the Department of Public Works. Before exercising any privilege under this ordinance, the said Drueding Bros. Co. shall first enter into an agreement, satisfactory to the City Solicitor, protecting the City from all damages by reason of the laying and maintenance of said pipe, and to repave and keep in condition so much of the street paving as may be torn up,

and agreeing to remove the said pipe at any time upon the passage of an ordinance to that effect, and shall first pay the sum of fifty (50) dollars into the City Treasury for the publication of this ordinance.

APPENDIX No. 225.

Philadelphia, June 13, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Highways, to whom was referred the message from the Mayor, accompanied by an ordinance entitled “An Ordinance to prohibit the erection of steps, railings or balconies beyond the building line of the streets or highways in a certain section of the City, declaring such projections to be a nuisance, and providing a penalty for the erection thereof, and providing for the collection of the cost of removal.” respectfully report that we have carefully considered the same, and return the annexed bill with a favorable recommendation and ask its passage.

Robert Smith (*Ch'n*), Thomas J. Morton, H. J. Trainer, Chas. Seger, W. A. Miller, Wm. E. Finley, J. E. Lennon, Wm. Boal, Wm. J. Harrington, Clarence S. Eldredge, Chas. A. Gillingham, John W. Whitaker, Fred. Schwarz, Jr., Edw. W. Patton.

AN ORDINANCE

To prohibit the erection of steps, railings or balconies beyond the building line of the streets or highways in a certain section of the City; declaring such projections to be a nuisance, and providing a penalty for the erection thereof, and providing for the collection of the cost of removal.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain, That from and after the*

passage of this ordinance it shall be unlawful to erect any steps or railing, any portion of which projects beyond the building line, or any balcony which projects beyond the building line, unless the underside of such balcony shall be at least ten (10) feet above the sidewalk, in that section of the City lying between Vine street on the north, and Spruce street on the south, and the Delaware and Schuylkill rivers; these restrictions to apply to both sides of the streets named.

SECT. 2. Any person who shall construct or begin the construction of any steps, railing or balcony in violation of this ordinance shall forfeit and pay to the City of Philadelphia the sum of fifty (50) dollars for each offence, and shall be required to remove said steps, railing or balcony and replace the street in its proper condition.

SECT. 3. If the said person or persons shall neglect or refuse to remove such steps, railing or balcony and replace the street in proper condition, as set forth, within ten (10) days from the date of notice from the Department of Public Works, then and in that case the said Department is hereby authorized and directed to have the said work done and the bill for same presented for payment to the owner or owners in front of whose properties said steps, railing or balcony is constructed, and in the event of said owner or owners refusing to pay said bill within ten (10) days from the date thereof, the contractor who did the work shall be paid out of the item for emergencies in the annual appropriation to the Bureau of Highways, and the bill shall be transmitted to the City Solicitor to collect by lien from the owner or owners against whom the work has been charged. The penalty herein mentioned shall be sued for and recovered in the manner as penalties for violation are by law sued for and recovered.

SECT. 4. All ordinances or parts of ordinances inconsistent herewith be, and the same are hereby repealed.

APPENDIX No. 226.

Philadelphia, June 13, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Highways, to whom was referred the bill entitled “An Ordinance to authorize the Director, Department of Public Works, to construct a service test roadway on the Byberry and Bensalem turnpike, from Red Lion road to the City line,” respectfully report that we have carefully considered the same, and return the annexed bill with a favorable recommendation and ask its passage.

Robert Smith (*Ch'u*), Thomas J. Morton, H. J. Trainer, Chas. Seger, W. A. Miller, Wm. E. Finley, J. E. Lennon, Wm. Boal, Wm. J. Harrington, Clarence S. Eldredge, Chas. A. Gillingham, John W. Whitaker, Fred. Schwarz, Jr., Edw. W. Patton, Peter E. Costello.

AN ORDINANCE

To authorize the Director of the Department of Public Works to construct a service test roadway on the Byberry and Bensalem turnpike, from Red Lion road to City line.

WHEREAS, The materials employed in the construction of improved country roads are continually being improved and the methods of construction being changed;

AND WHEREAS, The only method of properly determining the relative efficiency of these materials is by an actual service test;

AND WHEREAS, The Bensalem pike is an important country road and is in immediate need of repair;

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain.* That the Director of the Department of Public Works is hereby authorized and directed to construct on the Byberry and Bensalem turn-

pike, from Red Lion road to City line, a roadway of various types of pavement, to constitute a service test of these materials, and he is further authorized to specify and contract for definite and special types of construction for each stretch, including proprietary pavements. The cost of said pavements to be paid out of Item 62 in the appropriation to the Department of Public Works (Bureau of Highways) for repairs to country roads.

All ordinances or parts of ordinances inconsistent herewith be, and the same are hereby repealed.

APPENDIX No. 227.

Philadelphia, June 13, 1912.

APPENDIX No. 230.

Philadelphia, June 13, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill entitled “An Ordinance to authorize the construction of new bridges on the line of City avenue, Glenwood avenue, Sixty-fifth street, Seventy-second street, Montgomery street, Sixty-sixth avenue north, Chester avenue, Westmoreland street and Lindley avenue, and work appurtenant thereto, providing for carrying into effect such authority, and authorizing the Mayor to enter security for damages to private property,” beg leave to report that we have examined and approve the same, and submit for your consideration the annexed ordinance and ask its passage.

Chas. A. Gillingham (*Ch'n*), George H. Kelley, Stacy H. White, W. E. Bonnick, Fred. Schwarz, Jr., W. W. Trinkle, Wm. J. Harrington, F. J. Cummiskey, J. E. Lennon, George D'Autrechy, Albert De Prefontaine, Henry J. Klos, Daniel Cahill, Edward B. Howard.

AN ORDINANCE

To authorize the construction of new bridges on the line of City avenue, Glenwood avenue, Sixty-fifth street, Seventy-second street, Montgomery street, Sixty-sixth avenue north, Chester avenue, Westmoreland street and Lindley avenue, and work appurtenant thereto, pro-

viding for carrying into effect such authority, and authorizing the Mayor to enter security for damages to private property.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Director of the Department of Public Works be, and is hereby authorized to enter into contracts for the construction of new bridges, including the work appurtenant thereto, as follows: On the line of City avenue over Indian run west of Sixty-sixth street: *Provided*, That Montgomery County shall pay one-half the cost; on the line of Glenwood avenue over the Philadelphia, Germantown and Norristown Branch of the Philadelphia and Reading Railway; on the line of Sixty-fifth street, over the Philadelphia, Baltimore and Washington Railroad: *Provided*, That the Philadelphia, Baltimore and Washington Railway Company shall join in contract with the City and agree to pay one-half the cost of constructing said bridge and appurtenances; on the line of Seventy-second street over the Philadelphia, Baltimore and Washington Railroad: *Provided*, That the Philadelphia, Baltimore and Washington Railway Company shall join in contract with the City and agree to pay one-half the cost of constructing the said bridge and its appurtenances; on the line of Montgomery street over the Connecting Railway; on the line of Sixty-sixth avenue north over the North Pennsylvania Railroad; on the line of Chester avenue over the Philadelphia and Baltimore Central Railroad; a foot-bridge on the line of Westmoreland street over the North Pennsylvania Railroad; and on the line of Lindley avenue under the North Pennsylvania Railroad.

SECT. 2. That the following sums of money be and are hereby set aside in Item 35-D, and Item 26, in the appropriation to the Department of Public Works (Bureau of Surveys), for new bridges, for year 1912: City avenue over Indian run, ten thousand (10,000) dollars; Glenwood avenue over the Philadelphia, Germantown and Norristown Railroad, sixteen thousand (16,000) dollars;

Sixty-fifth street over the Philadelphia, Baltimore and Washington Railroad, twenty thousand (20,000) dollars; Seventy-second street over the Philadelphia, Baltimore and Washington Railroad, twenty thousand (20,000) dollars; Montgomery street over the Connecting Railway, forty-five thousand (45,000) dollars; Sixty-sixth avenue north over the North Pennsylvania Railroad, twenty-six thousand (26,000) dollars; Chester avenue over the Philadelphia and Baltimore Central Railroad, thirty-eight thousand (38,000) dollars; Westmoreland street over the North Pennsylvania Railroad, four thousand (4,000) dollars; Lindley avenue under the North Pennsylvania Railroad, thirty-five thousand (35,000) dollars: *Provided*, That in the event of any of the said bridges costing less than the sum herein set aside for their construction, the Director of the Department of Public Works is hereby authorized, at his discretion, to use the balances or any part thereof for the completion of any of the bridges named herein for which the sum set aside is insufficient.

SECT. 3. That the Director of the Department of Public Works be, and is hereby authorized and directed to advertise for proposals, and to award contracts, as provided by existing ordinances and laws, for the construction of the said bridges and the work appurtenant thereto, in accordance with plans and specifications to be prepared by the Department of Public Works (Bureau of Surveys), and is also authorized to appoint assistants and inspectors as may be requisite, and to pay all expenses for salaries, soundings, inspection, tests, transportation and incidental expenses not otherwise provided for out of the appropriation for the cost of said bridges, and is also authorized to join in contract with any person or corporation in the construction of any of the said bridges for which said person or corporation shall contribute a portion of the cost.

SECT. 4. That the Director of the Department of Public Works be, and is hereby authorized and directed to notify the owners of property over and through which the following streets will pass, that at the expiration of three months from the date of said notice, said streets will be

required for public use to their full width, as now upon the City plan: Sixty-fifth street, from the Philadelphia, Baltimore and Washington Railroad to Grays avenue; and Seventy-second street, from the Philadelphia, Baltimore and Washington Railroad to Paschall avenue.

SECT. 5. That the Mayor of the City is hereby authorized and directed to enter security, on behalf of the City of Philadelphia, for the payment of any damages which may be assessed by reason of the opening of said streets, or the construction of said bridges and the work appurtenant thereto. Upon the filing of the said bond, and at the expiration of the said three months, the Director of the Department of Public Works shall forthwith proceed to open the streets herein authorized to be opened.

APPENDIX No. 231.

Philadelphia, June 13, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bills to authorize the placing on the City plan Alter, Bonsall, Bucknell, Charlton, Church, Clymer, Delphine, Fairhill, Franklin, Helen, Latona, Laurens, Livingstone, Manton, Nippon, Randolph, Reese and Ridley streets, Lawnton and Wellens avenues, respectfully report that we have carefully considered the same, and return the annexed bill with a favorable recommendation and ask its passage.

Chas. A. Gillingham (*Ch'n*), George H. Kelley, Stacy H. White, W. E. Bonnick, Fred. Schwarz, Jr., W. W. Trinkle, Wm. J. Harrington, F. J. Cummiskey, J. E. Lennon, George D'Autrechy, Albert De Prefontaine, Henry J. Klos, Daniel Cahill, Edward B. Howard.

AN ORDINANCE

To place on the City plan Alter, Bonsall, Bucknell, Charlton, Church, Clymer, Delphine, Fairhill, Franklin, Helen, Latona, Laurens, Livingstone, Manton, Nippon, Randolph, Reese and Ridley streets, Lawnton and Wellens avenues.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works (Board of Surveyors) be authorized to place on the City plan Alter street, of the width of thirty feet, from Nineteenth to Twenty-fourth street, and from Twenty-sixth street east to the dead end; Bonsall street, of the width of thirty feet, from Oakford to Federal street; Bucknell street, of the width of forty feet, from Oakford to Federal street; Charlton street, of the width of forty feet, from Allens lane to Mt. Airy avenue; Church street, of the width as now opened and paved, from Front to Second street; Clymer street, of the width of twenty-five feet, from Fifteenth street east to dead end; Delphine street, of the width of forty feet, from Second to Fifth street; Fairhill street, of the width of thirty feet, from Glenwood avenue to the Pennsylvania Railroad; Franklin street, of the width of forty feet, from Lycoming street to Hunting Park avenue; Helen street, of the width of thirty-two and forty feet, from Venango street northward three hundred and nineteen feet; Latona street, of the width of thirty feet, from Twenty-seventh to Twenty-eighth street; Laurens street, of the width of fifty feet, from Mannheim to Clapier street; Livingstone street, of the width of thirty-five feet, from Lehigh avenue northeast two hundred and fifty-nine feet six inches; Manton street, of the width of forty feet, from Twenty-second to Twenty-third street; Nippon street, of the width of forty feet, from Charlton street to Lincoln avenue; Randolph and Reese streets, each of the width of thirty feet, from Glenwood avenue to the Pennsylvania Railroad; Ridley street, of the width of fifty feet, from Wister street to Wyncote and Stenton avenues; Lawnton

avenue, of the width of fifty feet, from Cheltenham avenue to Medary avenue; Wellens avenue, of the width of forty feet, from Second to Fifth street: *Provided*, That before said Charlton, Delphine, Franklin, Laurens, Manton, Nippon and Ridley streets, Lawnton and Wellens avenues shall be placed on the City plan the owners of property within the lines thereof shall, within one year from the approval of this ordinance, dedicate the beds of the same to the City on the lines and grades as confirmed by the Board of Surveyors, or shall indemnify the City against all damages or claims for damages which may arise from placing the said streets on the plan and their subsequent opening to the confirmed lines and grades; and before said Alter, Bonsall, Bucknell, Church, Clymer, Fairhill, Helen, Latona, Livingstone, Randolph, and Reese streets shall be placed on the City plan, satisfactory evidence shall be furnished, within one year from the approval of this ordinance, that the said streets have been opened and used for a period of at least twenty-one years prior to May 3, 1909.

All ordinances or parts of ordinances inconsistent herewith be, and the same are hereby repealed.

APPENDIX No. 232.

Philadelphia, June 13, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill entitled "An Ordinance to place on the City plan and condemn the plots of ground, with the buildings and improvements thereon, situated northwest of Twenty-first and Chew streets, in the Forty-second Ward, for a public playground for the health and enjoyment of the people, and place such ground under the custody and management of the Board of Recrea-

tion," respectfully report that we have carefully considered the same, and return the annexed bill with a favorable recommendation and ask its passage.

Chas. A. Gillingham (*Ch'n*), George H. Kelley, Stacy H. White, W. E. Bonnick, Fred. Schwarz, Jr., W. W. Trinkle, Wm. J. Harrington, F. J. Cummiskey, J. E. Lennon, George D'Autrechy, Albert De Prefontaine, Henry J. Klos, Daniel Cahill, James H. McGurk.

AN ORDINANCE

To place on the City plan and condemn the plots of ground, with buildings and improvements thereon, situated northwest of Twenty-first and Chew streets, in the Forty-second Ward, for a public playground for the health and enjoyment of the people, and place such ground under the custody and management of the Board of Recreation.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That by virtue and in pursuance of the authority vested in them by the fourth section of an Act of Assembly approved May 13, 1857, they do select and appropriate for park and playground purposes and for the health and enjoyment of the people forever, all that certain lot or piece of ground, with the buildings and improvements thereon erected, situated in the Forty-second Ward of the City of Philadelphia, bounded by the south side of Nedro avenue, the west side of Twenty-first street, the north side of Grange street and the east side of Beechwood street; all that certain lot or piece of ground bounded by the south side of Grange street, the west side of Twenty-first street, the north side of Conlyn street and the east side of Beechwood street; all that certain lot or piece of ground, beginning at the point of intersection of the west side of Twenty-first street and the north side of Chew street; thence extending north 88 degrees 47 minutes 35 seconds west along the north side of Chew street one hundred and thirty-four and forty-one one-thou-

sandths (134.041) feet to a point; thence extending north 3 degrees 25 minutes 35 seconds east four hundred and ninety-seven and three hundred and seventy-seven one-thousandths (497.377) feet to a point in the south side of Conlyn street; thence extending along the same south 86 degrees 25 minutes 30 seconds east one hundred and forty-one and one hundred and fifty-five one-thousandths (141.155) feet to a point in the west side of Twenty-first street; thence extending along the same south 4 degrees 16 minutes west four hundred and ninety-one and eight hundred and seventy-two one-thousandths (491.872) feet to the first-mentioned point and place of beginning.

SECT. 2. That the Department of Public Works (Board of Surveyors) be authorized and directed to place on the City plan as a public park and playground so much of the property described in Section 1 as is now on the plan.

SECT. 3. As soon as the City shall become legally possessed of the tracts of ground herein described, the said tracts shall be placed under the control of the Board of Recreation, subject to such rules and regulations as have been, or shall be from time to time established by the said Board of Recreation for the care, management and maintenance of public playgrounds.

SECT. 4. All ordinances or parts of ordinances inconsistent herewith be, and the same are hereby repealed.

APPENDIX No. 233.

Philadelphia, June 13, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill entitled "An Ordinance to place on the City plan as a public park lot of ground

bounded by Buckius, Ash, Richmond and Bath streets," respectfully report that this is a desirable location for a park and adjoins the closely settled portion of Bridesburg. There is no public park in this neighborhood, and there is public demand for this park. We, therefore, return the annexed bill with a favorable recommendation and ask its passage.

Chas. A. Gillingham (*Ch'n*), George H. Kelley, Stacy H. White, W. E. Bonnick, James H. McGurk, Fred. Schwarz, Jr., W. W. Trinkle, Wm. J. Harrington, F. J. Cumiskey, J. E. Lennon, George D'Autrechy, Albert De Prefontaine, Henry J. Klos, Daniel Cahill.

AN ORDINANCE

To place on the City plan as a public park lot of ground bounded by Buckius street, Ash street, Richmond street and Bath street.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works (Board of Surveyors) be authorized and directed to place on the City plan as a public park the lot of ground bounded by the property line near the middle of Buckius street on the southwest, and by the proposed northeast line of Ash street on the northeast, and by the southeast line of Richmond street (as now open) on the northwest, and by the northwest line of Bath street on the southeast.

APPENDIX No. 234.

Philadelphia, June 13, 1912.

To the Presidents and Members of the Select and Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill to revise the grade of Forty-sixth street, from Aspen to Brown street, respectfully re-

port that this street is about to be repaved with improved pavement. This street, being on a fill, has settled and the present curb is below the established grade more than one foot. Houses have been built on both sides of the street on filled ground and they have also settled. By setting the curb to the established grade the cellar windows will be covered. We, therefore, recommend that the grade be revised, and return the annexed bill with a favorable recommendation and ask its passage.

Chas. A. Gillingham (*Ch'n*), George H. Kelley, Stacy H. White, W. E. Bonnick, James H. McGurk, Fred. Schwarz, Jr., W. W. Trinkle, Wm. J. Harrington, F. J. Cumiskey, J. E. Lennon, George D'Antrechy, Albert De Prefontaine, Henry J. Klos, Daniel Cahill.

AN ORDINANCE

To revise the grade of Forty-sixth street, from Aspen street to Brown street.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain.* That the Department of Public Works (Board of Surveyors) be authorized and directed to revise the grade of Forty-sixth street, from Aspen street to Brown street.

APPENDIX No. 235.

Philadelphia, June 13, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill entitled "An Ordinance to authorize the revision of the lines of Clarion street, from Wharton to Reed street," respectfully report that the lots on Clarion street were laid out, in their present location,

for building purposes in 1868. Water pipe was laid in the street in 1869. Paving was laid subsequently. Sewer was laid in 1893, and the street opened by affidavit June 6, 1893. A new City plan was made by authority of resolutions of Councils of March 24, 1866, and March 11, 1871, and approved by the Board of Surveyors September 19, 1881, and on this plan is plotted Clarion street with a location differing from the deeds, the actual location of the houses and the street as is actually and legally opened. We, therefore, recommend that the lines of Clarion street, from Wharton to Reed street, as now laid down on the City plan, be revised so as to conform with the conditions that existed from 1868 up to and including the present time and as is legally opened.

Chas. A. Gillingham (*Ch'n*) George H. Kelley, Stacy H. White, W. E. Bonnick, James H. McGurk, Fred. Schwarz, Jr., W. W. Trinkle, Wm. J. Harrington, F. J. Cummiskey, J. E. Lennon, George D'Autrechy, Albert De Prefontaine, Henry J. Klos, Daniel Cahill.

AN ORDINANCE

To authorize the revision of the lines of Clarion street, from Wharton to Reed street.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works (Board of Surveyors) be authorized and directed to revise the lines of Clarion street, from Wharton to Reed street, in the Twenty-sixth Ward.

APPENDIX No. 236.

Philadelphia, June 13, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the message from the Mayor, accom-

panied with an ordinance entitled "An Ordinance to strike from the City plan and vacate Pike street between Tenth street and Old York road, and Eleventh street, between Erie avenue and Lycoming street," respectfully report that a large tract of ground through which these streets pass has recently been acquired by the Philadelphia Rapid Transit Company. It appears that it is the intention to utilize this entire tract for the development of the Philadelphia Rapid Transit system. Representatives of the company state that the character and dimensions of the buildings which they propose to erect will require larger areas than is possible to obtain with the plotted streets, as they now exist. We believe that the above mentioned streets can be taken from the City plan without serious detriment to the future needs of the surrounding territory. In consideration of the provisions mentioned in the attached ordinance, we return the annexed bill with a favorable recommendation and ask its passage.

Chas. A. Gillingham (*Ch'n*), George H. Kelley, Stacy H. White, W. E. Bonnick, Fred. Schwarz, Jr., James H. McGurk, W. W. Trinkle, Wm. J. Harrington, F. J. Cumiskey, Daniel Cahill, George D'Antrechy, Albert De Prefontaine, Hury J. Klos, Edward B. Howard.

AN ORDINANCE

To strike from the City plan and vacate Pike street, between Tenth street and Old York road, and Eleventh street, between Erie avenue and Lycoming street.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works (Board of Surveyors) be authorized and directed to strike from the City plan and vacate Pike street, between Tenth street and Old York road, and Eleventh street, between Erie avenue and Lycoming street: *Provided*, That the Philadelphia Rapid Transit Company shall within one year from the approval of this ordinance, file an agreement, satisfactory to the City Solicitor, indem-

nifying the City from all damages by reason of the striking of said streets from the City plan and their vacation: *And further provided*, That within one year from the approval of this ordinance the following streets and portions of streets shall be dedicated to the City free of cost, viz.: Butler street, from the Richmond Branch of the Reading Railway to a point sixty feet west of Tenth street; the west half of Tenth street, from the south side of Luzerne street to Lycoming street; the southernmost thirty feet of the bed of Lycoming street, from Tenth street to a point about ninety feet east of Twelfth street: *And further provided*, That all claims now pending against the City for the opening of Luzerne street, from Tenth street to Old York road, so far as they pertain to ground now or hereafter to be controlled by the Philadelphia Rapid Transit Company shall be released, and that all claims for damages by reason of the change of grade on the east side of Old York road, from Luzerne street to the Richmond Branch of the Reading Railway, shall also be released before this ordinance shall become effective.

APPENDIX No. 237.

Philadelphia, June 13, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill entitled “An Ordinance to strike from the City plan and vacate a portion of Dyott street, between Norris and Richmond streets,” respectfully report that we believe that the width of eighty-two feet will be ample and wide enough for all practical purposes in this locality and will give more room for the extension of the William Cramp & Sons’ Ship and Engine Building Company. We, therefore, return the an-

nexed bill with a favorable recommendation and ask its passage.

Chas. A. Gillingham (*Ch'n*), George H. Kelley, Stacy H. White, W. E. Bonnick, Fred. Schwarz, Jr., James H. McGurk, W. W. Trinkle, Wm. J. Harrington, F. J. Cummiskey, J. E. Lennon, George D'Autrechy, Albert De Prefontaine, Henry J. Klos, Daniel Cahill.

AN ORDINANCE

To strike from the City plan and vacate a portion of Dyott street, between Norris and Richmond streets.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works (Board of Surveyors) be authorized and directed to reduce the width of Dyott street, between the south side of Norris street and the west side of Richmond street, to eighty-two feet by striking from the City plan and vacating eighteen feet of the total existing width of Dyott street along the easterly side of said Dyott street, between said streets, and to make the necessary revision of curb lines and grades: *Provided*, That an agreement or bond, satisfactory to the City Solicitor, be first filed by the William Cramp & Sons' Ship and Engine Building Company releasing and indemnifying the City of Philadelphia from all damages by reason of the striking from the plan of the City and the vacating of said portion of Dyott street as aforesaid: *And provided further*, That said William Cramp & Sons' Ship and Engine Building Company, shall reset the curbstone and repave the cartway along the portion of said street so vacated in a satisfactory manner to the Bureau of Highways.

APPENDIX No. 238.

Philadelphia, June 13, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill entitled “An Ordinance to authorize the revision of the intersection of Johnson street and Wissahickon avenue,” respectfully report that the object of the proposed revision is to provide an easier turn for traffic than now obtains. Johnson street is not continuous on a direct line across Wissahickon avenue. As the revision will not occasion any property damage and as the necessary additional land will be dedicated, we, therefore, return the annexed bill with a favorable recommendation and ask its passage.

Chas. A. Gillingham (*Ch'n*), George H. Kelley, Stacy H. White, W. E. Bonnick, Fred. Schwarz, Jr., James H. McGurk, W. W. Trinkle, Wm. J. Harrington, F. J. Cumiskey, J. E. Lemon, George D'Autrechy, Albert De Prefontaine, Henry J. Klos, Daniel Cahill.

AN ORDINANCE

To authorize the revision of the intersection of Johnson street and Wissahickon avenue.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works (Board of Surveyors) be authorized and directed to revise the lines and grades at the intersection of Johnson street and Wissahickon avenue: *Provided*, That the owners of property on the north corner of Johnson street and Wissahickon avenue, shall first dedicate to the City, within one year from the approval of this ordinance, the additional area of their ground required to widen the intersection at the north corner.

APPENDIX No. 239.

Philadelphia, June 13, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill entitled “An Ordinance to authorize the striking from the City plan of Arbutus street, from Lincoln avenue to Hortter street,” respectfully report that we have carefully considered the same, and believe that such action would not be against the public interest, would not result in any damages to private property and would permit of a better development than could otherwise be made if the street were retained upon the plan and opened. The damages to private property by the opening of Arbutus street by the irregular cutting of the lots and by the grading would be very large and entirely out of proportion to the benefit that would result to the general public. We, therefore, return the annexed bill with a favorable recommendation and ask its passage.

Chas. A. Gillingham (*Ch'n*), George H. Kelley, Stacy H. White, W. E. Bonnick, Fred. Schwarz, Jr., James H. McGurk, W. W. Trinkle, Wm. J. Harrington, F. J. Cumiskey, J. E. Lennon, George D'Autrechy, Albert De Prefontaine, Henry J. Klos, Daniel Cahill.

AN ORDINANCE

To authorize the striking from the City plan of Arbutus street, from Lincoln avenue to Hortter street

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works (Board of Surveyors) be authorized and directed to strike from the City plan Arbutus street, from Lincoln avenue to Hortter street: *Provided*, That the owners of property affected, except Mary B. Stuart, shall within one year from the approval

APPENDIX No. 242.

OFFICE OF THE MAYOR.

Philadelphia, June 20, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—I enclose copy of a letter from George D. Porter, Director of the Department of Public Safety, regarding signs for automobiles.

We must do something without delay to stop the speeding of automobiles in the congested districts of the City, and this can be done only by having proper signs placed wherever it may be deemed necessary.

I would therefore ask your Honorable Bodies to appropriate one thousand dollars for this purpose, as asked by Director Porter.

Respectfully yours,

RUDOLPH BLANKENBURG,

Mayor.

—

DEPARTMENT OF PUBLIC SAFETY.

Philadelphia, June 18, 1912.

HON. RUDOLPH BLANKENBURG,

Mayor of the City of Philadelphia.

MY DEAR SIR:—We are prepared to execute the contract for the automobile signs, in accordance with your request.

I find, with the changes suggested, that the cost will be increased nearly one-half, and that I have not sufficient funds in hand to provide the number necessary. I would therefore suggest that you ask Councils to ap-

appropriate \$1,000 to the Department of Supplies for this purpose.

Very truly yours,

(Signed) GEORGE D. PORTER,

Director.

APPENDIX No. 243.

Common Councils of the City of Philadelphia.

GENTLEMEN:—The Committee on Highways, to which was referred the bill entitled "An Ordinance to take, use

and appropriate property bounded by Seventeenth street, the line of Appletree street, Arch street and the Parkway, and to authorize the opening of so much of the Parkway as is bounded by the line of Appletree street, the southwestwardly line of the Parkway, and a line nearly at right angles to Arch street, extending from Arch street to the line of Appletree street from a point two hundred and fifty-six and sixty-two one-hundredths of a foot east of the eastwardly side of Seventeenth street, and authorizing the entering of security for the payment of damages," respectfully report that they have carefully considered the same, and return the annexed bill with a favorable recommendation and ask its passage.

P. E. Costello (*Ch'n*), W. A. Miller, David G. Frankenhof, Chas. A. Gillingham, Thomas J. Morton, John W. Whitaker, Fred. Schwarz, Jr., Clarence S. Eldredge, II. J. Trainer, Chas. Seger, Wm. J. Harrington, J. E. Lemon, Wm. Boal, Henry R. Shoch, Wm. E. Finley.

AN ORDINANCE

To take, use and appropriate property, bounded by Seventeenth street, the line of Appletree street, Arch street and the Parkway, and to authorize the opening of so much of the Parkway as is bounded by the line of Appletree street, the southwestwardly line of the Parkway, and a line nearly at right angles to Arch street, extending from Arch street to the line of Appletree street from a point two hundred and fifty-six and sixty-two one-hundredths of a foot east from the easterly side of Seventeenth street, and authorizing the entering of security for the payment of damages.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain.* That under authority and in accordance with the Act of Assembly approved June 8, 1907, entitled "An Act authorizing cities of this Commonwealth to purchase, acquire, take, use and appropriate private property, for the purpose of making, enlarging, extending, and maintaining public parks, parkways and

playgrounds; authorizing the said cities to purchase, acquire, take, use and appropriate neighboring private property, within two hundred feet of the boundary lines of such public parks, parkways and playgrounds, in order to protect the same by resale with restrictions; authorizing the resale of such neighboring property, with such restrictions in the deeds of resale in regard to the use thereof as will protect such public parks, parkways and playgrounds; and providing for the manner of ascertaining, determining, awarding, and paying compensation and damages in all cases where property is taken, used and appropriated for the said purposes," they do take, use and appropriate the property bounded and described as follows: Beginning at the point of intersection of the eastwardly side of Seventeenth street and the southwardly side of Appletree street as formerly laid out upon the City plan; thence extending southward along the eastwardly side of Seventeenth street one hundred and fifty-seven feet and eight one-hundredths of a foot to a point on the northwardly side of Arch street; thence eastwardly along the northwardly side of Arch street two hundred and sixteen feet and sixty-two one-hundredths of a foot to a point on the northwardly side of Arch street; thence northwardly on a line nearly at right angles to the northwardly side of Arch street thirty-three feet and six hundred and fifty-three one-thousandths of a foot, to a point on the southwestwardly side of the Parkway; thence northwestwardly along the southwestwardly side of the Parkway two hundred and seventeen feet and ninety-eight one-thousandths of a foot, to a point on the southwardly side of Appletree street as formerly laid out upon the City plan; and thence westwardly along the southwardly side of the said Appletree street as formerly laid out upon the City plan thirty-seven feet and two hundred and fourteen one-thousandths of a foot to the first mentioned point and place of beginning; and these Councils do hereby declare that the control of the above described property, which is located within two hundred feet of the boundary line of the Parkway, is reasonably necessary in order to protect the said Parkway and its environs and the preservation of the view, appearance, light, air, health or usefulness thereof.

SECT. 2. That the Director of the Department of Public Works be, and is hereby authorized and directed to notify the owners of the properties over and through which so much of the Parkway will pass, as is within the revised lines thereof, between City Hall and Fairmount Park, and is bounded and described as follows: Beginning at a point on the northwardly side of Arch street two hundred and sixteen feet and sixty-two one-hundredths of a foot east from the eastwardly side of Seventeenth street; thence extending eastwardly along the northwardly side of Arch street forty feet to a point thereon; thence northwardly on a property line nearly at right angles to Arch street one hundred and fifty-seven feet more or less to the south side of Appletree street as formerly laid out upon the City plan; thence westwardly along the south side of the said Appletree street as formerly laid out upon the City plan two hundred and nineteen feet and three hundred and six one-thousandths of a foot to the southwestwardly side of the Parkway; thence southeastwardly along the southwestwardly side of the said Parkway two hundred and seventeen feet and ninety-eight one-thousandths of a foot to a point thereon; thence extending southwardly along a property line nearly at right angles to Arch street thirty-three feet and six hundred and fifty-three one-thousandths of a foot to the first mentioned point and place of beginning, that at the expiration of three months from the date of said notice, same will be required for public use.

SECT. 3. The Mayor of the City is hereby authorized and directed to enter security on behalf of the City of Philadelphia, for the payment of any damages which may be assessed by reason of the taking of the property described in Section 1 and the opening of said Parkway, and upon the filing of said bond and at the expiration of said three months the said Director of the Department of Public Works shall forthwith proceed to open said Parkway within the boundaries as set forth in Section 3 of this ordinance.

APPENDIX No. 253.

Philadelphia, June 20, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—The Committee on Highways, to which was referred the bill entitled “An Ordinance to authorize the opening of Markoe street, from Chestnut to Walnut street, in the Forty-sixth Ward,” respectfully report that they have carefully considered the same, and return the annexed bill with a favorable recommendation and ask its passage.

Peter E. Costello (*Ch'n*), W. A. Miller, David G. Frank-
enfield, Chas. A. Gillingham, Thomas J. Morton, John W.
Whitaker, Fred. Schwarz, Jr., Clarence S. Eldredge, H.
J. Trainer, Chas. Seger, Wm. J. Harrington, Wm. Boal,
Henry R. Shoch, J. E. Lennon, Wm. E. Finley.

AN ORDINANCE

To authorize the opening of Markoe street, from Chestnut
to Walnut street.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain.* That the Department of Public Works be authorized and directed to notify the owners of property over and through which Markoe street, from Chestnut to Walnut street, will pass, that at the expiration of three months from the date of said notice said street will be required for public use.

SECT. 2. The Mayor of the City is hereby authorized and directed to enter security, on behalf of the City of Philadelphia, for the payment of any damages which may be assessed by reason of the opening of said street; upon the filing of said bond, and at the expiration of the said three months, the Director of the Department of Public Works shall forthwith proceed to open said street.

APPENDIX No. 254.

RESOLUTION.

Of request to the Director of the Department of Public Works to permit Thomas Killough to construct a temporary terra cotta drain in Irving street, from Sixty-first street westward about one hundred and seventy-five feet.

Resolved. By the Select and Common Councils of the City of Philadelphia, That the Director of the Department of Public Works be requested to permit Thomas Killough to construct a temporary terra cotta drain in Irving street, from Sixty-first street westward about one hundred and seventy-five feet. The said drain to be laid under the supervision and to the satisfaction of the Department of Public Works (Bureau of Surveys) without expense to the City of Philadelphia, and shall not release the owners of property from paying the regular frontage charges whenever a sewer shall be laid in said street.

APPENDIX No. 255.

RESOLUTION

Of request to the Director of the Department of Public Works to permit Charles F. Jenkins to improve and beautify a portion of the sidewalk on the west side of West Washington Square and the south side of South Washington Square, in the Eighth Ward.

Resolved. By the Select and Common Councils of the City of Philadelphia, That the Director of the Department of Public Works be requested to permit Charles F. Jenkins to improve and beautify the sidewalk on the west side of West Washington Square, in front of premises owned by the said Charles F. Jenkins, and on the south side of South Washington Square, in front of premises owned by Henry

A. Dreer, incorporated, Paschall H. Coggins and William F. Dreer. The said work to consist in the laying of a cement pavement and the planting of grass, flowers and shrubbery. Said work to be done under the supervision of the Department of Public Works (Bureau of Surveys) without expense to the City of Philadelphia and with the consent of the said property owners in front of whose properties the improvements shall be made. The said work and improvement to be removed at any time by the said Charles F. Jenkins; without expense to the City of Philadelphia, upon three months' notice from the Department of Public Works.

APPENDIX No. 256.

RESOLUTION

Authorizing the crediting of certain payments made to the City by the Board of Public Education of the proportion due by said Board for the principal and interest of its share of indebtedness to Item 16 of the appropriation to the Department of City Treasurer, for the year 1912, and directing the presentation of this resolution to the Mayor for his approval or disapproval.

WHEREAS, Provision was made both by Councils and the Board of Public Education for the payment of the interest and principal on certain school loans due by the Board of Public Education, the amount for the first and second quarters having already been paid by said Board, thus making unnecessary the amount set aside in the appropriation to the City Treasurer, and in order that this unnecessary appropriation may be used for the current needs of the City;

Resolved, By the Select and Common Councils of the City of Philadelphia, That the City Controller and City Treasurer be authorized to credit to Item 16 in the appro-

priation to the Department of City Treasurer all amounts paid or to be paid by the Board of Public Education of its proportion of the principal and interest on the outstanding school loans for the year 1912.

Resolved, That the Clerks of Councils be directed to present this resolution to the Mayor for his approval or disapproval.

APPENDIX No. 257.

Philadelphia, June 27, 1912.

OFFICE OF THE MAYOR.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—I have the honor of enclosing herewith communications received by me from Joseph S. Neff, M. D., Director of the Department of Public Health and Charities. The letters explain themselves, and I would bespeak the earnest consideration of your Honorable Bodies for the requests made by the Director.

Very respectfully yours,
RUDOLPH BLANKENBURG,
Mayor.

DEPARTMENT OF PUBLIC HEALTH AND CHARITIES.

Philadelphia, June 26, 1912.

HON. RUDOLPH BLANKENBURG,
Mayor of the City of Philadelphia.

DEAR SIR:—The following is a copy of a letter this day forwarded to Mr. Connelly, Chairman of the Finance Committee of Common Council.

“I feel that it is absolutely necessary for the purpose of the prevention of the spread of contagious diseases, especially owing to the presence of smallpox in Philadelphia, that an immediate appropriation should be made for the work of the Department of Public Health and Charities, during the summer recess of Councils. It is impossible to foretell the future, therefore the amount of money necessary cannot be even approximately fixed. Should conditions continue as they are for a period of a couple of weeks,

fifteen thousand (15,000) dollars would be ample. Should we have an extended epidemic of smallpox, much more money would be needed. I would ask that an appropriation be made, for emergencies in the care, treatment and prevention of smallpox and other contagious diseases, and for the proper protection of the public health, including the employment of physicians, nurses, attendants, the purchase of drugs, medicines, foodstuffs, ambulances, horses, wagons, harness, etc., to be expended at the discretion of the Director of the Department of Public Health and Charities."

This phraseology is used after consultation with the City Controller.

I was informed that the mailing of this letter before the receipt by Councils of any message from you on the subject would expedite the appropriation.

Very respectfully,

(Signed) J. S. NEFF,

Director.

DEPARTMENT OF PUBLIC HEALTH AND CHARITIES.

Philadelphia, June 26, 1912.

HON. RUDOLPH BLANKENBURG,

Mayor of the City of Philadelphia.

DEAR SIR:—On June 12, 1912, in a general communication to the Chairman of the Sub-Committee of Councils' Committee on Finance, I requested an appropriation of \$7,500 for the construction of a railroad siding at Byberry. I would state, in this connection, that such siding, in the future, will be absolutely necessary for the proper conduct of the institutions to be erected on that property, and I believe that it will be great economy to have this siding built at once, which will decrease the amount of bids of contractors for the erection of buildings for the feeble-minded, saving a haul, by wagon, from the

railroad station by road to the site on which the buildings are to be erected, and, later on, a saving in the cost of transportation of coal and other supplies.

Very respectfully yours,

(Signed) J. S. NEFF,
Director.

DEPARTMENT OF PUBLIC HEALTH AND CHARITIES.

Philadelphia, June 26, 1912.

HON. RUDOLPH BLANKENBURG,

Mayor of the City of Philadelphia.

DEAR SIR:—I visited, at Chester Springs, Pa., the property recommended by the Civic Club of Philadelphia, and other charitable and sociological associations, for the care of feeble-minded women until such time as the City institutions may be ready for occupancy.

Although the property known as the Soldiers' Orphan Home is not ideal for a permanent home for feeble-minded, it will answer all purposes for the time for which it is proposed to occupy it as such.

Mrs. George Woodward—as you are already aware, from a copy of a letter to me from her, under date of June 19th—in the name of the Civic Club of Philadelphia, has assumed responsibility for the rent of this home, at two thousand five hundred (2,500) dollars per annum, for a period of three (3) years (If the City has not before that time provided other quarters), provided that the City will properly maintain at that place a home for feeble-minded girls and women.

In order to avail ourselves of this liberal guarantee, and to properly care for this class of mental defectives, I would respectfully request an appropriation for the balance of this year of eighty thousand (\$80,000) dollars, to cover furniture, equipment, transportation and maintenance.

Very respectfully yours,

(Signed) J. S. NEFF.
Director.

OFFICE OF THE MAYOR.

Philadelphia, June 27, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—On June 13, 1912, I sent to your Honorable Bodies two ordinances providing for the transfer of the Bureau of City Property to the Department of Public Works, and the transfer of a small portion of its functions to the Bureau of Police. I trust that these ordinances may be considered by you carefully and, if they meet your approval, that they may be acted upon favorably at your session to-day, as I understand you are not likely to meet again before the summer vacation.

Respectfully yours,

RUDOLPH BLANKENBURG,

Mayor.

APPENDIX No. 259.

RESOLUTION

Relative to the approval of schedules, bills and contracts
during the summer recess of Councils.

Resolved, By the Select and Common Councils of the City of Philadelphia, That during the summer recess of Councils, three members of any Committee shall be sufficient to constitute a quorum for the approval of schedules, bills and contracts.

APPENDIX No. 260.

Philadelphia, June 27, 1912.

WM. J. MILLIGAN, Esq.,

Chief Clerk of Select Council.

DEAR SIR:—Replying to your letter relative to granting a permit for a temporary drain in Chancellor street, from Fifty-ninth to Sixtieth street, I would state that this Bureau generally objects to the laying of temporary drains, as they do not meet the requirements of a proper sewerage system.

Bnt, as it is impossible to construct the necessary public sewer in this street, this Bureau will not oppose the granting by Councils of a resolution to permit the laying of this drain.

Yours truly,

G. S. WEBSTER,

Chief Engineer and Surveyor.

—

RESOLUTION

Of request to the Director of the Department of Public Works to permit James Kissick to lay a temporary terra cotta drain in Chancellor street, from Fifty-ninth to Sixtieth street.

Resolved, By the Select and Common Councils of the City of Philadelphia, That the Director of the Department of Public Works be requested to permit James Kissick to lay a temporary terra cotta drain in Chancellor street, from Fifty-ninth to Sixtieth street. The said drain to be laid under the supervision and to the satisfaction of the Department of Public Works (Bureau of Surveys) without expense to the City of Philadelphia, and shall not release the owners of property from paying the regular frontage charges whenever a sewer shall be laid in said street.

APPENDIX No. 261.

RESOLUTION

Authorizing the Joint Committee on Soldiers' Monuments to visit Antietam Battlefield in September next, on the Fiftieth Anniversary of said battle, and directing the presentation of this resolution to the Mayor for his approval or disapproval.

WHEREAS, On September 17th next the Fiftieth Anniversary of the Battle of Antietam will be observed, and as the City of Philadelphia has located on said battlefield a park and monument, and in order that proper recognition of said event may be made by this City;

Resolved, By the Select and Common Councils of the City of Philadelphia, That the Joint Committee on Soldiers' Monuments be authorized to visit Antietam Battlefield, for the purpose of participating in the commemoration of the Fiftieth Anniversary of said battle in September next. The cost of the same not to exceed the sum of one thousand two hundred (1,200) dollars, and be charged against Item 7 in the annual appropriation to the Clerks of Councils, for the year 1912.

Resolved, That the Clerks of Councils be directed to present this resolution to the Mayor for his approval or disapproval.

APPENDIX No. 262.

Philadelphia, June 27, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance, to which was referred a communication from the Director of the Department of Public Safety, relative to changing the titles of certain officials in the Bureau of Fire, respect-

fully report that they have carefully considered the same, and return the annexed bill with a favorable recommendation and ask its passage.

John P. Connelly (*Ch'n*), Watson D. Upperman, Chas. A. Gillingham, G. P. Darrow, Chas. Seger, E. B. Gleason, Edw. W. Patton, Louis Hutt, John H. Baizley, Wm. E. Finley, Richard Weglein, William J. McCloskey, E. Buchholz, John H. Hahn, Robert S. McElroy, W. E. Bonnicks, John F. Flaherty.

AN ORDINANCE

Changing the titles of certain officials in the Bureau of Fire.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That from and after the passage of this ordinance the titles of the following officials in the Bureau of Fire be, and the same are hereby changed: "Assistant to the Chief Engineer" to be changed to "Deputy Chief Engineer;" "Assistant Engineer" to be changed to "Battalion Chief;" "Foreman" to be changed to "Captain;" "Assistant Foreman" to be changed to "Lieutenant."

All ordinances or parts of ordinances inconsistent herewith be, and the same are hereby repealed.

APPENDIX No. 263.

Philadelphia, June 27, 1912.

To the Presidents and Members of the Select and Common Councils of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance, to which was referred the bill entitled "An Ordinance to transfer all balances remaining to the credit of Item 19 in the annual appropriation to the Department of Public Works (Bureau of Surveys) for the maintenance of automobiles

during 1912, and Item 6, Bureau of Surveys, for horse keep and keep of automobile, Item 4 (Director's Office), Department of Public Works, for maintenance and equipment of automobiles and uniforms for chauffeurs," respectfully report that they have carefully considered the same, and return the annexed bill with a favorable recommendation and ask its passage.

APPENDIX No. 267.

Philadelphia, June 20, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Highways, to whom was referred the bill entitled “An Ordinance to authorize the repaving of Reed street, from Broad street to

Fifteenth street, and the work incident thereto," respectfully report that we have examined and approve the same, and submit for your consideration the annexed ordinance and ask its passage.

Robt. Smith (*Ch'u*), H. J. Trauer, Wm. E. Finley, Thomas J. Morton, J. E. Lennon, Edw. W. Patton, Wm. Boal, Wm. J. Harrington, John J. McKinley, N. L. Jones, Chas. Seger, John W. Whitaker, Fred. Schwarz, Jr., Clarence S. Eldredge.

AN ORDINANCE

To authorize the repaving of Reed street, from Broad street to Fifteenth street.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works be authorized to enter into a contract for the repaving of Reed street, from Broad street to Fifteenth street, with wood blocks. The stones removed from said street to become the property of the contractor. The condition of the contract for the foregoing work shall be that the contractor shall enter into an obligation with the City to keep said street in good repair for five years after the work is finished. The Director of the Department of Public Works shall advertise for proposals for repaving said street and award the contract to the lowest and best bidder. Payment for the work hereby authorized shall be made from Item 56-D (loan) in the appropriation to the Department of Public Works (Bureau of Highways).

APPENDIX No. 268.

Philadelphia, June 27, 1912.

To the Presidents and Members of the Select and Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill entitled "An Ordinance to

strike from the City plan Carlisle street, as now located, from Fishers avenue to Somerville avenue, and to place on the plan in lieu thereof Delphine and Mayfair streets, from Broad to Fifteenth street," respectfully report that we have carefully considered the same, and return the annexed bill with a favorable recommendation and ask its passage.

AN ORDINANCE

To strike from the City plan Carlisle street, as now located, from Fishers avenue to Somerville avenue, and to place on the plan in lieu thereof Delphine and Mayfair streets, from Broad to Fifteenth street.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works (Board of Surveyors) be authorized and directed to strike from the City plan Carlisle street, as now located, from Fishers avenue to Somerville avenue, and to place on the plan in lieu thereof Delphine and Mayfair streets, each of the width of fifty feet, from Broad to Fifteenth street: *Provided*, That before said streets shall be placed on the plan the owners of ground within the lines thereof shall, within one year from the approval of this ordinance, dedicate the beds of said streets to the City, on the lines and grades as confirmed by the Board of Surveyors, or shall file an agreement, satisfactory to the City Solicitor, indemnifying the City against all damages from placing said streets on the City plan and their subsequent opening to the confirmed lines and grades, and from striking said Carlisle street from the plan.

APPENDIX No. 269.

OFFICE OF THE MAYOR.

Philadelphia, June 27, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—An important ordinance with reference to water meters has been before your Honorable Bodies for consideration. I am informed to-day that the Finance Committee, to which this ordinance was referred, has referred it to a Sub-Committee because of the supposed faulty construction of the ordinance. Since the last regular session of Councils before the summer vacation is to be held this afternoon, this action by the Finance Committee means the postponement of action upon this ordinance until September. To avoid any such unfortunate delay as this, I have notified the Presidents of Select and Common Councils of a special meeting of Councils to be held on Monday next, July 1, 1912, at 3 P. M. This will enable the Sub-Committee to make its report to the Finance Committee and the latter to make its report to Councils upon this important ordinance before the summer vacation.

Respectfully yours,

RUDOLPH BLANKENBURG,

Mayor.

APPENDIX No. 270.

RESOLUTION

Resolved, By the Select and Common Councils of the City of Philadelphia, That the Finance Committee be requested to report out of said Finance Committee at the next meeting of Councils the bill in regard to the installation of water meters in the City of Philadelphia.

APPENDIX No. 271.

OFFICE OF THE MAYOR.

Philadelphia, July 1, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—I return herewith, without my approval, an ordinance, No. 219, entitled “An Ordinance to authorize the repaving with wood blocks of certain streets and the work incident thereto.”

I am withholding my approval from this ordinance because of a report upon it from the Chief of the Bureau of Highways and Street Cleaning, which has been forwarded to me with the approval of the Director of the Department of Public Works. This report reads as follows:

“With reference to Ordinance No. 120, ‘To authorize the repaving with wood blocks of certain streets and the work incident thereto,’ I wish to state that this ordinance did not originate in this Department, and after making a hasty examination of the streets named in the ordinance, I find that a number of them are railway streets, while the ordinance calls for repaving of said streets out of the fund of \$300,000 for repaving with wood blocks, which, of course, is not a railway street fund.

“I also find that the pavement of a number of streets is in good condition, and I do not think it would be advisable in the present state of finances to repave said streets with wood block.

“Some of the streets also have a grade of over two per cent., which is prohibitive for wood block paving.

“The condition of the pavements throughout the City is such that I do not feel that I could recommend repaving unless where necessary, as our funds are entirely inadequate to do the repaving, not only

on streets that require it, but are in more or less dangerous condition. I therefore cannot recommend the approval of this ordinance."

For these reasons, I regret that I am unable to approve the ordinance.

Respectfully yours,

RUDOLPH BLANKENBURG,

Mayor.

APPENDIX No. 272.

OFFICE OF THE MAYOR.

Philadelphia, July 1, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—I understand that the ordinance providing for an appropriation of five thousand dollars to the Department of Public Works for a study of the mosquito problem in Philadelphia failed of passage at the last session of Councils.

I sincerely hope that your Honorable Bodies will see your way clear to pass this ordinance at to-day's session. The appropriation is intended to provide for a comprehensive engineering study of the problem, and is therefore appropriately made to the Department of Public Works.

The situation is clearly explained in a letter that I received from the Director of the Department of Public Health and Charities, a copy of which is attached.

There will be the fullest co-operation between these two Departments in the solution of this important problem if the appropriation is made.

Respectfully yours,

RUDOLPH BLANKENBURG,

Mayor.

DEPARTMENT OF PUBLIC HEALTH AND CHARITIES.

Philadelphia, July 1, 1912.

HON. RUDOLPH BLANKENBURG,

Mayor of the City of Philadelphia.

DEAR SIR:—The appropriation of five thousand (5,000) dollars to the Department of Public Works for the study of the mosquito problem in Philadelphia, was asked by Director Cooke to defray the expenses of that portion of the work which was regarded as an engineering problem, and had no connection with the appropriation of May 28, 1912, of three thousand (3,000) dollars to the Bureau of Health, Item 6½, which was the abatement of nuisances caused by stagnant ponds. The last named appropriation was for the immediate abolition of breeding places for mosquitoes, while the appropriation to the Department of Public Works is for a comprehensive engineering study of the problem, looking toward the future elimination of the mosquito.

Very respectfully yours,

(Signed) J. S. NEFF,

Director.

APPENDIX No. 273.

OFFICE OF THE MAYOR.

Philadelphia, July 1, 1912.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—I have the honor of transmitting to you herewith a resolution authorizing the Director of the Department of Supplies to draw, and the City Controller to countersign, certain warrants for coal purchases, as explained in the resolution.

I would ask favorable consideration for this resolution, as the City of Philadelphia is not only indebted to the gentlemen who came to our rescue during the threatened coal strike, but we should also show our appreciation by promptly appropriating money to them for the outlay they so generously made in behalf of the City.

Respectfully yours,

RUDOLPH BLANKENBURG,

Mayor.

APPENDIX No. 274.

RESOLUTION

To authorize the Director of the Department of Supplies to draw, and the City Controller to countersign, certain warrants for coal purchased in the open market in contemplation of a strike at the mines, and for the storage of and demurrage incurred in connection therewith; also, for supplies heretofore furnished during the year 1912; and directing the presentation of this resolution to the Mayor for his approval or disapproval.

Resolved, By the Select and Common Councils of the City of Philadelphia, That the Director of the Department of Supplies be, and he is hereby authorized to draw, and the City Controller to countersign, certain warrants aggregating fifty-two thousand six hundred and ninety-eight (52,698) dollars and thirty-one (31) cents for coal purchased in the open market in contemplation of a strike at the mines, and for the storage of and demurrage in connection therewith; also, for supplies heretofore furnished during the year 1912 and chargeable against certain items, as follows: Department of Supplies (Water): To Item 15-E, Keystone Coal and Coke Co., for coal, forty thousand four hundred and seventy-five (40,475) dollars and sixty-nine (69) cents, and for demurrage, eight hundred and thirty-six (836) dollars; Rogers-Corr Coal Co., for coal, two thousand five hundred and seventy-three

(2,573) dollars and sixteen (16) cents, and for demurrage, six hundred and ten (610) dollars; Philadelphia and Reading Coal and Iron Co., for coal, eight hundred and forty-two (842) dollars and forty-five (45) cents; (Wharves, Docks and Ferries): To Item 7-E, Chas. D. Norton Co., for coal, three hundred and forty-one (341) dollars and ninety-four (94) cents; Madeira, Hill & Co., for coal, three hundred and seventy-two (372) dollars; (City Property): To Item 60-E, McKee & Co., for storing coal, two thousand seven hundred (2,700) dollars; (Health): To Item 6, Alfred Lowry & Bro., for groceries, etc., two thousand four hundred and eighty (2,480) dollars and sixty-five (65) cents; (Correction): To Item 17, William Hill & Sons, Inc., for coffee, one hundred and ninety-seven (197) dollars; (Wharves, Docks and Ferries): To Item 3, Martin W. Bougher, for groceries, etc., nine hundred and twenty-three (923) dollars and twenty (20) cents; to Item 8, Delaware Ship Supply Co., for groceries, three hundred and forty-six (346) dollars and twenty-two (22) cents.

Resolved, That the Clerks of Councils be directed to present this resolution to the Mayor for his approval or disapproval.

APPENDIX No. 275.

RESOLUTION

Discharging the Committee on Finance from the further consideration of Select Council bill (Appendix No. 152) entitled "An Ordinance to repeal ordinance approved June 27, 1904, prohibiting the installation of water meters."

Resolved, By the Select and Common Councils of the City of Philadelphia, That the Committee on Finance be, and is hereby discharged from the further consideration of Select Council bill (Appendix No. 152) entitled "An Ordinance to repeal ordinance approved June 27, 1904, prohibiting the installation of water meters."
